## REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Directors of Faysal Asset Management Limited, the Management Company of **Faysal Savings Growth Fund (FSGF)**, are pleased to present the Annual Report on the operations of FSGF along with the audited accounts, Reports of the Trustee and Auditors to the unit holders for the year ended June 30, 2019.

### SALE AND REDEMPTION OF UNITS

During the year, units worth Rs. -182.958 million were issued and units with a value of Rs.726.360 million were redeemed.

### UNIT HOLDERS

As of June 30, 2019, total units outstanding were 15,333,783 units with a value of Rs.1,569.983 million (June 30, 2018: 20,439,958 units with a value of Rs. 2,187.333 million).

### UNIT PRICES

Unit prices are being announced on a daily basis based on the NAV of the underlying portfolio. The highest and lowest offer / redemption prices during the period as well as the prices prevailing as of June 30, 2019 were as below:

	Offer Price	Redemption Price
Highest	112.05	109.85
Lowest	104.16	102.11
As of June 30, 2019	104.44	102.39

### ECONOMIC OUTLOOK

Pakistan's economy continues to constrict further amid declining consumption, weakening investments, fiscal tightening and deteriorating external accounts. Country has posted a real growth of 5.5%/3.3% in FY18/19 respectively with IMF's forward expectations of 2.5% in FY20.

Central Bank has increased policy rate by 100bps to 13.25% vs 6.50% in SPLY stating "The decision takes into account upside inflationary pressures from exchange rate depreciation since the last MPC meeting in May 19 and the likely increase in near term inflation from the one-off impact of recent adjustments in utility prices and other measures in the FY20 budget". Secondary market is suggesting that current yield curve is exhibiting quite less convexity vs. SPLY.

To improve CAD, recent depreciation has bought PKR/USD to 161 in Jul 19 vs 124 in SPLY thus decreasing overvaluation from 5% to "-8%" as per latest calculation methodology. Central Bank's foreign exchange reserves currently stands at USD 7.7bn/import cover 1.4 months in Jul 19 from USD 10.2/import cover 1.6 months in SPLY, however; after a prolonged discussion, IMF has approved USD 6.0bn 39 months EFF arrangement but at a promise of structural reforms.

Increasing TTM inflation, up 7.7% YoY as of Jul 19 vs. 4.2% in SPLY and Central Bank's continuous monetary tightening are deterring domestic consumption. Furthermore declining TTM growth in 1) auto financing of 18% YoY as of FY19 vs. 34% in SPLY and 2) petrol consumption of 0% YoY as of Jul 19 vs. 9% in SPLY also reiterates our opinion. At the same time, adverse development such as water shortages and high input costs are also undermining agricultural performance, leading to decline in rural consumption. However, According to Central Bank, "Economic managers through monetary/fiscal tightening are managing the gap between demand and supply to decrease imports and increase exportable surplus in the future".

Despite PM's frequent foreign visits and signing of various memorandum of understanding, Country's industrialization remains weak with latest TTM FDI of USD 1.7bn as of FY19/0.8% of GDP vs. USD 3.4bn/1.4% of GDP in SPLY. Tractors TTM sales clocked in at 50,405 vs. 70,887 in SPLY, down -29% YoY vs. 29% in SPLY. TTM Cement dispatches clocked in at 39.7mn tons as of FY19, down -4.9% vs. 11.2% in SPLY. Going forward, expected FDI may improve investment sphere in Pakistan while also providing some support to external accounts.

TTM fiscal deficit as of Mar 19 has clocked in at 8.2% of GDP as Government's revenue declined to 15% of GDP vs. 18% in SPLY which is keeping fiscal stimulus in check as development spending contracts to 2.7% of GDP vs 5.9% in SPLY. On the other hand, news suggests that government is taking steps such as listed below to improve development spending/fiscal stimulus.

- Upward revision in values of immovable properties in 20 cities of the country to bring them in line with actual market rates.
- Initiative to send notices to around 100,000 non-filers who own a house bigger than 500 yards or a vehicle above 1000 cc.
- And defining of Tier-1 for retailers as having those with an area of more than 1,000 square feet located at luxury shopping malls with a standard rate of General Sales Tax at 17%.

## REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY

The Government and Central Bank’s efforts, PKR/USD depreciation and monetary tightening have bought TTM CAD slightly under control to USD 13.6bn/4.9% of GDP in FY19 vs. USD 19.8bn/6.3% of GDP in SPLY. However it is still in vulnerable zone as massive currency depreciation of 31% over TTM has yet to trigger growth in exports which clocked in at USD 29.4bn in FY19 vs 30.6bn in SPLY. Contracting imports led by fiscal/monetary tightening are keeping CAD under control, however; exports have to improve to shift CAD to less risk zone or to bring certainty over currency depreciation and policy rate. Global economic growth has also entered a late cycle slowdown which can keep Pakistan’s export difficulties upbeat.

Current economic times are such that that finding certainty in economic data points is an alluding task. We continue to keep close tab on unfolding data points to measure economy’s health.

### MONEY MARKET REVIEW

During FY19 market observed excess liquidity; this was moped-up by SBP by conducting 114 OMO Mop-Ups where total accepted amount stood at PKR 38.49trn at weighted average rate of 9.71%. State bank also conducted 38 OMO Injections during FY19 where total accepted amount stood at PKR 25.7trn at weighted average rate of 9.14%.

Central bank conducted 26 T-bill auctions during FY19, where in cut offs were raised to 3M – 12.75% from 6.7596% (05-Jul-19); 6M – 12.80% from 7.8526% (19-Jul-18), for 12M– 13.50%. During said period total amount realized was PKR 26.08 trillion against the target of PKR 20.4 trillion and maturities of PKR 20.61 trillion. During 3QFY19 SBP conducted 03 auctions where mainly bids were received in 3Yr and 5Yr. during said period total accepted amount was 371 billion, against target of 200 billion. Cutoff for 3Yr, 5Yr and 10Yr are 12.23%, 12.64% and 13.15% respectively.

During FY19 SBP has issued 6 monetary policies increasing the discount rate by 575bps. State bank raised the interest rates based on deteriorating current account, widening trade deficit and PKR depreciation.

### PERFORMANCE REVIEW

Faysal Savings Growth Fund yielded return of 10.28% during the period 4QFY19. By the end of the quarter, your fund’s investment in TFC / Sukuk was 48.20%; PIB’s were 2.97%; and Cash at Banks were 42.55%. Going forward, your fund would continue to explore lucrative yet low risk and less volatile investment avenues to generate superior returns

## **INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF FAYSAL SAVINGS GROWTH FUND**

### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

#### **OPINION**

We have audited the financial statements of Faysal Savings Growth Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2019, and the income statement, statement of comprehensive income, statement of movements in unit holders' fund, cash flow statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of financial position of the Fund as at June 30, 2019 and of its financial performance and its cash flows for the year then ended in accordance with accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund and Management Company (Faysal Asset Management Limited) in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted by the Institute of Chartered Accountants of Pakistan together with the ethical requirements that are relevant to our audit of the financial statements in Pakistan, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

KEY AUDIT MATTER	HOW OUR AUDIT ADDRESSED THE KEY AUDIT MATTER
<p><b>a) Valuation and existence of investments at fair value</b></p> <p>As disclosed in note 5 to the financial statements, the total value of investments amounted to Rs. 921.39 million as at June 30, 2019.</p> <p>These investments represent a quantitatively significant financial statement line on the Statement of Assets and Liabilities. The Fund invests in debt securities and their valuation and existence is a substantial area during our audit. There is a risk that debt securities at "fair Value through profit or loss" are not valued using the appropriate rates as issued by Mutual Funds Association of Pakistan (MUFAP) and other debt securities classified as at 'amortized cost' are not valued according to circular no. 33 of 2012 dated October 24, 2012 issued by Securities and Exchange Commission of Pakistan (SECP).</p> <p>Further, the Fund may have included investments in its financial statements which were not owned by Fund.</p>	<p>We performed the following steps during our audit of investments:</p> <ul style="list-style-type: none"> <li>• We obtained an understanding and evaluated the appropriateness of the management process for valuation and existence of investments.</li> <li>• independent testing of valuations by using the market price from an independent source i.e. MUFAP website and ensuring the existence of number of securities by independently matching securities as per internal records with the securities appearing in the Central Depository Company (CDC) statement;</li> <li>• independent testing of valuations of other debt securities classified as at 'amortised cost' to ensure that the investments are valued as per the valuation methodology required in the circular no. 33 of 2012 dated October 24, 2012;</li> <li>• performed purchases and sales testing on a sample of trades made during the year, if any, to obtain evidence regarding movement of securities during the year; and</li> <li>• any differences identified during our testing that were over our acceptable threshold were investigated further.</li> </ul>

### Information Other than the Financial Statements and Auditor's Report Thereon

Management Company is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstat-

ed. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have not received this information and therefore cannot report in this regard.

### **Responsibilities of Management Company and Those Charged with Governance for the Financial Statements**

Management Company of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal control as the management company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance of the Management Company are responsible for overseeing the Fund's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit

## INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Management Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management Company.
- Conclude on the appropriateness of Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Those Charged with Governance of the Management Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those Charged with Governance of the Management Company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those Charged with Governance of the Management Company, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is Nadeem Yousuf Adil.

- IFRS 17 – Insurance Contracts

### 2.4 Critical accounting estimates and judgments

The preparation of these financial statements is in conformity with the accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires management to exercise judgment in the application of its accounting policies. The estimates, judgments and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and underlying assumptions are reviewed on an ongoing basis. The areas involving a degree of judgment or complexity, or areas where estimates and assumptions are significant to the financial statements are documented in the following accounting policies, notes and relate primarily to:

- Classification and valuation of investments (note 3.1)
- Impairment of financial assets (note 3.1)
- Taxation (note 3.9)
- Provision (note 3.2)

The revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

### 2.5 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain investments which are stated at fair value.

### 2.6 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates. These financial statements are presented in Pakistani Rupees which is the Fund's functional and presentation currency.

## NOTES TO THE FINANCIAL STATEMENTS

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, except as provided in 3.1.

#### 3.1 Impact of initial application of IFRS 9 Financial Instruments

During the current financial year, the Fund has applied IFRS 9 'Financial Instruments' (issued in July 24, 2017) and the related consequential amendments to other IFRS Standards that are effective for an annual period beginning on or after June 30, 2019, based on adoption date communicated by SECP. The transition provisions of IFRS 9 allow an entity not to restate comparatives. The Fund has elected not to restate comparatives in respect of the classification and measurement of financial instruments.

Additionally, the Fund adopted consequential amendments to IFRS 7 Financial Instruments: Disclosures that were applied to the disclosures for 2018 and to the comparative period.

IFRS 9 introduced new requirements for:

- 1) The classification and measurement of financial assets and financial liabilities,
- 2) Impairment of financial assets, and
- 3) General hedge accounting.

Details of these new requirements as well as their impact on the Fund's financial statements are described below except the General Hedge Accounting which the Fund does not apply. The Fund has applied IFRS 9 in accordance with the transition provisions set out in IFRS 9.

##### (a) Classification and measurement of financial assets

The date of initial application (i.e. the date on which the Fund has assessed its existing financial assets and financial liabilities in terms of the requirements of IFRS 9) is July 01, 2018. Accordingly, the Fund has applied the requirements of IFRS 9 to instruments that continue to be recognised as at July 01, 2018 and has not applied the requirements to instruments that have already been derecognised as at July 01, 2018. Comparative amounts in relation to instruments that continue to be recognised as at July 01, 2018 have not been restated as allowed by IFRS 9.

All recognised financial assets that are within the scope of IFRS 9 are required to be measured subsequently at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Specifically:

- debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at amortised cost;
- debt instruments that are held within a business model whose objective is both to collect the contractual cash flows and to sell the debt instruments, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at fair value through other comprehensive income (FVTOCI);
- all other debt investments and equity investments are measured subsequently at fair value through profit or loss (FVTPL).

Despite the foregoing, the Fund may make the following irrevocable election/designation at initial recognition of a financial asset;

- the Fund may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination in other comprehensive income; and
- the Fund may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

## NOTES TO THE FINANCIAL STATEMENTS

In the current year, the Fund has not designated any debt investments that meet the amortised cost or FVTOCI criteria as measured at FVTPL. The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The evaluation of the performance of the Fund has been performed on fair value basis for the entire portfolio, as reporting to the key management personnel and to the investors in the form of net asset value (NAV). The investment portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Consequently, all the investments are measured at fair value through profit or loss. For other financial assets which are held for collection continue to be measured at amortised cost.

When a debt investment measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. When an equity investment designated as measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is subsequently transferred to retained earnings.

Debt instruments that are measured subsequently at amortised cost or at FVTOCI are subject to impairment. Please see para (b) below for applicability of impairment requirements of IFRS 9.

The Management has reviewed and assessed the Fund's existing financial assets as at July 01, 2018 based on the facts and circumstances that existed at that date and concluded that the initial application of IFRS 9 has had the following impact on the Fund's financial assets as regards their classification and measurement:

- there is no change in the measurement of the Fund's investments in corporate bonds that were held for trading under IAS 39; those instruments were and continue to be measured in the same manner under the classification of IFRS-9 i.e, at FVTPL;
- there is no change in the measurement of the Fund's investments in government securities that were held for trading under IAS 39; those instruments were and continue to be measured in the same manner under the classification of IFRS-9 i.e, at FVTPL;
- financial assets classified as held-to-maturity and loans and receivables under IAS 39 that were measured at amortised cost using effective interest rate method continue to be measured at amortised cost under the new classification of IFRS 9 as they are held within a business model to collect contractual cash flows and these cash flows consist solely of payments of principal and interest on the principal amount outstanding.

None of the other reclassifications of financial assets have had any impact on the Fund's financial position, profit or loss, other comprehensive income or total comprehensive income in either year.

### Basis of valuation

The Government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV / PKIRSV rates) which are based on the remaining tenor of the securities.

Debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its circular no. 33 of 2012 dated October 24, 2012 (which is essentially the same as contained in circular no. 1 of 2009 previously used). In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorises them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

### (b) Impairment of financial assets

The SECP has, through its letter no. SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017, deferred the applicability of the impairment requirements of IFRS 9 for debt securities on mutual funds. Therefore the Fund will not be subject to the impairment provisions of IFRS 9. Meanwhile, asset management companies shall continue to follow the requirements of circular 33 of 2012.

## NOTES TO THE FINANCIAL STATEMENTS

For financial assets other than debt securities measured at amortised cost, IFRS 9 requires recognition of impairment based on expected credit loss (ECL) model rather than incurred credit loss model as previously required under IAS 39. Under IFRS 9, the Fund is required to measure loss allowance equal to an amount equal to lifetime ECL or 12 months ECL based on credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Fund considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Fund's historical experience and informed credit assessment and including forward-looking information.

However, majority of the assets of the Fund exposed to credit risk pertain to counter parties which have high credit rating or where credit risk has not been increased since initial recognition. Therefore, management believes that the impact of ECL would be very minimal and hence, the same has not been accounted for in these financial statements

### (c) Classification and measurement of financial liabilities

A significant change introduced by IFRS 9 in the classification and measurement of financial liabilities relates to the accounting for changes in the fair value of a financial liability designated as at FVTPL attributable to changes in the credit risk of the issuer.

Specifically, IFRS 9 requires that the changes in the fair value of the financial liability that is attributable to changes in the credit risk of that liability be presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss, but are instead transferred to retained earnings when the financial liability is derecognised. Previously, under IAS 39, the entire amount of the change in the fair value of the financial liability designated as at FVTPL was presented in profit or loss.

The application of IFRS 9 has had no impact on the classification and measurement of the Fund's financial liabilities because the fund does not have any financial liabilities designated as FVTPL.

### (d) Disclosures in relation to the initial application of IFRS 9

There were no financial assets or financial liabilities which the Fund had previously designated as at FVTPL under IAS 39 that were subject to reclassification or which the Fund has elected to reclassify upon the application of IFRS 9. There were no financial assets or financial liabilities which the Fund has elected to designate as at FVTPL at the date of initial application of IFRS 9.

The table below shows information relating to financial assets that have been reclassified as a result of transition to IFRS 9.

## NOTES TO THE FINANCIAL STATEMENTS

### 3.2 Provisions

Provisions are recognized when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

### 3.3 Impairment of non-financial assets

The carrying value of the Fund's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such an indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the income statement. If in a subsequent period, the amount of an impairment loss recognised decreases, the impairment is reversed through the Income Statement.

### 3.4 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

### 3.5 Issue and redemption of units

Units issued are recorded at the offer price prevalent on the day on which application form, (complete in all respects) is received. The offer price represents the net assets value of units at the end of the day plus the allowable sales load. The sales load is payable to the Management Company as processing fee. Issue of units is recorded on acceptance of application for sale.

Units redeemed are recorded at the redemption price, prevalent on the day on which the redemption form (complete in all respects) is accepted. The redemption price represents the net assets value of units at the end of the day. Redemption of units is recorded on acceptance of application for redemption.

Element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and the net assets value per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

### 3.6 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and short-term deposits with an original maturity of three months or less. Cash and cash equivalents are carried in the statement of assets and liabilities at cost.

### 3.7 Revenue recognition

- Gain or loss on sale of investment is accounted for in the income statement in the period in which it arises.
- Unrealised gain / loss arising on revaluation of investments classified as 'at fair value through profit or loss' is included in the income statement in the period in which it arises.
- Income / profit from bank balances, investments in term finance certificates / sukuks, MTS transactions and government securities is recognised on a time proportionate basis using effective interest rate method.

### 3.8 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company, Trustee fee and annual fee of the SECP are recognised in the Income Statement on an accrual basis.

## NOTES TO THE FINANCIAL STATEMENTS

### 3.9 Taxation

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than ninety percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed to the unit holders as cash dividends.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001.

### 3.10 Net asset value (NAV) per unit

The Net Asset Value (NAV) per unit, as disclosed in the "Statement of Assets and Liabilities", is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

### 3.11 Dividend distribution and appropriation

Dividend distributions and appropriation are recorded in the period in which these are approved by the Board of Directors of the Management Company. Based on Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Regulation 63 of the NBFC Regulations requires the Fund to distribute 90% of the net accounting income other than capital gains to the unit holders.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

### 3.12 Financial assets and financial liabilities

All financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to income statement currently.

Financial assets carried in the statement of assets and liabilities include bank balances, investments, advance against subscription of debt securities and deposits and other receivables.

Financial liabilities carried in the statement of assets and liabilities include payable to the Management Company, remuneration payable to the Trustee, dividend payable and accrued and other liabilities.

### 3.13 Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 3.14 Transaction cost

Transaction costs incurred to acquire assets at FVTPL are immediately recognised as expense in the Income Statement.

### 3.15 Earnings per unit

Earnings per unit (EPU) has not been disclosed as in the opinion of the management, determination of weighted average units for calculating EPU is not practicable.

## NOTES TO THE FINANCIAL STATEMENTS

### 3.16 Zakat payable

Zakat payment is the responsibility of each unit holder. Nevertheless, the Fund follows the provisions of Zakat and Ushr Ordinance, 1980. Units held by individual resident Pakistani shareholders are subject to Zakat @ 2.5% of the par value of the unit under the said Ordinance, except those exempted from Zakat. Zakat is deducted at source from dividend or from redemption proceeds, if units are redeemed during the zakat year before the payment of zakat.

## NOTES TO THE FINANCIAL STATEMENTS

- 7.3** SECP has introduced "expense ratio" vide amendments in NBFC Regulations dated November 25, 2015, whereby, the total expense ratio of an income scheme shall be capped at 2% of average daily net assets value of the scheme. The regulation further states that for the purpose of expense ratio, expenses incurred in relation to any government levy on funds such as sales tax, federal excise duty, SECP fee, etc. shall be excluded while calculating expense ratio. Furthermore, under NBFC Regulation 60(3)(s), wherein the Management Company is allowed to charge their cost to Collective Investment Schemes (CIS) in respect of fees and expenses related to registrar services, accounting, operations and valuation services related to that CIS. The maximum cost that can be charged in this regard is up to 0.1% of the average annual net assets of that CIS or actual, whichever is less. Accordingly, this represents the amount payable to the Management Company to maintain the expense ratio of the Fund within the prescribed limits.

		<b>42,291,532</b>	<b>32,938,734</b>

- 9.1** This represents annual fee payable to the SECP in accordance with the NBFC Regulations, whereby the Fund is required to pay SECP annually an amount equal to 0.075% (June 30, 2018: 0.075%) per annum of the daily net assets value of the Fund.

- 9.2** The Finance Act, 2008 had introduced an amendment to the Workers' Welfare Fund Ordinance, 1971 (WWF Ordinance) as a result of which it was construed that all Collective Investment Schemes (CISs) / mutual funds whose income exceeded Rs. 0.5 million in a tax year were brought within the scope of the WWF Ordinance, thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever was higher. In light of this, the Mutual Funds Association of Pakistan (MUFAP) filed a constitutional petition in the Honorable Sindh High Court (SHC) challenging the applicability of WWF on CISs which is pending adjudication. Similar cases were disposed of by the Peshawar and the Lahore High Courts in which these amendments were declared unlawful and unconstitutional. However, these decisions were challenged in the Supreme Court of Pakistan (SCP).

Subsequently, the Finance Act, 2015 introduced an amendment under which CISs / mutual funds have been excluded from the definition of "industrial establishment" subject to WWF under the WWF Ordinance. Consequently, mutual funds are not subject to this levy after the introduction of this amendment which is applicable from tax year 2016. Accordingly, no further provision in respect of WWF was made with effect from July 01, 2015.

## NOTES TO THE FINANCIAL STATEMENTS

On November 10, 2016 SCP has passed a judgment declaring the amendments made in the Finance Acts, 2006 and 2008 pertaining to WWF as illegal citing that WWF was not in the nature of tax and could; therefore, not have been introduced through money bills. Accordingly, the aforesaid amendments have been struck down by the SCP. The Federal Board of Revenue has filed a petition in the SCP against the said judgment, which is pending hearing. While the petitions filed by the CISs on the matter are still pending before the SHC, MUFAP (collectively on behalf of the asset management companies and their CISs) has taken legal and tax opinions on the impact of the SCP judgement on the CISs petition before the SHC. Both legal and tax advisors consulted were of the view that the judgment has removed the very basis on which the demands were raised against the CISs. Therefore, there was no longer any liability against the CISs under the WWF Ordinance and that all cases pending in the SHC or lower appellate forums will now be disposed of in light of the earlier judgement of the SCP.

Furthermore, as a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the government of Sindh as a result of which every industrial establishment located in the Province of Sindh, the total income of which in any accounting year is not less than Rs 0.5 million, is required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies (including the Management Company of the Fund) whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP has taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF.

In view of the above developments regarding the applicability of WWF and SWWF on CISs / mutual funds, MUFAP has recommended the following to all its members on January 12, 2017:

- based on legal opinion, the entire provision against WWF held by the CISs till June 30, 2015, to be reversed on January 12, 2017; and
- the provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015) on January 12, 2017.

The above decisions were communicated to SECP and the Pakistan Stock Exchange Limited on January 12, 2017 and the SECP vide its letter dated February 01, 2017 has advised MUFAP that the adjustments relating to the above should be prospective and supported by adequate disclosures in the financial statements of the CISs / mutual funds. Accordingly, the Fund has recorded these adjustments in its books on January 12, 2017.

Consequent to the above, the Fund on January 12, 2017 reversed an amount of Rs 52.5 million in respect of provision of WWF, this has resulted in an increase in NAV per unit of Rs. 1.94 on January 12, 2017. As on reporting date, the Fund has made a provision of Rs 8.25 million in respect of SWWF. Had the provision for SWWF not been recorded in the financial statements of the Fund, the net asset value of the Fund as at June 30, 2019 would have been higher by Re. 0.73 per unit (June 30, 2018: Re. 0.40).

- 9.3** As per the requirements of the Finance Act, 2013, Federal Excise Duty (FED) at the rate of 16% on the services of the Management Company has been applied effective from June 13, 2013. The Management Company is of the view that since the remuneration is already subject to provincial sales tax, further levy of FED results in double taxation, does not appear to be the spirit of the law. The matter has been collectively taken up by the Management Company jointly with other Asset Management Companies and CDC on behalf of Collective Investment Schemes through a constitutional petition filed in the Honorable Sindh High Court (SHC) in September 2013.

On June 30, 2016 the SHC had passed a Judgment that after 18th amendment in the Constitution of Pakistan, the Provinces alone have the legislative power to levy a tax on rendering or providing services, therefore, chargeability and collection of FED after July 01, 2011 is ultra vires to the Constitution of Pakistan. On September 23, 2016, the Federal Board of Revenue (FBR) filed an appeal in the Supreme Court of Pakistan (SCP) against above judgement, which is pending adjudication.

Further, as per the Finance Act, 2016, the management fees charged by the asset management company have been declared exempt from the levy of FED with effect from July 01, 2016.

## NOTES TO THE FINANCIAL STATEMENTS

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution, the Fund has charged FED and sales tax on service thereon in its financial statements with effect from the date of commencement of its operations till June 30, 2016. As at June 30, 2019, the Fund has held a provision for FED aggregating to Rs. 18.28 million (June 30, 2018: Rs. 18.28 million). Had the said provision for FED not been recorded in the financial statements of the Fund, the net asset value of the Fund as at June 30, 2019 would have been higher by Rs. 1.19 per unit (June 30, 2018: Re. 0.89).

### 15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risk is the creation and protection of unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Management Company, Fund's constitutive documents and the regulations and directives of the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 15.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

##### (i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As of June 30, 2019, the Fund's exposure to the risk of changes in market interest rates relates primarily to bank balances, receivable against Margin Trading System (MTS), debt securities, commercial papers and government securities. The bank balances and debt securities are subject to rates as declared by the respective banks / institutions on periodic basis. The government securities are subject to fixed interest rates and valued on the basis of rates announced by the Financial Market Association of Pakistan. Receivable against Margin Trading System (MTS) are also subject to fixed interest rates which have been negotiated between the participants. As at June 30, 2019, approximately 97.89% (June 30, 2018: 70.76%) of the Fund's financial assets are subject to interest rates.

The Fund does not hold any fixed rate financial assets. Therefore, a change in the interest rates at the reporting date would not have any impact on the income and net assets of the Fund.

Management of the Fund estimates that an increase of 100 basis points in the fixed interest rate, with all other factors remaining constant, would increase the Fund's income and increase in the net assets of the Fund by Rs. 16.3 million (June 30, 2018: Rs. 1.48 million) and a decrease of 100 basis points would result in a decrease the Fund's income and decrease the net assets of the Fund by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

## NOTES TO THE FINANCIAL STATEMENTS

### (ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

### (iii) Equity price risk

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The equity price risk exposure arises from the Fund's investment in equity securities. The Fund does not have any equity instrument and it is not exposed to such risk.

## 15.2 Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holders' option based on the Fund's net assets value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

In order to manage the Fund's overall liquidity, the Fund also has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units in issue. The Fund did not withhold any redemptions during the year.

The table below summarizes the maturity profile of the Fund's financial liabilities based on contractual undiscounted payments.

## NOTES TO THE FINANCIAL STATEMENTS

### 15.3 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Fund by failing to discharge its obligation. The Fund's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements. The table below analyses the Fund's maximum exposure to credit risk. The maximum exposure is shown gross, before the effect of mitigation through the use of collateral agreements at reporting date:

	June 30, 2019	June 30, 2018
	----- (Rupees) -----	
Bank balances	708,408,906	638,123,844

Commercial paper	69,526,902	79,311,883
	<u>1,615,294,712</u>	<u>2,110,880,642</u>

All deposits with banks, CDC and NCCPL are highly rated and risk of default is considered minimal. Further, investment in government securities i.e. Market treasury bills and Pakistan Investment Bonds are not exposed to credit risk.

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's portfolio of financial assets is broadly diversified and transactions are entered into with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

The table below analyses the Fund's concentration of credit risk by industrial distribution:

	% of assets exposed to credit risk	
Commercial banks	64.98	47.19
Other financial institutions	12.09	9.58
Technology and Communication	2.48	5.70

Others	11.54	19.12
	<u>100.00</u>	<u>100.00</u>

### 15.4 Unit holders' fund

The capital of the Fund is represented by the net assets attributable to holders of redeemable units. The capital structure depends on the issuance and redemption of units. The Fund's objective when managing unit holders' fund is to safeguard the Fund's ability to continue as a going concern in order to seek maximum preservation of unit holders' fund and an optimum rate of return by investing in avenues having good credit rating and liquidity and to maintain a strong capital base to support the development of the investment activities of the Fund.

The Fund has no restrictions or specific capital requirements on the subscription and redemption of units.

In accordance with the risk management policies, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemption requests, such liquidity being augmented by short-term borrowings or disposal of investments where necessary.

Under the NBFC Regulations, the minimum size of an open end scheme shall be one hundred million rupees at all the times during the life of the scheme.

## NOTES TO THE FINANCIAL STATEMENTS

### 16. FAIR VALUE OF FINANCIAL INSTRUMENTS

IFRS 13 establishes a single source of guidance under IFRS for all fair value measurements and disclosures about fair value measurement where such measurements are required as permitted by other IFRSs. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). Adoption of IFRS 13 has not affected the financial statements.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and financial liabilities is considered not significantly different from book value.

The following table shows financial instruments recognized at fair value, analyzed between those whose fair value is based on:

**Level 1:** quoted prices in active markets for identical assets or liabilities;

**Level 2:** those involving inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

**Level 3:** those with inputs for the asset or liability that are not based on observable market data (unobservable inputs).

موجودہ معاشی صورتحال میں یقینی اکنامک ڈیٹا پوائنٹ اہم ہے اور ہم معاشی صحت کا جائزہ لینے کے لیے ڈیٹا پوائنٹ کی فراہمی جاری رکھیں گے۔

### منی مارکیٹ کا جائزہ:

مالی سال 2019ء کے دوران اضافی لیکویڈیٹی موجود رہی جس کے لئے اسٹیٹ بینک آف پاکستان نے 114 اوایم او موپ اپس کیے جہاں منظور کی جانے والی رقم 38.49 ٹریلین روپے ہوگئی اور اس کا ویٹڈ اوسط ریٹ 9.71 فیصد رہا، اسٹیٹ بینک نے مالی سال 2019ء کے دوران 38 اوایم او انجکشن کیے جن میں منظور کی جانے والی مجموعی رقم 25.7 ٹریلین روپے رہی جبکہ اس کے ویٹڈ اوسط ریٹ 9.14 فیصد رہے۔

مرکزی بینک نے مالی سال 2019ء کے دوران ٹی بلز کے 26 آکشن کیے جن میں تین ماہ کے لیے کٹ آف 12.75 فیصد رہی جو پہلے 6.7596 فیصد (05 جولائی 2019ء) تھی، چھ ماہ کے لیے 12.80 فیصد جو پہلے 7.8526 فیصد (19 جولائی 2018ء) تھا، 12 ماہ کے لیے 13.50 فیصد رہی۔ اس عرصے کے دوران ریلانز کی جانے والی مجموعی رقم 26.08 ٹریلین روپے تھی جبکہ ٹارگٹ 20.4 ٹریلین اور مچھوڑی 20.61 ٹریلین روپے تھی۔

مالی سال 2019ء کی تیسری سہ ماہی کے دوران اسٹیٹ بینک نے تین آکشن کیے جن میں سب سے زیادہ بولی تین سال اور پانچ سال کے لیے موصول ہوئیں، اس عرصے کے دوران منظور کی جانے والی مجموعی رقم 371 بلین تھی جبکہ ہدف 200 ارب تھا۔ کٹ آف برائے تین سال، پانچ سال اور 10 سال بالترتیب 12.23 فیصد، 12.64 فیصد اور 13.15 فیصد تھا۔

مالی سال 2019ء کے دوران اسٹیٹ بینک آف پاکستان نے 6 زرعی پالیسیاں جاری کیں جن میں ڈسکاؤنٹ ریٹ میں مجموعی طور پر 575 بیسز پوائنٹ کا اضافہ کیا گیا۔ اسٹیٹ بینک نے انٹرسٹ ریٹ میں یہ اضافہ جاری کھاتوں کی بگڑتی صورتحال، بڑھتے ہوئے تجارتی خسارے اور پاکستانی کرنسی کی قدر میں کمی کی وجہ سے کیا۔

## مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

وزیر اعظم کے مسلسل غیر ملکی دوروں اور مفاہمت کی متعدد یادداشتوں پر دستخط کرنے کے باوجود ملک کا صنعتی شعبہ ہنوز کمزور ہے، مالی سال 2019ء میں براہ راست بیرونی سرمایہ کاری 1.7 ارب ڈالر تھی جو جی ڈی پی کا 0.8% فیصد ہے جبکہ گزشتہ سال کے اس عرصے میں ایف ڈی آئی 3.4 ارب ڈالر تھی جو جی ڈی پی کا 1.4% فیصد تھا۔ ٹریڈرز کی فروخت 50,405 تک گر گئی جو گزشتہ سال کے اس عرصے کے مقابلے میں 29 فیصد کم تھی جبکہ گزشتہ سال کے اس عرصے میں اس میں 29 فیصد اضافہ ہوا تھا۔ سیمنٹ کی فروخت 39.7 بلین ٹن ہو گئی جو گزشتہ سال کے اس عرصے کے مقابلے میں 4.9 فیصد کم تھی جبکہ گزشتہ سال کے اس عرصے میں اس میں 11.2 فیصد اضافہ ہوا تھا۔ مستقبل میں پاکستان میں براہ راست بیرونی سرمایہ کاری میں اضافے کی توقع ہے جس سے بیرونی کھاتوں میں معاونت فراہم ہو سکے گی۔

حکومت کی آمدنی گزشتہ سال میں جی ڈی پی کا 18% فیصد کے مقابلے میں اس سال کم ہو کر جی ڈی پی کا 8.2% فیصد ہونے سے حکومت کے مالیاتی خسارے کی وجہ سے ڈیولپمنٹ پر اخراجات جی ڈی پی کا 2.7% فیصد ہو گئے جو کہ گزشتہ سال کے اس عرصے میں جی ڈی پی کا 5.9% فیصد تھے۔ دوسری جانب، اس طرح کی خبریں آرہی ہیں کہ حکومت ڈیولپمنٹ اخراجات/مالیاتی محرک کو بہتر بنانے کے لیے درج ذیل اقدامات کر رہی ہے:

\* ملک کے 20 شہروں میں جائیدادوں کی مالیت میں اضافہ کر کے ان کو اصل مارکیٹ ویلیو کے برابر لانا

\* 500 گز سے زائد رقبے کا مکان یا 1000 سی سی سے بڑی گاڑی رکھنے والے 100,000 کے قریب نان فائلرز کو نوٹس جاری کرنا

\* لگژری شاپنگ مال میں 1000 مربع فٹ سے زائد رقبے پر کاروبار کرنے والے ریٹیلرز کو 17 فیصد جنرل سیلز ٹیکس کے معیار کے

درجے پر لانا۔

حکومت اور مرکزی بینک کی جانب سے امریکی ڈالر کے مقابلے میں پاکستانی روپے کی قدر میں کمی اور مائٹری کی سختی کی وجہ سے جاری کھاتوں کے خسارے میں کمی ہوئی اور یہ مالی سال 2019ء میں 13.6 ارب ڈالر ہو گیا جو جی ڈی پی کا 4.9% فیصد ہے جبکہ گزشتہ سال کے اس عرصے میں یہ خسارہ 19.8 ارب ڈالر تھا جو جی ڈی پی کا 6.3% فیصد تھا۔ تاہم یہ اب بھی کمزور حالت میں ہے اور پاکستان کرنسی کی قدر میں 31 فیصد کی نمایاں کمی بھی برآمدات میں اضافے کا ابھی تک سبب نہیں بنیں، مالی سال 2019ء کے دوران برآمدات 29.4 ارب ڈالر تھیں جو کہ گزشتہ سال کے اس عرصے میں 30.6 ارب ڈالر تھیں۔ مالیاتی اور زرعی سختی کی وجہ سے درآمدات میں کمی کی وجہ سے جاری کھاتوں کے خسارے میں بہتری آئی ہے تاہم برآمدات میں مزید اضافے کی ضرورت ہے تاکہ جاری کھاتوں کے خسارے کو مزید بہتر کرتے ہوئے اسے رسک زون سے نیچے لایا جاسکے یا اسے کرنسی کے قدر میں کمی اور پالیسی ریٹ سے اوپر قابل اطمینان سطح پر رکھا جاسکے۔ عالمی معاشی شرح نمو میں مندی کا رجحان بھی پاکستان کی برآمدات میں اضافے کی راہ میں رکاوٹ ہے۔

## مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ

اقتصادی جائزہ:

زوال پذیر کھپت، سرمایہ کاری میں کمی، مالیاتی سختی اور بیرونی کھاتوں میں بگاڑ کی وجہ سے پاکستان کی معیشت کو مسلسل مشکلات کا سامنا ہے، مالی سال 2018ء اور مالی سال 2019ء میں پاکستان کی حقیقی نمو بالترتیب 5.5 فیصد اور 3.3 فیصد رہی جبکہ مالی سال 2020ء کے لیے آئی ایم ایف نے یہ شرح نمو 2.5 رہنے کی توقع ظاہر کی ہے۔

مرکزی بینک نے پالیسی ریٹ میں 100 بی پی ایس کا اضافہ کر کے 13.25 فیصد کر دیا ہے جو گزشتہ سال کے اس عرصے میں 6.50 فیصد تھا، مرکزی بینک کا کہنا ہے کہ یہ فیصلہ مئی 2019ء میں ایم پی سی کے آخری اجلاس کے بعد ایکسیج ریٹ میں کمی، بڑھتے ہوئے افراط زر کے دباؤ اور مالی سال 2020ء کے بجٹ میں یوٹیلیٹی کی قیمتوں میں حالیہ ایڈجسٹمنٹ اور دیگر اقدامات کی وجہ سے افراط زر پر ہونے والے یک باگی اثرات کی وجہ سے کیا گیا ہے۔ ثانوی مارکیٹ گزشتہ سال کے اسی عرصے کے مقابلے میں موجودہ پیداوار کے تناسب میں کمی کا اشارہ کر رہی ہے۔

تازہ ترین حساب کتاب کے مطابق جاری کھاتوں میں بہتری، جولائی 2019ء میں ڈالر کی قدر میں 161 روپے تک کے حالیہ اضافے، جو کہ گزشتہ سال کے اس عرصے میں 124 روپے تھا، کی وجہ سے اوور ویلیویشن 5 فیصد سے کم ہو کر منفی 8 فیصد تک ہو گئی ہے، مرکزی بینک کے پاس غیر ملکی زرمبادلہ کے ذخائر جولائی 2019ء میں 7.7 ارب امریکی ڈالر ہو گئے ہیں جو 1.4 مہینے کی درآمدات کے لیے کافی ہو سکتے ہیں جبکہ گزشتہ سال کے اس عرصے میں یہ ذخائر 10.2 ارب امریکی ڈالر تھے جو 1.6 ماہ کی درآمدات کے لیے کافی تھے۔ تاہم طویل مذاکرات کے بعد آئی ایم ایف نے 39 مہینے کے ای ایف ایف انتظامات کے لیے 6.0 ارب ڈالر کی منظوری دی ہے۔

گزشتہ سال جولائی میں 4.2 فیصد کی شرح سے بڑھتے ہوئے جولائی 2019ء میں 7.7 فیصد تک ٹی ٹی ایم افراط زر میں اضافے اور مرکزی بینک کی جانب سے مالیاتی سختی کی وجہ سے مقامی کھپت میں کمی ہو رہی ہے۔ مزید برآں ٹی ٹی ایم نمو میں کمی (آٹو فنانسنگ مالی سال 2019ء میں 18 فیصد جو کہ گزشتہ سال کے اس عرصے میں 34 فیصد تھی اور پٹرول کی کھپت میں جولائی 2019ء میں 0 فیصد جبکہ گزشتہ سال کے اس عرصے میں 9 فیصد) ہماری رائے کی تصدیق کر رہی ہے۔ اس کے ساتھ ہی کچھ منفی اثرات مثال کے طور پر پانی کی کمی اور اخراجات میں اضافے کی وجہ سے زرعی شعبے کی کارکردگی کو بری طرح متاثر کر رہی ہے جس کی وجہ سے دیہی کھپت میں کمی ہو رہی ہے۔ تاہم مرکزی بینک کے مطابق "اکنامک میجر زری/مالیاتی سختی کے ذریعے درآمدات میں کمی اور برآمدات میں اضافے کے ذریعے طلب اور رسد میں توازن پیدا کرنے کی کوشش کر رہے ہیں۔

## مینجمنٹ کمپنی کے ڈائریکٹرز کی رپورٹ
