Dear Sir

While the country steers through the outbreak of Pandemic Corona Virus in Pakistan, PICT stands with the Government of Pakistan and country fellow-men and is supporting the economy in these challenging times. PICT continues to operate 24 hours with all possible precautionary measures and essential staff only to ensure the sustainability of Pakistan trade and its duty towards the society.

Apart from various other initiatives taken by PICT within its premises, PICT has decided to waive its charges on import consignments of necessary materials to combat COVID-19 which include hand sanitizers, protective masks, surgical gloves and COVID testing kits. Through this initiative of PICT, importers will have the opportunity to reduce prices of such items for general public and hospitals to fight this pandemic. Enclosed please find flyer which has been circulated to the general public.

You may please inform the TRE Certificate holders of the Exchange accordingly.
