ASR 1585

Dear Sir

CERTIFICATE ON RESIDUAL FREE RESERVES FOR THE ISSUE OF BONUS SHARES

As requested by you, we have ascertained from the Bank's financial statements for the year ended December 31, 2016, which have been approved by the Board of Directors of the Bank and on which the auditor's report remains to be signed, that the residual free reserves, as at December 31, 2016, in terms of the meaning given to free reserves in the Companies (Issue of Capital) Rules, 1996, after the proposed issue of bonus shares of a face value of Rs 1,199,760 thousand would be higher than fifteen percent of the enhanced paid-up capital of Rs 13,197,361 thousand.

We have reviewed the contingent liabilities outstanding as at December 31, 2016, to determine the contingent loss, if any, falling within the scope of paragraph 14 of International Accounting Standard 37, "Provisions, Contingent Liabilities and Contingent Assets" and confirm that no such liabilities are deductible from the aforementioned "Free Reserves" of the Bank.

The Bank's "Free Reserves" retained after appropriating the reserve for issue of bonus shares do not include any reserves created as a result of revaluation of fixed assets or any intangible or fictitious assets such as preliminary expenses or goodwill.

Yours truly

A.F. Ferguson & Co.

Certified to be true copy

Aurangzeb Amin
