Subject: **DISCLOSURE OF MATERIAL INFORMATION**

Dear Sir

In accordance with Section 96 and 131 of the Securities Act, 2015 and Regulations 5.6.1 of the Pakistan Stock Exchange Regulations, we hereby convey the following:

Following the successful execution of our recent export order of copper ingots to Hong Kong, the Company has initiated advanced discussions with international clients. Based on these ongoing negotiations, the Company has a reasonable expectation to secure new export orders amounting to approximately USD 22 million for the coming financial year.

The management is confident that the finalization of these expected orders will significantly enhance the Company's financial performance. This is projected to contribute substantially to both the top and bottom lines and is anticipated to result in substantial higher volume of the Company's sales as compared to the current financial year. This growth is expected to strengthen the Company's profitability and, consequently, create enhanced value for its shareholders.

Furthermore, the realization of these exports will play a constructive role in earning valuable foreign exchange for Pakistan, thereby making a positive contribution to the national economy.

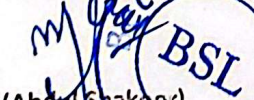

The Company remains committed to its strategic objective of expanding its export footprint and diversifying its international market presence, while consistently upholding the highest standards of product quality.

You are requested to disseminate above information to TREC holders of the Exchange accordingly.

Thank you and best regards

Yours faithfully,

For Beco Steel Limited
