November 17, 2016

Subject: Updation of expiry date of CNICs/NICOPs in CDS

Dear Participant,

With a focus towards achieving transparency in the market mechanisms, CDC informed you regarding regularization of Sub-Accounts with respect to expiry of CNICs via circular dated June 29, 2016. Subsequently CDC also developed a new report by the title of "UIN Expiry Report" through which Participants can download the details of all accounts with expired UINs and nearing UIN expiry, irrespective of UIN type and whether it belongs to Principal or Joint holder(s). The same was also communicated to you via circular dated October 18, 2016.

Additionally, we are pleased to inform that in order to further facilitate the Participants, CDC has taken an initiative by carrying out a **one-time activity** whereby CDC has requested National Database & Regulatory Authority (NADRA) for updated expiry dates of the CNICs / NICOPs of Sub-Account holders. Through this activity, we believe a major portion of the said expiry data will be made available in CDS which would in turn facilitate the Participants to regularize the expired CNICs / NICOPs records under their Participant umbrella. The said activity will be concluded hopefully by the end of November 2016.

It is important to mention here that the expiry date of other UINs such as passport etc. has not been undertaken in this one time activity as these documents do not come under the scope of NADRA. Therefore, Participants are required to arrange for regularization of such data at their end along with those CNIC / NICOP that still appear expired after the initial above mentioned activity.

We believe that this measure by CDC will help reduce the regularization burden of the Participants greatly and would expedite the due compliance at your end.

Should you have any query or concern, please feel free to call our Customer Support Services at 0800-23275 (CDCPL).

Yours truly,
