**Subject:** Cyber Attack on PSMC Information System

Dear Sir,

On April 9, 2024 we came to know that our corporate data has been leaked due to cyber-attack. Initial investigations suggests that data related to HR, Financials, etc., from server has been port out to public IP. We have onboarded Security Consultant for detail Forensic assessment and eliminating potential security threats from entire infrastructure. Detailed findings will be concluded after completion of assessment.

Yours Sincerely,
