MATERIAL INFORMATION

Dear Sir,

As required by the material information disclosure provisions of the Listing Rules, we would like to inform you that the gas supply to the fertilizer plant of our 100% owned subsidiary, Engro Fertilizers Limited, has been temporarily suspended by SNGPI, on the ground that due to annual turnarounds at various gas fields, the gas pressure in their System has reduced considerably. The company has increased the prices of its urea fertilizer by Rs. 125 per bag (excluding GST) to offset the impact of the losses caused due to gas curtailments. However, the price of our urea in the local market still remains at around half the price of imported urea.

We will keep you informed as and when the gas supply has been restored.

Very truly yours,

ANDALIB ALAVI
