A PAKISTAN - JAPAN JOINT VENTURE

FAX # 111 573 329

Sec/102/TPFL

Karachi  
12 March 2014

The Manager  
Karachi Stock Exchange Limited  
Stock Exchange Building  
Stock Exchange Road  
Karachi.

Dear Sir,

Tri-Pack Films Limited (the Company) is pleased to announce that the new Cast Poly Propylene Plant (CPP) with a nameplate capacity of 9,000 metric tons per annum has now been commissioned and commercial production commenced.

The new plant shall increase the CPP nameplate capacity of the Company from 8,000 tons per annum to 17,000 tons per annum. This investment demonstrates commitment of the Company that it caters the increased demand of CPP films in Pakistan and offers faster delivery, better quality, greater convenience and increased flexibility. Besides this, the capacity in excess of the local demand will be exported, which will generate foreign exchange for the country. As communicated earlier, this project is financed with a mix of debt and internal cash generation.

You are requested to kindly make necessary noting in your record.

Yours sincerely,  
For TRI-PACK FILMS LIMITED

  
(Adi J Cawazji)  
Company Secretary
