Dear Sir,

MAINTENANCE SHUTDOWN OF PLANT

Pakistan Refinery Limited (PRL) needs to undertake a maintenance job which will necessitate shutdown of its plant for approximately 6 days from February 15, 2025 to February 20, 2025.

The above shutdown is coincidentally taking place at a time when the demand for petroleum products is low and will help us to ensure sustainable operations during the upcoming harvesting season.

You are requested to disseminate this information to the TRE Certificate Holders.

Yours faithfully,

Shehrzad Aminullah
Company Secretary
