The external auditors have revised their observations already mentioned in audit report for the year ended December 31, 2013 and report as under;

- a) Apni Sawari portfolio comprises total five hundred twenty one (521) rickshaw advances aggregating to Rupees 48.50 million (net of provision as per Prudential Regulations) as at the reporting date. This includes forty nine (49) rickshaw advances given during the last year aggregating to outstanding principal amount of Rupees 4.069 million (net of provision as per Prudential Regulations) {Note 8} against which the Bank could not get the respective vehicles registered in its name as collateral owing to certain irregularities involved in the purchase process. This raises significant doubts on the utilization and recoverability of such advances. The Bank also filed complaint with police against the responsible persons regarding this matter. However, the management of the Bank has not carried out any assessment of loss arising out of this matter and has not determined and accounted for the resultant provision against the aforesaid principal amount.

AUDITORS' REPORT TO THE MEMBERS ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION

Introduction

We have reviewed the accompanying condensed interim balance sheet of APNA MICROFINANCE BANK LIMITED ("the Bank") as at 30 June 2014 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the accounts for the six-month period then ended (here-in-after referred to as the "condensed interim financial information"). Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the quarters ended 30 June 2014 and 30 June 2013 have not been reviewed and we do not express a conclusion on them as we are required to review only the cumulative figures for the six-month period ended 30 June 2014.

Scope of Review

We conducted our review in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

- (a) Apni Sawari portfolio comprises total five hundred twenty one (521) rickshaw advances aggregating to Rupees 48.50 million (net of provision as per Prudential Regulations) as at the reporting date. This includes forty nine (49) rickshaw advances given during the last year aggregating to outstanding principal amount of Rupees 4.069 million (net of provision as per Prudential Regulations) (Note 8) against which the Bank could not get the respective vehicles registered in its name as collateral owing to certain irregularities involved in the purchase process. This raises significant doubts on the utilization and recoverability of such advances. The Bank also filed complaint with police against the responsible persons regarding this matter. However, the management of the Bank has not carried out any assessment of loss arising out of this matter and has not determined and accounted for the resultant provision against the aforesaid principal amount.
- (b) the Bank incurred fixed capital expenditure of Rupees 16.631 million during the previous years on renovation of office at Lahore, obtained on rent in view of its planned expansion to national level operations. However, the Bank could not obtain license of national level operations so far. Further, no rent has been paid in respect of aforesaid office since July 2013. Despite these indicators, the management of the Bank has not determined and accounted for impairment loss on such fixed capital expenditure.

Qualified Conclusion

Based on our review, except for the matters described in paragraph (a) and (b) above, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as of and for the six-month period ended 30 June 2014 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

Emphasis of Matter

We draw attention to note 1.2 to the condensed interim financial information which states that subsequent to period end the Bank has issued 80 million right shares of Rupees 10 each at 50% discount amounting to Rupees 400 million (net) and has also obtained the license for provincial level operations, and the management is making endeavors to achieve the status of national level microfinance bank within targeted timelines. Our conclusion is not further qualified in respect of this matter.
