

Promising Reliability, For Now and Tomorrow

The General Manager
Pakistan Stock Exchange Limited
Stock Exchange Building
Stock Exchange Road
Karachi

August 28, 2020

Dear Sir/Madam,

Disclosure of Material Information

As required under the Rule Book of Pakistan Stock Exchange (PSX) and Securities Act, 2015, International Industries Limited (the “Company”) hereby conveys the following information:

“The Company is Pakistan’s largest manufacturer of steel, stainless steel and polymer pipes with an annual manufacturing capacity of 817,000 tons and annual revenues of almost Rs. 26 billion, a significant contributor to the country’s foreign exchange inflow and a model corporate citizen. Its exports over last 5 years exceeded USD 238.4 Million and it has won FPCCI’s export awards for the last 20 years, with sales to 60 countries in North America, Europe, Africa, the Middle East, South Asia and Australia. In last 5 years, the Company has also contributed over Rs. 19.3 Billion in duties and taxes to the national exchequer.

The Board and the Management are pleased to announce that the Company has incorporated a wholly owned subsidiary i.e. M/s. IIL Construction Solutions (Private) Limited, Karachi, Pakistan, referred to below as “CSL”.

Using IIL scaffolding tubes and ISL coils, CSL will manufacture with the most modern equipment (including welding robots) Scaffolding, Shoring and Formwork products and systems used in the construction industry. These products and systems will not only be sold in the market but in order to make them readily available will also be supplied on a rental basis nationwide across major economic centers. Our dedicated and trained team will provide customers with technical assistance and services in the design stage related to selection and layout of solutions as well as provide services at construction sites with respect to the erection/dismantling and inspection of the respective solutions to ensure high efficiency, cost effectiveness, quality and safety.

CSL will further provide structural engineering and steel fabrication services as well turnkey construction solutions based on IIL HSS tubes and pipes, thereby providing customers with further value-added services. It will fabricate and supply various kinds of engineered steel structures and products using IIL’s HSS tubes and pipes. The structures will include, but not be limited to, warehouses, industrial sheds, residential and commercial constructions (including extensions), solar structures, pedestrian bridges, car porches, pergolas and gazebos etc.

Promising Reliability, For Now and Tomorrow

This investment would ultimately result in conserving foreign exchange, bring forth economic growth and sustainability. At the same time this will facilitate employment opportunities in the industry.

Having established its status as a world-class company over the last 71 years both within and beyond Pakistan. The Company is confident of leveraging its brand and its reputation for quality, and reliability to establish a rewarding niche for itself in Pakistan.”

Disclosure form in terms of Sections 96 and 131 of the Securities Act, 2015 is attached for information and circulation amongst the TRE Certificate Holders of the Exchange.

Yours faithfully,

For and on behalf of
International Industries Limited

Sunaib Barkat, ACA
Company Secretary
