Dear CDS Elements,

CDC's Element Training Program (ETP) serves as a useful platform to provide updates on the roles and responsibilities of CDC as well as those CDS Elements who use the Central Depository System on a day to day basis. It provides an opportunity to our stakeholders to raise & discuss issues of mutual concern and also enables us to continuously develop & improve CDS while keeping in mind their valuable suggestions as front-end users of the system.

In this regard, please note that a formal invitation letter has already been dispatched to your official address along with the registration form.
