REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Directors of Faysal Asset Management Limited, the Management Company of **Faysal Stock Fund (FSF)**, are pleased to present the Annual Report on the operations of FSF along with the audited accounts, Reports of the Trustee and Auditors to the unit holders for the year ended June 30, 2019.

SALE AND REDEMPTION OF UNITS

During the year, units worth Rs.186.802 million were issued and units with a value of Rupees 234.652 million were redeemed.

UNIT HOLDERS

As of June 30, 2019, total units outstanding were 2,704,700 units with a value of Rs.116.478 million (June 30, 2018, 3,689,311 units with a value of Rs. 221.415 million).

UNIT PRICES

Unit prices are being announced on a daily basis based on the NAV of the underlying portfolio. The highest and lowest offer / redemption prices during the year as well as the prices prevailing as of June 30, 2019 were as below:

	Offer Price	Redemption Price
Highest	65.06	63.16
Lowest	44.32	43.02
As of June 30, 2019	44.37	43.07

ECONOMIC OUTLOOK

Pakistan's economy continues to constrict further amid declining consumption, weakening investments, fiscal tightening and deteriorating external accounts. Country has posted a real growth of 5.5%/3.3% in FY18/19 respectively with IMF's forward expectations of 2.5% in FY20.

Central Bank has increased policy rate by 100bps to 13.25% vs 6.50% in SPLY stating "The decision takes into account upside inflationary pressures from exchange rate depreciation since the last MPC meeting in May 19 and the likely increase in near term inflation from the one-off impact of recent adjustments in utility prices and other measures in the FY20 budget". Secondary market is suggesting that current yield curve is exhibiting quite less convexity vs. SPLY.

To improve CAD, recent depreciation has bought PKR/USD to 161 in Jul 19 vs 124 in SPLY thus decreasing overvaluation from 5% to "-8%" as per latest calculation methodology. Central Bank's foreign exchange reserves currently stands at USD 7.7bn/import cover 1.4 months in Jul 19 from USD 10.2/import cover 1.6 months in SPLY, however; after a prolonged discussion, IMF has approved USD 6.0bn 39 months EFF arrangement but at a promise of structural reforms.

Increasing TTM inflation, up 7.7% YoY as of Jul 19 vs. 4.2% in SPLY and Central Bank's continuous monetary tightening are deterring domestic consumption. Furthermore declining TTM growth in 1) auto financing of 18% YoY as of FY19 vs. 34% in SPLY and 2) petrol consumption of 0% YoY as of Jul 19 vs. 9% in SPLY also reiterates our opinion. At the same time, adverse development such as water shortages and high input costs are also undermining agricultural performance, leading to decline in rural consumption. However, According to Central Bank, "Economic managers through monetary/fiscal tightening are managing the gap between demand and supply to decrease imports and increase exportable surplus in the future".

Despite PM's frequent foreign visits and signing of various memorandum of understanding, Country's industrialization remains weak with latest TTM FDI of USD 1.7bn as of FY19/0.8% of GDP vs. USD 3.4bn/1.4% of GDP in SPLY. Tractors TTM sales clocked in at 50,405 vs. 70,887 in SPLY, down -29% YoY vs. 29% in SPLY. TTM Cement dispatches clocked in at 39.7mn tons as of FY19, down -4.9% vs. 11.2% in SPLY. Going forward, expected FDI may improve investment sphere in Pakistan while also providing some support to external accounts.

TTM fiscal deficit as of Mar 19 has clocked in at 8.2% of GDP as Government's revenue declined to 15% of GDP vs. 18% in SPLY which is keeping fiscal stimulus in check as development spending contracts to 2.7% of GDP vs 5.9% in SPLY. On the other hand, news suggests that government is taking steps such as listed below to improve development spending/fiscal stimulus.

- Upward revision in values of immovable properties in 20 cities of the country to bring them in line with actual market rates.
- Initiative to send notices to around 100,000 non-filers who own a house bigger than 500 yards or a vehicle above 1000 cc.
- And defining of Tier-1 for retailers as having those with an area of more than 1,000 square feet located at luxury shopping malls with a standard rate of General Sales Tax at 17%.

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Government and Central Bank’s efforts, PKR/USD depreciation and monetary tightening have bought TTM CAD slightly under control to USD 13.6bn/4.9% of GDP in FY19 vs. USD 19.8bn/6.3% of GDP in SPLY. However it is still in vulnerable zone as massive currency depreciation of 31% over TTM has yet to trigger growth in exports which clocked in at USD 29.4bn in FY19 vs 30.6bn in SPLY. Contracting imports led by fiscal/monetary tightening are keeping CAD under control, however; exports have to improve to shift CAD to less risk zone or to bring certainty over currency depreciation and policy rate. Global economic growth has also entered a late cycle slowdown which can keep Pakistan’s export difficulties upbeat.

Current economic times are such that that finding certainty in economic data points is an alluding task. We continue to keep close tab on unfolding data points to measure economy’s health.

EQUITY MARKETS REVIEW

FY19 was mired with uncertainty as a looming balance of payment crisis along with fiscal weakness haunted investor sentiments. Economic growth as per the preliminary estimates has slow down to 3.3% compared to 5.2% witnessed during the preceding year.

The benchmark index KSE100 plunged by -5.8% only in June taking the cumulative FY19 return to -19%. The local bourse has now posted a negative return for continuous two years as continued foreigner selling of USD 366 million along with a relatively weaker local liquidity shed the index to red. During the entire year market has remain jittery even during pre and post budget announcements. The announced budget proved to be a negative event for the market incorporating painful but necessary measures to enhance revenue collection and control expenditures. For the listed sectors, major deterrents were increase in cost of doing business and slowdown in economic activities resulting in a combination of weak volumes and margin compression. Therefore all the major sectors remained in the red zone absent any sector specific event.

We believe equity market is generally preempts the economic conditions; making it important to consider whether all the economic developments are priced in or not. Therefore overall valuation and fundamentals of universe companies do play an important role. During the year valuation fell due to 575bps increase in discount rate primarily to counter rising inflation and to support deteriorating PKR value.

PERFORMANCE REVIEW

Faysal Stock Fund generated negative annual return of 28.24% during the period relative to its negative benchmark of 19.11% on account of adverse market performance due currency depreciation, rising interest rate, twin deficit leading towards diminishing forex reserve. However, your fund’s average equity exposure was maintained at 83% to get advantage of expected rally post settlement of political dust and finalization of IMF bailout program. Going forward, your fund would devise its portfolio strategy keeping in view government’s approach to tackle with recent economic instability.

ASSET ALLOCATION AS AT JUNE 30, 2019

REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

INCOME DISTRIBUTION

The Board of Directors has not approved final distribution as the fund has incurred loss for the year ended June 30, 2019.

MUTUAL FUND RATING

The Pakistan Credit Rating Agency Limited (PACRA) has assigned a "1-Star" (1 years) fund performance ranking to FSF as of February 28, 2019.

PATTERN OF UNIT HOLDING

The pattern of unit holding of FSF as at June 30, 2019 is given as part of this Annual Report.

AUDITORS

The present auditors Messers Deloitte Yousuf Adil, Chartered Accountants have retired. The Audit Committee has recommended the appointment of Messers A. F. Ferguson & Co., Chartered Accountants, as auditors of the Fund. The Board endorses the recommendation of the Audit Committee for appointment of Messers A. F. Ferguson & Co., Chartered Accountants, who, being eligible, have consented to act as statutory auditors of the Fund for the year ending June 30, 2020.

ACKNOWLEDGEMENT

The Board of Directors of the Management Company is thankful to unit holders for their confidence on the Management, the Securities and Exchange Commission of Pakistan and the management of Pakistan Stock Exchange Limited for their valuable support, assistance and guidance. The Board also thanks the employees of the Management Company and the Trustee for their dedication and hard work.

For and on behalf of the Board

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF FAYSAL STOCK FUND

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Faysal Stock Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2019, and the income statement, statement of comprehensive income, statement of movements in unit holders' fund, cash flow statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of financial position of the Fund as at June 30, 2019 and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and Management Company (Faysal Asset Management Limited) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

FOLLOWING ARE THE KEY AUDIT MATTERS:

KEY AUDIT MATTER	HOW OUR AUDIT ADDRESSED THE KEY AUDIT MATTER
<p data-bbox="177 478 630 506">Valuation and existence of investments</p> <p data-bbox="177 583 707 678">As disclosed in note 5 to the financial statements, the total value of investments amounted to Rs. 82.92 million as at June 30, 2019.</p> <p data-bbox="177 722 715 953">These investments represent a quantitatively significant financial statement line on the Statement of Assets and Liabilities. The Fund invests in equity securities and their valuation and existence is a significant area during our audit. There is a risk that appropriate quoted prices may not be used to determine fair value.</p> <p data-bbox="177 997 707 1092">Further, the Fund may have included investments in its financial statements which were not owned by Fund.</p>	<p data-bbox="767 569 1331 627">We performed the following steps during our audit of investments:</p> <ul data-bbox="767 672 1417 1455" style="list-style-type: none"> <li data-bbox="767 672 1394 766">• We obtained an understanding and evaluated the appropriateness of the management process for valuation and existence of investments. <li data-bbox="767 810 1417 1010">• independent testing of valuations by using the quoted prices form Pakistan Stock exchange website and ensuring the existence of number of shares by independently matching securities as per internal records with the securities appearing in the Central Depository Company (CDC) statement; <li data-bbox="767 1054 1409 1148">• independently tested valuations to ensure that the investments are valued as per the valuation methodology disclosed in the accounting policies; <li data-bbox="767 1192 1409 1318">• performed purchases and sales testing on a sample of trades made during the year, if any, to obtain evidence regarding movement of securities during the year; and <li data-bbox="767 1362 1377 1455">• any differences identified during our testing that were over our acceptable threshold were investigated further.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

Other matter

The financial statements of the Fund for the year ended June 30, 2018 were audited by another auditor who expressed an unmodified opinion on those statements on September 19, 2018.

Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have not received this information and therefore cannot report in this regard.

Responsibilities of Management Company and Those Charged with Governance for the Financial Statements

Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as the management company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the Management Company are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assur-

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

ance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

We also provide Those Charged with Governance of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those Charged with Governance of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Nadeem Yousuf Adil.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

1. LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Faysal Stock Fund (the Fund) has been established under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules) and has been authorised as a unit trust scheme by the Securities and Exchange Commission of Pakistan (SECP) on February 18, 2004. It has been constituted under a Trust Deed, dated January 29, 2004, between Faysal Asset Management Limited (the Management Company), a company incorporated under the Companies Ordinance, 1984 (now Companies Act, 2017) and Muslim Commercial Financial Services (Private) Limited as the Trustee till June 04, 2005 and thereafter between Faysal Asset Management Limited as Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee, also incorporated under the Companies Ordinance, 1984 (now Companies Act, 2017).
- 1.2 The Management Company has further entered into a third supplemental trust deed dated December 26, 2017 with CDC as the Trustee, to convert the category of the Fund from "Balanced Scheme" to "Equity Scheme" and to change its name from "Faysal Balanced Growth Fund" to "Faysal Stock Fund" along with the changes in fundamental attributes of the Constitutive Documents of the Fund, including investment objectives of the scheme. SECP vide its letter No.SCD/AMCW/FAML/FBGF/267/2018 dated February 16, 2018 has approved the restated offering document of the Fund. The Management Company has changed the name and category of the Fund with effect from March 01, 2018 and the name of the Fund has also been changed from to "Faysal Stock Fund".
- 1.3 Effective from March 01, 2018, the Fund is an open ended equity mutual fund and offers units for public subscription on a continuous basis. The units are transferable and can also be redeemed by surrendering to the Fund. Title to the assets of the fund are held in the name of CDC as a Trustee of the Fund. The units are listed on the Pakistan Stock Exchange Limited. The Fund was launched on April 19, 2004.
- 1.4 The principal activity of the Fund is to provide capital growth by investing primarily in a diversified pool of equities and equity related investments.
- 1.5 The Fund is categorized as an "Equity Scheme" as per the Circular No. 7 of 2009 issued by SECP.
- 1.6 The Pakistan Credit Rating Agency Limited (PACRA) has assigned a "1-Star" (1 year) fund performance ranking to Faysal Stock Fund as of February 28, 2019.
- 1.7 VIS has awarded an "AM3+" asset manager rating to the Management Company as of June 24, 2019.

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Such standards comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act);
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984;
- The NBFC Rules, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

NOTES TO THE FINANCIAL STATEMENTS

2.2 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2019

The following standards, amendments and interpretations are effective for the year ended June 30, 2019. These standards, interpretations and the amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	Effective from accounting period beginning on or after:
IFRS 9 'Financial Instruments' - This standard has superseded IAS 39 Financial Instruments: Recognition and Measurement upon its effective date.	July 01, 2018
IFRS 15 'Revenue' - This standard has superseded IAS 18, IAS 11, IFRIC 13, 15 and 18 and SIC 31 upon its effective date.	July 01, 2018
IFRS 4 'Insurance Contracts': Amendments regarding the interaction of IFRS 4 and IFRS 9.	January 01, 2018
Amendments to IFRS 2 'Share-based Payment' - Clarification on the classification and measurement of share-based payment transactions.	January 01, 2018
Amendments to IAS 40 'Investment Property': Clarification on transfers of property to or from investment property.	January 01, 2018
IFRIC 22 'Foreign Currency Transactions and Advance Consideration': Provides guidance on transactions where consideration against non-monetary prepaid asset / deferred income is denominated in foreign currency.	January 01, 2018
Certain annual improvements have also been made to a number of IFRSs.	

2.3 Standards, Interpretations and amendments to published approved accounting standards that are not yet effective

	Effective from accounting period beginning on or after:
IFRS 16 'Leases': This standard will supersede IAS 17 'Leases', IFRIC 4, SIC 15 and SIC 27 upon its effective date.	January 01, 2019
Amendments to IFRS 3 'Business Combinations' - Amendments regarding the definition of business.	January 01, 2020
Amendments to IFRS 9 'Financial Instruments' - Amendments regarding prepayment features with negative compensation and modifications of financial liabilities.	January 01, 2019
Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 'Investments in Associates and Joint Ventures' - Sale or contribution of assets between an investor and its associate or joint venture.	Effective date to be determined. Earlier application is permitted.
Amendments to References to the Conceptual Framework in IFRS Standards.	January 01, 2020
Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Amendments regarding the definition of 'Material' and align the definition used in the Conceptual Framework and the Standards.	January 01, 2020
Amendments to IAS 19 'Employee Benefits' - Amendments regarding plan amendments, curtailments or settlements.	January 01, 2019
Amendments to IAS 28 'Investments in Associates and Joint Ventures' - Amendments regarding long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied.	January 01, 2019

NOTES TO THE FINANCIAL STATEMENTS

Effective from accounting period
beginning on or after:

IFRIC 23 'Uncertainty over Income Tax Treatments': Clarifies the accounting treatment in relation to determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under IAS 12 'Income Taxes'.

January 01, 2019

Certain annual improvements have also been made to a number of IFRSs.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 14 – Regulatory Deferral Accounts
- IFRS 17 – Insurance Contracts

2.4 Critical accounting estimates and judgments

The preparation of these financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to these financial statements are as follows:

- Classification and valuation of financial assets (note 3.1)
- Impairment of financial assets (note 3.1)
- Taxation (note 3.8)
- Provision of (note 3.7)

Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

2.5 Basis of measurement

These financial statements have been prepared under the historical cost convention except for investments that are measured at fair value.

2.6 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except for the changes as explained in note 3.1 to these financial statements.

3.1 Impact of initial application of IFRS 9 Financial Instruments

During the current financial year, the Fund has applied IFRS 9 'Financial Instruments' issued on July 24, 2017 and the related consequential amendments to other IFRS Standards that are effective for an annual period that begins on or after June 30, 2019, based on adoption date communicated by Securities Exchange Commission of Pakistan. The transition provisions of IFRS 9 allow an entity not to restate comparatives. The Fund has elected not to restate comparatives in respect of the classification and measurement of financial instruments.

Additionally, the Fund adopted consequential amendments to IFRS 7 'Financial Instruments: Disclosures' that were applied to the disclosures for the year ended June 30, 2018.

NOTES TO THE FINANCIAL STATEMENTS

IFRS 9 introduced new requirements for:

- 1) The classification and measurement of financial assets and financial liabilities,
- 2) Impairment of financial assets, and

Details of these new requirements as well as their impact on the Fund's financial statements are described below except the General Hedge Accounting which the Fund does not apply. The Fund has applied IFRS 9 in accordance with the transition provisions set out in IFRS 9.

(a) Classification and measurement of financial assets

The date of initial application (i.e. the date on which the Fund has assessed its existing financial assets and financial liabilities in terms of the requirements of IFRS 9) is July 01, 2018. Accordingly, the Fund has applied the requirements of IFRS 9 to instruments that continue to be recognised as at July 01, 2018 and has not applied the requirements to instruments that have already been derecognised as at July 01, 2018. Comparative amounts in relation to instruments that continue to be recognised as at July 01, 2018 have not been restated as allowed by IFRS 9.

All recognised financial assets that are within the scope of IFRS 9 are required to be measured subsequently at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Specifically:

- debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at amortised cost;
- debt instruments that are held within a business model whose objective is both to collect the contractual cash flows and to sell the debt instruments, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at fair value through other comprehensive income (FVTOCI);
- all other debt investments and equity investments are measured subsequently at fair value through profit or loss (FVTPL).

Despite the foregoing, the Fund may make the following irrevocable election/designation at initial recognition of a financial asset;

- the Fund may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination in other comprehensive income; and
- the Fund may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

In the current year, the Fund has not designated any debt investments that meet the amortised cost or FVTOCI criteria as measured at FVTPL. The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The evaluation of the performance of the Fund has been performed on fair value basis for the entire portfolio, as reporting to the key management personnel and to the investors in the form of net asset value (NAV). The investment portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Consequently, all the investments are measured at fair value through profit or loss. For other financial assets which are held for collection continue to be measured at amortised cost.

When a debt investment measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. When an equity investment designated as measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is subsequently transferred to retained earnings.

Debt instruments that are measured subsequently at amortised cost or at FVTOCI are subject to impairment. Please see para (b) below for applicability of impairment requirements of IFRS 9.

The Management has reviewed and assessed the Fund's existing financial assets as at July 01, 2018 based on the facts and circumstances that existed at that date and concluded that the initial application of IFRS 9 has had the following impact on the Fund's financial assets as regards their classification and measurement.

NOTES TO THE FINANCIAL STATEMENTS

- there is no change in the measurement of the Fund's investments in equity securities that are held for trading; those instruments were and continue to be measured at FVTPL
- financial assets including loans and receivables under IAS 39 that were measured at amortised cost continue to be measured at amortised cost under IFRS 9 as they are held within a business model to collect contractual cash flows and these cash flows consist solely of payments of principal and interest on the principal amount outstanding

None of the other reclassifications of financial assets have had any impact on the Fund's statement of asset and liabilities, income statement and statement of other comprehensive income or total comprehensive income for the year.

Basis of valuation

The fair value of shares of listed companies is based on their prices quoted on the Pakistan Stock Exchange Limited at the reporting date without any deduction for estimated future selling costs. The preference shares received as dividend in specie are carried at cost.

(b) Impairment of financial assets

The SECP has, through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017, deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore the Fund will not be subject to the impairment provisions of IFRS 9. Meanwhile, asset management companies shall continue to follow the requirements of Circular 33 of 2012.

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model rather than incurred credit loss model as previously required under IAS 39. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements.

(c) Classification and measurement of financial liabilities

A significant change introduced by IFRS 9 in the classification and measurement of financial liabilities relates to the accounting for changes in the fair value of a financial liability designated as at FVTPL attributable to changes in the credit risk of the issuer.

The application of IFRS 9 has had no impact on the classification and measurement of the Fund's financial liabilities because the Fund does not have any financial liabilities designated as FVTPL.

Please refer to para (d) below for further details regarding the change in classification upon the application of IFRS 9.

(d) Disclosures in relation to the initial application of IFRS 9

There were no financial assets or financial liabilities which the Fund had previously designated as at FVTPL under IAS 39 that were subject to reclassification or which the Fund has elected to reclassify upon the application of IFRS 9. There were no financial assets or financial liabilities which the Fund has elected to designate as at FVTPL at the date of initial application of IFRS 9.

The table below shows information relating to financial assets that have been reclassified as a result of transition to IFRS 9.

	Carrying amount as per IAS 39 as on June 30, 2018	Reclassifications	Remeasurements	Carrying amount on initial adoption of IFRS 9 on July 01, 2018	Effects on Unit Holder's Fund on July 01, 2018
----- Rupees -----					
Financial assets					
Fair value through profit or loss					
Equity securities	157,083,429	157,083,429	-	157,083,429	-

NOTES TO THE FINANCIAL STATEMENTS

3.2 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and short-term deposits with an original maturity of three months or less. Cash and cash equivalents are carried in the statement of assets and liabilities at cost.

3.3 Financial assets and financial liabilities

All financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income statement currently.

Financial assets carried in the statement of assets and liabilities include bank balances, investments, advance against subscription of debt securities and deposits and other receivables.

Financial liabilities carried in the statement of assets and liabilities include payable to the Management Company, remuneration payable to the Trustee, dividend payable and accrued and other liabilities.

3.4 Impairment of non- financial assets

The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the income statement. If in a subsequent period, the amount of an impairment loss recognised decreases, the impairment is reversed through the Income Statement.

3.5 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

3.6 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.7 Provisions

Provisions are recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.8 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second

3.9 Distribution to unit holders

Dividend distributions and appropriation are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

NOTES TO THE FINANCIAL STATEMENTS

3.10 Issuance and redemption of units

Units issued are recorded at the offer price prevalent on the day on which application form, (complete in all respects) is received. The offer price represents the net assets value of units at the end of the day plus the allowable sales load. The sales load is payable to the Management Company as processing fee. Issue of units is recorded on acceptance of application for sale.

Units redeemed are recorded at the redemption price, prevalent on the day on which the redemption form (complete in all respects) is accepted. The redemption price represents the net assets value of units at the end of the day. Redemption of units is recorded on acceptance of application for redemption.

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Net Assets Value (NAV) per unit

The net assets value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at the year end.

3.12 Revenue recognition

- Gains or losses on sale of investments are accounted for in the year in which they arise.
- Dividend income on equity securities is recognized in the income statement when the right to receive dividend is established.
- Unrealised gains or losses arising on revaluation of investments classified as 'at fair value through profit or loss' are included in the income statement in the period in which they arise.

3.13 Transaction cost

Transaction costs incurred to acquire assets at FVTPL are immediately recognised as expense in the Income Statement.

3.14 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

3.15 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, the determination of weighted average units for calculating EPU is not practicable.

3.16 Zakat payable

Zakat payment is the responsibility of each unit holder. Nevertheless, the fund follows the provisions of Zakat and Ushr Ordinance, 1984. Units held by individual resident Pakistani shareholders are subject to Zakat @ 2.5% of the par value of the unit under the said Ordinance, except those exempted from Zakat. Zakat is deducted at source from dividend or from redemption proceeds, if units are redeemed during the Zakat year before payment of Zakat.

7. PAYABLE TO THE MANAGEMENT COMPANY		
Management fee payable	7.1 213,909	366,854
Sales tax payable on Management fee	7.2 27,803	47,690
Reimbursement of expenses payable to the Management Company	7.3 70,862	225,234
Sales load payable	<u>293</u>	<u>2,908</u>
	<u>312,867</u>	<u>642,686</u>

- 7.1 The Management Company is entitled to a remuneration for services rendered to the Fund under the provisions of the NBFC Regulations during the first five years of a Fund's existence of an amount not exceeding three percent of the average annual net assets of the Fund and thereafter of an amount equal to two per cent of such assets. The Management Company has charged its remuneration at the rate of 2% (June 30, 2018: 2%) per annum of the daily net assets value of the Fund.

- 7.2 The Government of Sindh has levied Sindh Sales Tax on services at the rate of 13% (June 30, 2018: 13%) on the remuneration of the Management Company through the Sindh Sales Tax on Services Act, 2011.

- 7.3 SECP has introduced "expense ratio" vide amendments in NBFC Regulations dated November 25, 2015, whereby, the total expense ratio of an equity scheme shall be capped at 4% of average daily net assets value of the scheme. The regulation further states that for the purpose of expense ratio, expenses incurred in relation to any government levy on funds such as sales tax, federal excise duty, SECP fee, etc. shall be excluded while calculating expense ratio. Furthermore, under NBFC Regulation 60(3)(s), wherein the Management Company is allowed to charge their cost to Collective Investment Schemes (CIS) in respect of fees and expenses related to registrar services, accounting, operations and valuation services related to that CIS. The maximum cost that can be charged in this regard is up to 0.1% of the average annual net assets of that CIS or actual, whichever is less. Accordingly, this represents the amount payable to the Management Company to maintain the expense ratio of the Fund within the prescribed limits.

9. ACCRUED AND OTHER LIABILITIES	Note		
SECP annual fee payable	9.1	172,313	200,502
Brokerage payable		224,672	74,843
Withholding tax payable		981	342
Accrued liabilities		907,911	993,394
Zakat payable		78,366	588
Provision for Sindh Workers' Welfare Fund (SWWF)	9.2	1,082,489	1,082,489
Provision for indirect taxes and duties	9.3	1,209,652	1,209,652
		3,676,384	3,561,810

9.1 This represents annual fee payable to the SECP in accordance with the NBFC Regulations, whereby the Fund is required to pay SECP annually an amount equal to 0.095% (June 30, 2018: 0.095%) per annum of the daily net assets value of the Fund.

9.2 The Finance Act, 2008 had introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance) as a result of which it was construed that all Collective Investment Schemes (CISs) / mutual funds whose income exceeded Rs.0.5 million in a tax year were brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of 2% of their accounting or taxable income, whichever was higher. In light of this, the Mutual Funds Association of Pakistan (MUFAP) filed a constitutional petition in the Honorable Sindh High Court (SHC) challenging the applicability of WWF on CISs which is pending adjudication. Similar cases were disposed of by the Peshawar and the Lahore High Courts in which these amendments were declared unlawful and unconstitutional. However, these decisions were challenged in the Supreme Court of Pakistan (SCP).

Subsequently, the Finance Act, 2015 introduced an amendment under which CISs / mutual funds have been excluded from the definition of "industrial establishment" subject to WWF under the WWF Ordinance. Consequently, mutual funds are not subject to this levy after the introduction of this amendment which is applicable from tax year 2016. Accordingly, no further provision in respect of WWF was made with effect from July 01, 2015.

On November 10, 2016 SCP has passed a judgment declaring the amendments made in the Finance Acts, 2006 and 2008 pertaining to WWF as illegal citing that WWF was not in the nature of tax and could; therefore, not have been introduced through money bills. Accordingly, the aforesaid amendments have been struck down by the SCP. The Federal Board of Revenue has filed a petition in the SCP against the said judgment, which is pending hearing. While the petitions filed by the CISs on the matter are still pending before the SHC, MUFAP (collectively on behalf of the asset management companies and their CISs) has taken legal and tax opinions on the impact of the SCP judgement on the CISs petition before the SHC. Both legal and tax advisors consulted were of the view that the judgment has removed the very basis on which the demands were raised against the CISs. Therefore, there was no longer any liability against the CISs under the WWF Ordinance and that all cases pending in the SHC or lower appellate forums will now be disposed of in light of the earlier judgement of the SCP.

NOTES TO THE FINANCIAL STATEMENTS

Furthermore, as a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.5 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies (including the Management Company of the Fund) whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF.

In view of the above developments regarding the applicability of WWF and SWWF on CISs / mutual funds, MUFAP has recommended the following to all its members on January 12, 2017:

- based on legal opinion, the entire provision against WWF held by the CISs till June 30, 2015, to be reversed on January 12, 2017; and
- the provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015) on January 12, 2017.

Accordingly, the provision for SWWF is being made on a daily basis going forward.

The above decisions were communicated to SECP and the Pakistan Stock Exchange Limited on January 12, 2017 and the SECP vide its letter dated February 01, 2017 has advised MUFAP that the adjustments relating to the above should be prospective and supported by adequate disclosures in these financial statements of the CISs / mutual funds. Accordingly, the Fund has recorded these adjustments in its books on January 12, 2017.

The provision for SWWF is now being made on a daily basis. Had the provision for SWWF not been recorded in these financial statements of the Fund, the net assets value per unit of the Fund as at June 30, 2019 would have been higher by Re. 0.40 per unit (June 30, 2018: Re. 0.29 per unit).

- 9.3** As per the requirements of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the services of the Management Company has been applied effective June 13, 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED results in double taxation, does not appear to be the spirit of the law. The matter has been collectively taken up by the Management Company jointly with other Asset Management Companies and CDC on behalf of Collective Investment Schemes through a constitutional petition filed in the Honorable Sindh High Court (SHC) in September 2013.

On June 30, 2016 the SHC had passed a Judgment that after 18th amendment in the Constitution of Pakistan, the Provinces alone have the legislative power to levy a tax on rendering or providing services, therefore, chargeability and collection of FED after July 01, 2011 is ultra vires to the Constitution of Pakistan. On September 23, 2016, the Federal Board of Revenue (FBR) filed an appeal in the Supreme Court of Pakistan (SCP) against above judgement, which is pending adjudication.

Further, as per the Finance Act, 2016, the management fees charged by the asset management company have been declared exempt from the levy of FED with effect from July 01, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution, the Fund has charged FED and sales tax on service thereon in these financial statements with effect from the date of commencement of its operations till June 30, 2016. As at June 30, 2019, the Fund has held a provision for FED aggregating to Rs.1.21 million (June 30, 2018: Rs.0.77 million). Had the said provision for FED not been recorded in these financial statements of the Fund, the net asset value of the Fund as at June 30, 2019 would have been higher by Re. 0.45 per unit (June 30, 2018: Re. 0.33 per unit).

10. CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2019 and June 30, 2018 except as disclosed in relevant notes to these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

	June 30, 2019	June 30, 2018
	----- (Rupees) -----	
11. AUDITORS' REMUNERATION		
Audit fee	400,000	400,000
Review and other certifications	150,000	310,000
Other	116,290	42,255
	666,290	752,255
Sales tax	44,000	56,800
	710,290	809,055

12. TAXATION

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividend. Furthermore, regulation 63 of the NBFC Regulations, requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders. The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Fund is in loss and has therefore has made any distribution during the year.

13. EARNINGS PER UNIT

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

14. TRANSACTIONS WITH CONNECTED PERSONS / RELATED PARTIES

14.1 Connected persons / related parties include Faysal Asset Management Limited being the Management Company, CDC being the Trustee, other collective investment schemes managed by the Management Company, Faysal Asset Management Limited - Staff Provident Fund, Faysal Asset Management Limited - Staff Gratuity Fund, Faysal Bank Limited, Faysal Bank Limited - Staff Provident Fund, Faysal Bank Limited - Staff Gratuity Fund, and other entities under common management and / or directorship and the directors and officers of the Management Company and connected persons. Connected persons also includes any person beneficially owing directly or indirectly 10% or more of the units in the issue / net assets of the Fund.

14.2 The transactions with connected persons are in the normal course of business, at contracted rates and at terms determined in accordance with market rates.

14.3 The details of significant transactions carried out by the Fund with connected persons / related parties and balances with them at year end are as follows:

* Faysal Bank Limited holds more than 10% units in the Fund.

15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

15.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As of June 30, 2019, the Fund's exposure to the risk of changes in market interest rates relates primarily to bank balances. The bank balances are subject to interest rates as declared by the respective banks on periodic basis. As at June 30, 2019, approximately 24.65% (June 30, 2018: 28.82%) of the Fund's financial assets are subject to interest rates.

The Fund does not hold any fixed rate financial assets. Therefore, a change in the interest rates at the reporting date would not have any impact on the income and net assets of the Fund.

Management of the Fund estimates that an increase of 100 basis points in the floating interest rate, with all other factors remaining constant, would increase the Fund's income and increase the net assets of the Fund by Rs. 0.30 million (June 30, 2018: Rs. 0.65 million) and a decrease of 100 basis points would decrease the Fund's income and decrease the net assets of the Fund by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

NOTES TO THE FINANCIAL STATEMENTS

(iii) Equity price risk

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The equity price risk exposure arises from the Fund's investment in equity securities. Management of the Fund estimates that a 5% increase or decrease in the overall equity prices in the market with all other factors remaining constant would result in increase or decrease of Fund's net assets by Rs. 4.15 million (June 30, 2018: Rs. 7.85 million). However, in practice, the actual results may differ from the sensitivity analysis.

The Management Company manages the above market risks through diversification of investment portfolio and placing limits on individual and aggregate exposures in accordance with the internal risk management policies and regulations laid down by SECP.

The analysis of Fund's concentration on equity price risk is disclosed in note 5 to these financial statements.

15.2 Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holders' option based on the Fund's net assets value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units in issue. The Fund did not withhold any redemptions during the year.

The table below summarises the maturity profile of the Fund's financial liabilities based on contractual undiscounted

June 30, 2019	Upto three months	More than three months and upto one year	More than one year	Total
----- (Rupees) -----				
Financial liabilities				
Payable to the Management Company	285,064	-	-	285,064
Remuneration payable to the Trustee	59,955	-	-	59,955
Accrued and other liabilities	1,100,953	-	-	1,100,953
	<u>1,445,972</u>	<u>-</u>	<u>-</u>	<u>1,445,972</u>
----- (Rupees) -----				
June 30, 2018	Upto three months	More than three months and upto one year	More than one year	Total
Financial liabilities				
Payable to the Management Company	594,996	-	-	594,996
Remuneration payable to the Trustee	59,953	-	-	59,953
Accrued and other liabilities	1,056,270	-	-	1,056,270
	<u>1,711,219</u>	<u>-</u>	<u>-</u>	<u>1,711,219</u>

15.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements.

NOTES TO THE FINANCIAL STATEMENTS

The table below analyses the Fund's maximum exposure to credit risk. The maximum exposure is shown gross, before the effect of mitigation through the use of collateral agreements at reporting date:

	June 30, 2019	June 30, 2018
	----- (Rupees) -----	
Bank balances	29,574,309	64,923,586
Security deposits	2,607,500	2,857,500
Return receivable on bank balances	480,038	219,875
Dividend receivable	1,510,750	165,000
Receivable from sale of investments	2,893,587	-
	<u>37,066,184</u>	<u>68,165,961</u>

All deposits with banks, CDC and NCCPL are highly rated and risk of default is considered minimal.

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk. The table below analyses the credit quality of the Fund's exposure:

	June 30, 2019	June 30, 2018
	----- (%) -----	
Rating category		
AAA, AA+, AA, AA-	83.28	95.81
A, A-, A+	0.02	-
Unrated	16.70	4.19
	<u>100.00</u>	<u>100.00</u>

The table below analyses the Fund's concentration of credit risk by industrial distribution:

	% of assets exposed to credit risk	
Commercial banks	79.22	95.57
Others	20.78	4.43
	<u>100.00</u>	<u>100.00</u>

15.4 Unit holders' fund

The capital of the Fund is represented by the net assets attributable to holders of redeemable units. The capital structure depends on the issuance and redemption of units. The Fund's objective when managing unit holders' fund is to safeguard the Fund's ability to continue as a going concern in order to seek maximum preservation of unit holders' fund and an optimum rate of return by investing in avenues having good credit rating and liquidity and to maintain a strong capital base to support the development of the investment activities of the Fund.

The Fund has no restrictions or specific capital requirements on the subscription and redemption of units.

In accordance with the risk management policies, the Fund endeavours to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption requests, such liquidity being augmented by short-term borrowings or disposal of investments where necessary.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all times during the life of the scheme.

NOTES TO THE FINANCIAL STATEMENTS

16. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value.

The following table shows financial instruments recognised at fair value, analysed between those whose fair value is based on:

- Level 1:** quoted prices in active markets for identical assets or liabilities;
- Level 2:** those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3:** those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

As at June 30, 2019, the Fund held the following financial instruments which were measured at fair value:

	June 30, 2019							
	Investments	Carrying amount Deposits and other receivables	Bank balances	Total	Fair value Level 1	Level 2	Level 3	Total

30 جون 2019ء کو ایف ایس ایف کے یونٹ ہولڈنگ کا طریقہ کار سالانہ رپورٹ ہذا کا جزو ہے۔

مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

موجودہ معاشی صورتحال میں یقینی اکنامک ڈیٹا پوائنٹ اہم ہے اور ہم معاشی صحت کا جائزہ لینے کے لیے ڈیٹا پوائنٹ کی فراہمی جاری رکھیں گے۔

ایکویٹی مارکیٹ کا جائزہ:

مالی سال 19 بڑھتے ہوئے ادائیگیوں کے توازن کے بحران اور مالیاتی کمزوریوں کی وجہ سے غیر یقینی کے ساتھ پریشان کن رہا جس نے انویسٹرز کے رجحانات کو بری طرح متاثر کیا، معاشی نمو ابتدائی اندازوں کے مطابق گزشتہ سال کے 5.2 فیصد کے مقابلے میں کم ہو کر اس سال 3.3 فیصد رہی۔

بچ مارک کے ایس ای 100 انڈیکس صرف جون کے مہینے میں منفی 5.8 فیصد گر گیا جبکہ مالی سال 19 کے دوران انڈیکس کا مجموعی ریٹرن منفی 19 فیصد رہا، اس طرح مقامی اسٹاک مارکیٹ نے غیر ملکی سرمایہ کاروں کی جانب سے 366 ملین ڈالر کی فروخت جاری رہنے اور کمزور مقامی لیکویڈیٹی صورتحال کی وجہ سے مسلسل دوسرے سال منفی ریٹرن دیے، اس پورے سال کے دوران یہاں تک کہ بجٹ کے اعلان سے پہلے اور بعد میں بھی اسٹاک مارکیٹ دباؤ میں رہی، ریونیو کی وصولیوں میں اضافے اور اخراجات کو کنٹرول کرنے کے لیے بجٹ میں اعلان کردہ تکلیف دہ لیکن ضروری اقدامات کے اسٹاک مارکیٹ پر منفی اثرات رہے، لہذا سیکٹرز کے لیے اقدامات سے کاروباری لاگت میں اضافے اور معاشی سرگرمیوں میں کمی کی وجہ سے کاروباری حجم اور مارجن میں کمی آگئی، اس لیے تمام اہم سیکٹرز کسی اہم سپورٹ کی عدم موجودگی میں منفی زون میں رہے۔

ہم اس بات پر یقین رکھتے ہیں کہ ایکویٹی مارکیٹ معاشی صورتحال کی عکاسی ہوتی ہے اور یہ اس لیے اہمیت رکھتی ہے کہ اس کے ذریعے معاشی ترقی کے مثبت یا منفی ہونے کا پتا چلتا ہے۔ اس لیے یونیورس کمپنیوں کی مجموعی ویلیو ایشن اور فنڈ مینٹلز انتہائی اہم کردار ادا کرتے ہیں، اس سال کے دوران بڑھتے ہوئے افراط زر کو کنٹرول کرنے اور گرتی ہوئی پاکستانی کرنسی کو سپورٹ کرنے کے لیے ڈسکاؤنٹ ریٹ میں 575 پیسز پوائنٹس کے اضافے کی وجہ سے ویلیو ایشن میں کمی آگئی۔

کارکردگی کا جائزہ:

فیصل اسٹاک فنڈ نے سال کے دوران 28.24 فیصد کی کمی ہوگئی جبکہ بچ مارک میں 19.11 فیصد کی کمی ہوئی، فنڈ کی گرتی ہوئی کارکردگی کی بنیادی وجہ افراط زر کا بڑھتا ہوا دباؤ اور انٹرسٹ ریٹ میں تیزی سے اضافہ تھا اس کے ساتھ ہی آئی ایم ایف کی جانب سے سفارش کردہ

مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

وزیراعظم کے مسلسل غیر ملکی دوروں اور مفاہمت کی متعدد یادداشتوں پر دستخط کرنے کے باوجود ملک کا صنعتی شعبہ ہنوز کمزور ہے، مالی سال 2019ء میں براہ راست بیرونی سرمایہ کاری 1.7 ارب ڈالر تھی جو جی ڈی پی کا 0.8 فیصد ہے جبکہ گزشتہ سال کے اس عرصے میں ایف ڈی آئی 3.4 ارب ڈالر تھی جو جی ڈی پی کا 1.4 فیصد تھا۔ ٹریڈرز کی فروخت 50,405 تک گر گئی جو گزشتہ سال کے اس عرصے کے مقابلے میں 29 فیصد کم تھی جبکہ گزشتہ سال کے اس عرصے میں اس میں 29 فیصد اضافہ ہوا تھا۔ سیمنٹ کی فروخت 39.7 ملین ٹن ہو گئی جو گزشتہ سال کے اس عرصے کے مقابلے میں 4.9 فیصد کم تھی جبکہ گزشتہ سال کے اس عرصے میں اس میں 11.2 فیصد اضافہ ہوا تھا۔ مستقبل میں پاکستان میں براہ راست بیرونی سرمایہ کاری میں اضافے کی توقع ہے جس سے بیرونی کھاتوں میں معاونت فراہم ہو سکے گی۔

حکومت کی آمدنی گزشتہ سال میں جی ڈی پی کا 18 فیصد کے مقابلے میں اس سال کم ہو کر جی ڈی پی کا 8.2 فیصد ہونے سے حکومت کے مالیاتی خسارے کی وجہ سے ڈیولپمنٹ پر اخراجات جی ڈی پی کا 2.7 فیصد ہو گئے جو کہ گزشتہ سال کے اس عرصے میں جی ڈی پی کا 5.9 فیصد تھے۔ دوسری جانب، اس طرح کی خبریں آرہی ہیں کہ حکومت ڈیولپمنٹ اخراجات/مالیاتی محرک کو بہتر بنانے کے لیے درج ذیل اقدامات کر رہی ہے:

- * ملک کے 20 شہروں میں جائیدادوں کی مالیت میں اضافہ کر کے ان کو اصل مارکیٹ ویلیو کے برابر لانا
- * 500 گز سے زائد رقبہ کا مکان یا 1000 سی سی سے بڑی گاڑی رکھنے والے 100,000 کے قریب نان فائلرز کو نوٹس جاری کرنا
- * گلگت شاپنگ مال میں 1000 مربع فٹ سے زائد رقبہ پر کاروبار کرنے والے ریٹیلرز کو 17 فیصد جنرل سیلز ٹیکس کے معیار کے درجے پر لانا۔

حکومت اور مرکزی بینک کی جانب سے امریکی ڈالر کے مقابلے میں پاکستانی روپے کی قدر میں کمی اور مانیٹری کی سختی کی وجہ سے جاری کھاتوں کے خسارے میں کمی ہوئی اور یہ مالی سال 2019ء میں 13.6 ارب ڈالر ہو گیا جو جی ڈی پی کا 4.9 فیصد ہے جبکہ گزشتہ سال کے اس عرصے میں یہ خسارہ 19.8 ارب ڈالر تھا جو جی ڈی پی کا 6.3 فیصد تھا۔ تاہم یہ اب بھی کمزور حالت میں ہے اور پاکستان کرنسی کی قدر میں 31 فیصد کی نمایاں کمی بھی برآمدات میں اضافے کا ابھی تک سبب نہیں بنیں، مالی سال 2019ء کے دوران برآمدات 29.4 ارب ڈالر تھیں جو کہ گزشتہ سال کے اس عرصے میں 30.6 ارب ڈالر تھیں۔ مالیاتی اور زری سختی کی وجہ سے درآمدات میں کمی کی وجہ سے جاری کھاتوں کے خسارے میں بہتری آئی ہے تاہم برآمدات میں مزید اضافے کی ضرورت ہے تاکہ جاری کھاتوں کے خسارے کو مزید بہتر کرتے ہوئے اسے رسک زون سے نیچے لایا جاسکے یا اسے کرنسی کے قدر میں کمی اور پالیسی ریٹ سے اوپر قابل اطمینان سطح پر رکھا جاسکے۔ عالمی معاشی شرح نمو میں مندی کا رجحان بھی پاکستان کی برآمدات میں اضافے کی راہ میں رکاوٹ ہے۔

بینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

اقتصادی جائزہ:

زوال پذیر کھپت، سرمایہ کاری میں کمی، مالیاتی سختی اور بیرونی کھاتوں میں بگاڑ کی وجہ سے پاکستان کی معیشت کو مسلسل مشکلات کا سامنا ہے، مالی سال 2018ء اور مالی سال 2019ء میں پاکستان کی حقیقی نمو بالترتیب 5.5 فی صد اور 3.3 فی صد رہی جبکہ مالی سال 2020ء کے لیے آئی ایم ایف نے یہ شرح نمو 2.5 رہنے کی توقع ظاہر کی ہے۔

مرکزی بینک نے پالیسی ریٹ میں 100 بی پی ایس کا اضافہ کر کے 13.25 فیصد کر دیا ہے جو گزشتہ سال کے اس عرصے میں 6.50 فیصد تھا، مرکزی بینک کا کہنا ہے کہ یہ فیصلہ مئی 2019ء میں ایم پی سی کے آخری اجلاس کے بعد ایکسچینج ریٹ میں کمی، بڑھتے ہوئے افراط زر کے دباؤ اور مالی سال 2020ء کے بجٹ میں یوٹیلیٹی کی قیمتوں میں حالیہ ایڈجسٹمنٹ اور دیگر اقدامات کی وجہ سے افراط زر پر ہونے والے یک بارگی اثرات کی وجہ سے کیا گیا ہے۔ ثانوی مارکیٹ گزشتہ سال کے اسی عرصے کے مقابلے میں موجودہ پیداوار کے تناسب میں کمی کا اشارہ کر رہی ہے۔

تازہ ترین حساب کتاب کے مطابق جاری کھاتوں میں بہتری، جولائی 2019ء میں ڈالر کی قدر میں 161 روپے تک کے حالیہ اضافے، جو کہ گزشتہ سال کے اس عرصے میں 124 روپے تھا، کی وجہ سے اور ویلیو ایڈجسٹمنٹ 5 فیصد سے کم ہو کر منفی 8 فیصد تک ہو گئی ہے، مرکزی بینک کے پاس غیر ملکی زرمبادلہ کے ذخائر جولائی 2019ء میں 7.7 ارب امریکی ڈالر ہو گئے ہیں جو 1.4 مہینے کی درآمدات کے لیے کافی ہو سکتے ہیں جبکہ گزشتہ سال کے اس عرصے میں یہ ذخائر 10.2 ارب امریکی ڈالر تھے جو 1.6 ماہ کی درآمدات کے لیے کافی تھے۔ تاہم طویل مذاکرات کے بعد آئی ایم ایف نے 39 مہینے کے ای ایف ایف انتظامات کے لیے 6.0 ارب ڈالر کی منظوری دی ہے۔

گزشتہ سال جولائی میں 4.2 فیصد کی شرح سے بڑھتے ہوئے جولائی 2019ء میں 7.7 فیصد تک ٹی ٹی ایم افراط زر میں اضافے اور مرکزی بینک کی جانب سے مالیاتی سختی کی وجہ سے مقامی کھپت میں کمی ہو رہی ہے۔ مزید برآں ٹی ٹی ایم نمو میں کمی (آٹو فنانسنگ مالی سال 2019ء میں 18 فیصد جو کہ گزشتہ سال کے اس عرصے میں 34 فیصد تھی اور پٹرول کی کھپت میں جولائی 2019ء میں صفر فی صد جبکہ گزشتہ سال کے اس عرصے میں 9 فیصد) ہماری رائے کی تصدیق کر رہی ہے۔ اس کے ساتھ ہی کچھ منفی اثرات مثال کے طور پر پانی کی کمی اور اخراجات میں اضافے کی وجہ سے زریعہ شعبے کی کارکردگی کو بری طرح متاثر کر رہی ہے جس کی وجہ سے دیہی کھپت میں کمی ہو رہی ہے۔ تاہم مرکزی بینک کے مطابق "اکنامک نیچرزری/مالیاتی سختی کے ذریعے درآمدات میں کمی اور برآمدات میں اضافے کے ذریعے طلب اور رسد میں توازن پیدا کرنے کی کوشش کر رہے ہیں۔

مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

فیصل ایسٹ مینجمنٹ کے ڈائریکٹرز فیصل اسٹاک فنڈ (ایف ایس ایف) کی مینجمنٹ کمپنی 30 جون 2019ء کو مکمل ہونے والے سال کے لیے ایف ایس ایف کی سالانہ کارکردگی کی رپورٹ مع آڈٹ شدہ اکاؤنٹس اور ٹرسٹی اور آڈیٹرز کی رپورٹس، بخوشی یونٹ ہولڈرز کو پیش کرتے ہیں۔

یونٹس کی فروخت اور ریڈمشن

زیر جائزہ سال کے دوران 186.802 ملین روپے کے یونٹس جاری کیے گئے اور 234.652 ملین روپے مالیت کے یونٹس کی ریڈمشن کی گئی۔

یونٹ ہولڈرز

30 جون 2019ء کو 116.478 ملین روپے کی مالیت کے 2,704,700 یونٹس قابل ذکر تھے (30 جون 2018ء کو 221.415 ملین روپے مالیت کے 3,689,311 یونٹس تھے)

یونٹ کی قیمتیں

مروجہ پورٹ فولیو کے این اے وی (NAV) کی بنیاد پر یونٹ نرخوں کا روزانہ اعلان کیا جاتا ہے زیادہ سے زیادہ اور کم از کم پیش کردہ نرخ ریڈمشن نرخ اور 30 جون 2019ء کو رائج نرخ حسب ذیل تھے۔

ریڈمشن نرخ	پیش کردہ نرخ	
63.16	65.06	زیادہ سے زیادہ
43.02	44.32	کم از کم
43.07	44.37	30 جون 2019ء
