DIRECTOR'S REVIEW

On behalf of the Board of Directors, we are pleased to present the reviewed financial statements of JS Bank Limited for the half-year ended June 30, 2024.

Economic Review

Pakistan's economic performance remained positive in the second quarter of CY24, building on the momentum established through government and regulatory reforms implemented in 2023 and sustained in the first quarter. Concerted efforts to narrow the current account deficit bore fruit in 2QCY24. Export and remittance growth outpaced import demand, resulting in a cumulative current account surplus of US\$229 million for April and May 2024. This, combined with continued support from bilateral and multilateral lenders, pushed the State Bank of Pakistan's (SBP) foreign exchange reserves to a 23-month high of US\$9.4 billion. The stability of the external account contributed to minimal fluctuations in the Pakistani Rupee (PKR) against the US dollar throughout the quarter. Going forward, the IMF program expected to be secured is likely to further keep the external balance in check.

Aided by a stable currency and a high base effect from the previous year, Pakistan's disinflationary trend, which began in 1QCY24, persisted in the second quarter. Inflation readings averaged 14% in 2QCY24, a significant decline from 24% in 1QCY24 and 34% in 2QCY23. In response to disinflation, SBP's Monetary Policy Committee (MPC) embarked on the first monetary easing cycle in four years, reducing the Policy Rate by 1.5% to 20.5% in June 2024, followed by a further reduction of 1.0% in July 2024. The secondary market continues to price in anticipation of further near-term rate cuts, with yields remaining below the revised benchmark rates.

In other important developments, the government unveiled the Federal Budget for FY25 during the quarter. The budget proposes higher tax measures aimed at reducing the FY25 fiscal deficit to 5.9% of GDP, the lowest in seven years. Additionally, the budget targets a primary balance of 1.2% of GDP for the year.

Banking Sector Review

While SBP initiated the easing cycle, the yield curve remained inverted whereas the secondary market anticipated further rate cuts. At the same time, banking sector weighted average spreads widened slightly to 7.11% in April-May 2024 compared to 7% in 1QCY24.

Banking sector deposits grew significantly, reaching PKR 29.4 trillion in May (up 20% YoY). However, credit offtake remained sluggish. Investments emerged as the preferred asset class, with the sector's investments surging 44% YoY to PKR 28.9 trillion. This pushed the Investment-to-Deposit Ratio (IDR) to a record high of 99%. Higher government borrowing (up 25% YoY) also contributed to the elevated IDR. Gross Advance-to-Deposit Ratio (ADR) continued to decline, reaching 41% in May 2024, reflecting subdued demand for credit in the high-interest rate environment.

Consequently, the loan book expanded by only 1% YoY. The NPL stock increased to Rs 995 billion by March 2024, reflecting an 8% infection ratio. While the NPL level remained flat compared to December 2023, the increase from the previous year recorded a Rs10 billion increase.

Performance Review

For the half year ended June 30, 2024, the Bank reported a Profit Before Tax of PKR 5,433 million (Profit After Tax of PKR 2,763 million), as compared to a Profit Before Tax of PKR 3,209 million (Profit After Tax of PKR 1,508 million) during the corresponding period last year. This represents a YoY growth of 69% in terms of PBT and 83% in terms of PAT. During the period, the Bank's Net Interest Income increased by 25% YoY, primarily owing to an improvement in the deposit mix, coupled with increased volumes. Non-Remunerative Deposits increased by PKR 36,990 million or 23% as against December 31, 2023, resulting in a share of Non-Remunerative in Total Deposits increasing to 35% from 33% at the year end 2023. Margins in the first half of 2024 continued to remain under pressure, as secondary market yields continually adjusted in anticipation of rate cuts while funding costs remained stagnant due to unchanged minimum deposit rates (MDR).

The Bank's Non-Markup Income also increased by 53% YoY to PKR 6,133 million with 22% growth from Fee Income, higher Dividends, as well as positive impact through net gains on securities of PKR 663 million for the current period as against a loss of PKR 679 million reported for the corresponding period last year. Non mark-up Expenses increased by 26% YoY to PKR 12,880 million owing mainly due to inflationary adjustments, Rupee Depreciation and increase in technology based costs. The Bank continues to invest in its people and towards its digital infrastructure. Our digital platform of Zindigi continues to further solidify its position as a robust contender in the digital banking landscape and our penetration continues to improve. Despite higher costs, the Bank's cost to income ratio improved to 67% from 71% for the corresponding period last year. NII to Operating Cost Ratio remained at 101% during the period under review. The Bank continues to target further improvement in both ratios to increase intermediation efficiency.

Period end Deposits were reported at PKR 557.862 billion. This translates to a year on year growth of 18.7%. This achievement is testimony to the confidence and trust reposed in our institution by our valued customers and the dedicated efforts of our Bank's teams. In terms of growth, overall deposits witnessed an increase of 15% since December 2023, while share of Non-Remunerative Deposits improved to 35%. More importantly, in terms of averages, the Bank's average non-remunerative deposits improved from PKR 138.241 billion in HY 2023 to PKR 152.844 billion in HY 2024, reflecting a YoY growth of 10.6%.

During the period under review, the Bank continued to follow cautious lending approach, and Gross Advances ended at a level of PKR 210.180 billion at June 30, 2024, down from PKR 213.787 billion in December 2023. The Gross Infection Ratio increased to 8.07% in June 2024 from 7.57% in December 2023, as Non-performing loans increased to PKR 16.967 billion from PKR 16.184 billion in December 2023. However, the Bank's coverage ratio improved to 70% as compared to 59.7% at December 2023. As at June 30, 2024, the Bank's Capital Adequacy Ratio also improved to 13.47% as compared to 12.53% in December 2023.

As per the SBP's BPRD Circular Letter No. 07 dated April 13, 2023, IFRS 9 - Financial Instruments became effective for reporting periods beginning on or after January 01, 2024 for Banks.

Accordingly, the Bank's financial statements for the current reporting period have been prepared in accordance with SBP's revised format for interim financial statements and other directives regarding the accounting framework for classification and measurement of financial instruments. The SBP, vide its BPRD Circular Letter No. 16 dated July 29, 2024 has provided certain additional clarifications and extensions in timelines for implementation of certain aspects of the Standard. The Bank is in the process of assessing the requirements in order to comply with the extended timelines as advised by the SBP in this regard.

As permitted by the transitional provisions of IFRS 9, the Bank has opted for modified retrospective approach and has not restated comparative figures. Any adjustments to the carrying amounts of financial assets and liabilities at the date of transition were recognised in the opening retained earnings and other reserves at the beginning of the current year without restating the comparative prior period information.

Key highlights of the financial results of the Bank for the half year ended June 30, 2024, are presented below:

Financial Position		PKR Million	
	June 30, 2024	December 31, 2023	
Shareholders' Equity	41,808	40,322	
Total Deposits	557,862	486,283	
Total Assets	686,995	589,432	
Advances - Net	194,885	203,727	
Investments - Net	376,503	287,479	
Financial Performance			
	June 30, 2024	June 30, 2023	
Mark-up/Interest Income - Net	13,037	10,437	
Non-Markup/Interest Income	6,133	4,012	
Non-Markup Expenses	12,880	10,239	
Provisions and write offs - net	856	1,001	
Profit/(Loss) Before Tax	5,433	3,209	
Profit After Tax	2,761	1,702	
Basic/Diluted Earnings Per Share - Rupees	1.35	1.16	

Consolidated Financial Statements

On a consolidated basis, JS Bank along with its subsidiaries BankIslami Pakistan Limited, JS Global Capital Limited, and JS Investments Limited recorded a profit before tax of PKR 18,797 million (profit after tax of PKR 9,716 million) for the half year ended June 30, 2024, as compared

to a profit before tax of PKR 3,333 million (profit after tax of PKR 1,591 million) in the corresponding period last year. The earnings per share stood at PKR 3.87 for the half year ended June 30, 2024. Consolidated Capital Adequacy Ratio as of June 30, 2024, stood at 17.49% (December 31, 2023, 16.69%).

Credit Rating

We are pleased to share that in June 2024, the Pakistan Credit Rating Agency Limited (PACRA) has upgraded the long-term entity rating of JS Bank Limited to “AA” (Double A) from “AA-” (Double A Minus) previously, while maintaining the short-term rating at “A1+” (A-One Plus) which is the highest possible rating for this category.

The ratings denote very high credit quality and very low expectation of credit risk, and indicate a very strong capacity for timely payment of financial commitments.

Acknowledgments

On behalf of JS Bank, we would like to extend our gratitude to our customers and stakeholders for their ongoing trust and patronage. We would also like to thank the Ministry of Finance, the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan, and other regulatory bodies for their continued support to our Bank. We would also thank our fellow colleagues for their commitment to hard work, excellence, and drive to succeed.

On behalf of the Board,

Basir Shamsie
President & CEO

Adil Matcheswala
Chairman

ڈائریکٹرز رپورٹ

بورڈ آف ڈائریکٹرز کی جانب سے ہم 30 جون 2024ء کو ختم ہونے والی ششماہی کیلئے جے ایس بینک لمیٹڈ کے مالیاتی حسابات پیش کرنے میں مسرت محسوس کرتے ہیں۔

اقتصادی جائزہ:

مالی سال 2024 کی دوسری سہ ماہی میں پاکستان کی اقتصادی کارکردگی مثبت رہی جو کہ حکومت اور ریگولیٹری اصلاحات کی جانب سے 2023 میں شروع کی گئی اور پہلی سہ ماہی کے دوران برقرار رہی۔ کرنٹ اکاؤنٹ خسارے کو کم کرنے کے لیے مرکز کوششیں مالی سال 2024 کی دوسری سہ ماہی میں کامیاب ثابت ہوئیں۔ برآمدات اور ترسیلات زر میں اضافے نے درآمدی طلب کو پیچھے چھوڑ دیا، جس کے نتیجے میں اپریل اور مئی 2024 کے لیے مجموعی طور پر کرنٹ اکاؤنٹ میں 229 ملین امریکی ڈالر کا سرپلس ہوا۔ زرمبادلہ کے ذخائر، 23 ماہ کی بلند ترین سطح 9.4 ملین امریکی ڈالر تک پہنچ گئے۔ بیرونی اکاؤنٹ میں استحکام کے نتیجے میں پوری سہ ماہی کے دوران امریکی ڈالر کے مقابلے پاکستانی روپے (PKR) میں کم سے کم اتار چڑھاؤ آیا۔ مستقبل قریب میں، متوقع IMF پروگرام سے بیرونی توازن کو مزید مستحکم کرنے کی توقع ہے۔

مستحکم کرنسی اور گزشتہ سال کے بلند بنیادی اثرات کی بدولت، پاکستان میں موجودہ سال 2024 کی پہلی سہ ماہی میں شروع ہونے والا افراط زر میں کمی کا رجحان دوسرے سہ ماہی میں بھی جاری رہا۔ موجودہ سال 2024 کی دوسری سہ ماہی میں افراط زر کی اوسط شرح 14 فیصد رہی، جو کہ موجودہ سال 2024 کی پہلی سہ ماہی میں 24 فیصد اور مالی سال 2023 کی دوسری سہ ماہی میں 34 فیصد کے مقابلے میں نمایاں کمی تھی۔ افراط زر میں کمی کے جواب میں، اسٹیٹ بینک آف پاکستان (SBP) کی مانیٹری پالیسی کمیٹی (MPC) نے چار سالوں میں پہلی بار مانیٹری پالیسی میں نرمی کرنے کا سلسلہ شروع کیا، جون 2024 میں پالیسی ریٹ کو 1.5 فیصد کم کر کے 20.5 فیصد کر دیا، اور جولائی 2024 میں مزید 1.0 فیصد کمی کی۔ ثانوی مارکیٹ میں مستقبل قریب میں شرح سود میں مزید کمی کی توقع کی جا رہی ہے، جبکہ منافع کی شرح نظر ثانی شدہ بیبنج مارک ریٹس سے نیچے برقرار ہیں۔

دوسری اہم پیشرفت میں، حکومت نے اس سہ ماہی کے دوران آئندہ مالی سال 2025 کے لیے وفاقی بجٹ کا اعلان کیا۔ بجٹ میں ایسے ٹیکس اقدامات شامل کیے گئے ہیں جو مالی سال 2025 کے مالیاتی خسارے کو GDP کے 5.9 فیصد تک کم کرنے کا مقصد رکھتے ہیں، جو کہ سات سالوں میں سب سے کم سطح ہے۔ اس کے علاوہ، بجٹ سال کے لیے GDP کے 1.2 فیصد کا ابتدائی توازن حاصل کرنے کا ہدف بھی مقرر کرتا ہے۔

بینکنگ سیکٹر کا جائزہ:

جب سے اسٹیٹ بینک آف پاکستان نے نرمی کے عمل کا آغاز کیا تب سے ہی طویل مدت کی شرح سود کی سطح مختصر مدت کی شرح سود سے زیادہ رہی، جبکہ ثانوی مارکیٹ نے مزید شرح سود کی کمی کی توقع کی۔ اسی دوران، بینکنگ سیکٹر کا اوسط اسپرڈ اپریل۔ مئی 2024 میں بڑھ کر 7.11 فیصد ہو گیا جو کہ موجودہ سال 2024 کی پہلی سہ ماہی میں 7 فیصد تھا۔

بینکنگ سیکٹر کے ذخائر میں نمایاں اضافہ ہوا، جو مئی میں 29.4 ٹریلین روپے تک پہنچ گئے (سالانہ 20% اضافہ)۔ تاہم، قرضوں کی طلب سست رہی۔ سرمایہ کاری اب ترجیحی اثاثہ کلاس بن گئی ہے، سیکٹر کی سرمایہ کاری 44 فیصد سالانہ بڑھ کر 28.9 ٹریلین روپے تک پہنچ گئی۔ اس سے انویسٹمنٹ ٹو ڈپازٹ ریشو (IDR) ریکارڈ سطح پر 99 فیصد تک پہنچ گیا۔ حکومت کی زیادہ قرضہ لینے کی وجہ سے (سالانہ 25 فیصد اضافہ) بھی IDR میں اضافہ ہوا۔ مجموعی ایڈوانس ٹو ڈپازٹ ریشو (ADR) مسلسل کم ہوتا رہا، مئی 2024 میں 41 فیصد تک پہنچ گیا، جو کہ بلند شرح سود کے ماحول میں قرض کی کم طلب کی عکاسی کرتا ہے۔

نتیجتاً، قرضوں کے حجم میں سالانہ صرف 1 فیصد اضافہ ہوا۔ مارچ 2024 تک NPL اسٹاک 995 ارب روپے تک پہنچ گیا، جو کہ 8 فیصد کا انفلکشن ریشو ظاہر کرتا ہے۔ اگرچہ NPL قرضوں کی سطح دسمبر 2023 کے مقابلے میں مستحکم رہی، گذشتہ سال کے مقابلے اس میں 10 بلین روپے کا اضافہ ریکارڈ کیا گیا۔

مالیاتی کارکردگی:

30 جون 2024 کی اختتام شدہ ششماہی کیلئے بینک کا قبل از ٹیکس منافع 5,433 ملین روپے (بعد از ٹیکس منافع 2,763 ملین روپے) رہا جس کا موازنہ گذشتہ سال کی اسی مدت کے قبل از ٹیکس منافع 3,209 ملین روپے (بعد از ٹیکس منافع 1,508 ملین روپے) سے کیا جاسکتا ہے۔ یہ PBT میں سالانہ 69 فیصد اور PAT میں 83 فیصد کی شرح نمو کو ظاہر کرتا ہے۔ اس دوران، بینک کی خالص سودی آمدنی میں سال بہ سال 25 فیصد کی شرح سے اضافہ ہوا جو کہ بنیادی طور پر ڈپازٹ کس میں بہترین اور حجم کے اضافہ کے باعث ہوا۔ غیر معاوضہ ڈپازٹس میں 31 دسمبر 2023 کے مقابلے میں 23 فیصد کا اضافہ ہوا جو کہ 36,990 ملین روپے ہو گئے، جس کے نتیجے میں 2023 کے آخر میں غیر معاوضہ ڈپازٹس کا کل ڈپازٹس میں حصہ 33 فیصد سے بڑھ کر 35 فیصد ہو گیا۔ 2024 کی پہلی ششماہی کے دوران، مارجن دباؤ میں رہے، کیونکہ ثانوی مارکیٹ کی منافع کی شرحیں مسلسل شرح سود میں کمی کی توقع میں ایڈجسٹ ہو رہی تھیں، جبکہ فنڈنگ کے اخراجات کم از کم ڈپازٹ ریشو (MDR) کی عدم تبدیلی کی وجہ سے مستحکم رہے۔

بینک کی نان مارک اپ آمدنی میں بھی سال بہ سال 53 فیصد تک کا اضافہ ہوا جو کہ 6,133 ملین روپے تک پہنچ گئی، جس میں فیس انکم میں 22 فیصد اضافہ، زیادہ ڈویڈنڈز اور موجودہ مدت کے دوران سیکورٹیز پرنیٹ گینئر کی مثبت اثرات شامل ہیں جو 663 ملین روپے ہے، جبکہ گذشتہ سال کے اسی عرصے میں 679 ملین روپے کا خسارہ رپورٹ ہوا تھا۔ نان مارک اپ اخراجات سال بہ سال 26 فیصد بڑھ کر

12,880 ملین روپے ہو گئے، جو کہ بنیادی طور پر افراط زر کی ایڈجسٹمنٹ، روپے کی قدر میں کمی، اور ٹیکنالوجی پر مبنی اخراجات میں اضافے کی وجہ سے ہے۔ بینک اپنے لوگوں اور ڈیجیٹل انفراسٹرکچر میں سرمایہ کاری جاری رکھے ہوئے ہے۔ ہمارے ڈیجیٹل پلیٹ فارم، زندگی، ڈیجیٹل بینکنگ کے میدان میں مضبوط حریف کے طور پر اپنی پوزیشن مزید مستحکم کرتے جا رہے ہیں اور ہماری رسائی میں بہتری آ رہی ہے۔ زیادہ اخراجات کے باوجود، بینک کا لاگت-تا-آمدنی کا تناسب 67 پر بہتر ہوا، جو کہ گذشتہ سال کے اسی عرصے میں 71 فیصد تھا۔ NII سے آپریٹنگ لاگت کا تناسب 101 فیصد پر برقرار رہا۔ بینک دونوں تناسبوں میں مزید بہتری کی کوشش جاری رکھے ہوئے ہے تاکہ درمیانی کارکردگی میں اضافہ ہو سکے۔

مدت کے اختتام پر ڈپازٹس 557.862 بلین روپے رپورٹ کیے گئے، جو کہ سال بہ سال 18.7 فیصد کی شرح نمو کو ظاہر کرتا ہے۔ یہ کامیابی ہمارے قابل قدر کسٹمرز کی جانب سے ہمارے ادارے پر اعتماد اور یقین، اور بینک کی ٹیموں کی محنت کا ثبوت ہے۔ دسمبر 2023 کے بعد کل ڈپازٹس میں 15 فیصد کا اضافہ ہوا، جبکہ غیر معاوضہ ڈپازٹس 35 فیصد رہے۔ سب سے اہم بات یہ ہے کہ اوسطاً، بینک کے اوسط غیر معاوضہ ڈپازٹس 2023 کی ششماہی میں 138.241 بلین روپے سے بڑھ کر 2024 کی ششماہی میں 152.844 بلین روپے ہو گئے، جو کہ سال بہ سال 10.6 فیصد شرح نمو کو ظاہر کرتا ہے۔

جائزہ کے دوران، بینک نے محتاط قرض دینے کے طریقے کو جاری رکھا، اور 30 جون 2024 کو کل قرضہ جات 210.180 بلین روپے پر ختم ہوئے، جو کہ دسمبر 2023 میں 213.787 بلین روپے سے کم ہیں۔ مجموعی انفیکشن ریشو جون 2024 میں 8.07 فیصد تک بڑھ گیا، جو کہ دسمبر 2023 میں 7.57 فیصد تھا، کیونکہ نان پرفارمنگ قرضہ جات بھی دسمبر 2023 میں 16.184 بلین روپے سے بڑھ کر 16.967 بلین روپے ہو گئے۔ تاہم، بینک کا کوریج ریشو بہتر ہو کر 70 فیصد ہو گیا، جو کہ دسمبر 2023 میں 59.7 فیصد تھا۔ 30 جون 2024 کو، بینک کا کپیٹل ایڈیکسی ریشو بھی بہتر ہو کر 13.47 فیصد ہو گیا، جو کہ دسمبر 2023 میں 12.53 فیصد تھا۔

اسٹیٹ بینک آف پاکستان کے BPRD سرکولر لیٹر نمبر 07 مورخہ 13 اپریل 2023 کے مطابق، IFRS 9 مالیاتی انسٹرومنٹ، بینکوں کے لیے یکم جنوری 2024 یا اس کے بعد شروع ہونے والی رپورٹنگ مدت کے لیے مؤثر ہو گئے ہیں۔

اس کے مطابق، بینک کے مالیاتی بیانات موجودہ رپورٹنگ مدت کے لیے اسٹیٹ بینک آف پاکستان کے عبوری مالیاتی بیانات کے لیے نظر ثانی شدہ فارمیٹ اور مالیاتی آلات کی درجہ بندی اور پیمائش کے لیے اکاؤنٹنگ فریم ورک کے متعلقہ ہدایات کے مطابق تیار کیے گئے ہیں۔ اسٹیٹ بینک نے اپنے BPRD سرکولر لیٹر نمبر 16 مورخہ 29 جولائی 2024 کے ذریعے معیار کے کچھ پہلوؤں کے نفاذ کے لیے اضافی وضاحتیں اور مدت میں توسیع فراہم کی ہے۔ بینک اس وقت ان ضروریات کا جائزہ لے رہا ہے تاکہ اس بات کو یقینی بنایا جاسکے کہ اسٹیٹ بینک کی طرف سے تجویز کردہ توسیع شدہ مدت کی تعمیل کی جاسکے۔

IFRS 9 کی عبوری دفعات کی اجازت کے مطابق، بینک نے ترمیم شدہ ماضی کے طریقہ کار کا انتخاب کیا ہے اور موازنہ کرنے والی تعداد کو دوبارہ بیان نہیں کیا ہے۔ منتقلی کی تاریخ پر مالیاتی اثاثوں اور واجبات کی کیریئرنگ کی مقدار میں کی گئی کوئی بھی تبدیلیاں موجودہ سال کے آغاز میں برقرار رکھی گئی آمدنیاں اور دیگر ذخائر بغیر موازنہ کرنے والی گذشتہ مدت کی معلومات کو دوبارہ بیان کیے بغیر میں تسلیم کی گئی ہیں۔

30 جون 2024 کو اختتامی ششماہی کے لیے بینک کے مالیاتی نتائج کی اہم جھلکیاں درج ذیل ہیں:

مالی حیثیت:		
روپے ملین میں		
Decemeber 31, 2023	June 30, 2024	
40,322	41,808	حصص داران کی ایکویٹی
486,283	557,862	کل ڈپازٹس
589,432	686,995	کل اثاثہ جات
203,727	194,885	خالص ایڈوانسز
287,479	376,503	خالص سرمایہ کاری

مالی کارکردگی:		
June 30, 2023	June 30, 2024	
10,437	13,037	مارک اپ/سودی آمدنی - خالص
4,012	6,133	غیر مارک اپ/سودی آمدنی
10,239	12,880	غیر مارک اپ اخراجات
1,001	856	پروویژن اور رائٹ آف - خالص
3,209	5,433	قبل از ٹیکس منافع/(خسارہ)
1,702	2,761	بعد از ٹیکس منافع
1.16	1.35	فی حصص بنیادی/رقیق آمدنی - روپے

عبوری مالیاتی حسابات:

ایک مضبوط بنیاد کے تحت جے ایس بینک نے اپنی ذیلی کمپنیوں بینک اسلامی پاکستان لمیٹڈ، جے ایس گلوبل کمپیٹل لمیٹڈ اور جے ایس انویسٹمنٹس لمیٹڈ کے ساتھ 30 جون 2024 کو ختم ہونے والی ششماہی کے لئے 18,797 ملین روپے کا قبل از ٹیکس منافع حاصل کیا (بعد از ٹیکس منافع

9,716 ملین روپے) جس کا موازنہ گذشتہ سال کی اسی مدت کے قبل از ٹیکس منافع 3,333 ملین روپے (بعد از ٹیکس منافع 1,591 ملین روپے) سے کیا جاسکتا ہے۔ 30 جون 2024 کو ختم ہونے والی ششماہی کیلئے فی حصص آمدنی 3.87 روپے رہی۔ 30 جون 2024 تک اجتماعی کمپنٹل ایڈیکسی ریشو 17.49 فیصد رہا جو کہ 31 دسمبر 2023 کو 16.69 فیصد تھا۔

کریڈٹ ریٹنگ:

ہمیں یہ بتاتے ہوئے خوشی محسوس ہو رہی ہے کہ جون 2024 میں، پاکستان کریڈٹ ریٹنگ ایجنسی لمیٹڈ (پی اے سی آر اے) نے جے ایس بینک لمیٹڈ کی طویل مدتی اینٹیٹی ریٹنگ کو AA (ڈبل اے) سے بڑھا کر AA- (ڈبل اے مائنس) کر دیا ہے، جبکہ مختصر مدتی کریڈٹ ریٹنگ کو A1+ (اے ون پلس) پر برقرار رکھا ہے، جو اس کیلنگری میں سب سے ممکنہ بلند ترین ہے۔

یہ ریٹنگز اعلیٰ کریڈٹ معیار اور کریڈٹ رسک کی کم توقع کو ظاہر کرتی ہیں، اور مالیاتی ذمہ داریوں کی بروقت ادائیگی کے لیے مضبوط صلاحیت کی نشاندہی کرتی ہیں۔

اظہار تشکر:

جے ایس بینک کی جانب سے، ہم اپنے کسٹمرز اور قابل قدر اسٹیک ہولڈرز کی مسلسل سرپرستی اور حمایت کے لیے ان کا شکریہ ادا کرنا چاہتے ہیں۔ ہم وزارت خزانہ، اسٹیٹ بینک آف پاکستان، سیکیورٹیز اینڈ ایکسچینج کمیشن آف پاکستان، اور دیگر ریگولیٹری اتھارٹیز کا بھی شکریہ ادا کرنا چاہیں گے جنہوں نے ہمارے بینک کی رہنمائی اور مدد کی۔ آخر میں ہم جے ایس بینک میں اپنے تمام ساتھیوں کو مزید کامیابی اور ترقی کے لیے ان کے عزم پر خراج تحسین پیش کرتے ہیں۔

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of JS Bank Limited

Report on review of Condensed Interim Unconsolidated Financial Statements

Introduction

We have reviewed the accompanying condensed interim unconsolidated statement of financial position of **JS Bank Limited** ("the Bank") as at 30 June 2024 and the related condensed interim unconsolidated profit and loss account, condensed interim unconsolidated statement of comprehensive income, condensed interim unconsolidated statement of changes in equity, and condensed interim unconsolidated cash flow statement, and notes to the condensed interim unconsolidated financial statements for the six-month period then ended (here-in-after referred to as the "condensed interim unconsolidated financial statements"). Management is responsible for the preparation and presentation of this condensed interim unconsolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim unconsolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim unconsolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim unconsolidated financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

KPMG Taseer Hadi & Co.

Other Matters

The figures of the condensed interim unconsolidated statement of profit and loss account and the condensed interim unconsolidated statement of comprehensive income for the three months period ended 30 June 2024, have not been reviewed and we do not express a conclusion on them.

The engagement partner on the review resulting in this independent auditor's review report is Muhammad Taufiq.

Date: 28 August 2024

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

1. STATUS AND NATURE OF BUSINESS

- 1.1** JS Bank Limited (the Bank / JSBL) is a banking company incorporated in Pakistan as a public limited company on March 15, 2006. The Bank is a subsidiary company of Jahangir Siddiqui & Co. Ltd. (JSCL) and its shares are listed on Pakistan Stock Exchange Limited (PSX). The Bank commenced its banking operations on December 30, 2006 and its registered office is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi.

The Bank is a scheduled bank, engaged in commercial banking and related services as described in the Banking Companies Ordinance, 1962 and is operating through 292 (December 31, 2023: 291) branches / sub-branches in Pakistan and one wholesale banking branch in Bahrain (December 31, 2023: 1). The Pakistan Credit Rating Agency Limited (PACRA) has assigned the long-term entity rating of the Bank to AA- (Double A Minus) whereas short-term rating is maintained at A1+ (A One Plus), which is the highest possible short-term rating. The ratings denote a very low expectation of credit risk and indicate very strong capacity for timely repayment of financial commitments.

- 1.2** Jahangir Siddiqui Investment Bank Limited, JSIBL, (formerly Citicorp Investment Bank Limited which was acquired by JSCL on February 01, 1999), and its holding company, JSCL, entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited - Pakistan Branches, (AEBL). Consequently, a new banking company, JSBL was incorporated on March 15, 2006 and a Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

A Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL and a separate Transfer Agreement was also executed on June 24, 2006, between AMEX and JSBL for the transfer of AEBL's commercial banking business in Pakistan with all assets and liabilities (other than certain excluded assets and liabilities) (AEBL business). The shareholders of JSIBL and JSBL, in their respective extraordinary general meetings held on July 31, 2006, approved a Scheme of Amalgamation (the Scheme) under Section 48 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SC/NBFC(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by the SBP vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

2. BASIS OF PRESENTATION

The disclosures made in these condensed interim unconsolidated financial statements have been limited based on the format prescribed by the SBP vide BPRD Circular Letter No. 02 dated February 09, 2023 and International Accounting Standard (IAS) 34, 'Interim Financial Reporting'.

These condensed interim unconsolidated financial statements do not include all the information and disclosures required for annual unconsolidated financial statements and should be read in conjunction with the unconsolidated financial statements for the year ended December 31, 2023.

These condensed interim unconsolidated financial statements are separate financial statements of the Bank in which the investments in subsidiaries and associates are stated at cost and are accounted for on the basis of direct equity interest rather than on the basis of reported results. The condensed interim consolidated financial statements of the Bank are being issued separately.

These condensed interim unconsolidated financial statements have been presented in Pakistani Rupees (PKR), which is the currency of the primary economic environment in which the Bank operates and functional currency of the Bank. The amounts are rounded to nearest thousand except as stated otherwise.

2.1 Statement of Compliance

These condensed interim unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim reporting comprise of:

- International Accounting Standard (IAS) 34, 'Interim Financial Reporting' and International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities & Exchange Commission of Pakistan (SECP).

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks vide its notification S.R.O 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these condensed interim unconsolidated financial statements.

2.2 Standards, interpretations of and amendments to approved accounting standards that are effective in the current period

There are certain new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on January 01, 2024 but are considered not to be relevant or do not have any significant effect on the Bank's operations except for the implementation of IFRS 9: 'Financial Instruments' as detailed in note 4.1.

2.3 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any material effect on the Bank's financial statements except for:

- the new standard - IFRS 18, 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in the financial statements.
- amendments to IFRS 9, 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The basis for accounting estimates adopted in the preparation of these condensed interim unconsolidated financial statements are the same as that applied in the preparation of the unconsolidated financial statements for the year ended December 31, 2023 except for the implementation of IFRS 9: 'Financial Instruments' as detailed in note 4.1.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies adopted in the preparation of these condensed interim unconsolidated financial statements are consistent with those applied in the preparation of the unconsolidated financial statements of the Bank for the year ended December 31, 2023 except for the following:

4.1 Impact of IFRS 9 - Financial Instruments

During the period, as directed by the SBP vide its BPRD Circular No. 07 of 2023 dated April 13, 2023, International Financial Reporting Standard (IFRS) 9, 'Financial Instruments' became applicable to the Bank.

BPRD Circular No. 03 dated July 05, 2022 issued by SBP provides detailed instructions on implementation of IFRS 9 (the Application Instructions) for ensuring smooth and consistent implementation of the standard across banks. The SBP vide its BPRD Circular Letter No. 16 dated July 29, 2024 have made amendments and extend the timelines of IFRS 9 application instructions.

IFRS 9 addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach as previously followed. The ECL has impact on all the assets of the Bank which are exposed to credit risk.

JS BANK LIMITED
**NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024**

The Bank has adopted IFRS 9 in accordance with the Application Instructions from January 01, 2024, using the modified retrospective approach and has not restated comparatives for the 2023 reporting period and the differences in carrying amount of financial assets and financial liabilities resulting from the adoption of IFRS 9 are recognised in retained earnings and reserves as at January 01, 2024, as permitted under the specific transitional provisions in the Standard. Accordingly, the information presented for 2023 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2024 under IFRS 9.

SBP wide its BPRD Circular Letter No. 16 dated July 29, 2024 have made amendments and extended timelines of application instructions. Under the new guidelines, the banks are allowed to use the existing practice for recognising markup income / expense on financial assets / liabilities up to September 30, 2024. However, banks shall ensure the recognition of markup income / expense on financial assets / liabilities on the effective interest rate method as per the IFRS 9 standard with effect from October 01, 2024. Further, the banks will apply modification accounting for financial assets and liabilities as per IFRS 9 standard and shall measure the subsidized staff financing, extended to their employees as per HR policies, at fair value as per the IFRS 9 standard with effect from October 01, 2024. Moreover, SBP has allowed an extension to Banks up to December 31, 2024 for developing the requisite models for calculating EAD for revolving products beyond the contractual date. In addition, the banks have also been allowed to cost existing practice of valuing unquoted equity investments at their cost or breakup value, whichever is lower, till December 31, 2024 and perform fair valuation of these securities afterwards.

4.1.1 Impact on the condensed interim unconsolidated statement of financial position:

Financial Asset / Liabilities	Balances as of December 31, 2023 (Audited)	Remeasure- ments	Recognition of expected credit loss (ECL)	Balance as of January 01, 2024

4.1.3 Impact on unappropriated profits

Closing balances as at December 31, 2023	11,292,332
Recognition of expected credit losses under IFRS 9	(1,506,540)
Related tax	738,204
Opening balance under IFRS 9 as at January 01, 2024	<u>10,523,996</u>

4.1.4 Impact on regulatory capital

The introduction of IFRS 9 has resulted in reduction in regulatory capital of the banks, which has reduced their lending capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has determined that it may be appropriate for the banks to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP has detailed the transitional arrangement.

The transitional arrangement applies only to provisions for stage 1 and stage 2 financial assets. The transitional arrangement must adjust CET1 capital. Where there is a reduction in CET1 capital due to new provisions, net of tax effect, upon adoption of an ECL accounting model, the decline in CET1 capital (the transitional adjustment amount) must be partially included (i.e., added back) to CET1 capital over the transition period of five years.

Moreover, SBP has allowed to adjust the amount of Stage 1 and Stage 2 provisions in Tier 2 Capital that have not been added back to CET 1 and vice versa as per Annexure-A of BPRD Circular No. 16 dated July 29, 2024.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

The impact of adoption of IFRS 9 on the capital ratios of the Bank are as follows:

	As per previous reporting requirements	As per adoption of IFRS 9 impairment changes	IFRS 9 impairment changes and reclassification
Common Equity Tier 1 Capital Adequacy ratio	8.43%	8.11%	-0.32%
Tier 1 Capital Adequacy Ratio	9.65%	9.34%	-0.31%
Total Capital Adequacy Ratio	12.53%	12.09%	-0.44%

4.1.5 Classification and measurement

Under the new standard, classification and measurement of financial assets depends on how these are managed based on business model and their contractual cash flow characteristics. Financial assets that do not meet the Solely Payment of Principal and Interest (SPPI) criteria are required to be measured at fair value through profit or loss (FVTPL) regardless of the business model in which they are held.

4.1.5.1 Recognition and initial measurement

Trade receivable and debt securities issued are initially recorded when they are originated. All other financial assets and financial liabilities are initially recognised when the Bank becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at transaction price.

4.1.5.2 Classification

(a) Financial Assets

On initial recognition, a financial asset is classified as measured at amortised cost, FVOCI or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

On initial recognition of an equity investment that is not held-for-trading, the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets are not reclassified subsequent to their initial recognition unless the Bank changes its business models for managing financial assets, in which cases all affected financial assets are reclassified on the first day of the first reporting period following changes in the business model.

IFRS 9 allows entities to irrevocably designate, at initial recognition, a financial asset as measured at FVTPL if doing so eliminates or significantly reduces any 'accounting mismatch' that would otherwise arise from measuring assets or liabilities or recognising gains and losses on them on different basis. SBP instructions state that banks may apply the fair value option if, in addition to the IFRS 9 criterion, (a) it is consistent with a documented risk management strategy, and (b) fair values are reliable at inception and throughout life of the instrument. Nonetheless, banks should avoid this option for financial instruments that are categorised as Level 3 in terms of the IFRS 13 hierarchy.

(b) Financial Liabilities

Financial liabilities are either classified as fair value through profit or loss (FVTPL), when they are held-for-trading purposes, or at amortised cost. Financial liabilities classified as FVTPL are measured at fair value and all the fair value changes are recognised in profit and loss account. Financial liabilities classified at amortised cost are initially recorded at their fair value and subsequently measured using the effective interest rate method. Markup expense and foreign exchange gain and losses are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss.

Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in scope of the standard are never bifurcated. Instead, the whole hybrid instrument is assessed for classification.

4.1.6 Business model assessment

A financial asset is classified as either held-to-collect, held-to-collect and sale and others based on Business Model Assessment. The Bank makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The assessment requires judgement based on facts and circumstances on the date of assessment. The information considered mainly includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual markup revenue, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Bank's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;
- how managers of the business are compensated (e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without talking 'worst case' or 'stress case' scenarios into account.

Transfer of financial assets to third parties in transaction that do not qualify for derecognition are not considered sales for this purpose, consistent with the Bank continuing recognition of the financial assets.

Financial assets that are held-for-trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held-to-collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

4.1.7 Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as interest margin.

In assessing whether the contractual cash flows are SPPI, the Bank considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Bank considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Bank's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

A prepayment feature is consistent with the SPPI criterion if the prepayment amount substantially represents unpaid amounts of principal and markup on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par-amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

The Bank holds a portfolio of long-term fixed-rate loan for which the Bank has the option to propose to revise the interest rate at periodic reset dates. These reset rights are limited to the market rate at the time of revision. The borrowers have an option to either accept the revised rate or redeem the financing at par without penalty. The Bank has determined that the contractual cash flows of these loan are SPPI because the option varies the interest rate in a way that is in consideration for the time value of money, credit risk, other basic financing risks and costs associated with the principal amount outstanding.

4.1.8 Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any markup or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Markup, foreign exchange gains and losses and impairment are recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value and is assessed for impairment under the new ECL model. Markup income is calculated using the effective interest method and includes amortisation of premiums and accretion of discount, foreign exchange gains and losses and impairment are recognised in income statement. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit and loss account.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment, in which case they are adjusted from the carrying value of investment. Other net gains and losses are recognised in OCI and are never reclassified to profit and loss account.

The banks are allowed to continue measuring unquoted equity securities at the lower of cost or break-up value up to December 31, 2024. However, Bank shall be required to measure unquoted equity securities at fair value, as required in the IFRS 9 application instructions, with effect from January 01, 2025.

4.1.9 Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance (or impairment allowance before January 01, 2024).

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

4.1.10 Calculation of markup income and expense

Markup income and expense are recognised in profit or loss using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

The calculation of the effective interest rate includes transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

In calculating markup income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, markup income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of markup income reverts to the gross basis.

For financial assets that were credit-impaired on initial recognition, markup income is calculated by applying the credit-adjusted effective interest rate to the amortised cost of the asset. The calculation of markup income does not revert to a gross basis, even if the credit risk of the asset improves.

4.1.10.1 Presentation

Markup / interest earned as presented in the profit and loss account includes markup income calculated using the effective interest method as presented in sub note which includes:

- markup on financial assets and financial liabilities measured at amortised cost; and
- markup on debt instruments measured at FVOCI;

Markup / interest expense as presented in the profit and loss account includes markup expense calculated using the effective interest rate method as presented in sub note which includes:

- financial liabilities measured at amortised cost.

Markup income and expense on all trading assets and liabilities are considered to be incidental to the Bank's trading operations and are presented together with all other changes in the fair value of trading assets and liabilities in net trading income.

Markup income and expense on other financial assets and financial liabilities at FVTPL are presented in net income from other financial instruments at FVTPL.

Under IFRS 9 markup income earned on non-performing financial assets is determined by using the credit adjusted effective interest rate. However, in accordance with the application instructions the unrealised markup earned on non-performing assets are kept in a memorandum account and are not credited to the profit and loss account. However, the Banks are advised to recognise income on non-performing assets (loans classified under PRs i.e., OAEM and Stage 3 loan) on a receipt basis in accordance with the requirements of Prudential Regulations issued by SBP.

4.1.11 Derecognition

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - (a) substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - (b) the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between:

- the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized); and
- the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in OCI shall be recognised in profit or loss.

From January 01, 2024 any cumulative gain / loss recognised in OCI in respect of equity investment securities designated at FVOCI is not recognised in profit or loss on derecognition of such securities. Any markup on transferred financial assets that qualify for derecognition that is created or retained by the Bank is recognised as a separate asset or liability.

The Bank enters into transactions whereby it transfers assets recognised on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. In such cases, the transferred assets are not derecognised. Examples of such transactions are securities lending and sale-and-repurchase transactions.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

When assets are sold to a third party with a concurrent total rate of return swap on the transferred assets, the transaction is accounted for as a secured loan transaction similar to sale-and repurchase transactions, because the Bank retains all or substantially all of the risks and rewards of ownership of such assets.

In transactions in which the Bank neither retains nor transfers substantially all of the risks and rewards of ownership of a financial asset and it retains control over the asset, the Bank continues to recognise the asset to the extent of its continuing involvement, determined by the extent to which it is exposed to changes in the value of the transferred asset.

In certain transactions, the Bank retains the obligation to service the transferred financial asset for a fee. The transferred asset is derecognised if it meets the derecognition criteria. An asset or liability is recognised for the servicing contract if the servicing fee is more than adequate (asset) or is less than adequate (liability) for performing the servicing.

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

4.1.12 Modification

(a) Financial Assets

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of loans to its customers. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value plus any eligible transaction costs. Any fees received as part of the modification are accounted for as follows:

- fees that are considered in determining the fair value of the new asset and fees that represent reimbursement of eligible transaction costs are included in the initial measurement of the asset; and
- other fees are included in profit or loss as part of the gain or loss on derecognition.

If cash flows are modified when the borrower is in financial difficulties, then the objective of the modification is usually to maximise recovery of the original contractual terms rather than to originate a new asset with substantially different terms. If the bank plans to modify a financial asset in a way that would result in forgiveness of cash flows, then it first considers whether a portion of the asset should be written off before the modification takes place. This approach impacts the result of the quantitative evaluation and means that the derecognition criteria are not usually met in such cases.

Where derecognition of financial assets is appropriate, the newly recognised residual loans are assessed to determine whether the assets should be classified as purchased or originated credit-impaired assets (POCI).

If the modification of a financial asset measured at amortised cost or FVOCI does not result in derecognition of the financial asset, then the bank first recalculates the gross carrying amount of the financial asset using the original effective interest rate of the asset and recognise the resulting adjustment as a modification gain or loss in profit or loss. Any costs or fees incurred, and fees received as part of the modification adjust the gross carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

If such a modification is carried out because of financial difficulties of the borrower then the gain or loss is presented together with impairment losses. In other cases, it is presented as markup income calculated using the effective interest rate method.

(b) Financial Liabilities

The Bank derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability recognised and consideration paid is recognised in profit and loss account. Consideration paid includes non-financial assets transferred, if any, and the assumption of liabilities, including the new modified financial liability.

If the modification of a financial liability is not accounted for as derecognition, then the amortised cost of the liability is recalculated by discounting the modified cash flows at the original effective interest rate and the resulting gain or loss is recognised in profit or loss. For floating-rate financial liabilities, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs and fees incurred are recognised as an adjustment to the carrying amount of the liability and amortised over the remaining term of the modified financial liability by re-computing the effective interest rate on the instrument.

4.1.13 Reclassification

Financial liabilities are not reclassified subsequent to initial recognition. Reclassifications of financial assets are made when, and only when, the business model for those assets changes. Such changes are expected to be infrequent and arise as a result of significant external or internal changes such as the termination of a line of business or the purchase of a subsidiary whose business model is to realise the value of pre-existing held for trading financial assets through a hold to collect model.

Financial assets are reclassified at their fair value on the date of reclassification and previously recognised gains and losses are not restated. Moreover, reclassifications of financial assets between financial assets held at amortised cost and financial assets held at FVOCI do not affect effective interest rate or expected credit loss computations.

(a) Reclassified from amortised cost

Where financial assets held at amortised cost are reclassified to financial assets held at FVTPL, the difference between the fair value of the assets at the date of reclassification and the previously recognised amortised cost is recognised in the profit and loss account.

For financial assets held at amortised cost that are reclassified to FVOCI, the difference between the fair value of the assets at the date of reclassification and the previously recognised gross carrying value is recognised in comprehensive income. Additionally, the related cumulative expected credit loss amounts relating to the reclassified financial assets are reclassified from provisions to a separate reserve in comprehensive income at the date of reclassification.

(b) Reclassified from fair value through other comprehensive income

Where debt securities held at FVOCI are reclassified to financial assets held at FVTPL, the cumulative gain or loss previously recognised in comprehensive income is transferred to the profit and loss account.

For debt securities held at FVOCI that are reclassified to financial assets held at amortised cost, the cumulative gain or loss previously recognised in comprehensive income is adjusted against the fair value of the financial asset such that the financial asset is recorded at a value as if it had always been held at amortised cost. In addition, the related cumulative expected credit losses held within comprehensive income are reversed against the gross carrying value of the reclassified assets at the date of reclassification.

(c) Reclassified from fair value through profit or loss

Where financial assets held at FVTPL are reclassified to debt securities held at FVOCI or financial assets held at amortised cost, the fair value at the date of reclassification is used to determine the effective interest rate on the financial asset going forward. In addition, the date of reclassification is used as the date of initial recognition for the calculation of expected credit losses. Where financial assets held at FVTPL are reclassified to financial assets held at amortised cost, the fair value at the date of reclassification becomes the gross carrying value of the financial asset.

4.1.14 Impairment

The impairment requirements apply to financial assets measured at amortised cost and FVOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for expected credit losses (ECL) resulting from default events that are possible within the next 12 months (12-month ECL). In the event of a significant increase in credit risk, a provision is required for ECL resulting from all possible default events over the expected life of the financial instrument (lifetime ECL).

(a) Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Bank expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows;

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

- undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Bank if the commitment is drawn down and the cash flows that the Bank expects to receive; and
- financial guarantee contracts: the expected payments to reimburse the holder less any amounts that the Bank expects to recover.

(b) Restructured financial assets

If the terms of a financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial asset should be derecognised and ECL are measured as follows:

- If the expected restructuring will not result in derecognition of the existing asset, then the expected cash flows arising from the modified financial asset are included in calculating the cash shortfalls from the existing asset.
- If the expected restructuring will result in derecognition of the existing asset, then the expected fair value of the new asset is treated as the final cash flow from the existing financial asset at the time of its derecognition. This amount is included in calculating the cash shortfalls from the existing financial asset that are discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

Financial assets where 12-month ECL is recognised are in 'Stage 1'; financial assets that are considered to have experienced a significant increase in credit risk are in 'Stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are in 'Stage 3'.

(c) Non-Performing financial assets

At each reporting date, the Bank assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI, and finance lease receivables are credit-impaired (referred to as 'Stage 3 financial assets'). A financial asset is 'non-performing' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Bank on terms that the Bank would not consider otherwise;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

A loan that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. In addition, a retail loan that is overdue for 90 days or more is considered credit-impaired even when the regulatory definition of default is different.

Under the IFRS 9 Application instructions, the Bank is not required to compute ECL on Government Securities and on Government guaranteed credit exposure in local currency. The Bank is required to calculate ECL on its non-performing financial assets as higher of provision under Prudential Regulations (PR) and ECL under IFRS 9.

The Bank calculates the ECL against corporate, commercial and SME loan portfolios as higher of PR and ECL under IFRS 9 at borrower / facility level, whereas against the retail borrowers the Bank will calculate ECL at higher of PR and ECL under IFRS 9 at segment / product basis as instructed under Annexure-A of BPRD Circular No. 16 dated July 29, 2024.

Based on the requirements of IFRS 9 and Application Instructions, the Bank has performed an ECL assessment considering the following key elements:

(a) Probability of default (PD)

The probability that a counterparty will default over the next 12 months from the reporting date (12 month ECL, Stage1) or over the lifetime of the product (lifetime ECL, Stage 2). PD is estimated using internal rating classes and are based on the Bank's internal risk rating. The bank has used Transition Matrix approach for estimation of PD for each internal rating. The bank have used roll-rate method using the days past due (DPD) criteria to estimated PD for its retail portfolio. PD are then adjusted with forward looking information for calculation of ECL.

(b) Exposure at default (EAD)

The expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant. The Bank estimates EAD for financial assets carried at an amortised cost equal to principal plus profit. Each repayment date is assumed to be default point in the model and the ECL is calculated on EAD at each reporting date and discounted at the effective interest rate. Further, cash and cash equivalent collaterals the Bank holds against the non-retail facilities are adjusted from the EAD.

(c) Loss given default (LGD)

An estimate of the loss incurred on a facility upon default by a customer. LGD is calculated as the difference between contractual cash flows due and those that the Bank expects to receive, including from the liquidation of any form of collateral. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor.

4.1.15 Significant increase in credit risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank used several qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or profit payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations.

As required by the Application Instructions, financial assets may be reclassified out of Stage 3 if they meet the requirements of PR issued by SBP. Financial assets in Stage 2 may be reclassified to Stage 1 if the conditions that led to a SICR no longer apply. However, a minimum period of 6 months from initial downgrade is required before any facility is moved back to Stage 1 from Stage 2. For a facility to move back from Stage 3 to Stage 2, it should meet the criteria defined under the respective Prudential Regulations for de-classification of account / facility. An exposure cannot be upgraded from Stage 3 to Stage 1 directly and should be upgraded to Stage 2 initially.

IFRS 9 includes a rebuttable presumption that a default does not occur later than 90 days past due and it also presumes that there is SICR if credit exposure is more than 30 days past due. In order to bring consistency, SBP has allowed the backstop to the rebuttable presumption of days past due of credit portfolio against a specific credit facility and its stage allocation under IFRS 9 as mentioned in Annexure-C of BPRD Circular No. 3 dated July 05, 2022. However, banks are free to choose more stringent days past due criteria.

The Bank measures ECL on a lifetime basis for POCI instruments throughout the life of the instrument. However, ECL is not recognised in a separate loss provision on initial recognition for POCI instruments as the lifetime expected credit loss is inherent within the gross carrying amount of the instruments. The Bank recognises the change in lifetime expected credit losses arising subsequent to initial recognition in the profit and loss account and the cumulative change as a loss provision. Where lifetime ECL on POCI instruments are less than those at initial recognition, then the favorable differences are recognised as impairment gains in the profit and loss account.

4.1.16 Write-offs

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Bank determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the profit and loss account and OCI.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Bank's procedures for recovery of amounts due.

4.1.17 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Bank currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

4.1.18 Undrawn loan commitments and guarantees:

'Financial guarantees' are contracts that require the Bank to make specified payments to reimburse the holder for a loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument. 'Loan commitments' are firm commitments to provide credit under pre-specified terms and conditions.

Financial guarantees issued or commitments to provide a loan at a below-market profit rate are initially measured at fair value. Subsequently, they are measured at the higher of the loss allowance determined in accordance with IFRS 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of IFRS 15.

When estimating lifetime ECL for undrawn loan commitments, the Bank estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected cash flows if the loans are drawn down, based on a probability-weighting of the three scenarios.

4.1.19 Governance, ownership and responsibilities

The Bank has adopted a governance framework requiring the Risk, Finance, Operations, Internal Audit and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD).

The Bank's Risk Management Division has developed models / methodologies for PD, LGD and Credit Conversion Factors (CCF). These models are validated on an annual basis considering the following aspects:

- Quantitative Validation: Expected credit loss (ECL) model design validation, data quality validation and benchmarking with external best practices.
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

The Risk Department defines the staging criteria for the new impairment model and take ownership of all models, methodologies and the ECL calculation approach. Additionally, the Risk department also take the ownership of the impact of ECL on bank's capital.

The Bank's Finance Division performs ECL calculation. As a result, the department then assess the financial impact, meet the financial reporting requirements and further monitor the impact on the financial ratios. Finance department also presents quarterly progress report to its relevant Board Sub Committee.

The IT Department is responsible to identify, prepare and extract the data required for the risk parameters modelling and ECL calculations. IT department also support project owners for system development and upgrades.

As per the Bank's policy, the Bank's Internal Audit function carries out periodic review of IFRS 9 methodology and impacts calculated by the Management.

4.2 Revised format of condensed interim financial statements

The SBP through its BPRD Circular No. 02 dated February 09, 2023, and BPRD Circular Letter No. 07 dated April 13, 2023, has amended the format of quarterly and half yearly financial statements of banks. All banks are directed to prepare their quarterly and half yearly financial statements on the revised format effective from accounting year starting from January 01, 2024. Accordingly, the Bank has prepared these condensed interim unconsolidated financial statements on the new format prescribed by the SBP.

The adoption of revised format has resulted in following significant changes:

- Right-of-use-assets (Note 12) amounting to Rs. 2,397.576 million (December 31, 2023: Rs. 2,139.578 million) which were previously shown as part of property and equipment are now shown separately on the unconsolidated statement of financial position.
- Lease liabilities (Note 18) amounting to Rs. 2,556.383 million (December 31, 2023: Rs. 2,234.115 million) which were previously shown as part of other liabilities (note 21) are now shown separately on the unconsolidated statement of financial position.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

- 19.1** In 2023, the Bank had issued Rs. 3.5 billion of rated, privately placed and listed (in process), unsecured and subordinated term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66 of the Companies Act, 2017 and as outlined by State Bank of Pakistan, SBP, under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier II Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	August 30, 2023
Tenure:	Up to ten years from the issue date.
Maturity date:	August 30, 2033
Rating:	AA - (Double A Minus)
Security:	The issue is unsecured
Markup rate:	Floating rate of return at Base Rate + 2 percent per annum; Base Rate is defined as the average three months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each three monthly period.
Markup payment frequency:	Quarterly
Redemption:	The instrument is structured to redeem 0.24% of the issue amount during the first nine years after the issue date and the remaining issue amount of 99.76% in four equal quarterly installments of 24.94% each in the last year.
Subordination:	The issue is subordinated all other indebtedness of the Bank including depositors, however, senior to the claims of investors in instruments eligible for inclusion in Tier I Capital.
Call option:	Exercisable in part or in full on or after five years from the issue date, subject to SBP's approval.
Lock-in-clause:	Principal and markup will be payable subject to compliance with MCR or CAR or Leverage Ratio set by SBP.
Loss absorbency clause:	Upon the occurrence of a Point of Non-Viability (PONV) event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, SBP may at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Face Value of the TFCs' divided by market value per share of the Bank's common share on the date of trigger of PONV as declared by SBP, subject to a cap of 924,772,179 shares.

- 19.2** In 2021, the Bank had issued Rs. 2.5 billion of rated, privately placed and listed, unsecured and subordinated term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66 of the Companies Act, 2017 and as outlined by State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier II Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	December 28, 2021
Tenure:	Up to Seven years from the issue date.
Maturity date:	December 28, 2028
Rating:	AA - (Double A Minus)
Markup rate:	Floating rate of return at Base Rate + 2 percent per annum; Base Rate is defined as the average six months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each six monthly period.
Markup payment frequency:	Semi-annually
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first six years after the issue date and the remaining Issue amount of 99.76% in two equal semi-annual installments of 49.88% each in the last year.
Security:	The issue is unsecured
Subordination:	The Issue is subordinated all other indebtedness of the Bank including depositors, however, senior to the claims of investors in instruments eligible for inclusion in Tier I Capital.
Call option:	Exercisable in part or in full on or after the 10th redemption, subject to SBP's approval.
Lock-in-clause:	Payment of markup will be made from current year's earning and subject to compliance with MCR and / or CAR or LR set by SBP.
Loss absorbency clause:	Upon the occurrence of a Point of Non-Viability (PONV) event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, SBP may at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Face Value of the TFCs' divided by market value per share of the Bank's common share on the date of trigger of PONV as declared by SBP, subject to a cap of 400,647,739 shares.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

19.3 In 2018, the Bank had issued Rs. 2.5 billion of rated, privately placed, unsecured, subordinated, perpetual and non-cumulative term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66(1) of the Companies Act, 2017 and as outlined by the State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier I Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	December 31, 2018
Maturity date:	Perpetual
Rating:	A+ (Single A plus)
Markup rate:	Floating rate of return at Base Rate + 2.25 percent per annum; Base Rate is defined as the average six months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each six monthly period.
Markup payment frequency:	Semi-annually on a non-cumulative basis
Redemption:	Not applicable
Security:	The issue is unsecured
Subordination:	The issue is subordinated as to payment of principal and markup to all other claims except common shares.
Call option:	Exercisable in part or in full at a par value on or after five years from the issue date, with prior approval of SBP. The Bank shall not exercise the call option unless the called instrument is replaced with capital of same or better quality.
Lock-in-clause:	Payment of profit will be made from current year's earning and subject to compliance with MCR and / or CAR or LR set by SBP.
Loss absorbency clause:	
Pre-Specified Trigger (PST)	Upon the occurrence of a PST as defined under SBP BPRD Circular No. 06 dated August 15, 2013 which stipulates that if an Issuer's Common Equity Tier 1 (CET 1) ratio falls to or below 6.625% of Risk Weighted Assets (RWAs), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to: - If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWAs (if possible); - The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWAs (i.e. minimum CET 1 of 6.0% plus capital conservation buffer of 2.5%); and - In case, conversion of Additional Tier-1 capital Instrument is not possible following the trigger event, the amount of the Instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer.
Point of Non-Viability (PONV)	Upon the occurrence of a PONV event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Value of the TFCs' divided by market value per share of the Bank's common / ordinary share on the date of the PONV trigger event as declared by SBP, subject to the cap specified below: The PONV trigger event is the earlier of: - A decision made by SBP that a conversion or temporary / permanent write-off is necessary without which the Issuer would become non-viable; - The decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by SBP. - The maximum number of shares to be issued to TFC holders at the PST and / or PONV (or otherwise as directed by SBP) will be subject to a specified cap of 329,595,476 ordinary shares, or such other number as may be agreed to in consultation with SBP.

23.3 Other contingencies			
Claims against the Bank not acknowledged as debts	23.3.1	<u>729,069</u>	<u>736,214</u>

23.3.1 These mainly represent counter claims filed by borrowers for damages, claims by former employees of the Bank and other claims relating to banking transactions.

Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these condensed interim unconsolidated financial statements.

23.3.2 Tax related contingencies are disclosed in note 34.1.

24. DERIVATIVE INSTRUMENTS

Derivative instruments, such as Futures, Cross Currency Swaps and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Bank.

The Bank enters into a Cross Currency Swap transaction with its customer on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Bank also enters into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging.

The Bank held no derivative instruments as at half year ended June 30, 2024 (December 31, 2023: Nil).

		50,810,461	44,073,112	38,610,498

37. FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified under held-to-collect model, is based on quoted market price. Quoted securities classified under held-to-collect model are carried at amortised cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

Fair value of financial assets

IFRS 13 requires the Bank to classify fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has following levels:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3:** Fair value measurements using unobservable inputs for the asset or liability.

37.1 Valuation techniques used in determination of fair values within level:

Item	Valuation approach and input used
Financial Instruments - Level 1	
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange / Bloomberg.

Financial instruments - Level 2

Mutual fund units	Fair values of investments in mutual fund units are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Market Treasury Bills (MTB), Pakistan Investment Bonds (PIB) and GoP Sukuks	Fair values of Pakistan Investment Bonds, Market Treasury Bills and GoP Sukuks are derived using PKRV, PKFRV and PKISRV rates.
Debt Securities (TFCs) and Sukuk other than Government	Investments in debt securities (comprising of Term Finance Certificates, Bonds and any other security issued by a company or a corporate body for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Overseas Government Sukuks, Overseas and Euro Bonds	The fair value of Overseas Government Sukuks, and Overseas & Euro Bonds are valued on the basis of price available on Bloomberg.
Forward foreign exchange contracts	The valuation has been determined by interpolating the foreign exchange revaluation rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.

Financial instruments - Level 3

Currently, no financial instruments are classified in level 3.
The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and, unavailability of reliable data regarding market rates for similar instruments.

Non-Financial assets - Level 3

Fixed assets - Land and building	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers based on their assessment of the market values as disclosed in note 11 and 14 of these condensed interim unconsolidated financial statements. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these condensed interim unconsolidated financial statements.
Non-banking assets acquired in satisfaction of claims	

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

37.2 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date, the event or the change in circumstances that caused the transfer to occur. There were no transfers between levels 1 and 2 during the period.

37.3 The following table provides an analysis of financial assets that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable.

----- Rupees in '000 -----		
40. CAPITAL ADEQUACY, LEVERAGE RATIO & LIQUIDITY REQUIREMENTS		
Minimum Capital Requirement (MCR):		
Paid-up capital (net of losses)	20,506,625	20,506,625
Capital Adequacy Ratio (CAR):		
Eligible Common Equity Tier 1 (CET 1) Capital	19,683,406	17,247,260
Eligible Additional Tier 1 (ADT 1) Capital	2,500,000	2,500,000
Total Eligible Tier 1 Capital	22,183,406	19,747,260
Eligible Tier 2 Capital	6,230,937	5,907,060
Total Eligible Capital (Tier 1 + Tier 2)	28,414,343	25,654,320
Risk Weighted Assets (RWAs):		
Credit Risk	161,937,263	158,394,680
Market Risk	4,538,835	1,788,170
Operational Risk	44,504,940	44,504,940
Total	210,981,038	204,687,790
Common Equity Tier 1 Capital Adequacy ratio	9.33%	8.43%
Tier 1 Capital Adequacy Ratio	10.51%	9.65%
Total Capital Adequacy Ratio	13.47%	12.53%
Leverage Ratio (LR):		
Eligible Tier-1 Capital	22,183,406	19,747,260
Total Exposures	717,737,679	646,271,336
Leverage Ratio	3.09%	3.06%
Liquidity Coverage Ratio (LCR):		
Total High Quality Liquid Assets	231,847,003	156,090,413
Total Net Cash Outflow	86,243,140	80,778,281
Liquidity Coverage Ratio	268.83%	193.23%
Net Stable Funding Ratio (NSFR):		
Total Available Stable Funding	495,403,143	443,311,118
Total Required Stable Funding	318,492,789	302,819,828
Net Stable Funding Ratio	155.55%	146.39%

- 40.1** In order to mitigate the impact of expected credit loss (ECL) provisioning on capital, SBP has allowed transitional arrangement to absorb the impact on regulatory capital. Accordingly, transitional arrangement is applied. If Transition wasn't applied Capital Position would have been as below:

	Transition Arrangement	Full ECL Impact
CET1 to TRWAs	9.33%	9.22%
T1 Capital to TRWAs	10.51%	10.40%
Total eligible capital to TRWAs	13.47%	13.46%
Leverage	3.09%	3.06%

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

1. STATUS AND NATURE OF BUSINESS

1.1 The Group consists of:

Holding Company: JS Bank Limited

JS Bank Limited (the Bank / JSBL) is a banking company incorporated in Pakistan as a public limited company on March 15, 2006. The Bank is a subsidiary company of Jahangir Siddiqui & Co. Ltd. (JSCL) and its shares are listed on Pakistan Stock Exchange Limited (PSX). The Bank commenced its banking operations on December 30, 2006 and its registered office is situated at Shaheen Commercial Complex, Dr. Ziauddin Ahmed Road, Karachi.

The Bank is a scheduled bank, engaged in commercial banking and related services as described in the Banking Companies Ordinance, 1962 and is operating through 292 (December 31, 2023: 291) branches / sub-branches in Pakistan and one wholesale banking branch in Bahrain (December 31, 2023: 1). The Pakistan Credit Rating Agency Limited (PACRA) has assigned the long-term entity rating of the Bank to AA (Double A) whereas short-term rating is maintained at A1+ (A One Plus), which is the highest possible short-term rating. The ratings denote a very low expectation of credit risk and indicate very strong capacity for timely repayment of financial commitments.

1.2 Jahangir Siddiqui Investment Bank Limited, JSIBL, (formerly Citicorp Investment Bank Limited which was acquired by JSCL on February 01, 1999), and its holding company, JSCL, entered into a Framework Agreement with American Express Bank Limited, New York (AMEX) on November 10, 2005 for acquisition of its American Express Bank Limited - Pakistan Branches, (AEBL). Consequently, a new banking company, JSBL was incorporated on March 15, 2006 and a Banking License was issued by the State Bank of Pakistan (SBP) on May 23, 2006.

A Transfer Agreement was executed on June 24, 2006 between JSIBL and JSBL for the transfer of entire business and undertaking of JSIBL to JSBL and a separate Transfer Agreement was also executed on June 24, 2006, between AMEX and JSBL for the transfer of AEBL's commercial banking business in Pakistan with all assets and liabilities (other than certain excluded assets and liabilities) (AEBL business). The shareholders of JSIBL and JSBL, in their respective extraordinary general meetings held on July 31, 2006, approved a Scheme of Amalgamation (the Scheme) under Section 48 of the Banking Companies Ordinance, 1962. The Scheme was initially approved by the Securities and Exchange Commission of Pakistan (SECP) vide its letter No. SC/NBFC(J)-R/JSIBL/2006/517 dated September 28, 2006. Subsequently, the Scheme was sanctioned by the SBP vide its order dated December 02, 2006 and, in accordance therewith, the effective date of amalgamation was fixed at December 30, 2006.

The ultimate parent of the Group is Jahangir Siddiqui & Co. Ltd. which holds 71.21% (2023: 71.21%) shares of the Bank.

1.3 Composition of the Group

	Effective Holding	
	June 30, 2024	December 31, 2023

KASB Capital Limited	16.36%	16.36%

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

2. BASIS OF PRESENTATION

These condensed interim consolidated financial statements include financial statements of JS Bank Limited and its subsidiary companies, and share of the profit / reserves of associates. 'The disclosures made in these condensed interim consolidated financial statements have been limited based on the format prescribed by the SBP vide BPRD Circular Letter No. 02 dated February 09, 2023 and International Accounting Standard (IAS) 34, 'Interim Financial Reporting'.

These condensed interim consolidated financial statements do not include all the information and disclosures required for annual consolidated financial statements and should be read in conjunction with the consolidated financial statements for the year ended December 31, 2023.

These condensed interim consolidated financial statements have been presented in Pakistani Rupees (PKR), which is the currency of the primary economic environment in which the Group operates and functional currency of the Group. The amounts are rounded to nearest thousand except as stated otherwise.

2.1 Statement of Compliance

These condensed interim consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim reporting comprise of:

- International Accounting Standard (IAS) 34, 'Interim Financial Reporting' and International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962;
- Provisions of and directives issued under the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities & Exchange Commission of Pakistan (SECP) from time to time.

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017, or the directives issued by the SBP and the SECP differ with the requirements of IFRS, the requirements of the Banking Companies Ordinance,

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies vide BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks vide its notification S.R.O 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these condensed interim consolidated financial statements.

International Financial Reporting Standard (IFRS) 10, 'Consolidated Financial Statements', was made applicable from period beginning on or after January 01, 2015 vide S.R.O 633(I)/2014 dated July 10, 2014 by SECP. However, SECP has directed through S.R.O 56(I)/2016 dated January 28, 2016, that the requirement of consolidation under section 228 of the Companies Act, 2017 and IFRS 10, 'Consolidated Financial Statements' is not applicable in case of investment by companies in mutual funds established under trust structure. Accordingly, the requirements of these standards have not been considered in the preparation of these condensed interim consolidated financial statements.

2.2 Basis of Consolidation

The Group

- The condensed interim consolidated financial statements include the financial statements of the Bank and its subsidiary companies together - the Group.
- Subsidiaries are entities controlled by the Group. Control exists when the Group is exposed, or has rights, to variable returns from its investment with investee and has the ability to effect those return through its power over the investee, except investment in mutual funds established under trust structure where International Financial Reporting Standard (IFRS) 10, 'Consolidated Financial Statements' is not applicable.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

- These condensed interim consolidated financial statements incorporate the financial statements of subsidiaries from the date that control commences until the date that control ceases.
- The financial statements of the subsidiary companies are prepared for the same reporting year as the Bank for the purpose of consolidation, using consistent accounting policies
- The assets, liabilities, income and expenses of subsidiary companies have been consolidated on a line by line basis.
- Non-controlling interests are that part of the net results of operations and of net assets of subsidiaries attributable to interest which are not owned by the Bank.
- Material intra-group balances and transactions are eliminated.

2.3 Standards, interpretations of and amendments to approved accounting standards that are effective in the current period

There are certain new and amended standards, interpretations and amendments that are mandatory for the Group's accounting periods beginning on January 01, 2024 but are considered not to be relevant or do not have any significant effect on the Group's operations except for the implementation of IFRS 9: 'Financial Instruments' as detailed in note 4.1.

2.4 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2025 but are considered not to be relevant or will not have any material effect on the Group's financial statements except for:

- the new standard - IFRS 18, 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in the financial statements.
- amendments to IFRS 9, 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The basis for accounting estimates adopted in the preparation of these condensed interim consolidated financial statements are the same as that applied in the preparation of the consolidated financial statements for the year ended December 31, 2023 except for the implementation of IFRS 9: 'Financial Instruments' as detailed in note 4.1.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these condensed interim consolidated financial statements are consistent with those applied in the preparation of the consolidated financial statements for the year ended December 31, 2023 except for the following:

4.1 Impact of IFRS 9 - Financial Instruments

During the period, as directed by the SBP vide its BPRD Circular No. 07 of 2023 dated April 13, 2023, International Financial Reporting Standard (IFRS) 9: 'Financial Instruments' became applicable to the Group.

BPRD Circular No. 03 dated July 05, 2022 issued by SBP provides detailed instructions on implementation of IFRS 9 (the Application Instructions) for ensuring smooth and consistent implementation of the standard across banks. The SBP vide its BPRD Circular Letter No. 16 dated July 29, 2024 have made amendments and extend the timelines of IFRS 9 application instructions.

The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard has also introduced a new impairment model for financial assets which requires recognition of impairment charge based on 'expected credit losses' (ECL) approach rather than 'incurred credit losses' approach as previously followed. The ECL has impact on all the assets of the Group which are exposed to credit risk.

JS BANK LIMITED
**NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024**

The Group has adopted IFRS 9 in accordance with the Application Instructions from January 01, 2024, using the modified retrospective approach and has not restated comparatives for the 2023 reporting period and the differences in carrying amount of financial assets and financial liabilities resulting from the adoption of IFRS 9 are recognised in retained earnings and reserves as at January 01, 2024, as permitted under the specific transitional provisions in the Standard. Accordingly, the information presented for 2023 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2024 under IFRS 9.

SBP wide its BPRD Circular Letter No. 16 dated July 29, 2024 have made amendments and extended timelines of application instructions. Under the new guidelines, the banks are allowed to use the existing practice for recognising markup income / expense on financial assets / liabilities up to September 30, 2024. However, banks shall ensure the recognition of markup income / expense on financial assets / liabilities on the effective interest rate method as per the IFRS 9 standard with effect from October 01, 2024. Further, the banks will apply modification accounting for financial assets and liabilities as per IFRS 9 standard and shall measure the subsidized staff financing, extended to their employees as per HR policies, at fair value as per the IFRS 9 standard with effect from October 01, 2024. Moreover, SBP has allowed an extension to Banks up to December 31, 2024 for developing the requisite models for calculating EAD for revolving products beyond the contractual date. In addition, the banks have also been allowed to cost existing practice of valuing unquoted equity investments at their cost or breakup value, whichever is lower, till December 31, 2024 and perform fair valuation of these securities afterwards.

4.1.1 Impact on the condensed interim consolidated statement of financial position:

4.1.3 Impact on reserve of surplus / (deficit) on revaluation of investments

Closing balances as at December 31, 2023	2,895,613
Reclassification of investment securities (debt) from AFS to amortised cost	-
Reclassification of investment securities (debt and equity) from AFS to FVTPL	(523,653)
Reclassification of investment securities (equity) from AFS to FVOCI	-
Recognition of expected credit losses under IFRS 9 for debt financial assets at FVOCI	-
Related tax	163,306
Opening balance under IFRS 9 as at January 01, 2024	2,535,266

4.1.4 Impact on unappropriated profits

Closing balances as at December 31, 2023	17,808,561
Reclassification under IFRS 9 (net of tax)	360,347
Recognition of expected credit losses under IFRS 9	(2,028,762)
Related tax	989,039
Opening balance under IFRS 9 as at January 01, 2024	17,129,185

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

4.1.5 Impact on Non-controlling Interest

Closing balances as at December 31, 2023	9,486,564
Reclassification under IFRS 9 (net of tax)	(87,214)
Recognition of expected credit losses under IFRS 9	(83,157)
Related tax	83,096
Opening balance under IFRS 9 as at January 01, 2024	<u>9,399,289</u>

4.1.6 Impact on regulatory capital

The introduction of IFRS 9 has resulted in reduction in regulatory capital of the banks, which has reduced their lending capacity and ability to support their clients. In order to mitigate the impact of ECL models on capital, SBP has determined that it may be appropriate for the banks to introduce a transitional arrangement for the impact on regulatory capital from the application of ECL accounting. Annexure B of the 'Application Instructions' issued by SBP has detailed the transitional arrangement.

The transitional arrangement applies only to provisions for stage 1 and stage 2 financial assets. The transitional arrangement must adjust CET1 capital. Where there is a reduction in CET1 capital due to new provisions, net of tax effect, upon adoption of an ECL accounting model, the decline in CET1 capital (the transitional adjustment amount) must be partially included (i.e., added back) to CET1 capital over the transition period of five years.

Moreover, SBP has allowed to adjust the amount of Stage 1 and Stage 2 provisions in Tier 2 Capital that have not been added back to CET 1 and vice versa as per Annexure-A of BPRD Circular No. 16 dated July 29, 2024.

4.1.7 Classification and measurement

Under the new standard, classification and measurement of financial assets depends on how these are managed based on business model and their contractual cash flow characteristics. Financial assets that do not meet the Solely Payment of Principal and Interest (SPPI) criteria are required to be measured at fair value through profit or loss (FVTPL) regardless of the business model in which they are held.

4.1.7.1 Recognition and initial measurement

Trade receivable and debt securities issued are initially recorded when they are originated. All other financial assets and financial liabilities are initially recognised when the Bank becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at transaction price.

4.1.7.2 Classification

(a) **Financial Assets**

On initial recognition, a financial asset is classified as measured at amortised cost, FVOCI or FVTPL.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI.

On initial recognition of an equity investment that is not held-for-trading, the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets are not reclassified subsequent to their initial recognition unless the Bank changes its business models for managing financial assets, in which cases all affected financial assets are reclassified on the first day of the first reporting period following changes in the business model.

IFRS 9 allows entities to irrevocably designate, at initial recognition, a financial asset as measured at FVTPL if doing so eliminates or significantly reduces any 'accounting mismatch' that would otherwise arise from measuring assets or liabilities or recognising gains and losses on them on different basis. SBP instructions state that banks may apply the fair value option if, in addition to the IFRS 9 criterion, (a) it is consistent with a documented risk management strategy, and (b) fair values are reliable at inception and throughout life of the instrument. Nonetheless, banks should avoid this option for financial instruments that are categorised as Level 3 in terms of the IFRS 13 hierarchy.

(b) Financial Liabilities

Financial liabilities are either classified as fair value through profit or loss (FVTPL), when they are held-for-trading purposes, or at amortised cost. Financial liabilities classified as FVTPL are measured at fair value and all the fair value changes are recognised in profit and loss account. Financial liabilities classified at amortised cost are initially recorded at their fair value and subsequently measured using the effective interest rate method. Markup expense and foreign exchange gain and losses are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss.

Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in scope of the standard are never bifurcated. Instead, the whole hybrid instrument is assessed for classification.

4.1.8 Business model assessment

A financial asset is classified as either held-to-collect, held-to-collect and sale and others based on Business Model Assessment. The Bank makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management. The assessment requires judgement based on facts and circumstances on the date of assessment. The information considered mainly includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual markup revenue, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Bank's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and its strategy for how those risks are managed;
- how managers of the business are compensated (e.g., whether compensation is based on the fair value of the assets managed or the contractual cash flows collected); and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without talking 'worst case' or 'stress case' scenarios into account.

Transfer of financial assets to third parties in transaction that do not qualify for derecognition are not considered sales for this purpose, consistent with the Bank continuing recognition of the financial assets.

Financial assets that are held-for-trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held-to-collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

4.1.9 Assessment of whether contractual cash flows are solely payments of principal and interest (SPPI)

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g., liquidity risk and administrative costs), as well as interest margin.

In assessing whether the contractual cash flows are SPPI, the Bank considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Bank considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Bank's claim to cash flows from specified assets (e.g. non-recourse loans); and
- features that modify consideration of the time value of money (e.g. periodical reset of interest rates).

A prepayment feature is consistent with the SPPI criterion if the prepayment amount substantially represents unpaid amounts of principal and markup on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par-amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

The Bank holds a portfolio of long-term fixed-rate loan for which the Bank has the option to propose to revise the interest rate at periodic reset dates. These reset rights are limited to the market rate at the time of revision. The borrowers have an option to either accept the revised rate or redeem the financing at par without penalty. The Bank has determined that the contractual cash flows of these loan are SPPI because the option varies the interest rate in a way that is consideration for the time value of money, credit risk, other basic financing risks and costs associated with the principal amount outstanding.

4.1.10 Subsequent measurement

The following accounting policies apply to the subsequent measurement of financial assets:

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any markup or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Markup, foreign exchange gains and losses and impairment are recognised in profit or
Debt investments at FVOCI	These assets are subsequently measured at fair value and is assessed for impairment under the new ECL model. Markup income is calculated using the effective interest method and includes amortisation of premiums and accretion of discount, foreign exchange gains and losses and impairment are recognised in income statement. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit and loss account.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment, in which case they are adjusted from the carrying value of investment. Other net gains and losses are recognised in OCI and are never reclassified to profit and loss account.

The banks are allowed to continue measuring unquoted equity securities at the lower of cost or break-up value up to December 31, 2024. However, Bank shall be required to measure unquoted equity securities at fair value, as required in the IFRS 9 application instructions, with effect from January 01, 2025.

4.1.11 Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance (or impairment allowance before January 01, 2024).

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

4.1.12 Calculation of markup income and expense

Markup income and expense are recognised in profit or loss using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

The calculation of the effective interest rate includes transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

In calculating markup income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, markup income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of markup income reverts to the gross basis.

For financial assets that were credit-impaired on initial recognition, markup income is calculated by applying the credit-adjusted effective interest rate to the amortised cost of the asset. The calculation of markup income does not revert to a gross basis, even if the credit risk of the asset improves.

4.1.12.1 Presentation

Markup / interest earned as presented in the profit and loss account includes markup income calculated using the effective interest method as presented in sub note which includes:

- markup on financial assets and financial liabilities measured at amortised cost; and
- markup on debt instruments measured at FVOCI;

Markup / interest expense as presented in the profit and loss account includes markup expense calculated using the effective interest rate method as presented in sub note which includes:

- financial liabilities measured at amortised cost.

Markup income and expense on all trading assets and liabilities are considered to be incidental to the Bank's trading operations and are presented together with all other changes in the fair value of trading assets and liabilities in net trading income.

Markup income and expense on other financial assets and financial liabilities at FVTPL are presented in net income from other financial instruments at FVTPL.

Under IFRS 9 markup income earned on non-performing financial assets is determined by using the credit adjusted effective interest rate. However, in accordance with the application instructions the unrealised markup earned on non-performing assets are kept in a memorandum account and are not credited to the profit and loss account. However, the Banks are advised to recognise income on non-performing assets (loans classified under PRs i.e., OEM and Stage 3 loan) on a receipt basis in accordance with the requirements of Prudential Regulations issued by SBP.

4.1.13 Derecognition

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - (a) substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - (b) the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between:

- the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized); and
- the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in OCI shall be recognised in profit or loss.

From January 01, 2024 any cumulative gain / loss recognised in OCI in respect of equity investment securities designated at FVOCI is not recognised in profit or loss on derecognition of such securities. Any markup on transferred financial assets that qualify for derecognition that is created or retained by the Bank is recognised as a separate asset or liability.

The Bank enters into transactions whereby it transfers assets recognised on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. In such cases, the transferred assets are not derecognised. Examples of such transactions are securities lending and sale-and-repurchase transactions.

When assets are sold to a third party with a concurrent total rate of return swap on the transferred assets, the transaction is accounted for as a secured loan transaction similar to sale-and repurchase transactions, because the Bank retains all or substantially all of the risks and rewards of ownership of such assets.

In transactions in which the Bank neither retains nor transfers substantially all of the risks and rewards of ownership of a financial asset and it retains control over the asset, the Bank continues to recognise the asset to the extent of its continuing involvement, determined by the extent to which it is exposed to changes in the value of the transferred asset.

In certain transactions, the Bank retains the obligation to service the transferred financial asset for a fee. The transferred asset is derecognised if it meets the derecognition criteria. An asset or liability is recognised for the servicing contract if the servicing fee is more than adequate (asset) or is less than adequate (liability) for performing the servicing.

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

4.1.14 Modification

(a) Financial Assets

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of loans to its customers. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value plus any eligible transaction costs. Any fees received as part of the modification are accounted for as follows:

- fees that are considered in determining the fair value of the new asset and fees that represent reimbursement of eligible transaction costs are included in the initial measurement of the asset; and
- other fees are included in profit or loss as part of the gain or loss on derecognition.

If cash flows are modified when the borrower is in financial difficulties, then the objective of the modification is usually to maximise recovery of the original contractual terms rather than to originate a new asset with substantially different terms. If the bank plans to modify a financial asset in a way that would result in forgiveness of cash flows, then it first considers whether a portion of the asset should be written off before the modification takes place. This approach impacts the result of the quantitative evaluation and means that the derecognition criteria are not usually met in such cases.

Where derecognition of financial assets is appropriate, the newly recognised residual loans are assessed to determine whether the assets should be classified as purchased or originated credit-impaired assets (POCI).

If the modification of a financial asset measured at amortised cost or FVOCI does not result in derecognition of the financial asset, then the bank first recalculates the gross carrying amount of the financial asset using the original effective interest rate of the asset and recognise the resulting adjustment as a modification gain or loss in profit or loss. Any costs or fees incurred, and fees received as part of the modification adjust the gross carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

If such a modification is carried out because of financial difficulties of the borrower then the gain or loss is presented together with impairment losses. In other cases, it is presented as markup income calculated using the effective interest rate method.

(b) Financial Liabilities

The Bank derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability recognised and consideration paid is recognised in profit and loss account. Consideration paid includes non-financial assets transferred, if any, and the assumption of liabilities, including the new modified financial liability.

If the modification of a financial liability is not accounted for as derecognition, then the amortised cost of the liability is recalculated by discounting the modified cash flows at the original effective interest rate and the resulting gain or loss is recognised in profit or loss. For floating-rate financial liabilities, the original effective interest rate used to calculate the modification gain or loss is adjusted to reflect current market terms at the time of the modification. Any costs and fees incurred are recognised as an adjustment to the carrying amount of the liability and amortised over the remaining term of the modified financial liability by re-computing the effective interest rate on the instrument.

4.1.15 Reclassification

Financial liabilities are not reclassified subsequent to initial recognition. Reclassifications of financial assets are made when, and only when, the business model for those assets changes. Such changes are expected to be infrequent and arise as a result of significant external or internal changes such as the termination of a line of business or the purchase of a subsidiary whose business model is to realise the value of pre-existing held for trading financial assets through a hold to collect model.

Financial assets are reclassified at their fair value on the date of reclassification and previously recognised gains and losses are not restated. Moreover, reclassifications of financial assets between financial assets held at amortised cost and financial assets held at FVOCI do not affect effective interest rate or expected credit loss computations.

(a) Reclassified from amortised cost

Where financial assets held at amortised cost are reclassified to financial assets held at FVTPL, the difference between the fair value of the assets at the date of reclassification and the previously recognised amortised cost is recognised in the profit and loss account.

For financial assets held at amortised cost that are reclassified to FVOCI, the difference between the fair value of the assets at the date of reclassification and the previously recognised gross carrying value is recognised in comprehensive income. Additionally, the related cumulative expected credit loss amounts relating to the reclassified financial assets are reclassified from provisions to a separate reserve in comprehensive income at the date of reclassification.

(b) Reclassified from fair value through other comprehensive income

Where financial assets held at FVOCI are reclassified to financial assets held at FVTPL, the cumulative gain or loss previously recognised in comprehensive income is transferred to the profit and loss account.

For financial assets held at FVOCI that are reclassified to financial assets held at amortised cost, the cumulative gain or loss previously recognised in comprehensive income is adjusted against the fair value of the financial asset such that the financial asset is recorded at a value as if it had always been held at amortised cost. In addition, the related cumulative expected credit losses held within comprehensive income are reversed against the gross carrying value of the reclassified assets at the date of reclassification.

(c) Reclassified from fair value through profit or loss

Where financial assets held at FVTPL are reclassified to financial assets held at FVOCI or financial assets held at amortised cost, the fair value at the date of reclassification is used to determine the effective interest rate on the financial asset going forward. In addition, the date of reclassification is used as the date of initial recognition for the calculation of expected credit losses. Where financial assets held at FVTPL are reclassified to financial assets held at amortised cost, the fair value at the date of reclassification becomes the gross carrying value of the financial asset.

4.1.16 Impairment

The impairment requirements apply to financial assets measured at amortised cost and FVOCI (other than equity instruments), lease receivables, and certain loan commitments and financial guarantee contracts. At initial recognition, an impairment allowance (or provision in the case of commitments and guarantees) is required for expected credit losses (ECL) resulting from default events that are possible within the next 12 months (12-month ECL). In the event of a significant increase in credit risk, a provision is required for ECL resulting from all possible default events over the expected life of the financial instrument (lifetime ECL).

(a) Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Bank expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows;
- undrawn loan commitments: as the present value of the difference between the contractual cash flows that are due to the Bank if the commitment is drawn down and the cash flows that the Bank expects to receive; and
- financial guarantee contracts: the expected payments to reimburse the holder less any amounts that the Bank expects to recover.

(b) Restructured financial assets

If the terms of a financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial asset should be derecognised and ECL are measured as follows:

- If the expected restructuring will not result in derecognition of the existing asset, then the expected cash flows arising from the modified financial asset are included in calculating the cash shortfalls from the existing asset.
- If the expected restructuring will result in derecognition of the existing asset, then the expected fair value of the new asset is treated as the final cash flow from the existing financial asset at the time of its derecognition. This amount is included in calculating the cash shortfalls from the existing financial asset that are discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

Financial assets where 12-month ECL is recognised are in 'Stage 1'; financial assets that are considered to have experienced a significant increase in credit risk are in 'Stage 2'; and financial assets for which there is objective evidence of impairment, so are considered to be in default or otherwise credit impaired, are in 'Stage 3'.

(b) Non-Performing financial assets

At each reporting date, the Bank assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI, and finance lease receivables are credit-impaired (referred to as 'Stage 3 financial assets'). A financial asset is 'non-performing' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a loan by the Bank on terms that the Bank would not consider otherwise;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

A loan that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. In addition, a retail loan that is overdue for 90 days or more is considered credit-impaired even when the regulatory definition of default is different.

Under the IFRS 9 Application instructions, the Bank is not required to compute ECL on Government Securities and on Government guaranteed credit exposure in local currency. The Bank is required to calculate ECL on its non-performing financial assets as higher of provision under Prudential Regulations (PR) and ECL under IFRS 9.

The Bank calculates the ECL against corporate, commercial and SME loan portfolios as higher of PR and ECL under IFRS 9 at borrower / facility level, whereas against the retail borrowers the Bank will calculate ECL at higher of PR and ECL under IFRS 9 at segment / product basis as instructed under Annexure-A of BPRD Circular No. 16 dated July 29, 2024.

Based on the requirements of IFRS 9 and Application Instructions, the Bank has performed an ECL assessment considering the following key elements:

(a) Probability of default (PD)

The probability that a counterparty will default over the next 12 months from the reporting date (12 month ECL, Stage1) or over the lifetime of the product (lifetime ECL, Stage 2). PD is estimated using internal rating classes and are based on the Bank's internal risk rating. The bank has used Transition Matrix approach for estimation of PD for each internal rating. The bank have used roll-rate method using the days past due (DPD) criteria to estimated PD for its retail portfolio. PD are then adjusted with forward looking information for calculation of ECL.

(b) Exposure at default (EAD)

The expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant. The Bank estimates EAD for financial assets carried at an amortised cost equal to principal plus profit. Each repayment date is assumed to be default point in the model and the ECL is calculated on EAD at each reporting date and discounted at the effective interest rate. Further, cash and cash equivalent collaterals the Bank holds against the non-retail facilities are adjusted from the EAD.

(c) Loss given default (LGD)

An estimate of the loss incurred on a facility upon default by a customer. LGD is calculated as the difference between contractual cash flows due and those that the Bank expects to receive, including from the liquidation of any form of collateral. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor.

4.1.17 Significant increase in credit risk (SICR)

A SICR is assessed in the context of an increase in the risk of a default occurring over the life of the financial instrument when compared to that expected at the time of initial recognition. It is not assessed in the context of an increase in the ECL. The Bank used several qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or profit payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations.

As required by the Application Instructions, financial assets may be reclassified out of Stage 3 if they meet the requirements of PR issued by SBP. Financial assets in Stage 2 may be reclassified to Stage 1 if the conditions that led to a SICR no longer apply. However, a minimum period of 6 months from initial downgrade is required before any facility is moved back to Stage 1 from Stage 2. For a facility to move back from Stage 3 to Stage 2, it should meet the criteria defined under the respective Prudential Regulations for de-classification of account / facility. An exposure cannot be upgraded from Stage 3 to Stage 1 directly and should be upgraded to Stage 2 initially.

IFRS 9 includes a rebuttable presumption that a default does not occur later than 90 days past due and it also presumes that there is SICR if credit exposure is more than 30 days past due. In order to bring consistency, SBP has allowed the backstop to the rebuttable presumption of days past due of credit portfolio against a specific credit facility and its stage allocation under IFRS 9 as mentioned in Annexure-C of BPRD Circular No. 3 dated July 05, 2022. However, banks are free to choose more stringent days past due criteria.

The Bank measures ECL on a lifetime basis for POCI instruments throughout the life of the instrument. However, ECL is not recognised in a separate loss provision on initial recognition for POCI instruments as the lifetime expected credit loss is inherent within the gross carrying amount of the instruments. The Bank recognises the change in lifetime expected credit losses arising subsequent to initial recognition in the profit and loss account and the cumulative change as a loss provision. Where lifetime ECL on POCI instruments are less than those at initial recognition, then the favorable differences are recognised as impairment gains in the profit and loss account.

4.1.18 Write-offs

Financial assets are written off (either partially or in full) when there is no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Bank determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Recoveries of amounts previously written off are included in 'impairment losses on financial instruments' in the profit and loss account and OCI.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Bank's procedures for recovery of amounts due.

4.1.19 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Bank currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

4.1.20 Undrawn loan commitments and guarantees:

'Financial guarantees' are contracts that require the Bank to make specified payments to reimburse the holder for a loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument. 'loan commitments' are firm commitments to provide credit under pre-specified terms and conditions.

Financial guarantees issued or commitments to provide a loan at a below-market profit rate are initially measured at fair value. Subsequently, they are measured at the higher of the loss allowance determined in accordance with IFRS 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of IFRS 15.

When estimating lifetime ECL for undrawn loan commitments, the Bank estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected cash flows if the loans are drawn down, based on a probability-weighting of the three scenarios.

4.1.21 Governance, ownership and responsibilities

The Bank has adopted a governance framework requiring the Risk, Finance, Operations, Internal Audit and IT functions to effectively work together to ensure input from all business lines. IFRS 9 requires robust credit risk models that can predict Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD).

The Bank's Risk Management Division has developed models / methodologies for PD, LGD and Credit Conversion Factors (CCF). These models are validated on an annual basis considering the following aspects:

- Quantitative Validation: Expected credit loss (ECL) model design validation, data quality validation and benchmarking with external best practices.
- Quantitative Validation: Calibration testing which ensures the accuracy of the observed PDs.

The Risk Department defines the staging criteria for the new impairment model and take ownership of all models, methodologies and the ECL calculation approach. Additionally, the Risk department also take the ownership of the impact of ECL on bank's capital.

The Bank's Finance Division performs ECL calculation. As a result, the department then assess the financial impact, meet the financial reporting requirements and further monitor the impact on the financial ratios. Finance department also presents quarterly progress report to its relevant Board Sub Committee.

The IT Department is responsible to identify, prepare and extract the data required for the risk parameters modelling and ECL calculations. IT department also support project owners for system development and upgrades.

As per the Bank's policy, the Bank's Internal Audit function carries out periodic review of IFRS 9 methodology and impacts calculated by the Management.

4.2 Revised format of condensed interim financial statements

The SBP through its BPRD Circular No. 02 dated February 09, 2023, and BPRD Circular Letter No. 07 dated April 13, 2023, has amended the format of quarterly and half yearly financial statements of banks. All banks are directed to prepare their quarterly and half yearly financial statements on the revised format effective from accounting year starting from January 01, 2024. Accordingly, the Bank has prepared these condensed interim unconsolidated financial statements on the new format prescribed by the SBP.

The adoption of revised format has resulted in following significant changes:

- Right-of-use-assets (Note 12) amounting to Rs. 6,915.113 million (December 31, 2023: Rs. 5,848.280 million) which were previously shown as part of fixed assets are now shown separately on the unconsolidated statement of financial position.
- Lease liabilities (Note 18) amounting to Rs. 7,957.294 million (December 31, 2023: Rs. 6,686.639 million) which were previously shown as part of other liabilities (note xx) are now shown separately on the unconsolidated statement of financial position.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

5. FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the consolidated financial statements for the year ended December 31, 2023.

10.4.3 The State Bank of Pakistan through various circulars has allowed benefit of the forced sale value (FSV) of Plant and Machinery under charge, pledged stock and mortgaged residential, commercial and industrial properties (land and building only) held as collateral against non-performing loans (NPLs) for a maximum of five years from the date of classification. As at June 30, 2024, the Bank has availed cumulative FSV benefit under the directives of the SBP of Rs. 4,268.257 million (December 31, 2023: Rs. 4,551.312 million).

The additional profit arising from availing the FSV benefit - net of tax amounts to Rs. 2,176.811 million (December 31, 2023: Rs. 1,968.675 million). The additional impact on profitability arising from availing the benefit of FSV shall not be available for payment of cash or stock dividend to shareholders or bonus to employees under the requirements of Prudential Regulations of Corporate / Commercial Banking of SBP.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

- 19.1** In 2023, the Bank had issued Rs. 3.5 billion of rated, privately placed and listed (in process), unsecured and subordinated term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66 of the Companies Act, 2017 and as outlined by State Bank of Pakistan, SBP, under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier II Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	August 30, 2023
Tenure:	Up to ten years from the issue date.
Maturity date:	August 30, 2033
Rating:	AA - (Double A Minus)
Profit rate:	Floating rate of return at Base Rate + 2 percent per annum; Base Rate is defined as the average three months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each three monthly period.
Profit payment:	Quarterly
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first nine years after the issue date and the remaining Issue amount of 99.76% in four equal quarterly installments of 24.94% each in the last year.
Security:	The Issue is unsecured
Subordination:	The Issue is subordinated all other indebtedness of the Bank including depositors, however, senior to the claims of investors in instruments eligible for inclusion in Tier I Capital.
Call option:	Exercisable in part or in full on or after five years from the issue date, subject to SBP's approval.
Lock-in-clause:	Principal and profit will be payable subject to compliance with MCR or CAR or Leverage Ratio set by SBP.
Loss absorbency clause:	Upon the occurrence of a Point of Non-Viability (PONV) event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, SBP may at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Face Value of the TFCs' divided by market value per share of the Bank's common share on the date of trigger of PONV as declared by SBP, subject to a cap of 924,772,179 shares.

- 19.2** In 2021, the Bank had issued Rs. 2.5 billion of rated, privately placed and listed, unsecured and subordinated term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66 of the Companies Act, 2017 and as outlined by State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier II Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	December 28, 2021
Tenure:	Up to Seven years from the issue date.
Maturity date:	December 28, 2028
Rating:	AA - (Double A Minus)
Profit rate:	Floating rate of return at Base Rate + 2 percent per annum; Base Rate is defined as the average six months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each six monthly period.
Profit payment:	Semi-annual
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first six years after the issue date and the remaining Issue amount of 99.76% in two equal semi-annual installments of 49.88% each in the last year.
Security:	The Issue is unsecured
Subordination:	The Issue is subordinated all other indebtedness of the Bank including depositors, however, senior to the claims of investors in instruments eligible for inclusion in Tier I Capital.
Call option:	Exercisable in part or in full on or after the 10th redemption, subject to SBP's approval.
Lock-in-clause:	Payment of profit will be made from current year's earning and subject to compliance with MCR and / or CAR or LR set by SBP.
Loss absorbency clause:	Upon the occurrence of a Point of Non-Viability (PONV) event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, SBP may at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Face Value of the TFCs' divided by market value per share of the Bank's common share on the date of trigger of PONV as declared by SBP, subject to a cap of 400,647,739 shares.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

19.3 In 2018, the Bank had issued Rs. 2.5 billion of rated, privately placed, unsecured, subordinated, perpetual and non-cumulative term finance certificates (TFCs or the Issue) as an instrument of redeemable capital under Section 66(1) of the Companies Act, 2017 and as outlined by the State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013 and Basel III guidelines. Summary of terms and conditions of the Issue are:

Purpose:	To contribute towards the Bank's Tier I Capital for complying with the capital adequacy requirement and to utilize the funds in the Bank's business operations as permitted by its Memorandum & Articles of Association.
Issue date:	December 31, 2018
Maturity date:	Perpetual
Rating:	A+ (Single A plus)
Profit rate:	Floating rate of return at Base Rate + 2.25 percent per annum; Base Rate is defined as the average six months KIBOR prevailing on the Base Rate setting date. The Base Rate will be set for the first time on the last working day prior to the issue date and subsequently on the immediately preceding business day before the start of each six monthly period.
Profit payment:	Semi-annually on a non-cumulative basis
Redemption:	Not applicable
Security:	The Issue is unsecured
Subordination:	The Issue is subordinated as to payment of principal and profit to all other claims except common shares.
Call option:	Exercisable in part or in full at a par value on or after five years from the issue date, with prior approval of SBP. The Bank shall not exercise the call option unless the called instrument is replaced with capital of same or better quality.
Lock-in-clause:	Payment of profit will be made from current year's earning and subject to compliance with MCR and / or CAR or LR set by SBP.
Loss absorbency clause:	
Pre-Specified Trigger (PST)	Upon the occurrence of a PST as defined under SBP BPRD Circular No. 06 dated August 15, 2013 which stipulates that if an Issuer's Common Equity Tier 1 (CET 1) ratio falls to or below 6.625% of Risk Weighted Assets (RWAs), the Issuer will have full discretion to determine the amount of TFCs to be permanently converted into common shares or written off, subject to SBP regulations / instructions, and the cap specified below. The Bank will be able to exercise this discretion subject to: - If and when Bank's CET 1 reaches the loss absorption trigger point, the aggregate amount of Additional Tier-1 capital to be converted must at least be the amount sufficient to immediately return the CET 1 ratio to above 6.625% of total RWAs (if possible); - The converted amount should not exceed the amount needed to bring the CET 1 ratio to 8.5% of RWAs (i.e. minimum CET 1 of 6.0% plus capital conservation buffer of 2.5%); and - In case, conversion of Additional Tier-1 capital Instrument is not possible following the trigger event, the amount of the Instrument must be written off in the accounts resulting in increase in CET 1 of the Issuer.
Point of Non-Viability (PONV)	Upon the occurrence of a PONV event as defined under SBP BPRD Circular No. 06 dated August 15, 2013, which stipulates that SBP may, at its option, fully and permanently convert the TFCs into common shares of the Bank and / or have them immediately written off (either partially or in full). Number of shares to be issued to TFC holders at the time of conversion will be equal to the 'Outstanding Value of the TFCs' divided by market value per share of the Bank's common / ordinary share on the date of the PONV trigger event as declared by SBP, subject to the cap specified below: The PONV trigger event is the earlier of: - A decision made by SBP that a conversion or temporary / permanent write-off is necessary without which the Issuer would become non-viable; - The decision to make a public sector injection of capital, or equivalent support, without which the Issuer would have become non-viable, as determined by SBP. - The maximum number of shares to be issued to TFC holders at the PST and / or PONV (or otherwise as directed by SBP) will be subject to a specified cap of 329,595,476 ordinary shares, or such other number as may be agreed to in consultation with SBP.

- 19.4** The Group has issued fully paid up, rated, listed, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments (Sukuks or the Issue) in the nature of Sukuks under Section 66 of the Companies Act, 2017 which qualify as Additional Tier I (ADT-1) Capital as outlined by State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013. Summary of terms and conditions of the Issue are:

Amount:	Rs. 2,000 million.
Issue date:	April 21, 2020
Tenure:	Perpetual (i.e. no fixed or final redemption date)
Rating:	PACRA has rated this Sukuk at 'A'
Profit rate:	The Sukuk carries a profit at the rate of 3 Months KIBOR + 2.75%. The Mudaraba Profit is computed under General Pool on the basis of profit sharing ratio and monthly weightages announced by the Group inline with SBP's guidelines of pool management.
Profit payment:	Profit shall be payable monthly in arrears, on a non-cumulative basis.
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first nine years after the issue date and the remaining Issue amount of 99.76% in four equal quarterly installments of 24.94% each in the last year.
Security:	The Issue is unsecured
Call option:	The Group may, at its sole discretion, call the Sukuks, at any time after five years from the issue date subject to the prior approval of the SBP.
Lock-in-clause:	In the event where payment of profit results in breach of regulatory MCR / CAR requirements or SBP determines a bar on profit distribution, the monthly profit weightage of the Sukuk holders will be reduced to a minimum level e.g. 0.005, till the month in which such condition is withdrawn by SBP.
Loss absorbency clause:	The Sukuks shall, at the discretion of the SBP, be permanently converted into ordinary shares pursuant to the loss absorbency clause as stipulated in the "Instructions for Basel-III Implementation in Pakistan" issued vide BPRD Circular No. 06 dated August 15, 2013.

- 19.5** The Group has issued fully paid up, rated, listed, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments in the nature of Sukuks under Section 66 of the Companies Act, 2017 which qualify as Additional Tier I (ADT-1) Capital as outlined by State Bank of Pakistan (SBP) under the BPRD Circular No. 06 dated August 15, 2013. Summary of terms and conditions of the Issue are:

Amount:	Rs. 1,000 million.
Issue date:	February 21, 2024
Tenure:	Perpetual (i.e. no fixed or final redemption date)
Rating:	PACRA has rated this Sukuk at 'A'
Profit rate:	The Sukuk carries a profit at the rate of 1 Month KIBOR + 2.50%. The Mudaraba Profit is computed under General Pool on the basis of profit sharing ratio and monthly weightages announced by the Group inline with SBP's guidelines of pool management.
Profit payment:	Profit shall be payable monthly in arrears, on a non-cumulative basis.
Redemption:	The instrument is structured to redeem 0.24% of the Issue amount during the first nine years after the issue date and the remaining Issue amount of 99.76% in four equal quarterly installments of 24.94% each in the last year.
Security:	The Issue is unsecured
Call option:	The Group may, at its sole discretion, call the Sukuks, at any time after five years from the issue date subject to the prior approval of the SBP.
Lock-in-clause:	In the event where payment of profit results in breach of regulatory MCR / CAR requirements or SBP determines a bar on profit distribution, the monthly profit weightage of the Sukuk holders will be reduced to a minimum level e.g. 0.005, till the month in which such condition is withdrawn by SBP.
Loss absorbency clause:	The Sukuks shall, at the discretion of the SBP, be permanently converted into ordinary shares pursuant to the loss absorbency clause as stipulated in the "Instructions for Basel-III Implementation in Pakistan" issued vide BPRD Circular No. 06 dated August 15, 2013.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

		(Un-audited) June 30, 2024	(Audited) December 31, 2023
	Note	----- Rupees in '000 -----	
23.2.3	Commitments in respect of forward lending		
	Undrawn formal standby facilities, credit lines and other commitments to lend	23.2.3.1 96,425,835	124,976,341

23.2.3.1 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the bank without the risk of incurring significant penalty or expense.

23.2.4 This represents commitments related to purchase of leasehold improvements, furniture and fixtures, hardware & network equipment, electrical equipment and computer software.

		(Un-audited) June 30, 2024	(Audited) December 31, 2023
	Note	----- Rupees in '000 -----	
23.3	Other contingencies		
	Claims against the Bank not acknowledged as debts	23.3.1 730,873	738,018
	Other contingencies	718,789	718,789
		1,449,662	1,456,807

23.3.1 These mainly represent counter claims filed by borrowers for damages, claims by former employees of the Bank and other claims relating to banking transactions.

Based on legal advice and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these consolidated financial statements.

23.3.2 Tax related contingencies are disclosed in note 34.1.

24. DERIVATIVE INSTRUMENTS

Derivative instruments, such as Forward Exchange Contracts, Cross Currency Swaps and Options, are forward transactions that provide market making opportunities / hedge against the adverse movement of interest and exchange rates. Derivatives business also provides risk solutions for the existing and potential customers of the Group.

The Group has entered into a Cross Currency Swap transaction with its customer on back-to-back basis with an Authorized Derivative Dealer (ADD) without carrying any open position in its books. Specific approvals for the transactions have been granted by State Bank of Pakistan. Policies in line with SBP instructions have been formulated and are operative.

The Bank has also entered into Foreign Currency & Commodity Options from its Wholesale Banking Branch Bahrain for market making activities.

These transactions cover the aspects of both market making and hedging.

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified under held-to-collect model, is based on quoted market price. Quoted securities classified under held-to-collect model are carried at amortised cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

Fair value hierarchy

IFRS 13 requires the Group to classify fair value measurement using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has following levels:

- Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3:** Fair value measurements using unobservable inputs for the asset or liability.

37.1 Valuation techniques used in determination of fair values within level:

Item	Valuation approach and input used
Financial Instruments - Level 1	
Shares of listed companies	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange / Bloomberg.
Financial instruments - Level 2	
Mutual fund units	Fair values of investments in mutual fund units are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.
Market Treasury Bills (MTB), Pakistan Investment Bonds (PIB) and GoP Sukuks	Fair values of Pakistan Investment Bonds, Market Treasury Bills and GoP Sukuks are derived using PKRV, PKFRV and PKISRV rates.
Debt Securities (TFCs) and Sukuk other than Government	Investments in debt securities (comprising of Term Finance Certificates, Bonds and any other security issued by a company or a corporate body for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the SECP.
Overseas Government Sukuks, Overseas and Euro Bonds	The fair value of Overseas Government Sukuks, and Overseas & Euro Bonds are valued on the basis of price available on Bloomberg.
Forward foreign exchange contracts	The valuation has been determined by interpolating the foreign exchange revaluation rates announced by the State Bank of Pakistan.
Derivatives	The fair values of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant underlying parameters including foreign currencies involved, interest rates, yield curves, volatilities, contracts duration, etc.
Financial instruments - Level 3	
Currently, no financial instruments are classified in level 3.	
The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and, unavailability of reliable data regarding market rates for similar instruments.	
Non-Financial assets - Level 3	
Fixed assets - Land and building	Fixed assets and Non-banking assets under satisfaction of claims are carried at revalued amounts determined by professional valuers based on their assessment of the market values as disclosed in note 11 and 14 of these condensed interim consolidated financial statements. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these consolidated financial statements.
Non-banking assets acquired in satisfaction of claims	

JS BANK LIMITED
NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED JUNE 30, 2024

37.2 The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the period.

37.3 The following table provides an analysis of financial assets that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable.
