DIRECTORS' REPORT

Dear Shareholders

The Directors of your Company are pleased to present before you the Financial Statements of your Company for the half year ended on December 31, 2021 of the current financial year. They are equally pleased to share with you the fact that the economic and business conditions in the last six months have been encouraging and overall performance of your Company have remained satisfactory during this period. We would like to apprise you that during the first six months, the leases written and finance provided by the Company was Rs 921 million, highest ever in the first six month period, since the inception of the Company.

Total Revenue earned of Rs. 109.32 million by your Company for the half year ended on December 31, 2020 was lower than the total Revenue of Rs. 135.69 million, earned by your Company in the first half of the Financial Year 2020-21. Other Operating income for the period was Rs 7.56 million compared to Rs 7.67 million in the previous period. Administrative expense increased from Rs 29.86 million to Rs 31.75 million, mainly due restatement of salaries at pre-covid levels and impact of Workers' Welfare Fund due to higher pre-tax profitability. Finance Cost increased slightly to Rs 25.68 million compared to Rs 24.73 million, due to policy rate change in the previous quarter, and increased utilization in borrowings. Further during the half year ended December 31, 2021 the Company reversed provisions of Rs. 18.48 million, and Rs. 17.96 million for potential lease losses, and leases held under litigation, respectively. The reversals were due to continuous effort on part of the Company to recover monies from non-performing lessees which were provided earlier and entering into out of court settlement agreements with lessees. Due to the above the Company's Profit after Taxation for the half year ended December 31, 2021 amounted to Rs. 72.69 million as compared to Rs. 15.32 million, for the corresponding period of the last Financial Year 2020-21.

The Shareholders Equity of your Company amounts to Rs. 748.15 million, as at December 31, 2021 while Earnings per Share for the half year ended December 31, 2021 stands at Rs. 2.87 per share.

Your Directors, in their capacity as your representatives for overseeing the performance of your Company, would like to place on record their appreciation for the services rendered and the dedicated efforts made by the Management Team and all the staff members of your Company, towards obtaining the positive results placed before you, notwithstanding the testing market conditions. We expect the management and staff of PGL, not only to maintain, but to further enhance their marketing skills and make all-out effort towards improving upon the quality of their services to your Company's clients so as to project a positive image of your Company in the leasing sector of Pakistan.

The Directors also take the opportunity to acknowledge, with thanks, the cooperation and guidance extended to your Company by the Securities and Exchange Commission of Pakistan (SECP), Pakistan Institute of Corporate Governance (PICG) and other regulatory authorities. Their role is critical in developing the leasing sector and it is hoped that these agencies would continue to strengthen the leasing sector, by taking appropriate measures for its betterment.

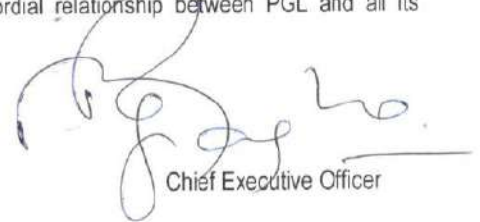

In the end, we would like to thank you, our valued Shareholders, as well as PGL's customers and bankers, for the valuable support given by them to PGL. We look forward to reinforcing and building further a mutually beneficial and cordial relationship between PGL and all its stakeholders.

Our observations on the condensed interim financial statements are as follows:

1. RESPONSIBILITIES OF THE MANAGEMENT AND AUDITORS IN RELATION TO THE REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS

We conducted our review in accordance with the International Standard on Review Engagements 2410: 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of the condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The management is responsible for the preparation and presentation of the condensed interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on the condensed interim financial statements based on our review.

2. DORMANT / INACTIVE BANK ACCOUNT

During the course of audit, we noted following bank account which is dormant/inactive. The presence of this account may be prone to risk and misuse.

Name of bank	Nature	Address	Balance (Rupees)
Al-Baraka Bank (Pakistan) Limited	Current Account	Karachi	452,451

We recommend the management to close all the dormant/inactive bank accounts to avoid the risk of misuse of such assets.

3. UNCLAIMED DIVIDEND

During the course of review, we noted unclaimed dividends exceeding three years amounting to Rs 0.483 million remained un-credited to the Federal Government resulting in non-compliance of Sec-244(2)(a) of Companies Act 2017.

4. IMPACT OF COVID-19 IN FINANCIAL STATEMENTS

On January 30, 2020, The International Health Regulations Emergency Committee of the World Health Organization declared the COVID-19 outbreak "Public Health Emergency of International Concern". Many countries including Pakistan have enacted protection measures against COVID- 19, with a significant impact on economic activities in these countries. The evolution of COVID- 19 as well as its impact on the global and the local economy is difficult to predict at this stage. As of the release date of these financial statements, there has been no specifically material quantifiable impact of COVID-19 on the Company's financial condition or results of operations except those disclosed in relevant notes to the financial statements.

5. RELATED PARTY TRANSACTIONS

We have been informed by the management that there were no transactions with related parties other than those disclosed in the notes to the condensed interim financial statements.

6. CONTINGENCIES AND COMMITMENTS

We have been informed by the management that there are no contingencies and commitments as on the date of the financial statements other than those disclosed in the condensed interim financial statements.

7. FRAUD AND ERRORS

We have been informed by the management that no case of fraud and error, has been brought to their knowledge during the reporting period. Kindly confirm the representations made by management.

We take this opportunity to thank all your staff for the courtesy and cooperation extended to us during the course of our review.

Yours faithfully,

BDO EBRAHIM & CO.

Enclosed as above

Standard or Interpretation

Financial Instruments - IFRS 9

June 30, 2022

The SECP has issued S.R.O. 800(I)/2021 and has extended the effective date for applicability of International Financial Reporting Standard - Financial Instruments (IFRS-9) in place of International Accounting Standard (IAS-39) (Financial Instruments: Recognition and Measurement) for Non-Banking Finance Companies from reporting period/year ending on or after June 30, 2022.

An extensive assessment is required to be made, because the actual impact of adopting IFRS 9 on or after June 30, 2022 may results in changes as:

- IFRS 9 requires the Company to revise its accounting processes and internal controls and these changes are not yet complete including consequential changes to its governance framework;
- The company is refining and finalizing its models for ECL calculations mainly for finance lease receivables and finances loans; and

IFRS 9 requires the Company to revise its accounting processes and internal controls and these changes are not yet complete;

- The company is refining and finalizing its models for ECL calculations mainly for finance lease receivables and finances loans; and
- The new accounting policies, assumptions, judgements and estimation techniques employed are subject to change until the Company finalizes its financial statements for the year ending June 30, 2022.

IFRS 9 contains requirements in the following areas:

- **Classification and Measurement:** Financial assets are classified by reference to the business model within which they are held and their contractual cash flow characteristics of IFRS 9 introduces a 'fair value through other comprehensive income' category for certain debt instruments.
- **Impairment:** IFRS 9 introduces an 'expected credit loss' model for the measurement of the impairment of financial assets, so it is no longer necessary for a credit event to have occurred before a credit loss is recognized.

The Company anticipates that classification and measurement of debt instruments will be driven by the entity's business model for managing the financial asset and contractual cash flows of financial assets. A debt instrument is measured at amortized cost if the objective of the business model to hold the financial assets for the collection of contractual cash flows and the contractual cash flows under the instrument solely represent the payments of principal and interest (SPPI). A debt instrument is measured at fair value through other comprehensive income if the objective of the business model is to hold financial statements both to collect contractual cash flows from SPPI and to sell. All other debt instruments must be recognized at fair value through profit or loss. The Company anticipates that majority of financial assets and liabilities would be classified at amortized cost.

The application of the expected credit loss model of IFRS 9 may result in recognition of credit losses for the respective financial assets and finance lease receivables and may increase the amount of loss allowance for these items. The Company anticipates transition impact analysis as financial assets and finance lease receivables under IFRS 9 indicate that the expected credit loss as per IFRS 9 to be in line with the cumulative loss allowance as per the current regulatory requirements for impairment as at December 31, 2021. However, the transaction impact will be reported in the subsequent reporting period.
