Majority of KP Districts Allocated to Systems Limited for Computerization of Land Records

Peshawar – July 29, 2015: Systems Limited has won the bid for four additional districts in Khyber-Pakhtunkhwa where land records are being digitized as per directives from the Supreme Court of Pakistan. With this update, Systems Limited is now delivering Computerization of Land Records to majority of the 19 districts opened for bidding by the Board of Revenue Peshawar Khyber-Pakhtunkhwa, with five bids won previously, and is well-poised to win more bids from Khyber-Pakhtunkhwa in the future based on their delivery and experience.

Contracts for provision of Computerization of Land Records in Swabi, Haripur, Lakki Marwat and Tank were signed in the presence of Ali Amin, Khyber-Pakhtunkhwa's Revenue Minister, who remarked on System Limited's record delivery in the first phase of computerization (2013-2014). The total value of the four contracts amounts to Rs. 150,301,795.

In May 2013 Systems Limited won bids for Computerization of Land Records in Mardan, Abbottabad and Peshawar, with the Mardan Service and Delivery Centre already functional after being inaugurated by PTI Chairman, Imran Khan, where he announced, "We (PTI Government) began the land record's computerization from Mardan district and are hopeful that such record in all districts of the province will be computerized by the end of 2017."

Systems Limited will be delivering almost 50% of the Computerization of Land Records project.

"I'm grateful for the trust placed in Systems Limited by the Board of Revenue Peshawar Khyber-Pakhtunkhwa and applaud all the efforts made by them for driving this initiative," said Asif Peer, CEO and Managing Director of Systems Limited.

"I am also proud of our technology infrastructure and all the teams involved at Systems Limited who have worked day and night to deliver these projects in a timely manner," he added.

About Systems Limited

Systems Limited is a globally recognized leader of the next-generation IT and technology-led BPO services, which are built on the best-of-breed philosophy. The Only Pakistani Company to be named to Microsoft's President's Club in 2015

Karachi, July 29 2015: For the second year in a row, Systems Limited has been named to the President's Club for Microsoft Dynamics, which is awarded to the top 5% Microsoft Dynamics partners worldwide.

Adeel Edhi, who leads the Microsoft Dynamics practice for Systems Limited was humbled by the award, saying, "To be recognized on this scale, with no one else in Pakistan making it to this level, and for us to have made it two times in a row by now, only goes to show the amount of hard work and relentless passion Systemers put in their jobs and their dedication to provide customers with innovative business solutions to achieve high levels of customer satisfaction."

"But it is not just sheer passion or drive but also the robustness and versatility of the Microsoft Dynamics platform that makes all our efforts count," he added.

Membership to this prestigious club is granted to elite partners who reach key business milestones while maintaining a constant dedication to high levels of customer satisfaction and an active pursuit of product and technological advancement.

Asif Peer, CEO and Managing Director of Systems Limited, said, "It's all a part of our strategy to create a global practice for Dynamics AX with fast-track AX implementation, vertical solutions and specialized services through innovation, AX-focused research and development, domain knowledge, technical expertise, methodologies, products, frameworks, accelerators, and a value-centric approach. This global practice structure and its roadmap are the main differentiators for Systems Limited as they help us break through the clutter and deliver real value exclusively for our customers."

"We are delighted to have achieved this milestone yet again and will continue to maintain focus on establishing a successful global practice as we strive for the next level of achievement and recognition in the coming years," he added.

Microsoft is holding the prestigious 2015 Microsoft Dynamics Global Recognition Event in Orlando, Florida, at the Microsoft Worldwide Partner Conference, the company's annual premier partner event.
