### Another Historical Win for Systems Limited in Pakistan

Systems Limited, a leading Information Technology and Business Process Outsourcing (BPO) provider in Pakistan and international markets, has been awarded a mega project to develop centralized Land Records Management Information System (LRMIS) by the Project Management Unit at the Board of Revenue Punjab (PMU-BOR).

The value of the contract is about Pkr 300 Million, which will add healthy revenue to the already impressive delivery pipeline of Systems Limited.

The new system will be serving over 12,000 users in the BOR and related stakeholders in all districts of Punjab and with its state of the art architecture, as desired by the PMU-BOR. Systems Limited will deliver a solution which will be securely hosted and delivers uniformly efficient service to all users in the 150 Tehsils across 300 services centers in the province.

Systems Limited has already been involved in Land Record Computerization across three provinces in Pakistan. Land Records Management Information System Punjab is set to be one of the largest Land Records' databases in South East Asia. Systems Limited is excited to be an enabler in this regard and is determined to take this initiative forward to help create more success stories in Pakistan and also across the region.
