Disclosure of inside Information by listed Company in term of Section 15D(1)

NetSol Technologies Limited ("NetSol") has signed a collaboration agreement to provide technology services to eeGeo Inc., a Delaware corporation. eeGeo Inc. ("eeGeo") is a software technology company whose cloud base, SaaS platform has its origins in the gaming industry, uses big data to create beautiful, geo-spatially accurate renditions of cities, countries and continents to create a fast and fun, interactive 3D map. Its specialty is to prepare internal 3D maps of buildings as per customer requirements.

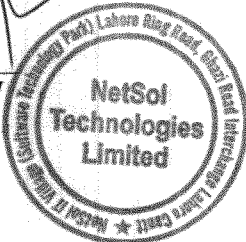

Under the collaboration agreement NetSol will be issued 4,092,189 "Series BB Preferred shares" ("Shares") of eeGeo Inc., for which it is not required to pay any cash up front. These shares carry voting rights in general meetings along with ordinary shares of eeGeo. As per agreement and against issuance of these Shares, NetSol will provide outsourcing services to eeGeo at an agreed rate invoiced on monthly basis. Approved invoices will be settled through issuance of shares to NetSol. Total investment of NetSol, in the shape of services, would go up to US\$ 2.8 million approximately over a period of three to four years. NetSol believes that eeGeo Inc has a great potential to grow as the 3D mapping concept has a great potential and eeGeo Inc has a number of good customers at its clientele list. NetSol is very much confident that in near future, the overall valuation of eeGeo would increase substantially resulting in a good capital gain to the Company.
