## **Subject: Material Information**

Dear Sir,

In accordance with Section 96 of the Securities Act, 2015 and Clause 5.6.1(a) of PSX Regulations, we hereby convey the following information:

We write to communicate the following information: The recent heavy rain and flooding in the city has also affected the Refinery Operations and brought hazards associated with HSE. It was not safe to continue operations and therefore the Company decided to temporarily suspend the Refinery Operations to protect the people and the equipment. Regarding the previously communicated information on August 26, 2020, the assessment of the extent of the damage and the time to repair is in progress but difficulties are being faced due to torrential rain and inaccessible sites. The decision on the timing of resuming Refinery Operations will be taken after the assessment is complete. The Company will communicate the same accordingly.

Yours Sincerely,
