Attention: The General Manager

Dear Sirs,

Re: Disclosure of Material Information

As required by Section 96 of the Securities Act, 2015, and Clause 5.19.13(c) of the Rule Book of the Karachi Stock Exchange Limited the following information is being disclosed by us.

Byco Petroleum Pakistan Limited (the “**Company**”) will be added to the MSCI Frontier Markets Small Cap Index by the close of 30th November 2015 as has been announced in the MSCI Semi Annual Review on 12th November 2015.

The fundamental advantage of a company’s shares being listed on an MSCI index is increase in the scope of investment in the company by local as well as international investors. According to P&I data of December 2014 and MSCI client data of June 2015, MSCI serves 97 of the top 100 largest asset managers. The addition of the Company is a positive indicator for the economy of Pakistan in terms of higher foreign inflows and will bring much needed investment into the country. A foreign exchange reserve build up, and a reducing current account deficit, are among many of the other related benefits.

Please circulate the aforesaid information among your members.

Yours truly,

Shahana Ahmed Ali
