Case ID: 409718938

Subject: Load Approval

Dear Sir,

This is in reference to your application bearing ID: 409718938 for providing electricity at Landhi Industrial area, PLOT NO HE-1/2, LANDHI COL, LANDHI, Karachi.

It is our pleasure to inform you that, your application has been reviewed and processed. KE has allocated a load of 1093 KW against your application.

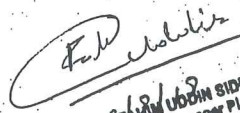

This is further to inform you, that the load approved is final and will not be changed due to deviation in load. Any at any stage change in construction or machinery at any stage, will cause a change in the assessed load which has been approved (as mentioned above), due to which your case will be held in abeyance. KE will not be liable for any loss, delay or damage, caused by the deviation in load. Necessary changes in scheme would be done accordingly as per revised load after due approval, if possible. Our surveyor will be visiting your premises, after due intimation, to survey the material requirements for your case. Please note the following important points/requirements relating to your case.

Power Factor

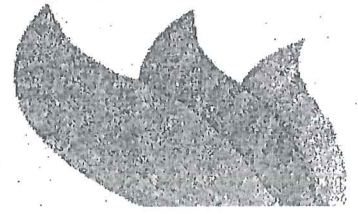

Please note that you will be required to maintain the load power factor at or above 0.9 at all times. In this respect, an Automatic power Factor Improvement Plant, for a rating of 585.848 kVAR will have to be installed by you. The installation should be completed before energization of your case. You will also be required to submit the following, at the time of submission of Test Form, at any of our front offices.

- 1) The delivery challan for automated PFIP and
- 2) Test reports for automated Power Factor Improvement Plant.
- 3) PFIP Undertaking.

The working of the automatic PFIP will be tested at the time of installation of meters, for which a minimum of 25% of your approved load must be installed. Please note that meters will not be installed, if all the above mentioned points are not fulfilled.

K-ELECTRIC LIMITED

 08/08/18

Test Form & WCR

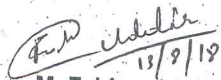

As per the Electricity Act, all your internal wiring and electrical installation should be installed by a competent and qualified electric contractor. In this respect a Test Form will have to be submitted at any of our Front Offices along with copies of payment slips (Estimate and Security Deposit), Work Commencement Report (WCR) and Undertaking for Dues Clearance.

Please feel free to contact the undersigned for further details.

KE assures the best services at all the times.

Disclaimer: Subject load approval is provisional constrained to system augmentation being carried out in KE Network and your scheme shall only be energized after system reinforcement work is being completed. K Electric shall strive to complete the system augmentation project within stipulated time but due to technical constraints or forced majeure conditions, the system reinforcement work may be delayed or abandoned for which no claim would be entitled / entertained.

Regards
