Karachi

RE: **MATERIAL INFORMATION REGARDING START OF COMMERCIAL OPERATIONS**

Dear Sir,

We refer to our earlier material information communication date 19 September 2017 regarding the above-mentioned subject.

We are pleased to inform our shareholders that the process of electrification for the 132 KVA Grid of the Company has been successfully completed and the meter has now been installed. This has enabled the company to start its hot commissioning processes and the calibration of the machinery. Barring any unforeseen circumstances the company foresees the start of its commercial operations by the second fortnight of December 2017.

Thank you.

Your Sincerely,

Jamal Iftakhar
Chief Executive Officer
