Notes to the Condensed Interim Financial Information (unaudited)

For the nine months period ended
September 30, 2018

1. STATUS AND NATURE OF BUSINESS

Premier Insurance Limited (the Company) was incorporated as a public limited company in Pakistan on May 1952 and is engaged in general insurance business. The shares of the Company are listed on the Pakistan Stock Exchange. The registered office of the Company is situated at 5th Floor, State Life Building No. 2A, Wallace Road, Karachi. The Company was allowed to work as Window Takaful Operator on October 02, 2015 by Securities and Exchange Commission of Pakistan (SECP) under SECP Takaful Rules, 2012 to carry on General Window Takaful Operations in Pakistan.

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE

The condensed interim financial information for the period ended September 30, 2018 has been prepared in accordance with the requirements of the International Financial Reporting Standards (IFRS) issued by International Accounting Standard Board (IASB) as noted under Companies Act 2017, provisions and directives issued under Companies Act 2017, Insurance Ordinance 2000, Insurance Rules 2017, Insurance Accounting Regulations 2017 and Takaful Rules 2012. In case where requirements differ the provisions of or directives issued under Companies Act 2017, Insurance Ordinance 2000, Insurance Rules 2017, Insurance Accounting Regulations 2017 and Takaful Rules 2012 shall prevail.

The condensed interim financial information does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with annual financial statements of the company for the year ended 31 December, 2017.

Further, a separate set of condensed financial information of the General Takaful Operations has been annexed to these financial information as per the requirements of the Takaful Rules 2012.

The condensed interim financial information is prepared and presented in Pakistani Rupees, which is the Company's functional and presentation currency.

During the period the Companies Act, 2017 has been implemented, however there is no impact on the condensed interim financial information.

"During the period, the Company has changed format for preparation of its condensed interim financial information to comply with the requirements of the 'Insurance Rules, 2017' issued by SECP vide its S.R.O. 89(1) / 2017 dated 09 February 2017. In line with the requirements provided in the Rules, these are the first set of condensed interim financial information of the Company for the nine month period ended 30 September 2018. Certain changes have been made to the presentation of the financial information which includes the following
:"

Notes to the Condensed Interim Financial Information (unaudited)

For the nine months period ended
September 30, 2018

- Changes in sequence of assets / liabilities in the statement of financial position.
- Discontinuation of separate statements of premium, claims, commissions, and investment income which are now presented on aggregate basis into the notes to the condensed interim financial information.
- Underwriting results in relation to various classes of business which were previously presented on the face of the profit and loss account are now presented in aggregate.

Prior year figures have been reclassified / rearranged for the purpose of comparison where necessary.

The condensed interim financial information for the period ended September 30, 2018 has been prepared under historic cost basis except for the available for sale investments, that have been measured at market value.

3. SIGNIFICANT ACCOUNTING POLICIES

The format for preparation of these condensed interim financial information has changed as described above but the accounting policies and methods of computation adopted in its preparation are the same as those applied in the preparation of the financial statements of the Company for the year ended 31 December 2017 except for valuation of available for sale investment and recognition criteria of premium due to adaption of Insurance Accounting Regulations 2017 (the Regulations). Other changes issued by The SECP vide SRO 88 dated 9 February, 2017 are not considered material to these condensed interim financial information.

3.1 Available for sale investments

The SEC (Insurance) Rules 2002 (repealed) allowed the Insurance Companies to defer the application of International Accounting Standard-39 (IAS-39) 'Financial Instruments : Recognition and Measurement" in respect of valuation of available for sale investments. Hence subsequent to initial recognition the available for sale investments were stated at the lower of cost or market value (market value on an individual investment basis being taken lower as if the fall is other than temporary).

Furthermore, investments in equity instruments that do not have a quoted price in an active market are measured at cost.

During the current period, the adoption of The Regulation required every insurer to comply with applicable International Financial Reporting Standards (IFRS) for recognition and measurement of assets, liabilities, expenses and revenues.

Accordingly, the company has applied IAS-39 and available for sale investments at reporting date are measured at market value. This change has been applied retrospectively in accordance with

Notes to the Condensed Interim Financial Information (unaudited)

For the nine months period ended
September 30, 2018

the requirements of International Accounting Standard-8 'Accounting Policies, Change in Accounting Estimates and Errors" and comparatives have been restated to confirm to the changed accounting policy.

Accordingly, retrospectively adjustments have been made in these condensed interim financial statements and comparatives have been revised as follows:

3.2 Premium

The Insurance Accounting Regulations, 2017 remodel the recognition criteria for the premium written under a Insurance Policy. The said regulations require the Company to recognize premium receivable under a Insurance policy/cover note as written from the date of attachment of risk to the policy/cover note. Accordingly, the Company is required to account for cover notes which are effective as at balance sheet date. As per repealed SEC(Insurance) Rules, 2002, the premium

was written under an insurance policy at the time of its issuance. The change is considered to be a change in accounting policy in accordance with IAS-8 "Accounting Policies, Changes in Accounting Estimates and Errors". The impact of the same is not considered to be material to the condensed interim financial information and accordingly not included in the comparative restated financial information.

- 3.3** Certain amendments and interpretations to approved accounting standards became effective during the period were not relevant to the company's operation and do not have any impact on the accounting policies of the company.

4. ESTIMATES AND JUDGMENTS

The preparation of these condensed interim financial statements are in conformity with approved accounting standards which requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. For the purpose of carrying on the Takaful business, the Operator has formed a Waqf (Participants' Takaful Fund (PTF)) on October 31, 2015 under the Waqf Deed with a Cede money of Rs.500,000. The Waqf Deed and PTF Policies (Waqf Rules) govern the relationship of Operator, Waqf and Participants for management of Takaful operations, investment of Waqf and Operator's Fund as approved by the Shariah Advisor of the Operator. The accounts of the Waqf are maintained by the Operator in a manner that the assets and liabilities of Waqf remain separately identifiable. The financial statements of the Operator are prepared such that the financial position and results from the operations of Waqf and the Operator are shown separately.

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE

The condensed interim financial information has been prepared in accordance with the requirements of the International Financial Reporting Standards (IFRS) issued by International Accounting Standard Board (IASB) as noted under Companies Act 2017, as applicable in Pakistan, provisions and Directives issued under Companies Act 2017, the Insurance Ordinance 2000, Insurance Rules 2017, the Insurance Accounting Regulations 2017 and Takaful Rules 2012. In case where requirements differ the provisions of or directives issued under Companies Act 2017 the Insurance Ordinance 2000, Insurance Rules 2017 the Insurance Accounting Regulations 2017 and Takaful Rules 2012 shall prevail.

The condensed interim financial information does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with Annual Financial Statements of the Operator for the year ended 31 December 2017.

The condensed interim financial information reflect the financial position and result of operations of both OPF and PTF in a manner that the assets, liabilities, income and expenses of the OPF and PTF remain separately identifiable.

Notes to the Condensed Interim Financial Information (unaudited)

89(1) / 2017 dated 09 February 2017. In line with the requirements provided in the Rules, these are the first set of condensed interim financial information of the Company for the nine months period ended 30 Sep 2018. Certain changes have been made to the presentation of the financial information which includes the following :”

- Changes in sequence of assets / liabilities in the statement of financial position.
- Discontinuation of separate statements of premium, claims, commissions, and investment income which are now presented on aggregate basis into the notes to the condensed interim financial information.
- Underwriting results in relation to various classes of business which were previously presented on the face of the profit and loss account are now presented in aggregate.

Prior year figures have been reclassified / rearranged for the purpose of comparison where necessary.

The condensed interim financial information for the period ended Sep 30, 2018 has been prepared under historic cost basis except for the available for sale investments, that have been measured at market value.

During the period the Companies Act, 2017 has been implemented, however there is no impact on the condensed interim financial information.

3. SIGNIFICANT ACCOUNTING POLICIES

The format for preparation of these condensed interim financial information has changed as described above but the accounting policies and methods of computation adopted in its preparation are the same as those applied in the preparation of the financial statements of the Company for the year ended 31 December 2017 except for valuation of available for sale investment and recognition criteria of premium due to adaption of Insurance Accounting Regulations 2017 (the Regulations). Other changes issued by The SECP vide SRO 88 dated 9 February, 2017 are not considered material to these condensed interim financial information.

3.1 Available for sale investments

The SEC (Insurance) Rules 2002 (repealed) allowed the Insurance Companies to defer the application of International Accounting Standard-39 (IAS-39) ‘Financial Instruments : Recognition and Measurement” in respect of valuation of available for sale investments. Hence subsequent to initial recognition the available for sale investments were stated at the lower of cost or market value (market value on an individual investment basis being taken lower as if the fall is other than temporary).

Furthermore, investments in equity instruments that do not have a quoted price in an active market are measured at cost.

Notes to the Condensed Interim Financial Information (unaudited)

For the nine months period ended
September 30, 2018

During the current period, the adoption of The Regulation required every insurer to comply with applicable International Financial Reporting Standards (IFRS) for recognition and measurement of assets, liabilities, expenses and revenues.

Accordingly, the company has applied IAS-39 and available for sale investments at reporting date are measured at market value. This change has been applied retrospectively in accordance with the requirements of International Accounting Standard-8 'Accounting Policies, Change in Accounting Estimates and Errors' and comparatives have been restated to confirm to the changed accounting policy.

Accordingly, retrospectively adjustments have been made in these condensed interim financial statements and comparatives have been revised as follows:

3.2 Contribution

The Insurance Accounting Regulations, 2017 remodel the recognition criteria for the contribution written under a Insurance Policy. The said regulations require the Company to recognize premium receivable under a participant policy/cover note as written from the date of attachment of risk to the policy/cover note. Accordingly, the Company is required to account for cover notes which are effective as at reporting date. As per repealed SEC(Insurance) Rules, 2002, the premium was

written under a takaful policy at the time of its issuance. The change is considered to be a change in accounting policy in accordance with IAS-8 "Accounting Policies, Changes in Accounting Estimates and Errors". The impact of the same is not considered to be material to the financial statements and accordingly not included in the comparative restated financial information.

- 3.3** Certain amendments and interpretations to approved accounting standards became effective during the period were not relevant to the company's operation and do not have any impact on the accounting policies of the company.
