## Avanceon Strengthens its BMS Portfolio by Securing Contract for the new DHA Lahore Business Hub

**Lahore, Pakistan** – Avanceon has been selected to provide a comprehensive Building Management solution for the new Business Hub building by DHA Lahore. The contract marks yet another success for Avanceon's growing Building Management Systems and Infrastructure portfolio. Avanceon is excited about the new infrastructure opportunities within Pakistan and looking forward to adding value to green buildings concept.

The DHA Business Hub is a purpose-built corporate tower which will facilitate the local and international business community. A project of DHA Lahore, the corporate tower is strategically located near Allama Iqbal International Airport. Spread over 26 Kanals with covered area of 637,527 sq ft, the building boasts 11 floors and 2 basements with a capacity to accommodate 700 cars. The building will also come equipped with a state-of-the-art security system and a dedicated Energy Center for 24/7 uninterrupted power supply.

Avanceon will be providing a comprehensive Building Management Solution for this project. The scope of work for Avanceon will include,

- Engineering, Supply, Installation Supervision, Programming and Commissioning of Building Management System and Integrated Building Management System
- Complete Control HVAC System including FAHU, TFAHU and Ventilation Systems
- Plant Room Optimization
- Supply of VFDs
- BTU Meters for the entire facility

For this project, Avanceon will be partnering with Siemens Building Technologies. Avanceon offers a comprehensive portfolio of products and solutions for demand based, efficient control of heating ventilation and air conditioning (HVAC) systems including fire alarm and detection.
