Sub: Connectivity of PSX-LAN Client Terminals to CDC via DR-Terminal over Internet

Dear CDS Element,

With reference to our earlier messages sent on 19th August, 23rd September and 9th December, 2016 respectively, please be advised that PSX will undergo a Disaster Recovery Drill on 18th February, 2017 whereby its LAN services will be interrupted and Clients will not be able to connect to the CDS system.

In light of this exercise, please ensure that you have Internet-based connectivity with CDC, as advised earlier, to avoid any inconvenience.

Kindly disregard this message if you've already installed additional Internet-based Disaster Recovery Terminal for CDC or are not on PSX-LAN.

Should you have any queries or concerns, please feel free to call our Customer Support Services at 0800-23275.

Regards,

-Sd-

Amir Hashmi
