MATERIAL INFORMATION

Dear Sir,

As required by the material information disclosure provisions of the Listing Rules, we would like to inform you that after successful commissioning, trial production has started early this morning at the new urea fertilizer plant of our 100% subsidiary, Engro Fertilizers Limited. The plant is capable of producing 1.3 million tons of urea per annum and is the largest single train urea plant in the world, using sophisticated modern technology and consequently is very gas efficient.

Very truly yours,

ANDALIB ALAVI
General Manager – Legal
& Company Secretary
