### **MATERIAL INFORMATION**

Dear Sir,

As required by the material information disclosure provisions of the Listing Rules and in view of certain news items appearing in the press about trial runs having started at the new plant of our 100% owned subsidiary Engro Fertilizers, we would like to clarify that the company is in advance stages of commissioning of the new plant. Trial production will commence upon completion of the commissioning. We are issuing this clarification as the news reports may be misconstrued and lead people to believe that production has started.

Very truly yours,

ANDALIB ALAVI  
General Manager – Legal  
& Company Secretary
