Note:

We would clarify that the above calculation has been made on the basis of the criteria defined in your notice. However, as ATFF is a closed end fund and not a Company, accordingly, the sponsors' holdings are for the purpose of investments and not controlling interests, except for the Management Company. The Management Company's holding is inclusive of 10% statutory investment earlier required to be maintained under the Non- Banking Finance Companies (Establishment and Regulation) Rules, 2003. Also, as explained above, ATFF holds Treasury Stock under the Repurchase Program as per SECP Circular 14 of 2009, which is not currently available for resale. Under such interpretation, the free float would work out to 36,750,000 certificates.

Yours truly

For Atlas Asset Management Limited
