

BECO STEEL
WE STRENGTHEN YOUR DREAMS

BECO/PSX/2025/160
October 14, 2025

General Manager
Pakistan Stock Exchange Limited
Stock Exchange Building, Stock Exchange Road,
Karachi

Subject: **DISCLOSURE OF MATERIAL INFORMATION**

Dear Sir

Pursuant to Sections 96 and 131 of the Securities Act, 2015, and Clause 5.6.1(a) of the Rule Book of the Pakistan Stock Exchange Limited, we are pleased to disclose the following material information:

The Company currently operates in both ferrous and non-ferrous segments, catering to both local and export markets. We are pleased to report that the Company's sales continue to show a positive growth trajectory. Notably, the Company maintains a debt-free position, operating without any borrowings from financial institutions.

In line with its long-term expansion and growth strategy, and in anticipation of future demand for steel, the Company has decided to diversify into the production of deformed steel bars. This will be achieved through the installation of a state-of-the-art steel furnace and continuous casting mill, with an annual production capacity 72,000 tons of rebars. To enhance cost-efficiency and sustainability, an addition of 5 MW solar power plant is also planned as part of the expansion.

The entire project will be fully self-financed, with no external borrowings. The Chief Executive Officer (CEO) has already acquired the land required for this expansion, and project execution is scheduled to commence in early 2026.

You are requested to disseminate above information to TREC holders of the Exchange accordingly.

Thank you and best regards

Yours truly,

for Beco Steel Limited

Abdul Shakoor
