- (7) To authorize the Board of Directors of the Company to approve transactions with Related Parties for the financial year ending June 30, 2020 by passing the following ordinary resolution with or without modification:

"RESOLVED that the Board of Directors of the Company be and is hereby authorized to approve the transactions to be conducted with Related Parties on case to case basis for the financial year ending June 30, 2020."

"FURTHER RESOLVED that these transactions by the Board shall be deemed to have been approved by the shareholders and shall be placed before the shareholders in the next Annual General Meeting for their formal ratification/approval."

ANY OTHER BUSINESS:

- (8) To transact any other business with the permission of the Chair

By Order of the Board

(Abdul Hussain Antaria)
CFO & Company Secretary

Karachi, 27th September, 2019

NOTES

1. Closure of Share Transfer Books

The share transfer books of the Company shall remain closed from 18-Oct-2019 to 25-Oct-2019 (both days inclusive), and the final dividend will be paid to the Shareholders whose names will appear in the Register of Members on 17-Oct-2019.

2. Participation in General Meeting

An individual beneficial owner of shares must bring his/her original CNIC or Passport, Account and Participant's I.D. numbers to prove his/her identity. A representative of corporate members, must bring the Board of Directors' Resolution and/or Power of Attorney and the specimen signature of the nominee. CDG account holders will further have to follow the guidelines as laid down in Circular 1 dated 28th January, 2000, issued by the Securities and Exchange Commission of Pakistan.

A member entitled to attend and vote at the meeting may appoint another member as his/her proxy in writing to attend the meeting and vote on the member's behalf. Proxies in order to be effective must be received at the Company's Registered Office, 33-D-2, Block-6, P.E.C.H.S., Karachi (Phone No. 34322566-69) not later than 48 hours before the time of holding the meeting and no account shall be taken of any part of the day that is not a working day. A member shall not be entitled to appoint more than one proxy.

3. Payment of Cash Dividend (Electronically (Mandatory Requirement))

In accordance with the provision of section 242 of the Companies Act, 2017 and Companies (Distribution of Dividend) Regulations 2017, it is mandatory that dividend payable in cash shall only be paid through electronic mode directly into the bank account designated by the entitled shareholder. Notice in this regard have already been published earlier in newspapers as per Regulations. Those shareholders who have still not provided their IBAN are once again requested to fill in "Electronic Credit Mandate Form" as reproduced below and send it duly signed along with a copy of valid CNIC to their respective CDC participant / CDC Investor account services (in case of shareholding in Book Entry Form) or to Company's Share Registrar M/s. CDC Share Registrar Services Limited (CDGSRSL), CDG House, 99-B, Block B, SMCHS, Karachi-74400 (in case of shareholding in Physical Form).

1.	Shareholder's details	
	Name of the Shareholder(s)	
	Folio No./CDS Account No(s)	
	CNIC No (copy attached)	
	Mobile / Landline No	
2.	Shareholders' Bank details	
	Title of Bank Account	
	International Bank Account Number (IBAN)	
	Bank's Name	
	Branch's Name and Address	

In case of non-provision of of IBAN, the Company will have to withhold the cash dividend according to SECP directives.

4. Submission of the CNIC/NTN details (Mandatory)

In accordance with the notification of the Securities and Exchange Commission of Pakistan (SECP) vide SRO 779(1)/2011 dated 18 August 2011 and SRO 83(1)/2012 dated 5 July 2012, dividend counters in electronic form should bear CNIC number of the registered member or the authorized person, except in case of minor(s) and corporate members. Accordingly, Members who have not yet submitted photocopy of their valid CNIC or NTN in case of corporate entities are requested to submit the same to the Companies' Share Registrar. In case of non-compliance, the Company shall withhold credit of dividend as per law.

STATEMENT UNDER SECTION 134(3) OF THE COMPANIES ACT, 2017

A Statement under Section-134(3) of the Companies Act, 2017 pertaining to the Resolution is appended below:

AGENDA NO.5 - REMUNERATION OF DIRECTORS

The Shareholders' approval is sought for the increase in remuneration of the following directors:

<u>NAME OF DIRECTOR</u>	<u>PRESENT SALARY</u> Per month	<u>PROPOSED INCREMENT</u> Per month	<u>NEW SALARY AFTER INCREMENT</u> Per month
(1) Mr.Mohammed Younus Nawab	Rs. 665,000	Rs 133,000	Rs. 798,000
(2) Mr.Mohammed Ifan Nawab	Rs. 910,000	Rs 182,000	Rs 1,092,000

For the purpose, it is proposed that the following Resolution be passed, with or without modification, by the Shareholder as an ordinary Resolution,

"RESOLVED that the Company hereby approves and authorizes payment of monthly remunerations (salary) together with other benefits, in accordance with the Rules of the Company, be paid to the following full time working Directors of the Company, with effect from 1st July, 2019:

- (a) Mr. Mohammed Younus Nawab, : Rs. 798,000/- plus free use of Company's maintained Car.
- (b) Mr.Mohammed Ifan Nawab, : Rs 1,092,000/- plus free use of Company's maintained Car."

The working directors are interested in the Resolution to the extent of their respective remunerations.

AGENDA NO.6 – TRANSACTIONS WITH ASSOCIATED COMPANY.

The Company in the normal course of business carries out transactions with its associated Company M/s. Sana Logistics (Private) Limited for re-imbusement of Rent, Electricity, Maintenance, Health Insurance and Contractor payments etc. amounting Rs.39.74 million.

Majority of the directors were interested in these transactions due to common directorship in associated Company which have to be approved by the shareholders in the General Meeting. Therefore the transactions carried out during the financial year ended June 30, 2019 are being placed before the shareholders for their consideration and approval / ratification.

All related party transactions, during the year 2019, were reviewed and approved by the Audit Committee and the Board in their respective meetings. The transactions with related parties were carried out at arm's length prices determined in accordance with the comparable uncontrolled prices method.

AGENDA NO.7.

To authorize the Board of Directors of the Company to approve transactions with Related Parties for the financial year ending June 30, 2020 which shall be placed before the shareholders in the next Annual General Meeting for their formal ratification/approval.

REVIEW REPORT BY THE CHAIRMAN

As required under the Code of Corporate Governance, an annual evaluation of the Board of Directors (the "Board") of Sana Industries Limited has been carried out. The purpose of this evaluation is to ensure that the Board's overall performance and effectiveness is measured and benchmarked against expectations in the context of objectives set for the Company.

For the financial year ended 30 June 2019, the Board's overall performance and effectiveness has been assessed as satisfactory, which is based on an evaluation of integral components including vision, mission and values.

The Board has a clear understanding of the stakeholders whom the Company serves; engagement in strategic planning, formulation of policies, monitoring the organization's business activities and financial resource management, effective fiscal oversight, equitable treatment of all employees and efficiency in carrying out the Board's business. Further, the Board sets annual goals and targets for the management in all major performance areas.

The Board members diligently performed their duties and thoroughly reviewed, discussed and approved Corporate Objectives, Plans, Business Strategies, budgets, financial statements and other reports. It received agendas and written material in sufficient time prior to board and committee meetings. The Board meets frequently enough to adequately discharge its responsibilities.

The Board members effectively bring the diversity to the Board and constitute a mix of independent and non-executive directors, who were equally involved in important decisions.

Karachi: 27th September, 2019.

(Mohammed Younus Nawab)
Chairman.

01-01-2019	Mr. Mohammed Khalid Yousuf	11,000	Rs. 50.43

Personnel

I would like to place on record my sincere appreciation for the devotion and loyalty of the staff and workers without whose efforts this success could not have been achieved. I look forward to the same devotion and cooperation in the years to come.

On behalf of the Board

(Mohammed Irfan Nawab)
Chief Executive

Karachi, 27th September, 2019.

ڈائریکٹرز رپورٹ

کمپنی کے ڈائریکٹرز مورخہ ۳۰ جون ۲۰۱۹ کو اختتام پزیر ہونے والے سال کے لئے اپنی رپورٹ ہمراہ کمپنی کے آڈٹ شدہ کھاتہ جات پیش کرتے ہوئے دلی سرٹ محسوس کر رہے ہیں۔

ملیاتی نتائج

مورخہ ۳۰ جون ۲۰۱۹ کو ختم ہونے والے سال کے لئے کمپنی ہذا کے مجموعی نتائج کا خلاصہ درج ذیل ہے۔

139,115,978				
	34,463,602	حالیہ		منافع برائے مدت قبل از ٹیکس
	1,515,363	گزشتہ برسوں میں		منہائی ٹیکس کٹوتی کیلئے فراہم کردہ حد
	(4,880,490)	زیر التواء (حالیہ)		
31,098,475			
<u>108,017,503</u>				منافع بعد از ٹیکس
				شیئر ہولڈنگ سے منسوب
95,987,583				کمپنی کی شیئر ہولڈنگ
12,029,920				غیر اختیاری سرمایہ کاری
	11.17			آمدنی فی شیئر (بلیڈائی اور تقسیم شدہ)
				دیگر جامع آمدنی
108,071,766				خالص نفع برائے سال
	(18,491,066)			ملازمین کی علامتی مراعات کی دوبارہ پیمائش
	5,212,249			زیر التواء ٹیکس
(13,278,817)			
<u>94,738,686</u>				جامع آمدنی برائے سال
				شیئر ہولڈنگ منسوب
82,708,766				کمپنی کی شیئر ہولڈنگ
12,029,920				غیر اختیاری سرمایہ کاری
.....				
94,738,686				جامع آمدنی برائے سال

دو سال کے لئے قبل از ٹیکس مجموعی منافع 139.11 ملین روپے ہے جو کہ پچھلے سال 84.68 ملین روپے تھا اس طرح مبلغ 74.43 ملین روپے کا اضافہ ہوا ہے۔ منافع بعد از ٹیکس بھی جو کہ پچھلے سال 11.03 ملین روپے تھا بڑھ کر 108.02 ملین روپے ہو گیا ہے یعنی 96.99 ملین روپے بڑھا ہے۔ فی شیئر آمدنی میں مبلغ 0.80 روپے سے 11.17 روپے کا اضافہ ہوا ہے، آپریٹنگ اور فنانشل ڈیٹا کے درج ذیل موازنہ جات منسلک ہیں۔

Annex-A	(۱) گزشتہ سال سے موازنہ:
Annex-B	(ب) گزشتہ سہ ماہی سے موازنہ
Annex-C	(پ) بیلنس شیٹ کا بہ لحاظ سے مائی موازنہ
Annex-D	(ت) نفع و نقصان کھاتہ جات کا بہ لحاظ سے مائی موازنہ
Annex-F	(ث) گزشتہ سالوں کے اہم اور فنانشل ڈیٹا کا شماریاتی خلاصہ

ٹیکسٹائل سیگمنٹ کے اہم نکات ذیل میں دیئے جا رہے ہیں۔

Variation	2017-18	2018 -19	
18.02%	1,691.29	1,996.05	(۱) سوت کی فروخت رقم ملین میں
71.44%	115.67	198.31	(۲) کل منافع رقم ملین میں
31.24%	60.76	79.74	(۳) خالص منافع قبل از ٹیکس روپے ملین میں
249.33%	18.67	65.22	(۴) خالص منافع بعد از ٹیکس روپے ملین میں
25.15%	202.53	253.47	(۵) اوسط لاگت خام مال روپے میں فی کلو گرام
15.69%	452.58	523.25	(۶) مینوفیکچرنگ اورر ہیڈ کی لاگت روپے ملین میں
37.35%	46.10	63.32	(۷) مالی چارجز روپے ملین میں

115.09%	64.68	139.12	ستحکم منافع قبل از ٹیکس روپے ملین میں
879.33%	11.03	108.02	ستحکم منافع بعد از ٹیکس روپے ملین میں

استقیل کے امکانات:

انتظامیہ مستقبل کے بارے میں غیر جانبدار اور مثبت نقطہ نظر رکھتی ہے اگر مقامی ٹیکس نظام کو عوام نے قبول کر لیا تو کاروبار منظم شعبے کی طرف رخ کرے گا اور یہ انشاء اللہ ہماری کمپنی کے لئے فائدہ مند ہوگا۔

بورڈ آف ڈائریکٹرز

موجودہ بورڈ آف ڈائریکٹرز جس کا انتخاب ۰۳ دسمبر ۲۰۱۷ء کو ہوا تھا جو ۰۳ دسمبر ۲۰۱۷ء تک کام کرتا رہے گا۔

آڈیٹرز

موجودہ آڈیٹرز رحمان سرفراز رحیم اقبال رفیق، چارٹرڈ اکاؤنٹنٹس جو ریٹائرڈ ہو رہے ہیں مگر چونکہ اعلیٰ کے حامل ہیں لہذا خود کو دوبارہ تقرری کے لئے پیش کرتے ہیں ۳۰ جون ۲۰۱۷ء کیلئے۔

شیئر ہولڈنگ کا پیٹرن

اسٹاک ایکسچینج SECP کے سرکلر مورخہ 28-03-2002 میں دی گئی ہدایات کے مطابق شیئر ہولڈنگ کا پیٹرن سالانہ رپورٹ میں شامل کر دیا گیا ہے۔

منافع منقسمہ اور کھاتے بند ہونے کا نوٹس:

آپ کے ڈائریکٹر نے طے کیا ہے کہ دوران سال فائنل کیش منقسمہ 2.50 فی شئیر (25%) کی جائے جو اس سال کے بعد از ٹیکس منافع کا 32.94% ہے فائنل کیش ڈیویڈنڈ ان شئیر ہولڈرز کو دیا جائے گا جس کا نام 17-10-2019 شئیر رجسٹرڈ میں درج ہوگا شئیر ٹرانسفر تک 18-10-2019 سے 25-10-2019 (دونوں دن سمیت) بند رہینگے، صحیح ٹرانسفر شئیر رجسٹرار GDC کو 17-10-2019 کو پہنچ جانی چاہیے۔

کارپوریٹ اور فنانشل رپورٹنگ فریم ورک:

اسٹاک ایکسچینج کے لسٹنگ ریگولیشنز کی شرط کے مطابق ثناء انڈسٹریز ایمنڈڈ کا بورڈ آف ڈائریکٹرز تصدیق کرتا ہے کہ کمپنی ہذا ضابطہ اخلاق میں درج ذیل طریقے سے کرتی ہے:

- (۱) مالیاتی گوشوارے کمپنی کے معاملات، اس کے آپریشنز کے نتائج، نقدی کا بہاؤ اور ایکویٹی میں تبدیلیاں جائز طور سے پیش کرتے ہیں۔
- (۲) کمپنی ہذا نہ کھاتوں کی کتب کا انتظام موزوں انداز سے کیا ہے۔
- (۳) مالیاتی گوشواروں کی تیاری میں موزوں اکاؤنٹنگ پالیسیوں کا مستقل اطلاق کیا گیا ہے اور اکاؤنٹنگ تخمینہ جات مناسب اور محتاط اندازوں پر مبنی ہیں۔
- (۴) مالیاتی گوشواروں کی تیاری میں پاکستان میں قابل اطلاق بین الاقومی رپورٹنگ کے معیارات کی تعمیل کی گئی ہے۔
- (۵) انٹرنل کنٹرول سسٹم مضبوط اور ڈیزائن پر مبنی ہے، اور اسے مؤثر انداز میں نافذ بھی کیا گیا ہے اور مانیٹرنگ بھی کی جاتی ہے۔
- (۶) کمپنی ہذا کے طور پر ایک کاروباری ادارہ چلنے میں کوئی قابل ذکر شک و شبہ نہیں ہے۔
- (۷) جیسا کہ اسٹاک ایکسچینج کی لسٹنگ ریگولیشنز تفصیلاً بیان کیا گیا ہے کارپوریٹ گورنس کے بہترین معیارات سے کسی قسم کا مادی انحراف نہیں کیا گیا ہے۔

(۸) کمپنی ہذا اپنے ایسے تمام ملازمین کے لیے جنہوں نے اپنی آزمائشی مدت پوری کر لی ہو منظور شدہ گریجویٹ فنڈ آپریٹ کرتی ہے، جس کا انتظام ایک گریجویٹ فنڈ ٹرسٹ چلاتا ہے۔

اکاؤنٹنگ اینڈریز کے شمار کے لئے پروجیکٹ یونٹ کریڈٹ ایکچوٹریل میتھڈ (PUC) استعمال کیا گیا، جس میتھڈ کے استعمال کا اختیار IAS-19 کے تازہ ترین ویزن میں دیا گیا ہے، اسکیم کی تازہ ترین ایکچوٹریل قدر کاری مورخہ ۳۰ جون ۲۰۱۹ء کو کی گئی اسکیم کی قدر کاری کے استعمال کئے جانے والے قابل ذکر اندازے درج ذیل ہیں:

30-JUNE-2018	30-JUNE-2019	ویلیوشن ڈسٹیکوونٹ
9.00% p.a	14.25% p.a	تخوواہوں میں اضافہ
9.00% p.a	14.25% p.a	پلان اسٹیس پر ریٹرن کی متوقع شرح
9.00% p.a	14.25% p.a	اس کے آڈٹ شدہ اثاثہ جات کی قدر کاری کی فنڈ کی سرمایہ کاری سے مطابق اسٹیٹمنٹ بمطابق ذیل ہے۔
RS. 32,263,482/=		(a) لسٹڈ کمپنیوں کے شئیر میں سرمایہ کاری
RS. 8,876,898/=		(b) میوچل فنڈ میں سرمایہ کاری
RS. 1,195,380/=		(c) سرمایہ کاری
RS. 798,171/=		(d) نفع
RS. 14,470,424/=		(e) بینک بیننس

RS. 57,604,355/=

مورخہ 30-06-2019 تک اثاثہ جات سرمایہ کاری

- (۹) ڈائریکٹرز کا انتخاب مورخہ 03-12-2016 کو منعقدہ غیر معمولی اجلاس عام میں کمپنیز آرڈیننس 1984 کی دفعہ 178 کے مندرجات کی مطابقت میں 03-12-2016 سے شروع ہونے والی تین سالانہ مدت کے لئے ہوا۔ ۳۰ جون 2017ء کو اختتام پزیر ہونے والے سال کے دوران بورڈ آف ڈائریکٹرز کے کل ۷ اجلاس منعقد ہوئے ہیں جن میں ان اجلاسوں کی تعداد دی جا رہی ہے جن میں ہر ڈائریکٹر نے شرکت کی ہے۔

اجلاسوں کی تعداد جن میں شرکت کی

ڈائریکٹرز کا نام

7 میں سے 7 اجلاس	جناب محمد یونس نواب
7 میں سے 7 اجلاس	جناب محمد عرفان نواب
7 میں سے 7 اجلاس	جناب ابراہیم یونس
7 میں سے 7 اجلاس	جناب اسماعیل یونس
7 میں سے 7 اجلاس	جناب محمد فیضان اللہ
4 میں سے 2 اجلاس	جناب الیاس عبدالستار (مستعفی)
7 میں سے 7 اجلاس	جناب محمد خالد یوسف
3 میں سے 2 اجلاس	جناب محمد اشفاق

(تقرری جناب الیاس عبدالستار کی جگہ)

- (۱۰) کمپنی کے ڈائریکٹرز، سی ای، او، کمپنی سیکٹری اور ان کے شریک حیات اور نابالغ بچوں کی جناب سے دوران سال جاریہ کمپنی کے شیئرز میں درج ذیل کاروبار کیا گیا:

Statement of Compliance with Listed Companies (Code of Corporate Governance) Regulations, 2017

The company has complied with the requirements of the Regulations in the following manner:

1. The total number of directors are seven as per the following:
 - a. Male - Seven
 - b. Female - Exempted for current term
2. The composition of board is as follows

Category	Names
Independent Director	Mr. Muhammad Ashfaq
	Mr. Muhammad Khalid Yousuf
Executive Directors	Mr. Muhammad Younus Nawab
	Mr. Hafiz Muhammad Irfan Nawab
Non-Executive Director	Mr. Ibrahim Younus
	Mr. Ismail Younus
	Mr. Muhammad Faizanullah

3. The directors have confirmed that none of them is serving as a director on more than five listed companies, including this company (excluding the listed subsidiaries of listed holding companies where applicable).
4. The company has prepared a Code of Conduct and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
5. The board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
6. All the powers of the board have been duly exercised and decisions on relevant matters have been taken by board/ shareholders as empowered by the relevant provisions of the Act and these Regulations.
7. The meetings of the board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose. The board has complied with the requirements of Act and the Regulations with respect to frequency, recording and circulating minutes of meeting of board.
8. The board of directors have a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
9. In accordance with Regulation no. 20 of the Code, at least half of the directors of the Company [i.e. four (04) directors] were required to acquire the prescribed certification under any Directors' Training Program offered by approved institutions latest by June 30, 2019. Presently, three directors of the Company are exempt from the Directors' Training Program on the basis of experience and qualification criteria prescribed in the Code. However, no application has yet been filed by the Company with the Commission to determine the suitability of the level of qualification and experience of such directors. Further, as of June 30, 2019, two of the remaining four directors have acquired such certification, under Directors' Training Programme.

10. The board has approved appointment of CFO, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
11. CFO and CEO duly endorsed the financial statements before approval of the board.
12. The board has formed committees comprising of members given below:
- a) Audit Committee
- Mr. Muhammad Khalid Yousuf (Chairman)
 - Mr. Muhammad Ashfaq (Member)
 - Mr. Abdul Hameed (Member)
 - Mr. Mohammed Faizanullah (Member)
- b) HR and Remuneration Committee
- Mr. Muhammad Khalid Yousuf (Chairman)
 - Mr. Muhammad Ashfaq (Member)
 - Mr. Ibrahim Youtus (Member)
13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committee for compliance.
14. The frequency of meetings of the committee were as per following:
- | | |
|----------------------------------|-----------|
| a) Audit Committee | Quarterly |
| b) HR and Remuneration Committee | Annually |
15. The board has out-sourced an effective internal audit function who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the company.
16. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP and registered with Audit Oversight Board of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.
17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
18. We confirm that all other requirements of the Regulations have been complied with except for the following:
- I. that the positions of the **Chief Financial Officer** and the **Company Secretary** have been held by the same person, which is a non-compliance with the requirement of Regulation 25 of the Code (as amended vide SRO 1475 (I)/2018 dated December 31, 2018 issued by the Commission).
 - II. that the **Chairman** of the Company is an executive director, which is a non-compliance with the requirement of Section 182 of the Companies Act, 2017 and Regulation no-9 of the Code.

**Review Report on the Statement of Compliance contained in Listed Companies
(Code of Corporate Governance) Regulations, 2017**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of Sana Industries Limited (the Company) for the year ended June 30, 2019 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2019.

Further, we highlight the instance of non-compliance with the requirement of the Regulations as reflected in the paragraph 18 of the statement of compliance:

S.No.	Reference No.	Description
1	18 (i)	As per regulation #25 of the Listed Companies (Code of Corporate Governance) Regulations, 2017, an individual shall not simultaneously hold the position of Company secretary and Chief Financial Officer. However, we noted that the Chief Financial Officer of the Company also acts as the Company Secretary.
2	18 (ii)	As per regulation #9 of the Listed Companies (Code of Corporate Governance) Regulations, 2017, read with the section 192 of the Companies Act, 2017, the Chairman of the Board of Directors shall be appointed from among the non-executive director. However, we noted that the Chairman of the Board is an executive director.

INDEPENDENT AUDITORS' REPORT

To the members of Sana Industries Limited

Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of **Sana Industries Limited** (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2019, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2019 and of the Profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following is the Key audit matter:

S. No	Key audit matter	How the matter was addressed in our audit
01.	<p><u>First time adoption of IFRS 9 – ‘Financial Instruments’</u></p> <p>As referred to in note 4(a) to the unconsolidated financial statements, the IFRS 9 became applicable for the first time for the preparation of the Company’s annual unconsolidated financial statements for the year ended June 30, 2019.</p> <p>The IFRS 9 forms an integral part of the statutory financial reporting framework as applicable to the Company and amongst others, prescribes the classification, measurement and content of disclosures in relation to various elements of the unconsolidated financial statements.</p> <p>In accordance with IFRS 9, the measurement of ECL reflect a range of unbiased and probability weighted outcomes, time value of money, reasonable and supportable information based on the consideration of historical events, current conditions and forecasts of future economic conditions. The calculation of ECLs in accordance with IFRS 9 is therefore complex and involves a number of judgmental assumptions.</p> <p>We consider it as a key audit matter in view of the changes in classification, measurement and disclosure impacts in the unconsolidated financial statements due to the application of IFRS 9.</p>	<p>We reviewed and understood the requirements of the IFRS 9. Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Considered the management’s process to assess the impact of adoption of IFRS 9 on the Company’s financial statements. • Reviewed the appropriateness of the assumptions used (future and historical), the methodology and policies applied to assess the ECL in respect of financial assets of the Company. Reviewed the working of management for expected credit losses. • We reviewed and assessed the impact and adequacy of disclosures in the financial statements with regard to the effect of adoption of IFRS 9.

Information Other than the Unconsolidated Financial Statements and Auditor’s Report Thereon

Management is responsible for the other information. The other information obtained at the date of this auditor’s report is information included in the annual report, but does not include the unconsolidated financial statements of the company and our auditor’s report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, on other information obtained prior to the date of this auditor’s report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

- : 3 : -

Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

-: 4 :-

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business;
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the company and deposited in the Central Zakat Fund established under section 7 of that Ordinance; and

Other Matters

The unconsolidated financial statements as at June 30, 2018 and unconsolidated condensed interim financial information as at December 31, 2017 of the Company were audited and reviewed by another auditor whose reports dated September 28, 2018 and February 26, 2018 respectively, expressed an unqualified opinion and conclusion.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Muhammad Waseem.

SANA INDUSTRIES LIMITED
NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2019

1 STATUS AND NATURE OF BUSINESS

Sana Industries Limited ("the Company") is a public listed company incorporated in Pakistan under the repealed Companies Ordinance, 1984 (the Ordinance) which has now been replaced by Companies Act, 2017 (the Act). The shares of the Company are listed on Pakistan Stock Exchange Limited ("the Exchange"). The Company is primarily engaged in the manufacturing and sale of man-made blended yarn.

1.1 The geographical location and address of company's business units, including plant are as under:

Head office: The registered office of the Company is situated at 33-D-2, Block 6, P.E.C.H.S., Karachi.

Mill: The mill is located at Hub trading estate, situated at Tehsil Hub, District Lasbela, Balochistan.

Warehouse: The Company's warehouse is located at SF-96, S.I.T.E, Karachi

	2019	2018
	-----Holding Percentage-----	
The Company has following subsidiary:		
Sana Logistics (Private) Limited	<u>70%</u>	<u>70%</u>

2 BASIS OF PREPARATION

2.1 Statement of Compliance

These unconsolidated financial statement are separate financial statements of the Company and have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprises of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Accounting convention

These unconsolidated financial statements have been prepared under the historical cost convention, except employee retirements benefits which is carried at present value of defined benefit obligation.

2.3 Functional and presentation currency

Items included in these unconsolidated financial statements are measured using the currency of the primary economic environment in which the Company operates. These unconsolidated financial statements are presented in Pak Rupees which is the Company's functional and presentation currency, unless otherwise stated.

2.4 Use of estimates and judgments

The preparation of unconsolidated financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the periods in which the estimates are revised and in any future periods affected. Significant estimates, assumptions and judgements are disclosed in the relevant accounting policies and notes to these unconsolidated financial statements.

Following are some significant areas where management used estimates and judgements other than those which have been disclosed elsewhere in these unconsolidated financial statements.

	Note
- Useful lives and residual values of property, plant and equipment	3.1
- Valuation of investment property	3.2
- Provision for obsolete inventory	3.4
- Provision for staff retirement benefits	3.10
- Provision for taxation	3.11

2.5 Amendments / Interpretation to existing standard and forthcoming requirements

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2019:

- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on Company's unconsolidated financial statements.
- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases.
- Amendment to IFRS 9 'Financial Instruments' – Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 January 2019). For a debt instrument to be eligible for measurement at amortised cost or FVOCI, IFRS 9 requires its contractual cash flows to meet the SPPI criterion – i.e. the cash flows are 'solely payments of principal and interest'. Some prepayment options could result in the party that triggers the early termination receiving compensation from the other party (negative compensation). The amendment allows that financial assets containing prepayment features with negative compensation can be measured at amortised cost or at fair value through other comprehensive income (FVOCI) if they meet the other relevant requirements of IFRS 9. The application of amendment is not likely to have an impact on Company's unconsolidated financial statements.
- Amendment to IAS 28 'Investments in Associates and Joint Ventures' - Long-Term Interests in Associates and Joint Ventures (effective for annual period beginning on or after 1 January 2019). The amendment will affect companies that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as long-term interests or 'LTI'). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on Company's unconsolidated financial statements.

- Amendments to IAS 19 'Employee Benefits'- Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, a company now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on Company's unconsolidated financial statements.

- Amendment to IFRS 3 'Business Combinations' – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past unconsolidated financial statements.

- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after 1 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose unconsolidated financial statements in accordance with IFRS Standards.

- On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future.. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process – this means that the overall impact on standard setting may take some time to crystallise. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of 1 January 2020, unless the new guidance contains specific scope outs.

Annual Improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following approved accounting standards:

- IFRS 3 Business Combinations and IFRS 11 Joint Arrangement - the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. A company remeasures its previously held interest in a joint operation when it obtains control of the business. A company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.

- IAS 12 Income Taxes - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.

- IAS 23 Borrowing Costs - the amendment clarifies that a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual period beginning on or after 1 January 2019 and are not likely to have an impact on the Company's unconsolidated financial statements.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these unconsolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Property, plant and equipment

These are stated at cost less accumulated depreciation and impairment, if any, except for leasehold land, SF/96 premises (tenancy rights) and capital work in progress, which are stated at cost.

Depreciation is charged to unconsolidated statement of profit or loss account using straight line method so as to write off the historical cost of the assets over their estimated useful lives at the rates given in note 5.1. Depreciation is charged when the asset is available for use till the asset is disposed off. Assets' residual values and useful lives are reviewed, and adjusted, if appropriate annually.

Maintenance and normal repairs are charged to unconsolidated statement of profit or loss account as and when incurred. Major renewals and improvements, if any, are capitalized when it is probable that respective future economic benefits will flow to the Company.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the unconsolidated statement of profit or loss account in the year in which the asset is derecognized.

The carrying values of property, plant and equipment are reviewed at each reporting date for indication that an asset may be impaired and carrying values may not be recovered. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash generating units are written down to their recoverable amount. The recoverable amount is the greater of net selling price and value in use. The Company's estimate of residual value of property, plant and equipment as at June 30, 2019 did not require any adjustment.

3.2 Investment property

Investment properties comprise of freehold land and buildings that are held for rental yields. Investment properties is initially measured at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Depreciation is calculated using a straight line method to allocate the depreciable amounts over the estimated useful lives. The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted as appropriate, at each reporting date.

3.3 Stores, spares and loose tools

The cost of stores, spares and loose tools are charged to unconsolidated statement of profit or loss account as and when acquired. The cost of stores, spares and loose tools inventory left unused is not considered material as at reporting date.

3.4 Stock-in-trade

Stock in trade is valued at lower of cost and net realizable value. Cost in relation to stock-in-trade represents direct cost of materials, direct wages and an appropriate portion of production overheads and the related duties where applicable. Cost is determined as follows.

- | | |
|--------------------------------------|------------------------------------------------------------------------------------------------------------|
| - Raw and packing materials | at weighted average basis. |
| - Stock-in-transit | at invoice price plus other charges paid thereon. |
| - Work-in-process and finished goods | at weighted average cost comprising direct cost of raw material, labour and other manufacturing overheads. |
| - Waste materials | at net realizable value |

Provision is made in the unconsolidated financial statements against slow moving and obsolete stock-in-trade based on management's best estimate regarding their future usability whenever necessary and is recognised in the unconsolidated statement of profit or loss account.

Net realizable value signifies the estimated selling prices in the ordinary course of business less cost necessarily to be incurred in order to make the sale.

3.5 Trade debts and other receivables

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method. Provision is made on the basis of lifetime Expected Credit Loss that result from all possible default events over the expected life of the trade debts and other receivables. Bad debts are written off when considered irrecoverable.

3.6 Cash and cash equivalents

Cash and cash equivalent are carried in the unconsolidated statement of financial position at cost / amortized cost. For the purpose of cash flow statement cash and cash equivalents comprise of cash in hand and bank balances.

3.7 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.8 Borrowings

Borrowings are recognized initially at fair value, net of attributable transaction costs incurred. Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the unconsolidated statement of profit or loss account over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

3.9 Trade and other payables

Trade and other payables are recognized initially at fair value plus directly attributable cost, if any, and subsequently measured at amortized cost using the effective interest method.

These are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

3.10 Employee benefits

Compensated absences

The Company accounts for the liability in respect of employees' compensated absences in the year in which these are earned. Provisions to cover the obligation are made using the current salary levels of the employees.

Defined benefit scheme

The Company operates an approved funded gratuity plan (the Plan) for its permanent employees. Gratuity is based on employees' last drawn salary. Provisions are made to cover the obligations under the scheme on the basis of actuarial recommendations. The actuarial valuations are carried out using the Projected Unit Credit Method.

Actuarial gain or loss (remeasurements) are immediately recognised in 'Other Comprehensive Income' as they occur. The amount recognised in the unconsolidated statement of financial position represents the present value of defined benefit obligations as reduced by the fair value of the plan assets. Current service costs and any past service costs together with net interest cost are charged to unconsolidated statement of profit or loss account. Retirement benefits are payable to employees on completion of prescribed qualifying period of service under the Plan.

3.11 Taxation

Income tax expense comprises current and deferred tax.

Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using enacted or substantially enacted at the reporting date and after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is recognized using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amounts used for taxation purposes.

Deferred tax asset is recognized for all the deductible temporary differences only to the extent that it is probable that future taxable profits will be available against which the asset may be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax liabilities are recognized for all the taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantially enacted by the reporting date.

Deferred tax is charged or credited in the unconsolidated statement of profit or loss account, except in the case of items credited or charged to comprehensive income or equity, in which case it is included in comprehensive income or equity.

3.12 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.13 Foreign currency transactions and translation

Foreign currency transactions are translated into Pak Rupees which is the Company's functional and presentation currency using the exchange rates approximating those prevailing at the date of the transaction. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at reporting date. Non-monetary assets are translated using exchange rates that existed when the values were determined. Exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to unconsolidated statement of profit or loss account.

3.14 Revenue recognition

Revenue is recognised at amounts that reflect the consideration that the Company expects to be entitled to in exchange for transferring goods or services to a customer. Revenue is measured at the fair value of the consideration received or receivable, and is recognised on the following basis:

- Revenue from sale of goods (yarn) and scrap sales are recognized when the customer obtains control of the goods, being when the goods are delivered to the customer, the customer has full discretion over the selling price of the goods and there is no unfulfilled obligation that could affect the customer's acceptance of the goods. Delivery occurs when the goods have been dispatched from the company premise, the risk of loss has been transferred to the customer, and either the customer has accepted the goods in accordance with the sales contract, the acceptance provisions have elapsed, or the Company has objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognized when the goods are delivered to customer as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

The Company does not expect to have contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

- Returns on saving accounts, deposit accounts and investments at amortised cost are recognised using effective interest rate method.
- Rental income from investment property is recognized as other income on a straight line basis over the term of the lease.

3.15 Borrowing costs

Borrowing costs are recognised as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalised as part of the cost of relevant asset.

3.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM) who is responsible for allocating resources and assessing performance of the operating segments. The management has determined that the Company has a single reportable segment as the CODM views the Company's operations as one reportable segment.

3.17 Dividend and appropriation to/from reserves

Dividend and appropriation to reserves is recognised in the Company's unconsolidated financial statements in the period in which these are approved.

3.18 Earnings per share

The Company presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

3.19 Investments in subsidiary and associated company

Investments in subsidiary and associated company are carried at cost less impairment, if any. Impairment losses are recognized as an expense. At each reporting date, the Company reviews the carrying amounts of investments and its recoverability to determine whether there is an indication that such investments have suffered an impairment loss. If any such indication exists, the carrying amount of the investments is adjusted to the extent of impairment loss which is recognized as an expense in the unconsolidated statement of profit or loss account.

3.20 Financial Instruments

a) Initial Recognition

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortised cost or cost as the case may be.

b) i) Classification of financial assets

The Company classifies its financial instruments in the following categories:

- at fair value through profit and loss ("FVTPL"),
- at fair value through other comprehensive income ("FVTOCI"), or
- at amortised cost.

The Company determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVTPL.

ii) Classification of financial liabilities

The Company classifies its financial liabilities in the following categories:

- at fair value through profit and loss ("FVTPL"), or
- at amortised cost.

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Company has opted to measure them at FVTPL.

c) *Subsequent measurement*

i) *Financial assets at FVTOCI*

Elected investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognised in other comprehensive income/(loss).

ii) *Financial assets and liabilities at amortised cost*

Financial assets and liabilities at amortised cost are initially recognised at fair value, and subsequently carried at amortised cost, and in the case of financial assets, less any impairment.

iii) *Financial assets and liabilities at FVTPL*

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the unconsolidated statement of profit or loss account and other comprehensive income. Realised and unrealised gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the unconsolidated statement of profit or loss account and other comprehensive income in the period in which they arise. Where management has opted to recognise a financial liability at FVTPL, any changes associated with the Company's own credit risk will be recognised in other comprehensive income / (loss). Currently, there are no financial liabilities designated at FVTPL.

d) *Impairment of financial assets at amortised cost*

The Company recognises a loss allowance for expected credit losses on financial assets that are measured at amortised cost as more fully explained in note 4.

e) *Derecognition*

i) *Financial assets*

The Company derecognises financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognised in unconsolidated statement of profit or loss account. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to statement of profit or loss account. In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to unconsolidated statement of profit or loss account, but is transferred to unconsolidated statement of changes in equity.

ii) *Financial liabilities*

The Company derecognises financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in the unconsolidated statement of profit or loss account and other comprehensive income.

3.21 **Offsetting of financial assets and financial liabilities**

Financial assets and liabilities are off-set and the net amount is reported in the statement of financial position if the Company has a legal right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

4 CHANGES IN ACCOUNTING POLICY

The Company has adopted IFRS 9 'Financial Instruments' and IFRS 15 'Revenue from contracts with customers' from July 01, 2018. Consequently, the following changes in accounting policies have taken place effective from July 01, 2018:

a) IFRS 9 - Financial Instruments

IFRS 9 - Financial Instruments (IFRS 9) replaced the majority of requirement of IAS 39 - Financial Instruments, Recognition and Measurement (IAS 39) and covers the classification, measurement and de-recognition of financial assets and financial liabilities. It requires all fair value movements on equity investments to be recognised either in the statement of profit or loss account or in other comprehensive income, on a case-by-case basis, and also introduced a new impairment model for financial assets based on expected losses rather than incurred losses and provides a new hedge accounting model.

In respect of retrospective application of IFRS 9, the Company has adopted modified retrospective approach as, permitted by this standard, according to which the Company is not required to restate the prior year results. There is no material impact of adoption of IFRS 9 on opening equity of the Company.

The impact of the adoption of IFRS 9 has been in the following areas:

i) Classification and measurement of financial assets and financial liabilities

IFRS 9 largely retains the existing requirements of IAS 39 for the classification and measurement of financial liabilities. However, it replaces the previous IAS 39 categories for financial assets i.e. loans and receivables, fair value through profit or loss (FVTPL), available for sale and held to maturity with the categories such as amortised cost, fair value through profit or loss (FVTPL) and fair value through other comprehensive income (FVTOCI).

The following table below explain the original measurement categories under IAS 39 and the new measurement categories under IFRS 9 for each class of the Company's financial assets and financial liabilities as at July 1, 2018:

Financial assets	Original classification as per IAS 39	New classification as per IFRS 9	Carrying amount as per IAS 39 as on June 30, 2018	Carrying amount on initial adoption of IFRS 9 on July 1, 2018	Effect on July 01, 2018 on Retained Earning
Long term deposits and prepayments	LR	AC	2,836,051	2,376,000	-
Trade debts	LR	AC	202,774,091	202,774,091	-
Loans and advances	LR	AC	26,506,976	26,506,976	-
Trade deposits	LR	AC	985,983	985,983	-
Other receivables	LR	AC	41,843,910	41,843,910	-
Bank balances	LR	AC	41,940,587	41,940,587	-

- "LR" is loans and receivables

- "AC" is amortised cost

ii) Hedge accounting

IFRS 9 requires that hedge accounting relationships are aligned with its risk management objectives and strategy and to apply a more qualitative and forward-looking approach to assessing hedge effectiveness.

There is no impact of the said change on these financial statements as there is no hedge activity carried on by the Company during the year ended June 30, 2019.

iii) Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model of IAS 39 with an 'expected credit loss' (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVTOCI, but not to investments in equity instruments. Under IFRS 9, credit losses are recognised earlier than under IAS 39.

Under IFRS 9, loss allowances are measured on either of the following basis:

- 12 - months ECLs: These are ECLs that result from possible default events within the 12 months after the reporting date; and
- Lifetime ECLs: These are ECLs that result from all possible default events over the expected life of a financial instrument.

The Company has elected to measure provision against financial assets on the basis of lifetime ECLs.

Lifetime ECL is only recognised if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Further, the Company considers the impact of forward looking information (such Company's internal factors and economic environment of the customers) on ECLs.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Company expects to receive).

Presentation of impairment

Provision against financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Impact of the new impairment model

For assets within the scope of the IFRS 9 impairment model, impairment losses are generally expected to increase and become more volatile. There is not impact of the new impairment model, defined by IFRS 9, on the Company's statement of financial for the year ended June 30, 2019.

b) IFRS 15 - Revenue from contracts with customers

IFRS 15 - Revenue from contracts with customers (IFRS 15) replaced IAS 18 - Revenue, IAS 11 - Construction Contracts, IFRIC 13 - Customer Loyalty Programmes, IFRIC 15 - Agreements for the Construction of Real Estate, IFRIC 18 - Transfers of Assets from Customers and SIC 31 - Revenue - Barter Transactions Involving Advertising Services. IFRS 15 introduces a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognise revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration which the entity expects to be entitled in exchange for those goods or services. However, the adoption of IFRS 15 does not have any impact on the reported revenue of the Company for the year ended June 30, 2019.

18.3.1 The Company operates approved funded gratuity schemes for its permanent employees (the Plan). Actuarial valuation of this Plan is carried out every year and the latest actuarial valuation was carried out as of June 30, 2019. Plan assets held in trust are governed by local regulations which mainly include Trust Act, 1882; the Companies Act, 2017; Income Tax Rules, 2002 and the Rules under the trust deeds. Responsibility for governance of the Plan, including investment decisions and contribution schedules, lies with the Board of Trustees of the Plan.

The latest actuarial valuation of the Plan as at June 30, 2019 was carried out using the Projected Unit Credit Method. Details of the Plan as per the actuarial valuation are as follows:

21 LOANS FROM DIRECTORS

Unsecured

Loan from directors	21.1	18,610,000	3,760,000
---------------------	------	------------	-----------

21.1 This represents short-term interest free borrowings from directors to meet working capital requirements and is payable on demand.

22	SHORT TERM MURABAHA	Note	2019	2018
			Rupees	
	<i>Under Shariah arrangement</i>			
	- Habib Metropolitan Bank Morabaha	22.1	308,565,339	300,960,627
	- Standard Chartered Bank Morabaha	22.2	132,025,670	130,508,103
			<u>440,591,009</u>	<u>431,468,730</u>

22.1 Short-term murabaha had been obtained, under shariah arrangement, for the regular purchases of raw material. The bank has approved a facility of Rs. 330 million (2018: Rs. 315 million). The effective rate of profit on morabaha in facility ranges between 12% to 14% (2018: 8.11% to 9.03%), based on 6 months KIBOR plus 2% to 4% per annum (2018: 6 months KIBOR plus 2% per annum). The arrangement is secured against equitable mortgage of factory land, building and plant & machinery (except assets financed under diminishing musharaka by another financial institution), located at H.I.T.E., Hub, Balochistan, hypothecation of goods imported / purchased under this financing, execution of promissory notes and personal guarantees of three directors of the Company.

22.2 Short-term murabaha had been obtained, under shariah arrangement, for the regular purchases of raw material. The bank has approved a facility of Rs. 134 million (2018: 134 million). The effective rate of profit on morabaha in facility ranges between 8.46 % to 14.43 % (2018: 7.63% to 8.42%) based on 3 months KIBOR + 1.75% (2018: 3 months KIBOR + 1.75% per annum). The arrangement is secured against equitable mortgage of factory land, building and plant & machinery (except assets financed under diminishing musharaka by another financial institution), located at plot no. 54 Dehi Gondpas Tapo Gabopat Kemari Town Karachi, hypothecation of goods imported / purchased under this financing, execution of promissory notes and personal guarantees of three directors of the company.

23 CONTINGENCIES AND COMMITMENTS

23.1 Contingencies

23.1.1 Further tax applied on Company's yarn sales at the rate of 1% amounting to Rs. 30,091,271 has been suspended by the Islamabad High Court through W.P. No 416/2018. Company's legal counsel is of the opinion that the matter shall be decided in the Company's favour, therefore, no provision of further tax has been made during the year, during which the Company neither charged or collected any further tax from its customers.

23.1.2 In December 2011, the Federal Government, for the first time, imposed the levy of Gas Infrastructure Development Cess (the cess) through the promulgation of the Gas Infrastructure Development Cess Act, 2011 (GIDC Act, 2011) which, subsequently, was widely challenged on several legal grounds. In June 2013, the Honourable High Court of Peshawar, in the case titled M/s. Ashraf Industries vs. Federation of Pakistan, passed a judgment whereby it struck down the GIDC Act, 2011 declaring the said law as unconstitutional. Subsequent to this decision, the Gas Infrastructure Development Cess Ordinance, 2014 (GIDC Ordinance, 2014) was promulgated which expired in May 2015. In the same month, the Honourable Supreme Court of Pakistan dismissed the review petition filed by the Federation of Pakistan against the aforesaid judgment of the Honourable High Court of Peshawar, and thereby, upheld the said judgment. Following the judgment of the Apex Court, the GIDC Ordinance, 2014 received presidential assent after having been passed by both the houses of Parliament as Gas Infrastructure Development Cess Act, 2015 (GIDC Act, 2015). The GIDC Act, 2015, provided for retrospective levy of cess for the period from January 2011 to May 2015 (as imposed under the struck down GIDC Act, 2011 and GIDC Ordinance, 2014) with different cess rates prescribed for each sector. The GIDC Act, 2015, has also been challenged on legal and other grounds. In October 2016, the Honourable High Court of Sindh passed a judgment whereby it declared the GIDC Act, 2015 as unconstitutional. Subsequent to this decision, the Federation of Pakistan filed an appeal in the Honourable Supreme Court of Pakistan against the aforesaid judgment of the Honourable High Court of Sindh which is currently pending for adjudication. During this period, the Honourable Sindh High Court suspended its judgment passed in October 2016.

The Company, as well as other petitioners, have challenged the levy on constitutional and legal grounds as well as discrimination in supply rate and GID cess as against its retrospective application of GIDC Act 2015 to levy cess for the period from 2011 to 2015 against that applied to similar sector.

Since this issue is being faced by industry at large and in light of aforementioned developments, the management is of the view that there is no need to maintain any provision against this liability and accordingly the Company has deferred the recognition of expense against such billings amounting to Rs. 112.19 million (2018: 92.67 million) based on the advice of its legal counsel.

- 23.1.3** The Federal Board of Revenue (FBR) vide SRO 491(i)/2016 dated June 30, 2016 made certain amendments in SRO 1125(i)/2011 dated December 31, 2011 including disallowance of input tax adjustment amounting to Rs. 2.70 million on packing material of textile products. Consequently, input tax adjustment on packing material of textile product is not being allowed for adjustment with effect from July 01, 2016. The company has challenged the disallowance of input tax adjustment on packing material in the Sindh High Court on January 16, 2017 against Federation of Pakistan and others. The Honorable Sindh High Court has granted interim relief order and allowed the Company to claim input tax adjustment.

Based on the merits of the case and the discussions held with the legal counsel, the management is confident that the case will be decided in favour of the Company.

- 23.1.4** The Company on the demand notice of Rs. 365,568 along with several other Companies has filed a Constitutional Petition on April 13, 2016 against Employment Old Age Benefits Institution (EOBI) and others in the Sindh High Court against a notice issued by the EOBI from taking any coercive action against the Company.

		14,514,583	42,094,108

32.1.1 The income tax assessments of the Company have been finalised up to and including the tax year 2018. Tax returns are deemed to be assessed under provisions of the Income Tax Ordinance, 2001 ("the Ordinance") unless selected for an audit by the taxation authorities. The Commissioner of Income Tax may, at any time during a period of five years from date of filing of return, select the deemed assessment order for audit.

32.1.2 Section 5A of the Income Tax Ordinance, 2001 imposes tax at the rate of 5% on every public company other than a scheduled bank or modaraha, that derives profits for tax a year but does not distribute at least 20% of its after tax profits within six months of the end of the tax year through cash.

The Board of Directors of the Company in their meeting held on _____ has disclosed sufficient cash dividend for the year ended June 30, 2019 which complies with the above stated requirements. Accordingly, no provision for tax on undistributed profits has been recognised in these unconsolidated financial statements.

32.1.3 The numerical reconciliation between tax expense and accounting profit has not been presented for the current year and comparative year in these financial statements as the total income of the Company for the current and previous year attracted the provisions of minimum tax under section 113 of the Income Tax Ordinance, 2001.

36.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (interest/mark-up rate risk). The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall, risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risk without any material change from previous periods in the manner described in notes below.

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

Exposure to credit risk

Credit risk of the Company arises from long term deposits, deposits with banks, trade debts, short term loans and advances, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their net worth. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Company's management, as part of risk management policies and guidelines, reviews clients' financial position, considers past experience and exports are against usance and sight LC. Further, credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings.

The carrying amount of financial assets represent the maximum credit exposure at the reporting date, which are detailed as follows:

	Note	2019	2018
		Rupees	
Long term deposits		2,756,051	2,836,051
Short term investment		1,705,555	-
Trade debts	36.1.1	313,588,277	202,774,091
Loans and advances	36.1.2	23,023,526	26,506,976
Trade deposits		760,088	985,983
Other receivables		30,003,757	14,680,502
Bank balances		29,764,586	41,940,587
		<u>401,601,840</u>	<u>289,724,190</u>

36.1.1 The maximum exposure to credit risk for trade debts is due from local clients.

	2019	2018

	<u>12,080,597</u>	<u>7,800,000</u>	<u>8,838,435</u>	<u>5,760,900</u>	<u>10,226,252</u>	<u>5,939,600</u>	<u>31,145,284</u>	<u>19,499,600</u>
<i>Number of persons</i>	<u>1</u>	<u>1</u>	<u>2</u>	<u>2</u>	<u>3</u>	<u>3</u>	<u>6</u>	<u>6</u>

34.1 The chief executive and executive director are also provided with free use of company maintained cars and residential telephones.

34.2 For the purpose of disclosure those employees are considered as executives whose basic salary exceeds twelve hundred thousand rupees in a financial year.

34.3 No fee was paid to directors for attending board meetings during the year. (2018: Nil)

	2019	2018
	Number	
35 CAPACITY AND PRODUCTION		
Number of spindles installed	<u>32,052</u>	<u>32,052</u>
Number of spindles operated	<u>32,052</u>	<u>32,052</u>
Installed capacity in Kgs. after conversion into 30 single count	<u>7,154,006</u>	<u>7,154,006</u>
Actual production of yarn in Kgs. after conversion into 30 single count	<u>6,671,706</u>	<u>6,812,439</u>
Number of shifts worked per day	<u>3</u>	<u>3</u>

35.1 Actual production is less than the installed capacity due to planned maintenance shut down and gap between market demand and supply.

36.1.2 Loan to executive and employees are secured against gratuity fund balance of these executives and employees.

The aging analysis of the total receivable from clients as at the reporting date is as follows:

	2019		2018	
	Gross	Impairment	Gross	Impairment
Not past due	-	-	-	-
Past due 1 day - 30 days	166,491,635	-	107,486,310	-
Past due 31 days - 180 days	146,281,563	-	94,438,771	-
Past due 181 days - 1 year	1,315,079	500,000	849,010	-
More than one year	-	-	-	-
	314,088,277	500,000	202,774,091	-

No impairment has been recognized except as disclosed in respect of these debts as the security against the same is adequate or counter parties have sound financial standing.

The credit quality of Company's liquid funds can be assessed with reference to external credit ratings as follows:

Bank	Rating agency	Short-term Rating	2019	2018
			(Rupees)	
Habib Metropolitan Bank	PACRA	A-1+	9,535,070	16,162,983
Meezan Bank Limited	PACRA	A-1+	12,942,964	2,184,535
Bark Al-Habib Limited	PACRA	A-1+	146,666	22,142,936
Bank Alfalah	PACRA	A-1+	4,161,671	136,721
United Bank Limited	JCR-VIS	A-1+	959,057	214,632
National Bank of Pakistan	PACRA	A-1+	108,497	143,331
Habib Bank Limited	JCR-VIS	A-1+	1,052,500	91,828
Standard Chartered Bank	PACRA	A-1+	670,572	863,622
Faisal Bank Limited	PACRA	A-1+	187,589	-
			29,764,586	41,940,588

Due to the Company's long standing business relationships with the counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly, the credit risk is minimal.

b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. The Company finances its operations through equity, borrowings and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The management aims to maintain flexibility in funding by keeping regular committed credit lines.

On the reporting date, the Company has cash and bank balance Rs. 29.97 million (2018: Rs. 42.26 million) and liquid assets in the form of short term investments amounting to Rs. 1.71 million (2018: Nil).

The following are the contractual maturities of financial liabilities, including estimated interest payments:

	2019			
	Carrying amount	Less than 3 months	3 months to 1 year	1 to 5 years
	Rupees			
Financial liabilities

	2018			
	Carrying amount	Less than 3 months	3 months to 1 year	1 to 5 years
	Rupees			
Financial liabilities				
Long term Musharaka	126,429,252	15,407,390	40,046,137	70,975,725
Trade and other payables	120,913,868	120,913,868	-	-
Accrued markup	8,720,734	8,720,734	-	-
Loan from directors	3,760,000	-	3,760,000	-
Short term murabaha	431,468,730	431,468,730	-	-
	691,292,584	576,510,722	43,806,137	70,975,725

c) **Market risk**

Market risk means that the future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates and interest rates. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Company's market risk comprises of three types of risks: foreign currency risk and interest rate risk. The market risks associated with the Company's business activities are discussed as under:

i) **Foreign currency risk**

Foreign currency risk arises mainly where receivables and payables exist due to transaction in foreign currency. Currently, the Company is not exposed to currency risk since there are no material foreign currency transactions and balances at the reporting date.

ii) **Price risk**

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest / mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market.

iii) **Interest rate risk**

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The short term borrowing arrangements has variable rate pricing that is dependent on the Karachi Inter Bank Offered Rate (KIBOR) as indicated in respective notes.

Financial assets and liabilities include balances of Rs. 12.43 million (2018: Rs.1.36 million) and Rs. 522.50 million (2018: Rs. 566.62 million) respectively, which are subject to interest / markup rate risk. Applicable interest / mark-up rates for financial assets and liabilities have been indicated in respective notes.

At the reporting date, the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

	2019 Effective interest rate (%)	2018 Effective interest rate (%)	2019 Carrying amounts (Rs.)	2018 Carrying amounts (Rs.)
Financial assets				
Bank deposits - <i>plis account</i>	0.4% to 6.5%	0.4% to 3.3%	10,729,009	1,363,645
Short term investment	4.8% to 5.9%	Nil	1,705,555	-
Financial liabilities				
Long term musharaka	8.4% to 14.8%	8.02% to 8.78%	70,139,098	126,429,252
Short term murabaha	8.4 % to 17.1%	7.63% to 9.03%	440,591,009	431,468,730

Sensitivity analysis

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate will not affect fair value of any financial instrument. For cash flow sensitivity analysis of variable rate instruments it is observed that interest / mark-up rate in terms of KIBOR has increased by 605 bps during the year.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Statement of profit or loss 100 bp increase (decrease)	
As at June 30, 2019		
Cash flow sensitivity-Variable rate financial instrument	3,621,471	(3,621,471)
As at June 30, 2018		
Cash flow sensitivity-Variable rate financial liabilities	3,956,785	(3,956,785)

36.2 Fair value estimate

The Company measures fair value of its financial and non-financial assets that are measured at fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1 : Quoted market price (unadjusted) in an active market.

Level 2 : Valuation techniques based on observable inputs.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data.

Fair values of assets that are traded in active markets are based on quoted market prices. For all other assets the Company determines fair values using valuation techniques unless the instruments do not have a market quoted price in an active market and whose fair value cannot be reliably measured.

36.3 Financial instruments by categories

		2019

37 CAPITAL RISK MANAGEMENT

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('long term musharaka' and 'short term morabaha' as shown in the statement of financial position). Total capital comprises shareholders' equity:

	2019	2018
	Rupees	
Total borrowings	510,730,107	557,897,982
Total equity	365,327,065	330,569,345
Total capital	<u>876,057,172</u>	<u>888,467,327</u>
Gearing ratio	<u>58.30%</u>	<u>62.79%</u>

38 RELATED PARTY TRANSACTIONS AND BALANCES

Related parties comprise of associate, key management personnel of the Company and directors and their close family members and major shareholders of the Company. Transaction with related parties are on arm's length basis. Remuneration and benefits to executives of the Company are in accordance with the terms of the employment. Remuneration of the chief executive, directors and executives is disclosed in note 34 to the unconsolidated financial statements. Transactions with related parties during the year, other than those disclosed elsewhere in these unconsolidated financial statements, are as follows:

39 OPERATING SEGMENT

These unconsolidated financial statements have been prepared on the basis of a single reportable segment as the company's asset allocation decisions are based on a single, integrated business strategy, and the company's performance is evaluated on an overall basis.

Revenue from sale of yarn represents 99% (2018: 99%) of the total revenue of the Company.

All non-current assets of the Company at 30 June 2019 are located in Pakistan.

40 EVENTS AFTER THE REPORTING DATE

The Board of Directors in their meeting held on September 27, 2019 has proposed a final cash dividend of Rs. 2.5 per share (2018: Rs 2/- per share) amounting to Rs. 21,484,375/- (2018: Rs. 17,187,500/-) for approval of the members at the Annual General Meeting to be held on October 25, 2019. The unconsolidated financial statements do not reflect the said appropriation.

41 NUMBER OF EMPLOYEES

The total number of employees and average number of employees at year end and during the year respectively are as follows:

Note	2019	2018
	Number	
Total employees of the Company at the year end	<u>217</u>	<u>183</u>
Average employees of the Company during the year	<u>197</u>	<u>178</u>

42 DATE OF AUTHORIZATION FOR ISSUE

These unconsolidated financial statements have been authorized for issue on 27 SEP 2019 by the Board of Directors of the Company.

CORRESPONDING FIGURES

The corresponding figures have been rearranged and reclassified, wherever considered necessary and for the purposes of comparison and better presentation. A major reclassification of corresponding figures made in the unconsolidated financial statements is as follows:

Reclassified from component	Reclassified to component	— Rupees —
<i>Stock in trade</i>	<i>Stock in trade</i>

INDEPENDENT AUDITORS' REPORT

To the members of Sana Industries Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of **Sana Industries Limited** and its subsidiary (the Group), which comprise the consolidated statement of financial position as at June 30, 2019, and the consolidated statement of profit or loss account, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2019, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Cont'd... P/2

- : 2 : -

Following are the Key audit matter:

S. No	Key audit matter	How the matter was addressed in our audit
01.	<p>First time application of IFRS 9</p> <p>As referred to in note 4(a) to the consolidated financial statements, the IFRS 9 became applicable for the first time for the preparation of the Group's annual consolidated financial statements for the year ended June 30, 2019.</p> <p>The IFRS 9 forms an integral part of the statutory financial reporting framework as applicable to the Group and amongst others, prescribes the classification, measurement and content of disclosures in relation to various elements of the financial statements.</p> <p>In accordance with IFRS 9, the measurement of ECL reflect a range of unbiased and probability weighted outcomes, time value of money, reasonable and supportable information based on the consideration of historical events, current conditions and forecasts of future economic conditions. The calculation of ECLs in accordance with IFRS 9 is therefore complex and involves a number of judgmental assumptions.</p> <p>We consider it as a key audit matter in view of the changes in classification, measurement and disclosure impacts in the consolidated financial statements due to the application of IFRS 9.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Considering the management's process to identify the necessary amendments required in the Group's consolidated financial statements. • Reviewed the appropriateness of the assumptions used (future and historical), the methodology and policies applied to assess the ECL in respect of financial assets of the Group. Reviewed the working of management for expected credit losses. • We reviewed and assessed the impact and disclosures made in the consolidated financial statements with regard to the effect of adoption of IFRS 9.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated and unconsolidated financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Cont'd... P/3

- : 3 : -

In preparing the Consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process:

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Cont'd... P/4

- : 4 : -

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements as at June 30, 2018 and consolidated condensed interim financial information as at December 31, 2017 of the Company were audited and reviewed by another auditor whose reports dated September 28, 2018 and February 26, 2018 respectively, expressed an unqualified opinion and conclusion.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Muhammad Waseem.

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Accounting convention

These consolidated financial statements have been prepared under the historical cost convention, except employee retirements benefits which is carried at present value of defined benefit obligation.

2.3 Functional and presentation currency

Items included in these consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates. These consolidated financial statements are presented in Pak Rupees which is the Group's functional and presentation currency, unless otherwise stated.

2.4 Use of estimates and judgments

The preparation of consolidated financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the periods in which the estimates are revised and in any future periods affected. Significant estimates, assumptions and judgements are disclosed in the relevant accounting policies and notes to these consolidated financial statements.

Following are some significant areas where management used estimates and judgements other than those which have been disclosed elsewhere in these consolidated financial statements:

	<u>Note</u>
- Useful lives and residual values of property, plant and equipment	3.2
- Provision for obsolete inventory	3.5
- Provision for staff retirement benefits	3.11
- Provision for taxation	3.12

2.5 Amendments / interpretation to existing standard and forthcoming requirements

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2019:

- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on the consolidated financial statements.
- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases.
- Amendment to IFRS 9 'Financial Instruments' – Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 January 2019). For a debt instrument to be eligible for measurement at amortised cost or FVOCI, IFRS 9 requires its contractual cash flows to meet the SPPI criterion – i.e. the cash flows are 'solely payments of principal and interest'. Some prepayment options could result in the party that triggers the early termination receiving compensation from the other party (negative compensation). The amendment allows that financial assets containing prepayment features with negative compensation can be measured at amortised cost or at fair value through other comprehensive income (FVOCI) if they meet the other relevant requirements of IFRS 9. The application of amendment is not likely to have an impact on the consolidated financial statements.
- Amendment to IAS 28 'Investments in Associates and Joint Ventures' - Long Term Interests in Associates and Joint Ventures (effective for annual period beginning on or after 1 January 2019). The amendment will affect companies that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as long-term interests or 'LTI'). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on the consolidated financial statements.
- Amendments to IAS 19 'Employee Benefits'- Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, a company now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on the consolidated financial statements.

- Amendment to IFRS 3 'Business Combinations' - Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past consolidated financial statement.
- Amendments to IAS 1 Presentation of Financial Statements and IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors (effective for annual periods beginning on or after 1 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make materiality judgments when preparing their general purpose financial statements in accordance with IFRS Standards.
- On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework for Financial Reporting which is applicable immediately contains changes that will set a new direction for IFRS in the future.. The Conceptual Framework primarily serves as a tool for the IASB to develop standards and to assist the IFRS Interpretations Committee in interpreting them. It does not override the requirements of individual IFRSs and any inconsistencies with the revised Framework will be subject to the usual due process - this means that the overall impact on standard setting may take some time to crystallise. The companies may use the Framework as a reference for selecting their accounting policies in the absence of specific IFRS requirements. In these cases, companies should review those policies and apply the new guidance retrospectively as of 1 January 2020, unless the new guidance contains specific scope outs.

Annual Improvements to IFRS Standards 2015-2017 Cycle - the improvements address amendments to following approved accounting standards:

- IFRS 3 Business Combinations and IFRS 11 Joint Arrangement - the amendment aims to clarify the accounting treatment when a group increases its interest in a joint operation that meets the definition of a business. A group remeasures its previously held interest in a joint operation when it obtains control of the business. A group does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
- IAS 12 Income Taxes - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.
- IAS 23 Borrowing Costs - the amendment clarifies that a group treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective from annual period beginning on or after 1 January 2019 and are not likely to have an impact on Group's consolidated financial statement.

hwa

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented.

3.1 Basis of consolidation

3.1.1 Business Combination

Business combinations are accounted for using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Goodwill arising on acquisition date is measured as the excess of the purchase consideration, including the acquisition date fair value of the acquirer's previously held equity interest in the acquiree in case of step acquisition, over the fair value of the identifiable assets acquired and liabilities assumed including contingent liabilities less impairment losses, if any. Any goodwill that arises is not amortised and tested annually for impairment. Any gain on bargain purchase is recognised immediately in consolidated statement of profit or loss. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities. Any contingent consideration payable is measured at fair value at the acquisition date. If the contingent consideration is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes in the fair value of the contingent consideration are recognised in consolidated statement of profit or loss.

3.1.2 Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Holding Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date on which control ceases.

These consolidated financial statements have been prepared using uniform accounting policies for the like transactions and other events in similar circumstances and the accounting policies of subsidiaries have been changed when necessary to align them with the accounting policies adopted by the Holding Company. The assets and liabilities of subsidiary companies have been consolidated on a line-by-line basis. The carrying value of investments held by the Holding Company is eliminated against the subsidiary's shareholders' equity in these consolidated financial statements.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners.

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in consolidated statement of profit or loss. Any retained interest in the former subsidiary is measured at fair value where control is lost.

The financial year of the Holding Company and its subsidiary are the same.

3.1.3 Non-controlling interests

Non-controlling interest is that portion of equity in a subsidiary that is not attributable, directly or indirectly, to the Holding Company. Non-controlling interests are measured at their proportionate share of the subsidiaries' identifiable net assets. They are presented as a separate item in the consolidated financial statements.

3.1.4 Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

3.2 Correction of prior period errors

Deferred taxation

During the year ended June 30, 2018, the Subsidiary Company erroneously calculated the written down value of property, plant and equipment for income tax purposes as Rs. 209.27 million instead of Rs. 159.64 million as a result of which a taxable temporary difference of Rs. 42.97 million (on which a deferred tax liability of Rs. 12.89 million should have been recognized) was erroneously converted into a deductible temporary difference of Rs. 6.66 million (on which a deferred tax asset of Rs. 1.99 million was, in fact, recognized) and brought forward losses amounted to Rs. 7.86 million was eliminated erroneously (on which deferred tax asset of Rs. 2.35 million should have been recognized). Hence, the deferred tax liability as on June 30, 2018 as well as deferred tax charge for the year ended was under-recorded by an amount of Rs. 8.44 million.

Current tax charge for the year ended June 30, 2018

In its financial statements for the year ended June 30, 2018, the subsidiary Company measured and recognized the current tax charge for that year at Rs. 4.98 million, whereas, the tax chargeable as declared in the income tax return for the tax year 2018 amounted to Rs. 6.26 million. Thus, the current tax liability as of June 30, 2018 as well as current tax charge for the year then ended was under-recorded by an amount of Rs. 1.27 million which was due to the fact that the said tax charge was, inadvertently, computed as 29% of declared taxable income instead of 2% of total turnover of the subsidiary Company.

Equipment acquired on deferred settlement basis during the year ended June 30, 2018

During the year ended June 30, 2018, the subsidiary Company acquired certain items of equipment on deferred settlement basis whereby, in total, an amount of Rs. 82.37 million was payable to the suppliers over a period 4.5 years commencing from the date of acquisition (i.e. in 54 unequal monthly instalments). According to the International Accounting Standard (IAS) 16 'Property, Plant and Equipment', the cost of such items, at the date of recognition, was required to be measured as the cash price equivalent (which amounted to Rs. 65.92 million) and the difference between the total payment agreed to be made to the suppliers (over the aforesaid period of 4.5 years) and the said cash price equivalent was to be recognized as interest expense in the statement of profit or loss account for the forthcoming reporting periods.

However, contrary to above, the aforesaid items of equipment were initially measured and recognized by the subsidiary Company at Rs. 79.20 million (instead of Rs. 65.92 million). Further, due to such overstatement in cost, the depreciation charge for the year ended June 30, 2018 was also over booked by Rs. 1.32 million.

Nevertheless, as required by IAS 16, the corresponding liability (i.e. the amount payable to the suppliers) was correctly recognized at the cash price equivalent. Thus, the difference between the amount at which the asset was so recognized and the said liability was recognized as 'other income' in the statement of profit or loss account for the year ended June 30, 2018.

The correction of the above errors has been accounted for retrospectively in accordance with the requirements of International Accounting Standard (IAS) 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and corresponding figures have been restated.

The retrospective correction of errors has the effects on these consolidated financial statements as follows:

	As of June 30, 2018	As of July 01, 2018
	— Rupees —	
Effect on the Statement of Financial Position		
Decrease in tax refund due from government	<u>18,428,111</u>	<u>17,148,950</u>
Increase in deferred tax liability	<u>(1,998,551)</u>	<u>6,946,272</u>
Decrease in operating fixed assets	<u>202,611,186</u>	<u>190,655,635</u>
Increase in long term loan	<u>57,218,505</u>	<u>66,974,325</u>
Effect on comprehensive income for the year ended June 30, 2018		— Rupees —
<i>Effect on statement of profit or loss account</i>		
Increase in current tax charge		1,279,161
Deferred tax expense recognized		8,944,823
Increase in finance cost		5,207,535
Decrease in depreciation expense		(1,328,395)
Decrease in other income		<u>17,832,231</u>
		<u>31,935,355</u>
Decrease in earnings per share - basic and diluted		<u>2.60</u>
Decrease in total comprehensive income		<u>31,935,355</u>

3.2 Property, plant and equipment

These are stated at cost less accumulated depreciation and impairment, if any, except for leasehold land, SF/96 premises (tenancy rights) and capital work in progress, which are stated at cost.

Depreciation is charged to consolidated statement of profit or loss account using straight line method so as to write off the historical cost of the assets over their estimated useful lives at the rates given in note 5.1. Depreciation is charged when the asset is available for use till the asset is disposed off. Assets' residual values and useful lives are reviewed, and adjusted, if appropriate annually.

Maintenance and normal repairs are charged to consolidated statement of profit or loss account as and when incurred. Major renewals and improvements, if any, are capitalized when it is probable that respective future economic benefits will flow to the Group.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss account in the year in which the asset is derecognized.

The carrying values of property, plant and equipment are reviewed at each reporting date for indication that an asset may be impaired and carrying values may not be recovered. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash generating units are written down to their recoverable amount. The recoverable amount is the greater of net selling price and value in use. The Group's estimate of residual value of property, plant and equipment as at June 30, 2019 did not require any adjustment.

3.3 Capital work in progress

Capital work in progress is stated at cost accumulated up to the reporting date and represents expenditure incurred on property, plant and equipment in the course of construction. These expenditures are transferred to relevant category of property, plant and equipment as and when the assets are available for use.

3.4 Stores, spares and loose tools

The cost of stores, spares and loose tools are charged to consolidated statement of profit or loss account as and when acquired. The cost of stores, spares and loose tools inventory left unused is not considered material as at reporting date.

3.5 Stock-in-trade

Stock in trade is valued at lower of cost and net realizable value. Cost in relation to stock-in-trade represents direct cost of materials, direct wages and an appropriate portion of production overheads and the related duties where applicable. Cost is determined as follows:

- Raw and packing materials at weighted average basis.
- Stock-in-transit at invoice price plus other charges paid thereon.
- Work-in-process and finished goods at weighted average cost comprising direct cost of raw material, labour and other manufacturing overheads.
- Waste materials at net realizable value

Provision is made in the consolidated financial statements against slow moving and obsolete stock-in-trade based on management's best estimate regarding their future usability whenever necessary and is recognised in the consolidated statement of profit or loss account.

Net realizable value signifies the estimated selling prices in the ordinary course of business less cost necessarily to be incurred in order to make the sale.

3.6 Trade debts and other receivables

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortised cost using the effective interest rate method. Provision is made on the basis of lifetime Expected Credit Loss that result from all possible default events over the expected life of the trade debts and other receivables. Bad debts are written off when considered irrecoverable.

3.7 Cash and cash equivalents

Cash and cash equivalent are carried in the consolidated statement of financial position at cost / amortized cost. For the purpose of cash flow statement cash and cash equivalents comprise of cash in hand and bank balances.

3.8 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

3.9 Borrowings

Borrowings are recognized initially at fair value, net of attributable transaction costs incurred. Borrowings are subsequently carried at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the consolidated statement of profit or loss account over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

3.10 Trade and other payables

Trade and other payables are recognized initially at fair value plus directly attributable cost, if any, and subsequently measured at amortized cost using the effective interest method.

These are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

hce

3.11 Employee benefits

Compensated absences

The Holding Company accounts for the liability in respect of employees' compensated absences in the year in which these are earned. Provisions to cover the obligation are made using the current salary levels of the employees.

Defined benefit scheme

The Holding Company operates an approved funded gratuity plan (the Plan) for its permanent employees. Gratuity is based on employees' last drawn salary. Provisions are made to cover the obligations under the scheme on the basis of actuarial recommendations. The actuarial valuations are carried out using the Projected Unit Credit Method.

Actuarial gain or loss (remeasurements) are immediately recognised in 'Other Comprehensive Income' as they occur. The amount recognised in the consolidated statement of financial position represents the present value of defined benefit obligations as reduced by the fair value of the plan assets. Current service costs and any past service costs together with net interest cost are charged to consolidated statement of profit or loss account. Retirement benefits are payable to employees on completion of prescribed qualifying period of service under the Plan.

Subsidiary Company have no staff retirement benefits plan.

3.12 Taxation

Income tax expense comprises current and deferred tax.

Current

Provision of current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using enacted or substantially enacted at the reporting date and after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is recognized using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amounts used for taxation purposes.

Deferred tax asset is recognized for all the deductible temporary differences only to the extent that it is probable that future taxable profits will be available against which the asset may be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax liabilities are recognized for all the taxable temporary differences.

luc

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the tax rates that have been enacted or substantially enacted by the reporting date.

Deferred tax is charged or credited in the consolidated statement of profit or loss account, except in the case of items credited or charged to comprehensive income or equity, in which case it is included in comprehensive income or equity.

3.13 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past event and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.14 Foreign currency transactions and translation

Foreign currency transactions are translated into Pak Rupees which is the Group's functional and presentation currency using the exchange rates approximating those prevailing at the date of the transaction. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees using the exchange rate at reporting date. Non-monetary assets are translated using exchange rates that existed when the values were determined. Exchange gains and losses resulting from the settlement of such transactions and from the translations at the year end exchange rates of monetary assets and liabilities denominated in foreign currencies are taken to consolidated statement of profit or loss account.

3.15 Revenue recognition

Revenue is recognised at amounts that reflect the consideration that the Group expects to be entitled to in exchange for transferring goods or services to a customer. Revenue is measured at the fair value of the consideration received or receivable, and is recognised on the following basis:

- Revenue from sale of goods (yarn) and scrap sales are recognized when the customer obtains control of the goods, being when the goods are delivered to the customer, the customer has full discretion over the selling price of the goods and there is no unfulfilled obligation that could affect the customer's acceptance of the goods. Delivery occurs when the goods have been dispatched from the premise, the risk of loss has been transferred to the customer, and either the customer has accepted the goods in accordance with the sales contract, the acceptance provisions have elapsed, or there are objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognized when the goods are delivered to customer as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

The Group does not expect to have contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

hux

- Revenue from service fee is recognised when services have been transferred to a customer either over time or at a point in time, when the performance obligations are met.
- Returns on saving accounts, deposit accounts and investments at amortised cost are recognised using effective interest rate method.

3.16 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker who is responsible for allocating resources and assessing performance of the operating segments.

3.17 Dividend and appropriation to / from reserves

Dividend and appropriation to reserves is recognised in the consolidated financial statements in the period in which these are approved.

3.18 Financial instruments

a) *Initial Recognition*

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortised cost or cost as the case may be.

b) i) *Classification of financial assets*

The Group classifies its financial instruments in the following categories:

- at fair value through profit and loss ("FVTPL"),
- at fair value through other comprehensive income ("FVTOCI"), or
- at amortised cost.

The Group determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Group's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at FVTPL.

ii) *Classification of financial liabilities*

The Group classifies its financial liabilities in the following categories:

- at fair value through profit and loss ("FVTPL"), or
- at amortised cost.

Financial liabilities are measured at amortised cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Group has opted to measure them at FVTPL.

e) *Subsequent measurement*

i) *Financial assets at FVTOCI*

Elected investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognised in other comprehensive income/(loss).

ii) *Financial assets and liabilities at amortised cost*

Financial assets and liabilities at amortised cost are initially recognised at fair value, and subsequently carried at amortised cost, and in the case of financial assets, less any impairment.

iii) *Financial assets and liabilities at FVTPL*

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the consolidated statement of profit or loss account and other comprehensive income. Realised and unrealised gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the consolidated statement of profit or loss account and other comprehensive income in the period in which they arise. Where management has opted to recognise a financial liability at FVTPL, any changes associated with the Group's own credit risk will be recognized in other comprehensive income / (loss). Currently, there are no financial liabilities designated at FVTPL.

d) *Impairment of financial assets at amortised cost*

The Group recognises a loss allowance for expected credit losses on financial assets that are measured at amortised cost as more fully explained in note 4.

huc

e) *Derecognition*

i) *Financial assets*

The Group derecognises financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognised in consolidated statement of profit or loss account. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to consolidated statement of profit or loss account. In contrast, on derecognition of an investment in equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to consolidated statement of profit or loss account, but is transferred to consolidated statement of changes in equity.

ii) *Financial liabilities*

The Group derecognises financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in the consolidated statement of profit or loss account and other comprehensive income.

3.19 **Offsetting of financial assets and financial liabilities**

Financial assets and liabilities are off-set and the net amount is reported in the consolidated statement of financial position if the Group has a legal right to set off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

4 **CHANGES IN ACCOUNTING POLICY**

The Group has adopted IFRS 9 'Financial Instruments' and IFRS 15 'Revenue from contracts with customers' from July 01, 2018. Consequently, the following changes in accounting policies have taken place effective from July 01, 2018:

a) **IFRS 9 - Financial Instruments**

IFRS 9 - Financial Instruments (IFRS 9) replaced the majority of requirement of IAS 39 - Financial Instruments, Recognition and Measurement (IAS 39) and covers the classification, measurement and de-recognition of financial assets and financial liabilities. It requires all fair value movements on equity investments to be recognised either in the consolidated statement of profit or loss account or in other comprehensive income, on a case-by-case basis, and also introduced a new impairment model for financial assets based on expected losses rather than incurred losses and provides a new hedge accounting model.

In respect of retrospective application of IFRS 9, the Group has adopted modified retrospective approach as permitted by this standard, according to which the Group is not required to restate the prior year results. There is no material impact of adoption of IFRS 9 on opening equity of the Group.

The impact of the adoption of IFRS 9 has been in the following areas:

i) Classification and measurement of financial assets and financial liabilities

IFRS 9 largely retains the existing requirements of IAS 39 for the classification and measurement of financial liabilities. However, it replaces the previous IAS 39 categories for financial assets i.e. loans and receivables, fair value through profit or loss (FVTPL), available for sale and held to maturity with the categories such as amortised cost, fair value through profit or loss (FVTPL) and fair value through other comprehensive income (FVTOCI).

The following table below explain the original measurement categories under IAS 39 and the new measurement categories under IFRS 9 for each class of the Group's financial assets and financial liabilities as at July 1, 2018:

Financial assets	Original classification as per IAS 39	New classification as per IFRS 9	Carrying amount as per IAS 39 as on June 30, 2018	Carrying amount on initial adoption of IFRS 9 on July 1, 2018	Effect on July 01, 2018 on Retained Earning
Long term deposits and prepayments	LR	AC	2,836,051	2,376,000	-
Trade debts	LR	AC	201,099,321	201,099,321	-
Loans and advances	LR	AC	26,506,976	26,506,976	-
Trade deposits	LR	AC	985,983	985,983	-
Other receivables	LR	AC	41,843,910	41,843,910	-
Bank balances	LR	AC	41,940,587	41,940,587	-

- "LR" is loans and receivables
- "AC" is amortised cost

ii) Hedge accounting

IFRS 9 requires that hedge accounting relationships are aligned with its risk management objectives and strategy and to apply a more qualitative and forward-looking approach to assessing hedge effectiveness.

There is no impact of the said change on these consolidated financial statements as there is no hedge activity carried on by the Group during the year ended June 30, 2019.

iii) Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model of IAS 39 with an 'expected credit loss' (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVTOCI, but not to investments in equity instruments. Under IFRS 9, credit losses are recognised earlier than under IAS 39.

Under IFRS 9, loss allowances are measured on either of the following basis:

- 12-months ECLs: These are ECLs that result from possible default events within the 12 months after the reporting date; and

- Lifetime ECLs: These are ECLs that result from all possible default events over the expected life of a financial instrument.

The Group has elected to measure provision against financial assets on the basis of lifetime ECLs.

Lifetime ECL is only recognised if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Further, the Group considers the impact of forward looking information (such as Group's internal factors and economic environment of the customers) on ECLs.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Group expects to receive).

Presentation of impairment

Provision against financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Impact of the new impairment model

For assets within the scope of the IFRS 9 impairment model, impairment losses are generally expected to increase and become more volatile. There is no impact of the new impairment model, defined by IFRS 9, on the Group's consolidated financial statement for the year ended June 30, 2019.

b) IFRS 15 - Revenue from contracts with customers

IFRS 15 - Revenue from contracts with customers (IFRS 15) replaced IAS 18 - Revenue, IAS 11 - Construction Contracts, IFRIC 13 - Customer Loyalty Programmes, IFRIC 15 - Agreements for the Construction of Real Estate, IFRIC 18 - Transfers of Assets from Customers and SIC 31 - Revenue - Barter Transactions involving Advertising Services. IFRS 15 introduces a single five-step model for revenue recognition and establishes a comprehensive framework for recognition of revenue from contracts with customers based on a core principle that an entity should recognise revenue representing the transfer of promised goods or services to customers in an amount that reflects the consideration which the entity expects to be entitled in exchange for those goods or services. However, the adoption of IFRS 15 does not have any impact on the reported revenue of the Group for the year ended June 30, 2019.

17.3 Staff retirement benefits

17.3.1 The Holding Company operates approved funded gratuity schemes for its permanent employees (the Plan). Actuarial valuation of this Plan is carried out every year and the latest actuarial valuation was carried out as of June 30, 2019. Plan assets held in trust are governed by local regulations which mainly include Trust Act, 1882; the Companies Act, 2017; Income Tax Rules, 2002 and the Rules under the trust deeds. Responsibility for governance of the Plan, including investment decisions and contribution schedules, lies with the Board of Trustees of the Plan.

The latest actuarial valuation of the Plan as at June 30, 2019 was carried out using the Projected Unit Credit Method. Details of the Plan as per the actuarial valuation are as follows:

21 SHORT TERM MURABAHA			
<i>Under Shariah arrangement</i>			
- Habib Metropolitan Bank Morabaha	21.1	308,565,339	300,960,627
- Standard Chartered Bank Morabaha	21.2	132,025,670	130,508,103
		440,591,009	431,468,730

21.1 Short-term murabaha had been obtained by the Holding Company, under shariah arrangement, for the regular purchases of raw material. The bank has approved a facility of Rs. 330 million (2018: Rs. 315 million). The effective rate of profit on murabaha in facility ranges between 12% to 14% (2018: 8.11% to 9.03%), based on 6 months KIBOR plus 2% to 4% per annum (2018: 6 months KIBOR plus 2% per annum). The arrangement is secured against equitable mortgage of factory land, building and plant & machinery (except assets financed under diminishing musharaka by another financial institution), located at H.I.T.E., Hub, Balochistan, hypothecation of goods imported / purchased under this financing, execution of promissory notes and personal guarantees of three directors of the Holding Company.

21.2 Short-term murabaha had been obtained by the Holding Company, under shariah arrangement, for the regular purchases of raw material. The bank has approved a facility of Rs. 134 million (2018: 134 million). The effective rate of profit on murabaha in facility ranges between 7.91 % to 14.47 % (2018: 7.63% to 7.91%) based on 3 months KIBOR + 1.75% (2018: 3 months KIBOR + 1.75% per annum). The arrangement is secured against equitable mortgage of factory land, building and plant & machinery (except assets financed under diminishing musharaka by another financial institution), located at plot no, 54 Dehi Gondpas Tapo Gabopat Kernari Town Karachi, hypothecation of goods imported / purchased under this financing, execution of promissory notes and personal guarantees of three directors of the Holding Company.

22 CONTINGENCIES AND COMMITMENTS

22.1 Contingencies

22.1.1 Further tax applied on Holding Company's yarn sales at the rate of 1% amounting to Rs. 30,091,271 has been suspended by the Islamabad High Court through W.P. No 416/2018. Holding Company's legal counsel is of the opinion that the matter shall be decided in the Holding Company's favour, therefore, no provision of further tax has been made during the year, during which the Holding Company neither charged or collected any further tax from its customers.

be

22.1.2 In December 2011, the Federal Government, for the first time, imposed the levy of Gas Infrastructure Development Cess (the cess) through the promulgation of the Gas Infrastructure Development Cess Act, 2011 (GIDC Act, 2011) which, subsequently, was widely challenged on several legal grounds. In June 2013, the Honourable High Court of Peshawar, in the case titled M/s. Ashraf Industries vs. Federation of Pakistan, passed a judgment whereby it struck down the GIDC Act, 2011 declaring the said law as unconstitutional. Subsequent to this decision, the Gas Infrastructure Development Cess Ordinance, 2014 (GIDC Ordinance, 2014) was promulgated which expired in May 2015. In the same month, the Honourable Supreme Court of Pakistan dismissed the review petition filed by the Federation of Pakistan against the aforesaid judgment of the Honourable High Court of Peshawar, and thereby, upheld the said judgment. Following the judgment of the Apex Court, the GIDC Ordinance, 2014 received presidential assent after having been passed by both the houses of Parliament as Gas Infrastructure Development Cess Act, 2015 (GIDC Act, 2015). The GIDC Act, 2015, provided for retrospective levy of cess for the period from January 2011 to May 2015 (as imposed under the struck down GIDC Act, 2011 and GIDC Ordinance, 2014) with different cess rates prescribed for each sector. The GIDC Act, 2015, has also been challenged on legal and other grounds. In October 2016, the Honourable High Court of Sindh passed a judgment whereby it declared the GIDC Act, 2015 as unconstitutional. Subsequent to this decision, the Federation of Pakistan filed an appeal in the Honourable Supreme Court of Pakistan against the aforesaid judgment of the Honourable High Court of Sindh which is currently pending for adjudication. During this period, the Honourable Sindh High Court suspended its judgment passed in October 2016.

The Holding Company, as well as other petitioners, have challenged the levy on constitutional and legal grounds as well as discrimination in supply rate and GID cess as against its retrospective application of GIDC Act 2015 to levy cess for the period from 2011 to 2015 against that applied to similar sector.

Since this issue is being faced by industry at large and in light of aforementioned developments, the management is of the view that there is no need to maintain any provision against this liability and accordingly the Holding Company has deferred the recognition of expense against such billings amounting to Rs. 112.19 million (2018: 92.67 million) based on the advice of its legal counsel.

22.1.3 The Federal Board of Revenue (FBR) vide SRO 491(i)/2016 dated June 30, 2016 made certain amendments in SRO 1125(i)/2011 dated December 31, 2011 including disallowance of input tax adjustment amounting to Rs. 2.70 million on packing material of textile products. Consequently, input tax adjustment on packing material of textile product is not being allowed for adjustment with effect from July 01, 2016. The Holding Company has challenged the disallowance of input tax adjustment on packing material in the Sindh High Court on January 16, 2017 against Federation of Pakistan and others. The Honourable Sindh High Court has granted interim relief order and allowed the Holding Company to claim input tax adjustment.

Based on the merits of the case and the discussions held with the legal counsel, the management is confident that the case will be decided in favour of the Holding Company.

22.1.4 The Holding Company on the demand notice of Rs. 365,568 along with several other Companies has filed a Constitutional Petition on April 13, 2016 against Employment Old Age Benefits Institution (EOBI) and others in the Sindh High Court against a notice issued by the EOBI from taking any coercive action against the Holding Company.

30	TAXATION			
30.1	Current			
	- for the year		34,463,602	26,626,747
	- for prior year		1,515,363	2,102,784
			<u>35,978,965</u>	<u>28,729,531</u>
	Deferred		(4,880,490)	24,928,337
			<u>31,098,475</u>	<u>53,657,868</u>

30.1.1 The income tax assessments of the Group have been finalised up to and including the tax year 2018. Tax returns are deemed to be assessed under provisions of the Income Tax Ordinance, 2001 ("the Ordinance") unless selected for an audit by the taxation authorities. The Commissioner of Income Tax may, at any time during a period of five years from date of filing of return, select the deemed assessment order for audit.

30.1.2 The numerical reconciliation between tax expense and accounting profit has not been presented for the current year and comparative year in these consolidated financial statements as the total income of the Holding Company for the current and previous year attracted the provisions of minimum tax under section 113 of the Income Tax Ordinance, 2001.

31	EARNINGS PER SHARE - BASIC AND DILUTED	2019	(Restated) 2018
		Rupees	
31.1	Basic earnings per share		
	Profit attributed to shareholders of the Holding Company	95,987,583	6,865,519
		Number	
	Weighted average number of ordinary shares	8,593,750	8,593,750
	Earnings per share - basic and diluted	11.17	0.80

31.2 Diluted earnings per share

There is no dilutive effect on the basic earnings per share of the Group, since there are no convertible instruments in issue as at June 30, 2018 and June 30, 2019 which would have any effect on the earnings per share.

32 CHIEF EXECUTIVE, DIRECTORS' & EXECUTIVE OFFICERS' REMUNERATION

The aggregate amounts charged in these consolidated financial statements for remuneration, including certain benefits to Directors, Chief Executive and Executives of the Group, are as follows:

	Chief Executive		Directors		Executives		Total	
	2019	2018	2019	2018	2019	2018	2019	2018
	Rupees							
Remuneration	12,356,400	5,200,800	12,713,400	13,561,200	8,965,665	5,561,800	34,035,465	24,323,800
House rent	4,855,200	2,079,120	5,017,920	5,398,680	2,681,856	2,221,620	12,554,976	9,699,420
Retirement benefits	1,166,597	-	882,435	-	506,772	-	2,525,804	-
Utilities	1,262,400	520,000	1,294,680	1,330,120	1,071,959	556,180	3,629,039	2,426,380
	19,640,597	7,800,000	19,878,435	20,310,000	13,226,252	8,339,600	52,745,284	36,449,600
Number of persons	1	1	6	5	4	4	11	10

32.1 In addition to the above, the chief executive and executive director are also provided with free use of Group maintained cars and residential telephones.

32.2 For the purpose of disclosure those employees are considered as executives whose basic salary exceeds twelve hundred thousand rupees in a financial year.

32.3 No fee was paid to directors for attending board meetings during the year. (2018: Nil)

33	CAPACITY AND PRODUCTION	2019	2018
		Number	
	<u>Textile Segment</u>		
	Number of spindles installed	32,052	32,052
	Number of spindles operated	32,052	32,052
	Installed capacity in Kgs. after conversion into 30 single count	7,154,006	7,154,006
	Actual production of yarn in Kgs. after conversion into 30 single count	6,671,706	6,812,439
	Number of shifts worked per day	3	3
	<u>Cold Storage Segment</u>		
	Capacity in pallets	30,500	16,080

- 33.1 Actual production is less than the installed capacity due to planned maintenance shut down and gap between market demand and supply.

34 FINANCIAL RISK MANAGEMENT

34.1 Financial risk factors:

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (interest/mark-up rate risk). The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall, risks arising from the Group's financial assets and liabilities are limited. The Group consistently manages its exposure to financial risk without any material change from previous periods in the manner described in notes below.

The Board of Directors has overall responsibility for the establishment and oversight of Group's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

Exposure to credit risk

Credit risk of the Group arises from long term deposits, deposits with banks, trade debts, short term loans and advances, deposits and other receivables. The carrying amount of financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Group has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their net worth. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Group's management, as part of risk management policies and guidelines, reviews clients' financial position, considers past experience and exports are against usance and sight LC. Further, credit risk on liquid funds is limited because the counter parties are banks with reasonably high credit ratings.

The carrying amount of financial assets represent the maximum credit exposure at the reporting date, which are detailed as follows:

	Note	2019	2018
		Rupees	
Long term deposits		4,661,051	6,323,551
Short term investment		1,705,555	-
Trade debts	34.1.1	415,531,305	291,384,865
Loans and advances	34.1.2	24,289,126	30,888,956
Trade deposits		760,088	985,983
Other receivables		2,053,260	3,924,994
Bank balances		30,103,604	42,942,808
		<u>479,103,989</u>	<u>376,451,157</u>

34.1.1 The maximum exposure to credit risk for trade debts is due from local clients.

34.1.2 Loan to executive and employees are secured against gratuity fund balance of these executives and employees.

The aging analysis of the total receivable from clients as at the reporting date is as follows:

	2019		2018	
	Gross	Impairment	Gross	Impairment
Not past due	-	-	-	-
Past due 1 day - 30 days	232,469,316	-	196,097,084	-
Past due 31 days - 180 days	182,083,085	-	94,438,771	-
Past due 181 days - 1 year	1,478,904	500,000	849,010	-
More than one year	-	-	-	-
	416,031,305	500,000	291,384,865	-

No impairment has been recognized except as disclosed in respect of these debts as the security against the same is adequate or counter parties have sound financial standing.

The credit quality of Group's liquid funds can be assessed with reference to external credit ratings as follows:

Bank	Rating agency	Short-term Rating	2019	2018
			----- (Rupees) -----	
Habib Metropolitan Bank	PACRA	A-1+	9,617,668	17,091,028
Meezan Bank Limited	PACRA	A-1+	12,942,964	2,184,535
Bank Al-Habib Limited	PACRA	A-1+	241,642	22,191,111
Bank Alfalah	PACRA	A-1+	4,161,671	136,721
United Bank Limited	JCR-VIS	A-1+	959,057	214,632
National Bank of Pakistan	PACRA	A-1+	209,497	143,331
Habib Bank Limited	JCR-VIS	A-1+	1,052,500	91,828
Standard Chartered Bank	PACRA	A-1+	731,016	889,622
Faisal Bank Limited	PACRA	A-1+	187,589	-
			30,103,604	42,942,808

Due to the Group's long standing business relationships with the counter parties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Group. Accordingly, the credit risk is minimal.

b) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. The Group finances its operations through equity, borrowings and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The management aims to maintain flexibility in funding by keeping regular committed credit lines.

On the reporting date, the Group has cash and bank balance Rs. 30.66 million (2018: Rs. 42.26 million) and liquid assets in the form of short term investments amounting to Rs. 1.71 million (2018: Nil).

601

The following are the contractual maturities of financial liabilities, including estimated interest payments:

	2019			
	Carrying amount	Less than 3 months	3 months to 1 year	1 to 5 years

Trade and other payables	159,243,453	159,243,453	-	-
Accrued profit	8,774,079	8,774,079	-	-
Loan from directors	64,960,000	-	64,960,000	-
Short term murabaha	431,468,730	431,468,730	-	-
	922,753,712	616,731,400	131,401,808	174,620,504

c) Market risk

Market risk means that the future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates and interest rates. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. The Group's market risk comprises of three types of risks: foreign currency risk and interest rate risk. The market risks associated with the Group's business activities are discussed as under:

i) Foreign currency risk

Foreign currency risk arises mainly where receivables and payables exist due to transaction in foreign currency. Currently, the Group is not exposed to currency risk since there are no material foreign currency transactions and balances at the reporting date.

ii) Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest/ mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market.

iii) Interest rate risk

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Group manages these mismatches through risk management strategies where significant changes in gap position can be adjusted. The short term borrowing arrangements has variable rate pricing that is dependent on the Karachi Inter Bank Offered Rate (KIBOR) as indicated in respective notes.

Financial assets and liabilities include balances of Rs. 12.49 million (2018: Rs. 2.25 million) and Rs. 620.4 million (2018: Rs. 689.78 million) respectively, which are subject to interest / markup rate risk. Applicable interest / mark-up rates for financial assets and liabilities have been indicated in respective

At the reporting date, the interest rate profile of the Group's significant interest bearing financial instruments was as follows:

	2019	2018	2019	2018
	Effective interest rate (%)		Carrying amounts (Rs.)	
Financial assets				
Bank deposits - <i>pkc account</i>	0.4% to 6.5%	0.4% to 3.3%	<u>10,781,379</u>	<u>2,252,688</u>
Short term investment	4.8% to 5.9%	Nil	<u>1,705,555</u>	<u>-</u>
Financial liabilities				
Long term musharaka	8.4% to 14.8%	8.02% to 8.78%	<u>136,853,073</u>	<u>191,333,125</u>
Short term morabaha	8.4% to 17.1%	7.63% to 9.03%	<u>440,591,009</u>	<u>431,468,730</u>

Sensitivity analysis

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate will not affect fair value of any financial instrument. For cash flow sensitivity analysis of variable rate instruments it is observed that interest / mark-up rate in terms of KIBOR has increased by 605 bps during the year.

The following information summarizes the estimated effects of 1% hypothetical increases and decreases in interest rates on cash flows from financial assets and financial liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Statement of profit or loss 100 bp	
	increase	(decrease)
As at June 30, 2019

As at June 30, 2018		
Cash flow sensitivity-Variable rate financial liabilities	<u>4,812,664</u>	<u>(4,812,664)</u>

34.2 Fair value estimate

The Group measures fair value of its financial and non-financial assets that are measured at fair value using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1 : Quoted market price (unadjusted) in an active market.

Level 2 : Valuation techniques based on observable inputs.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs not based on observable data.

Fair values of assets that are traded in active markets are based on quoted market prices. For all other assets the Group determines fair values using valuation techniques unless the instruments do not have a market quoted price in an active market and whose fair value cannot be reliably measured.

luc

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group manages its capital risk by monitoring its debt levels and liquid assets and keeping in view future investment requirements and expectation of the shareholders. Debt is calculated as total borrowings ('long term musharaka' and 'short term morabaha' as shown in the statement of financial position). Total capital comprises shareholders' equity:

	2019	2018
	Rupees

OPERATING SEGMENT

Management has determined the operating segments based on the information that is presented to the chief operation decision-maker of the Group for allocation of resources and assessment of performance. Based on internal management reporting structure, the Group is organised into the following two operating segments:

- Textile - manufacturing and sale of man-made blended yarn
- Cold storage - providing services in respect of cold storage through "compartmentalized cold store project"; and
- Food stuff - processing of "ready to eat" meals.

Management monitors the operating results of above mentioned segments separately for the purpose of making decisions about resources to be allocated and for assessing performance.

Segment results and assets include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

2019	Textile	Cold Storage	Food Stuff	Total
