FUND MANAGER'S REPORT

ECONOMIC REVIEW

Pakistan faced unprecedented economic shocks from the rapid spread of the Covid-19 towards the last quarter of FY20. The headline inflation for June 2020 slightly increased to 8.6% vs. 8.2% in May 2020; however, the declining aggregate demand is softening outlook for inflation. Although, energy prices are volatile, economic deterioration will keep inflation range bound. Therefore, we expect inflation momentum to remain below 10% by FY21.

In response, during FY20 the State Bank of Pakistan has cut the policy rate 5 times by 625 bps to 7.0% with a priority of supporting growth and employment amidst these challenging times. During last rate cut, it was expecting 1) moderation in inflation expectations and 2) increasing downside risk to growth. Current very low real rate (monetary stimulus) can provide cushion against demand and supply shocks. We believe that Central Bank has undertaken the required monetary easing to balance declining economic growth. However, the policy rate can hover in range of 9% - 10% in medium term.

Furthermore, the Current Account Deficit for June 2020 has reduced to USD 96mn compared to USD 981mn in June 2019. The external accounts continue to benefit from lower imports and resilient remittances. Overall, during FY20, CAD has clocked in at USD 2.97bn/1.1% of GDP vs. USD 13.43bn in FY19. We expect CAD to remain favorable over foreseeable future due muted growth environment. Towards the end of FY20 the PKR/USD was hovering at 168, with REER at 93 and FX reserves of USD 11.23bn.

Fiscal Deficit for FY20 has clocked in at 8.1% vs. 8.9% of GDP in FY19. Total Revenue increased by 27.98% YoY to PKR 6.27tn compared to PKR 4.90tn in FY19. The increase was led by Non-Tax Revenue recorded at PKR 1.52tn in FY20 vs. PKR 427bn in FY19. Going forward, we expect deficit to remain on higher side as Government shall face difficulty in revenue mobilization.

The situation on ground is improving as Pakistan has found a bright spot on COVID-19 curve. The Government, in line with other economies, has further eased the smart lockdown. However the economic outlook remains challenging with expectation of meager real GDP growth in 2021.

MONEY MARKET REVIEW

During FY20, Government borrowed 1) PKR 14.75tn in Treasury Bills and 2) PKR 2.07tn in Pakistan Investment Bonds. The weighted average yields declined as Central bank, in a series of meetings, reduced policy rate by 625bps to 7.0%. TTM fiscal deficit for March 2020 has clocked in at 7.2% vs. 5.0% of GDP in March 2019 as Ministry of Finance underperformed on revenue targets and privatization process. Going forward, we expect deficits to remain on higher side as Government shall face difficulties in revenue mobilization.

Weighted average yields

Yield curve

During the year, the entire yield curve shifted downward in 2HFY20 as Central bank undertook rounds of monetary easing. It remained inverted at shorter end because of expectations of subdued inflation due to COVID-19.

As of March 2020, Pakistan total debt stands at PKR 40.5trn or 93% of GDP. The domestic/external debt ratio is 38%/62% of GDP respectively. Central bank is making proactive approach to promote growth and employment by conducting monetary easing. The current macro-environment is expected to continue until the Country fully recovers from COVID-19.

TRUSTEE REPORT TO THE UNIT HOLDERS

FAYSAL MONEY MARKET FUND

Report of the Trustee pursuant to Regulation 41(h) and clause 9 of Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008

We Central Depository Company of Pakistan Limited, being the Trustee of Faysal Money Market Fund (the Fund) are of the opinion that Faysal Asset Management Limited being the Management Company of the Fund has in all material respects managed the Fund during the year ended June 30, 2020 in accordance with the provisions of the following:

- (i) Limitations imposed on the investment powers of the Management Company under the constitutive documents of the Fund;
- (ii) The pricing, issuance and redemption of units are carried out in accordance with the requirements of the constitutive documents of the Fund; and
- (iii) The Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003, the Non-Banking Finance Companies and Notified Entities Regulations, 2008 and the constitutive documents of the Fund.

A handwritten signature in blue ink, appearing to read 'Badiuddin Akber', is written over a light blue circular watermark.

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of Faysal Money Market Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Faysal Money Market Fund (the Fund), which comprise the statement of assets and liabilities as at June 30, 2020, and the income statement, statement of comprehensive income, statement of movement in unit holders' fund and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at June 30, 2020, and of its financial performance and its cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the key audit matter:

S. No.	Key Audit Matter	How the matter was addressed in our audit
1	Net Asset Value (Refer notes 4 and 5 to the financial statements)	
	<p>The investments and balances with banks constitute the most significant component of the net asset value. The investments of the Fund as at June 30, 2020 amounted to Rs 517,537 million and balances with banks aggregated to Rs 4,769,429 million.</p> <p>The existence and proper valuation of investments and existence of balances with banks for the determination of NAV of the Fund as at June 30, 2020 was considered a high risk area and therefore we considered this as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> Tested the design and operating effectiveness of the key controls for valuation of investments; Obtained independent confirmations for verifying the existence of the investment portfolio and balances with banks as at June 30, 2020 and traced balances in these confirmations with the books and records of the Fund. Where such confirmations were not available, alternate audit procedures were performed; Re-performed valuation to assess that investments are carried as per the valuation methodology specified in the accounting policies; and Obtained bank reconciliation statements and tested reconciling items on a sample basis.

A•F•FERGUSON&CO.

Other Matter

The financial statements of the Fund for the year ended June 30, 2019, were audited by another firm of Chartered Accountants who expressed an unmodified opinion thereon vide their report dated September 26, 2019.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors of the Management Company for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting and reporting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Board of directors of the management company is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

A·F·FERGUSON&Co.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with board of directors of the management company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide board of directors of the management company with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with board of directors of the management company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirement

Based on our audit, we further report that in our opinion the financial statements have been prepared in all material respects in accordance with the relevant provisions of the Non-Banking Finance Companies and Notified Entities Regulations, 2008.

The engagement partner on the audit resulting in this independent auditor's report is **Shahbaz Akbar**.

A handwritten signature in blue ink, appearing to read 'A. Ferguson & Co.', is written above the printed name.

The annexed notes from 1 to 26 form an integral part of these financial statements.

For Faysal Asset Management Limited
(Management Company)

Chief Financial Officer

Chief Executive Officer

Director

Notes to the Financial Statements

For The Year Ended June 30, 2020

1 LEGAL STATUS AND NATURE OF BUSINESS

1.1 Faysal Money Market Fund (the Fund) is an open-end money market fund constituted under a trust deed entered into on April 22, 2009 between Faysal Asset Management Limited (FAML) as the Management Company and Central Depository Company of Pakistan Limited (CDC) as the Trustee. The investment activities and administration of the Fund are managed by the Management Company.

The Management Company of the Fund has been licensed to act as an asset management company under the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 through a certificate of registration issued by the SECP. The registered office of the Management Company is situated at 7th Floor, Faysal House, ST-02, Main Shahrah-e-Faisal, Karachi, Pakistan. The Management Company is a member of the Mutual Funds Association of Pakistan (MUFAP).

1.2 The Fund has been categorised as an open end money market scheme by the Board of Directors of the Management Company pursuant to the provisions contained in circular 7 of 2009 and is listed on the Pakistan Stock Exchange Limited. The units of the Fund were initially offered for public subscription at a par value of Rs. 100 per unit. Thereafter, the units were being offered for public subscription on a continuous basis from December 13, 2010 and are transferable and redeemable by surrendering them to the Fund.

1.3 The principal activity of the Fund is to make investments in fixed income securities including money market instruments.

1.4 VIS Credit Rating Company Limited has assigned the asset manager rating of "AM2" to the Management Company as at February 18, 2020 (2019: "AM3+" dated June 24, 2019). The Pakistan Credit Rating Agency Limited (PACRA) has assigned a "AA(f)" stability rating to Faysal Money Market Fund as of April 17, 2020 (2019: "AA(f)" as of April 17, 2019).

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Provisions of and directives issued under the Companies Act, 2017 along with part VIIIA of the repealed Companies Ordinance, 1984; and
- Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements

Notes to the Financial Statements

For The Year Ended June 30, 2020

of the Trust Deed differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017, part VIII A of the repealed Companies Ordinance, 1984, the NBFC Rules, the NBFC Regulations and requirements of the Trust Deed have been followed.

2.2 Standards, interpretations and amendments to the published accounting and reporting standards that are effective in the current year:

There are certain new standards, interpretations and amendments to the accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2019. However, these do not have any significant impact on the Fund's operations and, therefore, have **not been detailed in these financial statements.**

2.3 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

2.3.1 The following amendments would be effective from the dates mentioned below against the respective amendment:

Amendments	Effective date (accounting periods beginning on or after)
- IAS 1 - 'Presentation of financial statements' (amendment)	January 1, 2020
- IAS 8 - 'Accounting policies, change in accounting estimates and errors' (amendment)	January 1, 2020

The management is currently in the process of assessing the full impact of these amendments on the financial statements of the Fund.

2.3.2 There are certain other standards, amendments and interpretations that are mandatory for the Fund's accounting period beginning on or after July 1, 2020 but are considered not to be relevant or will not have any significant effect on the Fund's operations and are therefore not disclosed in these financial statements.

2.4 Critical accounting estimates and judgments

The preparation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan requires the management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates, judgments and associated assumptions are based on historical experience and various other factors including expectations of future events that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision affects only that year, or in the year of revision and future years if the revision affects both current and future years.

Notes to the Financial Statements

For The Year Ended June 30, 2020

The estimates and judgments that have a significant effect on the financial statements of the Fund relate to classification, valuation and impairment of financial assets (notes 3.3, 3.13 and 5).

2.5 Accounting convention

These financial statements have been prepared under the historical cost convention except for investments classified as at fair value through profit or loss which are measured at their respective fair values.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 The principal accounting policies applied in the preparation of these financial statements are set out below. These have been consistently applied to all the years presented.

3.2 Cash and cash equivalents

These comprise balances with banks in savings and current accounts, cheques in hand and other short-term highly liquid investments with original maturities of three months or less.

3.3 Financial assets

3.3.1 Classification and subsequent measurement

3.3.1.1 Debt instruments

IFRS 9 has provided a criteria for debt securities whereby these debt securities are either classified as:

- at amortised cost
- at fair value through other comprehensive income (FVOCI)
- at fair value through profit or loss (FVPL),

based on the business model of the entity.

However, IFRS 9 also provides an option whereby securities managed as a portfolio or group of assets and whose performance is measured on a fair value basis, to be recognised at FVPL. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. Therefore the management considers its investment in debt securities as being managed as a group of assets and hence has classified them as FVPL.

3.3.2 Impairment

The Fund assesses on a forward looking basis the expected credit loss (ECL) associated with its financial assets (other than debt instruments) carried at amortised cost and FVOCI. The Fund recognises loss allowances for such losses at each reporting date. The measurement of ECL reflects:

Notes to the Financial Statements

For The Year Ended June 30, 2020

- An unbiased and probability weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

3.3.3 Impairment loss on debt securities

Provision for non-performing debt securities is made on the basis of time-based criteria as prescribed by the SECP and based on management's assessment made in line with its provisioning policy approved by the Board of Directors of the Management Company in accordance with the guidelines issued by the SECP. Impairment losses recognised on debt securities can be reversed through the income statement.

As allowed by the SECP, the Management Company may make provision against debt securities over and above the minimum provision requirement prescribed by the SECP, in accordance with the provisioning policy duly approved by the Board of Directors.

3.3.4 Regular way contracts

All regular way purchases and sales of financial assets are recognised on the trade date i.e. the date on which the Fund commits to purchase or sell the asset. Regular way purchases / sales of assets require delivery of securities within two days from the transaction date as per the stock exchange regulations.

3.3.5 Initial recognition and measurement

Financial assets are recognised at the time the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are recognised in the income statement.

3.3.6 Derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership. Any gain or loss on derecognition of financial assets is taken to the income statement.

3.4 Financial liabilities

Financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instruments. These are initially recognised at fair values and subsequently stated at amortised cost.

Notes to the Financial Statements

For The Year Ended June 30, 2020

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Any gain or loss on derecognition of financial liabilities is taken to the income statement.

3.5 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.6 Provisions

Provisions are recognised when the Fund has a present, legal or constructive, obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

3.7 Net asset value per unit

The Net Asset Value (NAV) per unit as disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at the year end.

3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the applications received by the distributors during business hours of the day when the application is received. The offer price represents the net assets value of the units as of the close of that business day plus the allowable sales load, provision for duties and charges and provision for transaction costs, if applicable.

Units redeemed are recorded at the redemption price prevalent on the date on which the distributors receive redemption applications during business hours on that date. The redeemed price represents the net assets value per unit less back end load, any duties, taxes, charges on redemption and any provision for transaction costs, if applicable.

3.9 Distributions to unit holders

Distributions to the unit holders are recognised upon declaration and approval by the Board of Directors of the Management Company. Based on the Mutual Funds Association of Pakistan's (MUFAP) guidelines duly consented by the SECP, distribution for the year also includes portion of income already paid on units redeemed during the year.

Distributions declared subsequent to the year end reporting date are considered as non-adjusting events and are recognised in the financial statements of the year in which such distributions are declared and approved by the Board of Directors of the Management Company.

Notes to the Financial Statements

For The Year Ended June 30, 2020

3.10 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

Element of income represents the difference between net asset value (NAV) per unit on the issuance or redemption date, as the case may be, of units and the NAV per unit at the beginning of the relevant accounting period. Further, the element of income is a transaction of capital nature and the receipt and payment of element of income is taken to unit holders' fund. However, to maintain the same ex-dividend NAV of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders fund is refunded on units in the same proportion as dividend bears to accounting income available for distribution.

3.11 Revenue recognition

- Gains / (losses) arising on sale of investments are included in the income statement on the date when the transaction takes place.
- Profit on balances with bank is recognised on time proportion basis using the effective yield method.
- Unrealised gains / (losses) arising on re-valuation of securities classified as financial assets at fair value through profit or loss are included in the income statement in the period in which they arise.
- Income on sukuk certificates, placements, commercial papers and government securities is recognised on a time proportionate basis using the effective yield method.

3.12 Expenses

All expenses chargeable to the Fund including remuneration of the Management Company and Trustee and annual fee of the SECP are recognised in the income statement on an accrual basis.

3.13 Taxation

Current

Provision for current taxation is based on taxable income at the current rates of taxes after taking into account tax credits and rebates, if any. The charge for current tax is calculated using the prevailing tax rates.

The income of the Fund is exempt from income tax under clause 99 of Part I of the Second Schedule to the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income for the year, as reduced by capital gains, whether realised or unrealised, is distributed amongst the unitholders. Furthermore, for the purpose of determining distribution of at least 90 percent of the accounting income, the income distributed through bonus units shall not be taken into account.

The Fund is also exempt from the provisions of section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in the Finance Act, 2015 is also not applicable on funds (Section 4B of the Income Tax Ordinance, 2001).

Notes to the Financial Statements

For The Year Ended June 30, 2020

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. The deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse, based on substantively enacted tax rates.

3.14 Earnings / (loss) per unit

Earnings / (loss) per unit is calculated by dividing the net income of the year after taxation of the Fund by the weighted average number of units outstanding during the year.

Earnings / (loss) per unit (EPU) has not been disclosed as, in the opinion of the management, the determination of cumulative weighted average number of outstanding units for calculating EPU is not practicable.

3.15 Foreign currency translation

Transactions denominated in foreign currencies are accounted for in Pakistani Rupees at the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates for monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

6 DEPOSITS AND OTHER RECEIVABLES

Security deposit with the Trustee		100,000	100,000
Profit receivable on balances with banks	6.1	20,832,824	31,192,176
Advance tax	6.2	1,334,244	278,410
Profit receivable on debt securities		-	8,374,690
		<u>22,267,068</u>	<u>39,945,276</u>

6.1 This includes profit receivable amounting to Rs. 825,018 (June 30, 2019: Rs. 1,843,704) on balance held with Faysal Bank Limited, a related party.

6.2 As per clause 47(B) of Part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 151 and 150. However, withholding tax on profits paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder. The tax withheld on profits on bank balances amount to Rs. 1.334 million.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of the FBR. In 2016, the Board of the AMCs passed a resolution, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management

Notes to the Financial Statements

For The Year Ended June 30, 2020

Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profits received by the Fund has been shown as other receivables as at June 30, 2020, as, in the opinion of the management, the amount of tax deducted at source will be refunded

	Note	2020	2019
		----- (Rupees) -----	
7	PAYABLE TO FAYSAL ASSET MANAGEMENT LIMITED - THE MANAGEMENT COMPANY		
	Management fee payable	7.1 1,883,466	1,752,796
	Sales tax on management fee	7.2 244,851	227,827
	Selling and marketing charges	7.3 4,990,246	-
	Allocated expenses	7.4 541,499	-
		<u>7,660,062</u>	<u>1,980,623</u>

- 7.1** As per regulation 61 of the NBFC Regulations, the Management Company is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the offering document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company was charging its remuneration at the rate of 7.5% of revenue subject to minimum and maximum limits of 0.5% and 0.8% of net assets respectively of the Fund till January 28, 2020 (7.5% of revenue subject to minimum and maximum limits of 0.5% and 0.8% of net assets respectively from July 1, 2018 till June 30, 2019).

During the year ended June 30, 2020, through a circular resolution of the Board of Directors dated December 16, 2019, the Management Company has changed its remuneration structure from the one mentioned above to a variable fee structure where the Management Company has defined a maximum fee level in the Fund's offering document at the rate of 1% of net assets. The Trustee has consented and the SECP has approved this revision via their letters CDC/T&C-S II/DH/0034/2020 and SCD/AMCW/FMMF/235/2020 dated January 28, 2020 and February 28, 2020 respectively. The Board of the Management Company has also defined a minimum threshold of 0.2% of net assets through the aforementioned circular resolution. As a consequence thereof, the Management Company is now charging its remuneration variably keeping in view the overall return of the Fund and subject to the maximum percentage approved by the Board, the Trustee and the SECP and the minimum percentage approved by the Board and subject to the total expense ratio of the Fund as defined under the NBFC Regulations.

The Management Company charged management fee at 0.5% of net assets for the period from January 29, 2020 to June 30, 2020.

The remuneration is payable to the Management Company monthly in arrears.

- 7.2** During the year, an amount of Rs. 3.434 million (2019: Rs 2.539 million) was charged on account of sales tax on management fee levied through the Sindh Sales Tax on Services Act, 2011.

Notes to the Financial Statements

For The Year Ended June 30, 2020

- 7.3** The SECP has allowed asset management companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for three years (from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense shall be 0.4% per annum of the net assets of the fund or actual expenses whichever is lower.

During the current year, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board as part of annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

As a consequence thereof, the Board of Directors of the Management Company has approved the annual plan for charging of selling and marketing expenses to the funds under the management of the Management Company through a circular resolution dated December 16, 2019. Furthermore, the Board, through the same circular resolution, has given a discretion for charging of selling and marketing expenses directly to the Fund as proposed by the management. Therefore, the Management Company is now charging the selling and marketing expenses variably keeping in view the overall return of the Fund and subject to the total expense ratio of the Fund as defined under the NBFC Regulations.

The summary of rates of selling and marketing expenses charged by the Management Company from January 29, 2020 to June 30, 2020 is as follows:

Date		% of net assets
From	To	
29-Jan-20	17-May-20	0.3
18-May-20	30-Jun-20	0.2

- 7.4** In accordance with Regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a collective investment scheme (CIS).

Until June 19, 2019 there was a maximum cap of 0.1% of the average annual net assets of the scheme or actual whichever is less, for allocation of such expense to the Fund. However, the SECP vide its SRO 639 dated June 20, 2019 removed the maximum cap of 0.1%.

During the year ended June 30, 2020, the Board of Directors of the Management Company, in its 106th meeting held on April 17, 2020, has given a discretion for charging of allocated expenses directly to the Fund as proposed by the management. Therefore, the Management Company is now charging the allocated expenses variably keeping in view the overall return of the Fund and subject to the total expense ratio of the Fund as defined under the NBFC Regulations.

The Management Company charged allocated expenses at 0.1% of net assets for the period from May 18, 2020 to June 30, 2020.

Notes to the Financial Statements

For The Year Ended June 30, 2020

	Annual fee	9.1 818,660	1,923,140

9.1 In accordance with the NBFC Regulations, a Collective Investment Scheme (CIS) is required to pay annual fee to the Securities and Exchange Commission of Pakistan (SECP).

Effective from July 1, 2019, the SECP vide SRO No. 685(I)/2019 dated June 28, 2019, revised the rate of annual fee to 0.02% of net assets, applicable on all categories of CISs. Accordingly, the Fund has charged the SECP fee at the rate of 0.02% of net assets during the year (June 30, 2019: 0.075% of net assets).

	Note	2020 ----- (Rupees) -----	2019 -----

	Provision for federal excise duty (FED)	10.2 14,159,912	14,159,912
		<u>44,061,987</u>	<u>28,073,268</u>

Notes to the Financial Statements

For The Year Ended June 30, 2020

10.1 As a consequence of the 18th amendment to the Constitution of Pakistan, in May 2015 the Sindh Workers' Welfare Fund Act, 2014 (SWWF Act) had been passed by the Government of Sindh as a result of which every industrial establishment located in the province of Sindh, the total income of which in any accounting year is not less than Rs 0.50 million, was required to pay Sindh Workers' Welfare Fund (SWWF) in respect of that year a sum equal to two percent of such income. The matter was taken up by the MUFAP with the Sindh Revenue Board (SRB) collectively on behalf of various asset management companies and their CISs whereby it was contested that mutual funds should be excluded from the ambit of the SWWF Act as these were not industrial establishments but were pass through investment vehicles and did not employ workers. The SRB held that mutual funds were included in the definition of financial institutions as per the Financial Institution (Recovery of Finances) Ordinance, 2001 and were, hence, required to register and pay SWWF under the SWWF Act. Thereafter, MUFAP had taken up the matter with the Sindh Finance Ministry to have CISs / mutual funds excluded from the applicability of SWWF. In view of the above developments regarding the applicability of SWWF on CISs / mutual funds, MUFAP recommended that, as a matter of abundant caution, provision in respect of SWWF should be made on a prudent basis with effect from the date of enactment of the SWWF Act, 2014 (i.e. starting from May 21, 2015).

Had the provision for SWWF not been recorded in the financial statements of the Fund for the period from May 21, 2015 to June 30, 2020, the net asset value of the Fund as at June 30, 2020 would have been higher by Rs. 0.3525 per unit (2019: Rs. 0.3030 per unit).

10.2 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16 percent on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 4, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 1, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from July 1, 2016. However, as a matter of abundant caution, the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 14.160 million is being retained in the financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the net asset value per unit of the Fund would have been higher by Rs. 0.2744 (June 30, 2019: Rs. 0.5202).

Notes to the Financial Statements

For The Year Ended June 30, 2020

11 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at June 30, 2020 and June 30, 2019.

	2020	2019
	----- (Rupees) -----	
12 AUDITORS' REMUNERATION		
Audit fee	262,500	250,000
Review and other certifications	119,175	113,500
Out of pocket expenses	57,994	61,480
	<u>439,669</u>	<u>424,980</u>
Sales tax	35,174	29,080
	<u>474,843</u>	<u>454,060</u>

13. TOTAL EXPENSE RATIO

The total expense ratio (TER) of the Fund as at June 30, 2020 is 1.24% which includes 0.35% representing government levies on the Fund such as provision for Sindh workers' welfare fund, sales taxes, annual fee to the SECP etc. This ratio is within the maximum limit of 2% prescribed under the NBFC Regulations for a collective investment scheme categorised as a money market scheme.

14 TAXATION

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the year as reduced by capital gains, whether realised or unrealised, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the year derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders. Since the management has distributed the required minimum percentage of income earned by the Fund for the year ended June 30, 2020 to the unit holders in the manner as explained above, no provision for taxation has been made in these financial statements during the year.

The Fund is also exempt from the provisions of Section 113 (minimum tax) under clause 11A of Part IV of the Second Schedule to the Income Tax Ordinance, 2001. Moreover, super tax introduced in Finance Act, 2015 is also not applicable on Funds as per Section 4B of the Income Tax Ordinance, 2001.

15 TRANSACTIONS WITH RELATED PARTIES / CONNECTED PERSONS

- 15.1** Connected persons include Faysal Asset Management Limited being the Management Company, Central Depository Company of Pakistan Limited being the Trustee, other collective investment schemes managed by the Management Company, Faysal Asset Management Limited - Staff Provident Fund, Faysal Asset Management Limited - Staff Gratuity Fund, Faysal Bank Limited, Faysal Bank Limited - Staff Provident Fund, Faysal Bank Limited - Staff Gratuity Fund and other entities under common

Notes to the Financial Statements

17 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The risk management policy of the Fund aims to maximise the return attributable to the unit holders and seeks to minimise potential adverse effects on the Fund's financial performance.

Risks of the Fund are being managed by the Fund manager in accordance with the approved policies of the Investment Committee which provides broad guidelines for management of risk pertaining to market risks (including price risk, interest rate risk and currency risk), credit risk and liquidity risk. Further, the overall exposure of the Fund complies with the NBFC Regulations, and the directives issued by the Securities and Exchange Commission of Pakistan (SECP).

Risks managed and measured by the Fund are explained below:

17.1 Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices.

The Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the Investment Committee.

Market risk comprises of three types of risks: interest rate risk, currency risk and price risk.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As of June 30, 2020, the Fund's exposure to the risk of changes in market interest rates relates primarily to balances with banks. The balances with banks are subject to interest rates as declared by the respective banks on periodic basis. As at June 30, 2020, approximately 89.82% (June 30, 2019: 88.60%) of the Fund's financial assets are subject to interest rates risk.

Incase of an increase of 100 basis points in the interest rate, with all other factors remaining constant, would increase the Fund's income and increase the net assets of the Fund by Rs. 47.69

Notes to the Financial Statements

For The Year Ended June 30, 2020

million (2019: Rs. 24.83 million) and a decrease of 100 basis points would result in an decrease the Fund's income and the net assets of the Fund by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

The Fund's interest rate sensitivity related to financial assets and financial liabilities as at June 30, 2020 can be determined as follows:

----- 2020 -----					
Effective interest rate (%)	Exposed to interest rate risk			Not exposed to profit rate risk	Total
	Up to three months	More than three months and up to one	More than one year

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from profit rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

17.2 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligation in full as they fall due or can only do so on terms that are materially disadvantageous to the Fund.

Notes to the Financial Statements

For The Year Ended June 30, 2020

The Fund is exposed to daily redemptions at the option of unit holders. The Fund's approach to managing liquidity is to ensure, as far as possible, that the Fund will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions. The Fund's policy is, therefore, to invest the majority of its assets in investments that are traded in an active market and can be readily disposed and are considered readily realisable.

As per the NBFC Regulations, the Fund can borrow in the short-term to ensure settlement. The maximum limit of which is fifteen percent of the net assets up to 90 days and would be secured by the assets of the Fund.

In order to manage the Fund's overall liquidity, the Fund may also withhold daily redemption requests in excess of ten percent of the units in issue and such requests would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any redemptions during the year.

For maturity profile of the Fund's financial instruments, refer note 17.1 to these financial statements.

17.3 Credit risk

17.3.1 Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation as it falls due. Credit risk arising on the debt instruments is mitigated by investing in rated instruments or instruments issued by rated counterparties of credit ratings of at least investment grade by the recognised rating agencies. The Fund receives a monthly rating update, against which investments are reviewed.

Credit risk arises from deposits with banks and financial instruments, profit receivable on balances with banks, receivable against conversion of units and credit exposure arising as a result of receivable against sale of investments. Credit risk arising on other financial assets is monitored through a regular analysis of financial position of brokers and other parties. In accordance with the risk management policy of the Fund, the investment committee monitors the credit position on a daily basis which is reviewed by the Board of Directors of the Management Company on a quarterly basis.

The table below analyses the Fund's maximum exposure to credit risk:

	2020	2019
	----- (Rupees) -----	
Bank balances	4,769,428,732	2,483,369,195
Investments	517,537,048	280,000,000
Deposits and other receivables	20,932,824	39,666,866
Receivable against sale of units	1,874,000	-
	<u>5,309,772,604</u>	<u>2,803,036,061</u>

Notes to the Financial Statements

For The Year Ended June 30, 2020

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets.

17.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its balances with banks and profit accrued thereon and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

Rating	% of financial assets exposed to credit risk	
	2020	2019
AAA	99.63%	90.67%
AA+	0.12%	8.92%
AA	0.25%	0.41%
	<u>100%</u>	<u>100%</u>

The maximum exposure to credit risk before any credit enhancement as at June 30, 2020 is the carrying amount of the financial assets.

17.3.2 Credit quality of financial assets

The Fund's significant credit risk arises mainly on account of its balances with banks and profit accrued thereon and receivable against conversion of units and against investments. The credit rating profile of balances with banks is as follows:

	2020			Total
	Level 1	Level 2	Level 3	
Financial assets at fair value through profit or loss				
Commercial paper*	-	517,537,048	-	517,537,048
	<u>-</u>	<u>517,537,048</u>	<u>-</u>	<u>517,537,048</u>
	2019			Total
	Level 1	Level 2	Level 3	
Financial assets at fair value through profit or loss				
Commercial paper*	-	-	-	-
	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>

Notes to the Financial Statements

For The Year Ended June 30, 2020

*The valuation of commercial papers has been done based on amortisation of commercial paper to its face value as per the guidelines given in Circular 33 of 2012 since the residual maturity of this investment is less than six months and they are placed with counterparties which have high credit rating.

During the year ended June 30, 2020, there were no transfers between level 1 and level 2 fair value measurements, and no transfer into and out of level 3 fair value measurements.

19 UNIT HOLDERS' FUND RISK MANAGEMENT

The unit holders' fund is represented by redeemable units. These units are entitled to dividends and to payment of a proportionate share based on the Fund's Net Asset Value per unit on the redemption date. The relevant movements are shown on the 'Statement of Movement in Unit Holders' Fund'.

The Fund has no restriction on the subscription and redemption of units. As required under the NBFC Regulations, 2008 every open end scheme shall maintain fund size (i.e. net assets of the Fund) of Rs 100 million at all times during the life of the scheme. The Fund has historically maintained and complied with the requirement of minimum fund size at all times.

The Fund's objectives when managing unit holders' funds are to safeguard its ability to continue as a going concern so that it can continue to provide returns to the unit holders and to maintain a strong base of assets to meet unexpected losses or opportunities.

In accordance with the risk management policies as stated in note 17, the Fund endeavours to invest the subscriptions received in appropriate investment avenues while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments or short term borrowings, where necessary.

Notes to the Financial Statements

For The Year Ended June 30, 2020

25 GENERAL

25.1 Corresponding figures have been reclassified and rearranged in these financial statements, wherever necessary, for the purpose of better presentation. No significant rearrangements or reclassifications were made in these financial statements, except for the following:

Reclassification from the statement of assets and liabilities	Reclassification to the statement of assets and liabilities	June 30, 2019 (Rupees)
Accrued and other liabilities	Payable to the Securities and Exchange Commission of Pakistan	1,923,140

25.2 Round off

Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

25.3 Impacts of COVID-19

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To reduce the impact on businesses and economies in general, regulators / governments across the globe have introduced a host of measures on both the fiscal and economic fronts.

The Securities and Exchange Commission of Pakistan (SECP) has provided the following relaxations to the asset management companies operating in Pakistan for a specific period:

- The time period to regularise the exposure limits breach under Regulation 55(13) of the NBFC Regulations has been extended from four months to six months;
- Maximum limit for application of discretionary discount as per the Annexure-I, Chapter 3 of Circular 33 of 2012 has been enhanced;
- The time period for classification of a debt security to non-performing category has been extended from 15 days to 180 days as per the requirements of Annexure-II of Circular 33 of 2012;
- Time period to ensure compliance with minimum fund size for open end schemes under Regulation 54(3)(b) of the NBFC regulations has been increased to 180 days for open end schemes; and
- Time for announcement of daily NAV as per the regulatory requirement is extended from 18:30 pm to the start of the next working day.

25.3.1 Operational risk management

The Management Company is closely monitoring the situation and has invoked required actions to ensure safety and security of the staff and an uninterrupted service to the customers. Business Continuity Plans (BCP) for respective areas are in place and tested. The Management Company has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and

Notes to the Financial Statements

For The Year Ended June 30, 2020

related risk and control measures were assessed to make sure they are fully protected using virtual private network (VPN) connections. Further, the Management Company has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber-attacks.

The Management Company has made an assessment of COVID-19 on the credit risk and liquidity risk and believes that there is no significant impact on the Fund.

26 DATE OF AUTHORISATION FOR ISSUE
