REVIEW REPORT

For the year ended June 30, 2014

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed statement of compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of M/s. Fateh Sports Wear Limited ('the Company') for the year ended June 30, 2014 to comply with the requirements of listing regulation No. 35 Chapter XI of the Karachi Stock Exchange, where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and to develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the board of directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of related party transaction by the board of directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the statement of compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the company for the year ended June 30, 2014.

Further, we highlight below instance of non-compliance with the requirement of the Code as reflected in the note where it is stated in the statement of compliance:

NOTES TO THE ACCOUNTS

For the year ended June 30, 2014

1. THE COMPANY AND ITS OPERATIONS

- 1.1 Fateh Sports Wear Limited** is incorporated in Pakistan as a public limited company and is listed on the Karachi Stock Exchange.

During the year Company has applied for delisting from the Karachi Stock Exchange, for which formal application has been submitted to the Exchange in November, 2013. The application is still under process with the Exchange.

The Principal activity of the Company is the manufacture of ready made garments and selling them locally as well as doing exports.

1.2 Going Concern

These financial statements have been prepared on going concern basis, for the following reasons:

- the operations of the company were closed since the year 2003. In the year 2011 the company had started producing and supplying goods to foreign as well as local customers with an aim to secure further orders for commencing the production activities in full swing viably anew. The core reason for discontinuation and incurring losses was due to funds blocked with Russia that rendered the Company in the financial distress. The manufacturing activities could not be profitably carried out with scarce financial resources, hence to mitigate the operational cost and administration expenses, operations were closed upto 2010.

- there are accumulated losses amounting to Rs. 316,255,270/-. It is stated that the amount due to related parties amounts to Rs. 91.7 million. Further, old foreign debts were fully provided last year consequent to delinkage of the same from Company's claims from Russia. (Reference Note No. 13 read with Note No. 17). The management has filed appeal before the Honorable Foreign Exchange Appellate Board, Karachi against the order of Honorable Foreign Exchange Adjudication Court, State Bank of Pakistan, Banking Services Corporation in July, 2014 and is expecting favorable decision and Board has granted stay till the next hearing of the case. Thus the amount provided towards foreign trade debtors would be reversed by Rs. 294.3 million making the negative equity to positive figure;

- the financial ratios are adverse;

- the company is unable to settle its debts. However, during the year the Company has paid Rs. 48.44 million to its outside parties including Bank, thereby settling Rs. 151.78 outside debts; and

- the company had started production activities from 2011 and is hopeful to get viable orders in due course of time.

The Government of Pakistan and Russian Government are discussing the matter for settlement of the claims of the Pakistani exporters. The Government of Pakistan has frozen the account of the Russian Government maintained with NBP, Karachi till the settlement of the claims of the Pakistani exporters in accordance with the order of Honorable High Court of Sindh. A draft protocol has been finalized which is likely to be signed within due course of time.

In these circumstances, the management is expecting recovery of stuck up funds and plans to restart its operations viably anew. This shows the genuineness of claims of the company and strong possibility of receipts of funds from abroad. Company has also filed suit before the Honorable High Court of Sindh against the Russian Government for recovery of stuckup funds of USD 18.71 million including interest of USD 9.26 million upto March 31, 2005.

The management of the company has no plan to liquidate its assets other than under normal course of business. The ability of the company to continue as a going concern currently is based on the followings:

- i) Continued financial support from directors/related parties;
- ii) Revival of the operations after receipt of stuck up funds from Russia;
- iii) There is a need to keep the entity in existence when a huge claim of the Company is expected to be materialized under the present circumstances where two Governments are negotiating the settlement of Pakistani exporters' receivables and the matter is subjudice before the Honorable High Court of Sindh.
