Dear Sir,

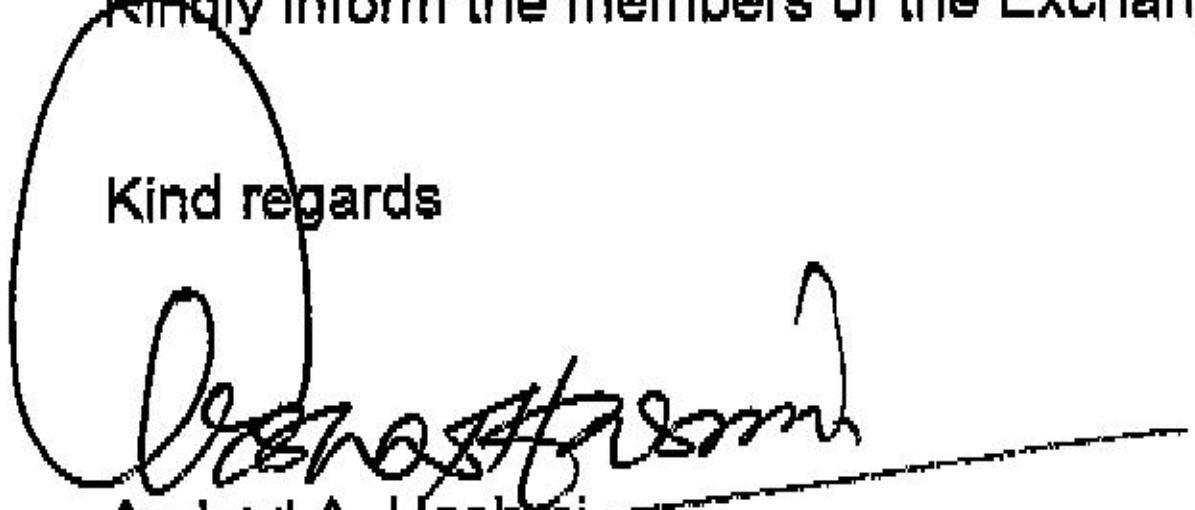

Company Announcement

This is to inform you that Unit No 1 of the Hub Power Station was on normal operation when an abnormal vibration was suddenly experienced in the Turbine. On examination some components such as some turbine blades were found damaged, further technical examination is ongoing. There were no external events or personnel injuries associated with this technical failure. The Plant is fully insured and presently steps are in hand to establish the extent of damage and after repairs return this Unit to service at an early date. We will inform you as soon as the return to service date of this Unit No. 1 has been established.

We would also advise that the remaining three units of 300 MW each are fully available and supplying 900MW into the national grid under dispatch from NPCC until Unit No 1's Returns to Service.

Kindly inform the members of the Exchange accordingly.

Kind regards

Arshad A. Hashmi
Company Secretary
