Kohinoor Mills Limited

Kohinoor Mills Limited and its subsidiary

COMPANY PROFILE

Kohinoor Mills Limited's vision is to achieve and then remain as the most progressive and profitable textile organization in Pakistan. Incorporated in 1987 as a small weaving mill, today Kohinoor Mills broadly undertakes three major businesses, weaving, dyeing and power generation. It has, and continues to develop, a portfolio of businesses that are major players within their respective industries. Bringing together outstanding knowledge of customer needs with leading edge technology platforms your company undertakes to provide superior products to its customers.

With an annual turnover of over Rs. 8 billion, today Kohinoor Mills Limited employs over 1,400 employees. It aims to create superior value for Kohinoor's customers and stakeholders without compromising its commitment to safety, environment and health for the communities in which it operates. Its products range from greige fabric to processed fabric.

Stock Exchange

Kohinoor Mills Limited is a public limited Company and its shares are traded under personal goods sector at all three Stock Exchanges of Pakistan.

MISSION & VISION STATEMENT

The Kohinoor Mills Limited's stated mission is to become and then remain as the most progressive and profitable company in Pakistan in terms of industry standards and stakeholders interest.

The Company shall achieve its mission through a continuous process of having sourced, developed, implemented and managed the best leading edge technology, industry best practices, human resource and innovative products and services and sold these to its customers, suppliers and stakeholders

BUSINESS ACTIVITIES

The Company is principally engaged in the business of textile manufacturing covering weaving, bleaching, dyeing, buying and selling and otherwise dealing in yarn, cloth and other goods and fabrics made from raw cotton and synthetic fiber and to generate, distribute, supply and sell electricity.

CODE OF CONDUCT

Introduction to the Code

This code has been formulated to ensure that directors and employees of the company operate within acceptable standards of conduct and sound business principles which strive for development and growth. The company takes pride in adherence to its principles and continues to serve its customers, stakeholders and society.

Contents

This code identifies the acceptable standards under following headings:

- Core values
- Business culture
- Responsibilities

Core values

The credibility, goodwill and repute earned over the years can be maintained through continued conviction in our corporate values of honesty, justice, integrity, and respect. The Company strongly believes in democratic leadership style with fair, transparent, ethical and high professional standards of conduct in all areas of business activities.

Business culture

Operations

The Company shall formulate and monitor its objectives, strategies and overall business plan of the organization.

The Company shall be continuously involved in the research and development of new products while improving quality of existing products using highest level of quality control measures at every stage of its operations. Creativity and innovation must prevail at all levels of hierarchy to achieve organizational excellence.

Abidance of Law

It is Company's prime object to comply with all applicable laws and regulations and to co-operate with all governmental and regulatory bodies.

Corporate Reporting and Internal Controls

The Company maintains effective, transparent and secure financial reporting and internal control systems so as to ensure reliable performance measurement and compliance with local regulations and international accounting standards as applicable.

The Company strictly adheres to the principles of good corporate governance and is committed to high standards of corporate governance.

The Company regularly updates and upgrades manufacturing and reporting systems so as to keep abreast with technological advancements and achieve economies of production.

Integrity and Confidentiality

The Company believes in uprightness and expects it to be a fundamental responsibility of employees to act in Company's best interest while holding confidential information and neither to solicit internal information from others nor to disclose Company's figures, data or any material information to any unauthorized person/body.

Inside information about the Company, its customers, vendors, employees shall not be used for their own gain or for that of others directly or indirectly.

Responsibilities

Shareholders

The Company believes in maximizing shareholders value by providing consistent growth and fair return on their investment.

Customers

The Company considers it imperative to maintain cordial relationship with the customers as integral to its growth and development of business and is committed to provide high quality products and services that conform to highest international standards.

Employees

The Company is an equal opportunity employer at all levels with respect to issues such as color, race, gender, age, ethnicity and religious beliefs and its promotional policies are free of any discrimination.

The Company ensures that employees work towards achievement of corporate objectives, individually and collectively as a team and conduct themselves at work and in society as respectable employees and good citizens.

The Company believes in continuous development and training of its employees.

The Company has set high standards of performance and recognizes employees' contribution towards its growth and rewards them based on their performance. The Company believes development, growth and recognition result in motivated employees.

All employees of the Company are part of Kohinoor family and the families of all members are also part and parcel of Kohinoor family. The Company believes that the sense of belonging to Kohinoor fulfils an essential need of its employees and the organization and as such will always be nurtured.

Environment and Social Responsibility

Protecting the environment in which we live is an important element. The Company uses all means to ensure a clean, safe, healthy and pollution free environment not only for its workers and employees but also for the well being of all people who live in and around any of the production and manufacturing facilities. The Company will always employ such technology as may be beneficial in maintaining a healthy and hygienic working environment. It also believes in community development without political affiliations with any person or group of persons and contributes part of its resources for a better environment with an unprejudiced approach.

NOTICE OF 26th ANNUAL GENERAL MEETING

1. To confirm the minutes of the Extra-ordinary General Meeting held on March 28, 2013.
2. To receive, consider and adopt the Annual Audited Accounts of the Company for the year ended June 30, 2013, together with Directors' and Auditors' Reports thereon.
3. To appoint auditors for the year ending June 30, 2014 and fix their remuneration.
4. To transact any other Ordinary business with the permission of the Chair.

Kasur:
October 09, 2013

MUHAMMAD RIZWAN KHAN
Company Secretary

NOTES

1. The shares transfer books of the Company will remain closed from October 24, 2013 to October 31, 2013 (both days inclusive). Physical transfers/CDS Transaction IDs received in order at Shares Registrar of the Company i.e., M/s. Hameed Majeed Associates (Pvt.) Ltd, HM house, 7 Bank Square, Lahore, upto October 23, 2013, will be considered in time.

2. A member entitled to attend and vote at AGM may appoint a person/representative as proxy to vote in place of member at the meeting. Proxies in order to be effective must be received at the Company's Registered Office duly stamped and signed not later than 48 hours before the time of holding meeting. A member may not appoint more than one proxy. A copy of shareholder's attested Computerized National Identity Card (CNIC) must be attached with the proxy form.

3. The CDC account holders / sub account holders are requested to bring with them their CNIC along with participant(s) ID numbers and their account numbers at the time of attending the meeting in order to facilitate identification of the respective shareholders. In case of corporate entity, the Board of Directors' resolution/Power of Attorney with specimen signature of the nominee shall be produced (unless it has been provided earlier) at the time of the meeting.

4. Members, who have not yet submitted photocopies of their CNIC to Shares Registrar, are requested to send the same at earliest.

5. Shareholders are requested to promptly notify change in their addresses, if any, to Shares Registrar of the Company.

DIRECTORS' REPORT

The Directors of the Company are pleased to present the audited financial statements for the year ended June 30, 2013. These financial statements are presented in accordance with the requirements of Companies Ordinance, 1984.

Textile Industry Outlook

Financial year (FY) 2012-13 was one of the most frustrating years for the economy of Pakistan in the recent past. Crippling power and gas shortages, rising fuel prices, precarious security situation, uncertainty surrounding political transition due to General Elections and fragile geopolitical environment of the region continued to plague the economic situation. The severity of energy crisis hampered sustainability and growth of business sector resulting in heavy costs due to usage of alternate fuels at the expense of operational profitability and competitiveness.

Diversion of non-value added business of yarn and grey cloth from China to Southern Asia resulted in upswing in the profitability of the textile sector during earlier part of the FY. However, competition in value-added sector from China, India, Bangladesh and other regional players continued to impinge the bottom line. Overall, country's textile exports declined from US$ 13.07 billion in FY 2011-12 to US$ 12.81 billion in FY 2012-13. The Pakistani rupee also recorded 4.2% depreciation during the year.

Operating & Financial Results

During the financial year ended June 30, 2013, your company earned a gross profit of Rs. 1,378 million on sales of Rs. 8,451 million compared to gross profit of Rs. 919 million on sales of Rs 6,262 million for the previous financial year 2011-12. Gross margin was 16.3% compared to 14.7% in the previous year. During FY 2012-13, your company recorded a net profit of Rs. 1,008 million, compared to net profit of Rs 629 million in the previous financial year. The Earning per share was Rs. 19.81 per share compared to Rs. 12.36 for previous financial year.

Optimal capacity utilization during the year resulted in improved gross margins due to better fixed cost coverage, which otherwise remained under pressure due to escalating raw material prices and severe electricity and gas load-shedding.

IAS 39 "Financial Instruments: Recognition and Measurement" requires that substantial modification of the terms of existing borrowings at softer terms should be accounted for as an extinguishment of the original borrowings and recognition of new borrowings at fair value; with resultant gain reported in net income for the year and amortization charge-offs in subsequent years. During the first half of the current financial year, debt restructuring with all banks, including debt-asset swap was finalized.

Consequently, the adjustment required under IAS 39 was recognized during the current period. Accordingly, net profit for the year includes Rs. 824 million as gain on recognition of financial liabilities at fair value and also includes Rs. 113 million as the amortization charge of the above gain.

During the period under review, 11.251 million shares of Maple Leaf Cement Factory Limited held as short term investment have been sold and the company realized a gain of Rs. 174 million on these shares.

Dividend

In order to rebuild the working capital of the company, lost due to heavy operating losses in previous years, your directors have decided to omit any dividend this year.

Performance Overview

A brief overview of performance of your company for the year ended June 30, 2013 is discussed below. Please also refer page no. 18 of this Annual Report for six years' performance overview of your company.

Weaving Division

Better capacity utilization and increase in export volume resulted in improvement in profits in this division despite frequent fluctuations in yarn prices. Keeping in view the good order position, the management is confident that the performance in this division will be maintained in the ensuing period.

Dyeing Division

Concerted marketing efforts resulted in significant increase in sales volume in this division, which alongside improvement in yields and better capacity utilization, resulted in marked improvement in profitability in this division. Being at the value-added end of the fabric business, the management is further intensifying its product development and marketing efforts in this division, which shall ensure further improvement in profitability.

Genertek Division

The overall performance remained depressed in this division due to erratic pattern of the supply of Natural Gas by SNGPL during the current period. The 2 to 3 days a week gas load shedding in July-August was later increased to total suspension of gas supply from December to February and was only partially restored in March. The resultant reliance on LESCO and HFO-based engines for electric power escalated the overall Power and Fuel costs.

In view of the worsening gas and electricity supply situation in the country in the long run, the management is earnestly considering various alternate-fuel based energy options. The company finalized the order for bio-fuel based boiler during the year, which is expected to be operational by October 2013. The management is further exploring different options for alternate-fuel fired power generation.

Q Mart Corporation (Pvt) Ltd (a wholly owned subsidiary of your company)

The company, in line with its decision to focus on its core fabric business, has decided to pull out of retail business and has accordingly shut-down all its Q-Mart retails stores and is in the process of disposing of the fixed assets of this company.

Information Technology

Your company is making continuous efforts to have efficient IT systems supporting timely and effective decisions. It has provided its employees, the most modern facilities to achieve optimum efficiency levels. Most of manufacturing equipment and machinery used in the operations are equipped with technologically advanced software providing on line real time information for most of the production processes.

The company's intranet acts as a useful resource base providing in depth information on the company's policies and procedures along with other information for beneficial use to the employees of the company.

Human Resource & Training

With a human capital of about 1,500 employees, the company believes that the employees are vital ingredient in shaping company's future where each individual contributes directly to the success of the organization.

Your company's HR team is a group of highly skilled and experienced professionals. They work very closely with business teams to design efficient people solutions that will affectively meet the business goals.

Your company places a premium on respect for individuals, equal opportunities, advancement based on merit, effective communication, and the development of high performance culture. The company takes pride in continuous improvement at all levels and strives to ensure that opportunity for growth and varied career experiences are provided to all employees.

Your company is an equal opportunity employer and this is practiced in all aspects of the company's business activities including recruitment and employment.

Combined with state of the art technology and HR Information Systems, the result is a high performance environment within which individuals can achieve their professional and personal dreams.

Training & Development

Your company believes in human resource development through training and development and places due emphasis on training in all spheres of its production process. The company made efforts during the year with more focused and cost effective training programs for the major technical categories such as weavers, technologists and quality control inspectors. Candidates are engaged through a Trainee Scheme and trained in-house over a period of 6 months through a career path. This has helped company in preparing a highly skilled workforce and also provides replacements to cover turnover.

In-house training sessions are regularly conducted in general management, fire fighting, first aid, health and safety, computer and technical disciplines.

Safety, Health & Environment

Your company has provided safe & healthy workplace for both staff & contractors and will act responsibly towards the communities and environment in which we operate. This will be achieved by continuous improvement of our safety, health and environment performance through corporate leadership, dedication of staff and the application of the highest professional standards at workplace.

Corporate Social Responsibility

Your company has very distinct Corporate and Social Responsibility (CSR) policy in fulfilling its responsibilities of securing the community within which it operates.

Your company through its directors is actively involved in the various social responsibility initiatives in the field of primary education and health care. During the year under review, your company donated an Echo-cardiography machine worth Rs. 2.4 million to Punjab Institute of Cardiology, Lahore.

Compliance with the Code of Corporate Governance

The Board reviews the company's strategic direction on regular basis. The business plans and budgetary targets, set by the Board are also reviewed regularly. The Audit Committee is empowered for effective compliance of Code of Corporate Governance. The Board is committed to maintain a high standard of good Corporate Governance.

Corporate & Financial Reporting Frame Work

The Board of Directors of the company is fully cognizant of its responsibility as laid down in the Code of Corporate Governance issued by the Securities & Exchange Commission of Pakistan. The following statements are a manifestation of its commitment towards compliance with best practices of Code of Corporate Governance.

a. The financial statements together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984. These Statements, prepared by the management of the company, present fairly its state of affairs, the results of its operations, cash flows and changes in equity.

b. The company has maintained proper books of account as required by the Companies Ordinance, 1984.

c. Appropriate accounting policies have been consistently applied in preparation of financial statements. Accounting estimates are based on reasonable and prudent judgment.

d. International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements except for the departure as stated in para on Debt and Corporate restructuring above.

e. The system of internal control is sound in design and has been effectively implemented and monitored.

f. There are no significant doubts upon the company's ability to continue as a going concern.

g. There has been no material departure from the best practices of Corporate Governance as detailed in the Listing Regulations of the stock exchanges where the company is listed.

h. There are no significant plans for any corporate restructuring, business expansion or discontinuation of any part of company's operations.

i. Information regarding statutory payments on account of outstanding taxes, duties, levies and other charges (if any) has been given in related note(s) to the audited accounts.

j. The company strictly complies with the standard of safety rules & regulations. It also follows environmental friendly policies.

k. The valuation of investment made by the staff retirement benefit fund (Provident Fund), based on their respective un-audited accounts is as follows:

June 30, 2013	Rs 85.45 million
June 30, 2012	Rs 54.64 million

Board of Directors

The Board of Directors is responsible for the overall governance and administration of the company. All directors are aware of their duties and powers conferred by the Companies Ordinance, 1984, Code of Corporate Governance and Company's Memorandum and Articles of Association. They exercise their fiduciary responsibilities through board meetings which are held every quarter for reviewing and approving the adoption of company's financial statements in addition to review and adoption of company's significant plans and decisions, projections, forecasts, and budgets having regard to the recommendations of the Audit Committee. The responsibilities include establishing the company's strategic objectives, providing leadership, supervising the management of the business and reporting to shareholders on their stewardship.

During the year under review four (4) meetings of the Board of Directors were held. The attendance by each Director is as follows:

Name of Directors	No. of Meetings Attended
Mr. Aamir Fayyaz Sheikh	4
Mr. Rashid Ahmed	4
Mr. Asad Fayyaz Sheikh	4
Mr. Ali Fayyaz Sheikh	4
Mr. Aamir Amin	4
Mr. Kamran Shahid*	3
Mr. Mohammad Aamir Alam Qureshi*	3
Mr. Riaz Ahmed*	1
Mr. Shahbaz Munir*	1

* On completion of term of office of Directors, elections were held on March 28, 2013 and accordingly Board of Directors was reconstituted. Mr. Riaz Ahmed and Mr. Shahbaz Munir joined the Board in place of Mr. Kamran Shahid and Mr. Mohammad Aamir Alam Qureshi. The Board wishes to place on record its sincere appreciation for the valuable services rendered by the retiring Directors.

Other than those set out below, there has been no trading during the year under review by the Directors, Chief Executive, Chief Financial Officer, Head of Internal Audit, Company Secretary, their spouses and minor children:

Name of Directors	Designation	Purchased	Sold
		No. of Shares	
Mr. Aamir Fayyaz Sheikh	CEO/Director	2,060,552	-
Mr. Riaz Ahmed	Director	5,000	-

During the year under review, Board of Directors of the Company approved revision of remunerations of Mr. Aamir Fayyaz Sheikh, Chief Executive and Mr. Asad Fayyaz Sheikh, whole-time working Director of the Company. The Board approved a sum of Rs. 700,000/- towards monthly remuneration of the CEO and Rs. 500,000/- for the above named Director along with other facilities as per Company policy.

Audit Committee

The Audit Committee operates according to the terms of reference determined by the Board of Directors of the company. It focuses on monitoring compliance with the best practices of the Code of Corporate Governance and relevant statutory requirements, changes in accounting policies and practices, compliance with applicable accounting standards and listing regulations.

It recommends to the Board of Directors the terms of appointment of external auditors and reviews their recommendations relating to audit. Other responsibilities include monitoring the internal audit function, safeguarding company's assets through appropriate internal control systems including financial and operational controls, accounting system and reporting structure, preliminary review of business plans and quarterly, half-yearly and annual results prior to approval and publication by the Board.

Pursuant to the requirements of Code of Corporate Governance, 2012, the Board of Directors reconstituted the Audit Committee on April 22, 2013 in the following manner:

Mr. Riaz Ahmed	Chairman - Independent Director
Mr. Rashid Ahmed	Member - Non-executive Director
Mr. Shahbaz Munir	Member - Non-executive Director
Mr. Ali Fayyaz Sheikh	Member - Non-executive Director

During the year under review five (5) meetings of the Audit Committee were held. The attendance by each member was as follows:

Name of Member	No. of Meetings Attended
Mr. Rashid Ahmed	5
Mr. Asad Fayyaz Sheikh	4
Mr. Ali Fayyaz Sheikh	5
Mr. Riaz Ahmed	1
Mr. Shahbaz Munir	-*

* Leave of absence was granted to the member unable to attend the meeting.

Human Resource and Remuneration Committee

Pursuant to clause (xxv) of the Code of Corporate Governance 2012, the Board of Directors of the Company formed a Human Resource and Remuneration Committee (HR & R). The Committee will operate according to terms of reference agreed by the Board of Director and is going to be responsible for recommending human resource management policies to the board, selection, evaluation, compensation (including retirement benefits) and succession planning of the Chief Executive Officer (CEO), Chief Financial Officer (CFO), Company Secretary and Head of Internal Audit; and consideration and approval on recommendations of CEO on such matters for key management positions who report directly to CEO.

The HR & R Committee currently comprises of the following three non-executive directors:

Mr. Rashid Ahmed	Chairman - Non-executive Director
Mr. Asad Fayyaz Sheikh	Member - Non-executive Director
Mr. Shahbaz Munir	Member - Non-executive Director

Code of Conduct

In order to promote integrity for the Board, senior management and other employees of the Company, the Board has prepared and disseminated Code of Conduct on Company's website for information of his/her understanding of the professional standards and corporate values for everybody associated or dealing with the Company.

Pattern of Shareholding

The Statement of Pattern of Shareholding along with categories of shareholders of the company as at June 30, 2013, as required under section 236 of Companies Ordinance, 1984 and Code of Corporate Governance is annexed with this report.

Future Prospects

The Pakistani economy, overall, faces significant challenges on several fronts. The continuing power-crisis, sharp decline in the value of Pak Rupee, flight of foreign capital, “war on terror”, recurring natural calamities and excessive reliance on assistance from multilateral agencies have weakened the government's ability to respond to the economic challenges. Further, the continuing global recession and increasing competition from regional players in value-added sector is only adding to the woes of the export-based textile industry. However, some recent steps by newly elected government, including tackling of energy crisis and prioritizing the needs of the industry reflect a changed pro-business approach, which is a positive sign in an otherwise gloomy picture.

Your management is cognizant of the difficult times your company is facing. Accordingly, it has devised a detailed strategy for tiding over this challenging situation. The strategy encompasses increased revenues and better margins by intensive marketing efforts focusing on market development and penetration, product development, especially niche products for famous brands and technical textiles. On cost-saving side, better supply-chain management for raw materials and increased reliance on alternate fuels for power-generation are pivotal parts of the strategy. The current order book of the company is healthy and it has confirmed orders up to December 2013 at full capacity. Therefore, the management is confident that the company shall be able to build on its performance, going forward.

Auditors

The external auditors of the company, M/s Riaz Ahmad & Company, Chartered Accountants shall retire on the conclusion of forthcoming Annual General Meeting. Being eligible for re-appointment under the Companies Ordinance, 1984, they have offered their services as auditors of the company for the year ending June 30, 2014. The Board of Directors endorsed its recommendations of Audit Committee for their re-appointment.

The auditors have conveyed that they have been assigned satisfactory rating under the Quality Control Review Program of the Institute of Chartered Accountants of Pakistan and the firm is fully compliant with the code of ethics issued by International Federation of Accountants (IFAC). Further they are also not rendering any related services to the company. The auditors have also confirmed that neither the firm nor any of their partners, their spouses or minor children at any time during the year held or traded in the shares of the company.

Acknowledgment

The board places on record its profound gratitude for its valued shareholders, banks, financial institutions and customers, whose cooperation, continued support and patronage have enabled the company to strive for constant improvement. During the period under review, relations between the management and employees remained cordial and we wish to place on record our appreciation for the dedication, perseverance and diligence of the staff and workers of the company.

For and on behalf of the Board

AAMIR FAYYAZ SHEIKH
Chief Executive

Statement of Compliance with the Code of Corporate Governance [Clause (XI)]

For the Year Ended June 30, 2013.

This statement is being presented to comply with the Code of Corporate Governance (CCG) contained in Regulation No. 35 of the listing regulations of the Stock Exchanges for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the CCG in the following manner:

1. The Company encourages representation of independent non-executive directors and directors representing minority interests on its board of directors. At present the board includes:

Category	Names
Independent Directors	Mr. Riaz Ahmed
Executive Directors	Mr. Aamir Fayyaz Sheikh Mr. Asad Fayyaz Sheikh
Non-Executive Directors	Mr. Ali Fayyaz Sheikh Mr. Rashid Ahmed Mr. Shahbaz Munir Mr. Aamir Amin

The above named independent director meets the criteria of independence under clause i (b) of the CCG.

2. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company.

3. All the resident directors of the company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFI or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.

4. The board of directors of the company completed its term of three years on March 31, 2013 and the new board of directors was elected for next three years. Mr. Riaz Ahmed and Mr. Shahbaz Munir joined the board in place of Mr.Kamran Shahid and Mr. Mohammad Aamir Alam Qureshi. However, casual vacancy occurred on the board on July 16, 2012 was filled up by the directors in accordance to the requirements of clause (iii) of the CCG.

5. The company prepared a 'Code of Conduct' and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.

6. The board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.

7. All the powers of the board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO, other executive and non-executive directors, have been taken by the board/shareholders.

8. The meetings of the board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the board met at least once in every quarter. Written notices of the board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of meetings were appropriately recorded and circulated.

9. During the year under review, Mr. Riaz Ahmed, independent director of the company successfully completed directors training programme conducted by Institute of Chartered Accountants of Pakistan held at Lahore in March and June 2013.

10. During the year the board did not approve any fresh appointment of CFO, Company Secretary and Head of Internal Audit. However, remuneratin of the above officers was revised as per Company policy approved by the board.

11. The directors' report for this year has been prepared in compliance with the requirements of CCG and fully describes the salient matters required to be disclosed.

12. The financial statements of the company were duly endorsed by CEO and CFO before approval of the board.

13. The directors, CEO and executives do not hold any interest in the shares of the company other than that disclosed in the pattern of shareholding.

14. The company has complied with all the corporate and financial reporting requirements of the CCG.

15. The board has formed an Audit Committee. It comprises four members, of whom three are non-executive directors and the chairman of the committee is an independent director.

16. The meetings of the audit committee were held at least once every quarter prior to the approval of interim and final results of the company and as required by the CCG. The terms of reference of the committee have been formed and advised to the committee for compliance.

17. The board has also formed a Human Resource and Remuneration Committee. It comprises three members, of whom all are non-executive directors including chairman of the meeting.

18. The board has set-up an effective internal audit function manned by suitably qualified and experienced personnel who are conversant with the policies and procedures of the company.

19. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan (ICAP), that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by ICAP.

20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.

21. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of the company's securities, was determined and intimated to directors, employees and stock exchange(s).

22. Material/price sensitive information has been disseminated among all market participants at once through Stock Exchanges.

23. We confirm that all other material principles contained in the CCG have been complied with.

For and on behalf of the Board

AAMIR FAYYAZ SHEIKH
Chief Executive

REVIEW REPORT TO THE MEMBERS
ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

We have reviewed the Statement of Compliance with the best practices contained in the Code of Corporate Governance prepared by the Board of Directors of KOHINOOR MILLS LIMITED ("the Company") for the year ended 30 June 2013, to comply with the Listing Regulations of the respective Stock Exchanges, where the Company is listed.

The responsibility for compliance with the Code of Corporate Governance is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the statement of compliance reflects the status of the Company's compliance with the provisions of the Code of Corporate Governance and report if it does not. A review is limited primarily to inquiries of the Company personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

Further, Listing Regulations of the Karachi, Lahore and Islamabad Stock Exchanges require the Company to place before the Board of Directors for their consideration and approval related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price recording proper justification for using such alternate pricing mechanism. Further, all such transactions are also required to be separately placed before the audit committee. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors and placement of such transactions before the audit committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code of Corporate Governance as applicable to the Company for the year ended 30 June 2013.

FINANCIAL STATEMENTS

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **KOHINOOR MILLS LIMITED** as at 30 June 2013 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

(a) in our opinion, proper books of account have been kept by the company as required by the Companies Ordinance, 1984;

(b) in our opinion:

   i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;

   ii) the expenditure incurred during the year was for the purpose of the company's business; and

   iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the company;

(c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance, 1984, in the manner so required and respectively give a true and fair view of the state of the company's affairs as at 30 June 2013 and of the profit, its comprehensive income, its cash flows and changes in equity for the year then ended; and

(d) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The annexed notes form an integral part of these financial statements.

AAMIR FAYYAZ SHEIKH
Chief Executive

RIAZ AHMED
Director

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. THE COMPANY AND ITS OPERATIONS

Kohinoor Mills Limited ("the Company") is a public limited Company incorporated on 21 December 1987 in Pakistan under the Companies Ordinance, 1984 and its shares are quoted on Karachi, Lahore and Islamabad Stock Exchanges of Pakistan. The registered office of the Company is situated at 8-K.M., Manga Raiwind Road, District Kasur. The Company is principally engaged in the business of textile manufacturing covering weaving, bleaching, dyeing, buying, selling and otherwise dealing in yarn, cloth and other goods and fabrics made from raw cotton and synthetic fiber and to generate, and supply electricity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

b) Accounting convention

These financial statements have been prepared under the historical cost convention, except for lands and buildings which are carried at revalued amounts and certain financial instruments which are carried at their fair value.

c) Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgments were exercised in application of accounting policies are as follows:

Financial instruments

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on assumptions that are dependent on conditions existing at the balance sheet date.

Useful lives, patterns of economic benefits and impairments

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of assets for possible impairments on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment.

Taxation

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Provision for doubtful debts

The Company reviews its receivable against any provision required for any doubtful balances on an ongoing basis. The provision is made while taking into consideration expected recoveries, if any.

Inventories

Net realizable value of inventories is determined with reference to currently prevailing selling prices less estimated expenditure to make sales.

d) Amendments to published approved standards that are effective in current year and are relevant to the Company

The following amendments to published approved standards are mandatory for the Company's accounting periods beginning on or after 01 July 2012:

IAS 1 (Amendments), 'Presentation of Financial Statements' (effective for annual periods beginning on or after 01 July 2012). The main change resulting from these amendments is a requirement for entities to group items presented in Other Comprehensive Income (OCI) on the basis of whether they are potentially re-classifiable to profit or loss subsequently (reclassification adjustments). The amendments does not address which items are presented in OCI. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

e) Amendments to published approved standards that are effective in current year but not relevant to the Company

There are other amendments to the published approved standards that are mandatory for accounting periods beginning on or after 01 July 2012 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) Standards and amendments to published approved standards that are not yet effective but relevant to the Company

Following standards and amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2013 or later periods:

IFRS 7 (Amendment), 'Financial Instruments: Disclosures' (effective for annual periods beginning on or after 01 January 2013). The International Accounting Standards Board (IASB) has amended the accounting requirements and disclosures related to offsetting of financial assets and financial liabilities by issuing amendments to IAS 32 'Financial Instruments: Presentation' and IFRS 7. These amendments are the result of IASB and US Financial Accounting Board undertaking a joint project to address the differences in their respective accounting standards regarding offsetting of financial instruments. The clarifying amendments to IAS 32 are effective for annual periods beginning on or after 01 January 2014. However, these amendments are not expected to have a material impact on the Company's financial statements.

IFRS 9 'Financial Instruments' (effective for annual periods beginning on or after 01 January 2015). It addresses the classification, measurement and recognition of financial assets and financial liabilities. This is the first part of a new standard on classification and measurement of financial assets and financial liabilities that shall replace IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 has two measurement categories: amortized cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured at amortized cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest. For liabilities, the standard retains most of the IAS 39 requirements. These include amortized-cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the income statement, unless this creates an accounting mismatch. This change shall mainly affect financial institutions. There shall be no impact on the Company's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss, and the Company does not have any such liabilities.

IFRS 10 'Consolidated Financial Statements' (effective for annual periods beginning on or after 01 January 2013). Concurrent with the issuance of IFRS 10, the IASB has also issued IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 (revised 2011) 'Consolidated and Separate Financial Statements' and IAS 28 (revised 2011) 'Investments in Associates'. The objective of IFRS 10 is to have a single basis for consolidation for all entities, regardless of the nature of the investee, and that basis is control. The definition of control includes three elements: power over an investee, exposure or rights to variable returns of the investee and the ability to use power over the investee to affect the investor's returns. IFRS 10 replaces those parts of IAS 27 'Consolidated and Separate Financial Statements' that address when and how an investor should prepare consolidated financial statements and replaces Standing Interpretations Committee (SIC) 12 'Consolidation – Special Purpose Entities' in its entirety. The management of the Company is in the process of evaluating the impacts of the aforesaid standard on the Company's financial statements.

Amendments to IFRS 10, IFRS 11 and IFRS 12 (effective for annual periods beginning on or after 01 January 2013) provide additional transition relief in by limiting the requirement to provide adjusted comparative information to only the preceding comparative period. Also, amendments to IFRS 12 eliminate the requirement to provide comparative information for periods prior to the immediately preceding period.

Amendments to IFRS 10, IFRS 12 and IAS 27 (effective for annual periods beginning on or after 01 January 2014) provide 'investment entities' an exemption from the consolidation of particular subsidiaries and instead require that: an investment entity measure the investment in each eligible subsidiary at fair value through profit or loss; requires additional disclosures; and require an investment entity to account for its investment in a relevant subsidiary in the same way in its consolidated and separate financial statements. The management of the Company is in the process of evaluating the impacts of the aforesaid amendments on the Company's financial statements.

IFRS 12 'Disclosures of Interests in Other Entities' (effective for annual periods beginning on or after 01 January 2013). This standard includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose vehicles and other off-balance sheet vehicles. This standard is not expected to have a material impact on the Company's financial statements.

IFRS 13 'Fair value Measurement' (effective for annual periods beginning on or after 01 January 2013). This standard aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements, which are largely aligned between IFRSs and US GAAP, do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs or US GAAP. This standard is not expected to have a material impact on the Company's financial statements.

IAS 36 (Amendments) 'Impairment of Assets' (effective for annual periods beginning on or after 01 January 2014). Amendments have been made in IAS 36 to reduce the circumstances in which the recoverable amount of assets or cash- generating units is required to be disclosed, clarify the disclosures required and to introduce an explicit requirement to disclose the discount rate used in determining impairment (or reversals) where recoverable amount (based on fair value less costs of disposal) is determined using a present value technique. However, the amendments are not expected to have a material impact on the Company's financial statements.

On 17 May 2012, IASB issued Annual Improvements to IFRSs: 2009 – 2011 Cycle, incorporating amendments to five IFRSs more specifically in IAS 1 'Presentation of Financial Statements' and IAS 32 'Financial instruments: Presentation', that are considered relevant to the Company's financial statements. These amendments are effective for annual periods beginning on or after 01 January 2013. These amendments are unlikely to have a significant impact on the Company's financial statements and have therefore not been analyzed in detail.

g) Standards, interpretations and amendments to published approved standards that are not yet effective and not considered relevant to the Company

There are other standards, amendments to published approved standards and new interpretations that are mandatory for accounting periods beginning on or after 01 July 2013 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

2.2 Employee benefit

The Company operates a funded contributory provident fund scheme for its permanent employees. The Company and employees make equal monthly contributions of 8.33 percent of the basic salary, towards the fund. The Company's contribution is charged to the profit and loss account.

2.3 Provisions

Provisions are recognized in the balance sheet when the Company has a legal or constructive obligation as a result of past events and it is probable that outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However, provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate.

2.4 Taxation

Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.5 Foreign currencies

The financial statements are presented in Pak Rupees, which is the Company's functional currency. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the balance sheet date. Transactions in foreign currencies are translated into Pak Rupees at the spot rate. All non-monetary items are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses, where applicable, are recognized in the profit and loss account.

2.6 Fixed assets

2.6.1 Property, plant and equipment and depreciation

Owned

a) Cost

Property, plant and equipment except freehold land and buildings are stated at cost less accumulated depreciation and any identified impairment loss. Freehold land is stated at revalued amount less any identified impairment loss, buildings are stated at revalued amount less accumulated depreciation and any identified impairment loss, while capital work-in-progress is stated at cost less any identified impairment loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

Increases in the carrying amount arising on revaluation of operating fixed assets are credited to surplus on revaluation of operating fixed assets. Decreases that offset previous increases of the same assets are charged against this surplus, all other decreases are charged to income. Each year the difference between depreciation based on revalued carrying amount of the asset (the depreciation charged to the income) and depreciation based on the assets' original cost is transferred from surplus on revaluation of operating fixed assets to retained earnings. All transfers to / from surplus on revaluation of operating fixed assets are net of applicable deferred income tax.

b) Depreciation

Depreciation on all operating fixed assets is charged to income on a reducing balance method so as to write off cost / depreciable amount of an asset over its estimated useful life at the rates as disclosed in note 14.1. Depreciation on additions is charged from the month in which the asset is put to use and on disposal up to the month of disposal. The residual values and useful lives are reviewed by the management, at each financial year end and adjusted if impact on depreciation is significant.

c) **Derecognition**

An item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the asset) is included in the profit and loss account in the year the asset is derecognized.

Leased

a) **Finance leases**

Leases where the Company has substantially all the risk and rewards of ownership are classified as finance lease. Assets subject to finance lease are capitalized at the commencement of the lease term at the lower of present value of minimum lease payments under the lease agreements and the fair value of the leased assets, each determined at the inception of the lease.

The related rental obligation net of finance cost, is included in liabilities against assets subject to finance lease. The liabilities are classified as current and long term depending upon the timing of payments.

Each lease payment is allocated between the liability and finance cost so as to achieve a constant rate on the balance outstanding. The finance cost is charged to income over the lease term.

Depreciation of assets subject to finance lease is recognized in the same manner as for owned assets. Depreciation of the leased assets is charged to income.

b) **Operating leases**

Leases where significant portion of the risk and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income on a straight-line basis over the period of lease.

2.6.2 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition an intangible asset is carried at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized from the month, when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Company. The useful life and amortization method is reviewed and adjusted, if appropriate, at each balance sheet date.

2.7 Investments

Classification of an investment is made on the basis of intended purpose for holding such investment. Management determines the appropriate classification of its investments at the time of purchase and re-evaluates such designation on regular basis.

Investments are initially measured at fair value plus transaction costs directly attributable to acquisition, except for "Investment at fair value through profit or loss" which is initially measured at fair value.

The Company assesses at the end of each reporting period whether there is any objective evidence that investments are impaired. If any such evidence exists, the Company applies the provisions of IAS 39 'Financial Instruments: Recognition and Measurement' to all investments, except investment in subsidiary company, which is tested for impairment in accordance with the provisions of IAS 36 'Impairment of Assets'.

a) Investments at fair value through profit or loss

Investments classified as held-for-trading and those designated as such are included in this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the short term. Gains or losses on investments held-for-trading are recognized in profit and loss account.

b) Held-to-maturity

Investments with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Company has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Other long term investments that are intended to be held to maturity are subsequently measured at amortized cost. This cost is computed as the amount initially recognized minus principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initially recognized amount and the maturity amount. For investments carried at amortized cost, gains and losses are recognized in income when the investments are derecognized or impaired, as well as through the amortization process.

c) Available-for-sale

Investments intended to be held for an indefinite period of time, which may be sold in response to need for liquidity, or changes to interest rates or equity prices are classified as available-for-sale. After initial recognition, investments which are classified as available-for-sale are measured at fair value. Gains or losses on available-for-sale investments are recognized directly in statement of profit or loss and other comprehensive income until the investment is sold, de-recognized or is determined to be impaired, at which time the cumulative gain or loss previously reported in statement of other comprehensive income is included in profit and loss account. These are sub-categorized as under:

Quoted

For investments that are actively traded in organized capital markets, fair value is determined by reference to stock exchange quoted market bids at the close of business on the balance sheet date.

Unquoted

Fair value of unquoted investments is determined on the basis of appropriate valuation techniques as allowed by IAS 39 'Financial Instruments: Recognition and Measurement'.

d) Equity investments in associated companies

The investments in associates in which the Company does not have significant influence are classified as "Available-for-Sale".

e) Investment in subsidiary company

Investment in subsidiary company is accounted for at cost less impairment loss, if any, in accordance with IAS 27 'Consolidated and Separate Financial Statements'.

2.8 Inventories

Inventories, except for stock in transit, waste stock and rejected goods are stated at lower of cost and net realizable value. Cost is determined as follows:

Stores, spares and loose tools

Useable stores and spares are valued principally at moving average cost, while items considered obsolete are carried at nil value. In transit stores and spares are valued at cost comprising invoice value plus other charges paid thereon.

Stock in trade

Cost of raw material is based on weighted average cost.

Cost of work in process and finished goods comprises prime cost and appropriate production overheads determined on weighted average cost. Cost of goods purchased for resale are valued at their respective purchase price by using first-in-first-out method.

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock and rejected goods are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.9 Non-current assets held for sale

Non-current assets classified as assets held for sale are stated at the lower of carrying amount and fair value less costs to sell if their carrying amount is recoverable principally through a sale transaction rather than through continuing use.

2.10 Borrowing costs

Borrowing costs are recognized as expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing cost, if any, are capitalized as part of the cost of that asset.

2.11 Revenue recognition

Revenue from different sources is recognized as under.

(a) Revenue from sale of goods is recognized on dispatch of goods to customer.

(b) Dividend on equity investments is recognized as income when right to receive payment is established.

(c) Profit on bank deposits is recognized on a time proportion basis taking into account, the principal outstanding and rates of profits applicable thereon.

2.12 Impairment

a) Financial assets

A financial asset is considered to be impaired if objective evidence indicate that one or more events had a negative effect on the estimated future cash flow of that asset.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as a difference between its carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of available for sale financial asset is calculated with reference to its current fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

b) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit and loss account.

2.13 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, if any.

2.14 Financial instruments

Financial instruments are recognized at fair value when the Company becomes party to the contractual provisions of the instrument by following trade date accounting. Any gain or loss on the subsequent measurement is charged to the profit and loss account except for available for sale investments. The Company derecognizes a financial asset or a portion of financial asset when, and only when, the enterprise loses the control over contractual right that comprises the financial asset or a portion of financial asset. While a financial liability or a part of financial liability is derecognized from the balance sheet when, and only when, it is extinguished, i.e., when the obligation specified in contract is discharged, cancelled or expired.

The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

Financial assets are investments, trade debts, deposits, loans and advances and other receivables, cash and bank balances.

Financial liabilities are classified according to the substance of the contractual agreements entered into. Significant financial liabilities are long term financing, short term borrowings, sponsor's loan, accrued markup and trade and other payables.

2.14.1 Trade debts and other receivables

Trade debts and other receivable are initially measured at fair value and subsequently at amortized cost using effective interest rate method less provision for impairment. A provision is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. Trade debts and other receivables considered irrecoverable are written off.

2.14.2 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value which is normally the transaction cost.

2.14.3 Markup bearing borrowings

Borrowings are recognized initially at fair value and are subsequently stated at amortized cost, any difference between the proceeds and the redemption value is recognized in the income statement over the period of the borrowing using the effective interest rate method.

2.14.4 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current accounts, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.15 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date a derivative contract is entered into and are remeasured to fair value at subsequent reporting dates. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Company designates certain derivatives as cash flow hedges.

The Company documents at the inception of the transaction the relationship between the hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flow of hedged items.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recognized in statement of other comprehensive income. The gain or loss relating to the ineffective portion is recognized immediately in the profit and loss account.

Amounts accumulated in equity are recognized in profit and loss account in the periods when the hedged item will affect profit or loss.

2.16 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the chief executive to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the chief executive include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those income, expenses, assets, liabilities and other balances which can not be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Company has three reportable business segments. Weaving (Producing different quality of greige fabric using yarn), Dyeing (Converting greige into dyed fabric) and Power Generation (Generating and distributing power).

Transaction among the business segments are recorded at arm's length prices using admissible valuation methods. Inter segment sales and purchases are eliminated from the total.

2.17 Off setting of financial assets and liabilities

Financial assets and liabilities are set off and the net amount is reported in the financial statements when there is legally enforceable right to set off and the Company intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.18 Dividend and other appropriations

Dividend to the shareholders is recognized in the period in which it is declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

3. AUTHORIZED SHARE CAPITAL

2013 (NUMBER OF SHARES)	2012 (NUMBER OF SHARES)		2013 Rupees	2012 Rupees
80,000,000	80,000,000	Ordinary shares of Rupees 10 each	800,000,000	800,000,000
30,000,000	30,000,000	Preference shares of Rupees 10 each	300,000,000	300,000,000
110,000,000	110,000,000		1,100,000,000	1,100,000,000

4. ISSUED, SUBSCRIBED AND PAID UP SHARE CAPITAL

2013 (NUMBER OF SHARES)	2012 (NUMBER OF SHARES)		2013 Rupees	2012 Rupees
28,546,003	28,546,003	Ordinary shares of Rupees 10 each fully paid in cash	285,460,030	285,460,030
18,780,031	18,780,031	Ordinary shares of Rupees 10 each as fully paid bonus shares	187,800,310	187,800,310
3,584,977	3,584,977	Ordinary shares of Rupees 10 each issued due to merger with Kohinoor Genertek Limited as per scheme of arrangement	35,849,770	35,849,770
50,911,011	50,911,011		509,110,110	509,110,110

5. RESERVES

Composition of reserves is as follows:

	2013 Rupees	2012 Rupees
Capital		
Share premium reserve (Note 5.1)	213,406,310	213,406,310
Fair value reserve - net of deferred income tax (Note 5.2)	98,081,539	85,516,926

		2013 Rupees	2012 Rupees
11.	**ACCRUED MARKUP**		
	Long term financing	37,205,165	344,523,260
	Short term borrowings	73,538,556	100,811,345
		110,743,721	445,334,605
12.	**SHORT TERM BORROWINGS - SECURED**		
	From banking companies		
	SBP refinance (Note 12.1 and 12.2)	327,796,329	537,927,000
	Other short term finances (Note 12.1 and 12.3)	343,609,456	246,172,087
		671,405,785	784,099,087

12.1 These facilities are secured against hypothecation charge on current assets, lien on export contracts / letters of credit, first and second pari passu charge on fixed and current assets, personal guarantees of directors and ranking charge on current assets of the Company.

12.2 The rates of markup range from 9.2% to 11% per annum (2012: 11% per annum).

12.3 The rates of markup range from 5% to 13.25% per annum (2012: 5% to 16.06% per annum).

13. CONTINGENCIES AND COMMITMENTS

13.1 Contingencies

13.1.1 The Deputy Collector (Refund – Gold) by order dated 19 June 2007 rejected the input tax claim of the Company, for the month of June 2005, amounting to Rupees 10.345 million incurred in zero rated local supplies of textile and articles thereof on the grounds that the input tax claim is in contravention of SRO 992(I)/2005 which states that no registered person engaged in the export of specified goods (including textile and articles thereof) shall, either through zero-rating or otherwise, be entitled to deduct or reclaim input tax paid in respect of stocks of such goods acquired up to 05 June 2005, if not used for the purpose of exports made up to the 31 December 2005. Consequently, the Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR). ATIR has decided this appeal in favour of the Company subject to necessary verification. Pending the outcome of necessary verification, no provision for inadmissible input tax has been recognized in these financial statements, since the Company is confident of the outcome of verification.

13.1.2 The Additional Collector, Sales Tax Department has raised sales tax demand amounting to Rupees 8.956 million alongwith additional tax and penalty, as a result of sales tax audit for the year 1999-2000 conducted by the Sales Tax Department. The Company is contesting the demand and management is confident that decision will be in favour of the Company, hence, no provision their against has been made in these financial statements.

13.1.3 As a result of sales tax audit for the year 2009-2010 conducted by Regional Tax Office, Lahore, Assistant Commissioner Inland Revenue, Sales Tax Department has raised sales tax demand amounting to Rupees 9.975 million along with additional tax and penalty. Currently the case is pending for hearing at Appellate Tribunal Inland Revenue, Lahore and the management is confident that decision will be in favour of the Company, hence, no provision their against has been made in these financial statements.

13.1.4 Bank guarantees of Rupees 70.15 million (2012: Rupees 65.80 million) are given by the banks of the Company in favour of Sui Northern Gas Pipelines Limited against gas connections.

13.1.5 Bank guarantee of Rupees 6.5 million (2012: Rupees 6.5 million) is given by the bank of the Company in favour of Director, Excise and Taxation to cover the disputed amount of infrastructure cess.

13.1.6 Bank guarantees of Rupees 8.331 million (2012: Rupees 8.331 million) are given by the bank of the Company in favour of Lahore Electric Supply Company Limited against electricity connections.

13.1.7 Lahore Electric Supply Company Limited (LESCO) has served a notice to the Company in connection with violation of Power Purchase Agreement. According to the aforesaid notice, the Company was using gas alongwith Refined Furnace Oil (RFO) in the ratio of 50:50 as co-fuel in order to generate electric power for sale to LESCO whereas tariff was charged to LESCO on the basis of RFO. The matter is being resolved under the provisions of above said Power Purchase Agreement and referred to Mr. Justice (Retd.) Syed Jamshed Ali Shah for arbitration. The proceedings of arbitration are in process. An amount of Rupees 86.833 million receivable by the Company from LESCO is still unpaid. Full provision has been made in these financial statements against this receivable. However, the Company is confident that the said amount will be recovered.

13.2 Commitments

13.2.1 Aggregate commitments for capital expenditures and revenue expenditures are amounting to Rupees 51.450 million and Rupees 39.562 million (2012: Rupees 79.324 million and Rupees 22.220 million) respectively.

13.2.2 Post dated cheques issued to suppliers are amounting to Rupees 46.016 million (2012: Rupees 9.694 million).

14. FIXED ASSETS

14.1.1 Lands and buildings of the Company were revalued as at 30 June 2009 by an independent valuer. The latest revaluation as at 30 June 2012 was carried out by Messrs Hamid Mukhtar and Company (Private) Limited, the approved valuer. Had there been no revaluation, the value of the assets would have been lower by Rupees 810.924 million (2012: Rupees 882.993 million).

14.1.2 The book value of lands and buildings on cost basis is Rupees 47.656 million and Rupees 187.596 million (2012: Rupees 75.030 million and Rupees 194.045 million) respectively.

14.1.3 Detail of operating fixed assets exceeding book value of Rupees 50,000 disposed of during the year is as follows:

Particulars	Cost/revealed amount	Accumulated depreciation	Net book value	Consideration	Gain / (loss)	Mode of disposal	Particulars of purchasers

		1,205,045,128	844,479,690

	2013 Rupees	2012 Rupees
30. FINANCE COST		
Markup on long term financing	199,644,025	229,361,620
Mark up on short term borrowings	75,217,795	88,635,161
Adjustment due to impact of IAS - 39	112,590,198	-
Bank commission and other financial charges	117,970,678	30,035,451
	505,422,696	348,032,232
31. TAXATION		
Current (Note 31.1)	79,975,000	62,914,863
Prior year adjustment	(89,564)	(2,487,309)
Deferred tax	(1,340,269)	(845,385)
	78,545,167	59,582,169

31.1 Provision for current income tax represents final tax on export sales under section 169 and minimum tax on local sales under section 113 of Income Tax Ordinance, 2001. As the Company has carry forwardable tax losses of Rupees 951.539 million (2012: Rupees 790.929 million), therefore, it is impracticable to prepare the tax charge reconciliation for the years presented.

32. EARNINGS PER SHARE - BASIC AND DILUTED

There is no dilutive effect on the basic earnings per share, which is based on:

		2013	2012
Profit attributable to ordinary shares	(Rupees)	1,008,666,682	629,488,518
Weighted average number of ordinary shares	(Numbers)	50,911,011	50,911,011
Earnings per share	(Rupees)	19.81	12.36

33. REMUNERATION TO CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES

The aggregate amounts charged in these financial statements for remuneration, including all benefits to chief executive, directors and other executives are as follows:

	2013			2012		
	Chief Executive	Directors	Executives	Chief Executive	Directors	Executives
	(Rupees)					
Managerial remuneration	3,135,000	3,217,500	26,385,210	2,640,000	6,979,500	20,383,100
House rent	783,750	969,375	6,769,145	660,023	1,744,878	5,402,124
Utilities	313,500	321,750	2,638,124	263,931	697,878	2,079,830
Special allowance	627,000	478,500	4,836,327	528,000	1,395,900	3,669,700
Contribution to provident fund	261,147	268,015	2,197,898	219,912	597,930	1,712,112
Other allowances	840,750	862,875	5,190,965	708,046	1,772,844	3,298,038
	5,961,147	6,118,015	48,017,669	5,019,912	13,188,930	36,544,904
Number of persons	1	2	24	1	4	24

33.1 Chief executive, directors and executives of the Company are provided with free use of Company's owned and maintained cars.

33.2 Meeting fee of Rupees 330,000 (2012: Rupees 200,000) was paid to four non- executive directors for attending meetings.

33.3 No remuneration was paid to non-executive directors of the Company.

34. TRANSACTIONS WITH RELATED PARTIES

Related parties comprise of subsidiary company, other related parties, key management personnel and provident fund trust. The Company in the normal course of business carries out transactions with related parties. Detail of transactions with related parties, other than those which have been specifically disclosed elsewhere in these financial statements are as follows:

	2013 Rupees	2012 Rupees
Q Mart Corporation (Private) Limited - Subsidiary company		
Sale of goods	-	303,456
Purchase of operating fixed assets	2,518,104	-
Purchase of goods	4,068,868	2,760,689
Purchase of operating fixed assets as a part of settlement of loan from Silk Bank Limited	12,000,000	-
Rent	240,000	360,000

35. PROVIDENT FUND RELATED DISCLOSURES

The following information is based on un-audited financial statements of the provident fund for the year ended 30 June 2013 and audited financial statements of the provident fund for the year ended 30 June 2012:

	2013 Rupees	2012 Rupees
Size of the fund - Total assets	91,622,193	64,397,434
Cost of investments	84,257,836	70,392,866
Percentage of investments made	93.26%	84.85%
Fair value of investments	85,449,542	54,640,867

35.1 The break-up of fair value of investments is as follows:

	2013	2012	2013	2012
	Percentage		Rupees	Rupees
Deposits	37.23	27.36	31,812,872	14,947,891
Mutual funds	37.21	56.59	31,795,742	30,921,639
Listed securities	25.56	16.05	21,840,928	8,771,337
	100.00	100.00	85,449,542	54,640,867

35.2 The investments out of provident fund have been made in accordance with the provisions of section 227 of the Companies Ordinance, 1984 and the rules formulated for this purpose.

36. NUMBER OF EMPLOYEES

	2013	2012
Number of employees as on June 30		
Permanent	1393	1337
Contractual	43	37
Average number of employees during the year		
Permanent	1369	1337
Contractual	42	38

SEGMENT INFORMATION

The Company has three reportable segments. The following summary describes the operation in each of the Company's reportable segments:

Weaving	Production of different qualities of greige fabric using yarn
Dyeing	Processing of greige fabric for production of dyed fabric
Power Generation	Generation and distribution of power using gas, oil and steam

	Weaving		Dyeing		Power Generation		Elimination of inter-segment transactions		Total- Compa	
	2013	2012	2013	2012	2013	2012	2013	2012	2013	20
	(Rupees)

Unallocated liabilities							146,138,607	159,795,953
Total liabilities as per balance sheet							4,553,171,845	5,538,428,218

37.3 Geographical information

The Company's revenue from external customers by geographical location is detailed below:

	2013 Rupees	2012 Rupees
Australia	371,954,125	269,737,850
Asia	4,320,231,205	3,173,873,062
Europe	1,232,086,726	748,920,159
United States of America and Canada	266,600,639	368,186,153
Africa	1,126,393,595	637,560,649
Pakistan	1,134,504,491	1,063,589,849
	8,451,770,781	6,261,867,722

37.4 All non-current assets of the Company as at reporting dates are located and operating in Pakistan.

37.5 Revenue from major customers

The Company's revenue is earned from a large mix of customers.

38. PLANT CAPACITY AND PRODUCTION

	2013	2012
Weaving		
Number of looms in operation	174	174
Rated capacity of operative looms converted to 60 picks (square meter)	48,892,878	48,892,878
Actual production converted to 60 picks (square meter)	47,933,566	42,933,292
Number of days worked during the year (3 shifts per day)	365	366
Dyeing		
Rated capacity in 3 shifts (linear meter)	30,000,000	30,000,000
Actual production for three shifts (linear meter)	29,586,279	24,123,863
No. of days worked during the year (3 shifts per day)	365	355
Genertek		
Number of generators installed	9	9
Installed capacity (Mega Watt Hours)	300,381	300,406
Actual generation (Mega Watt Hours)	27,023	29,678

38.1 Underutilization of available capacity for weaving and dyeing divisions is due to normal maintenance.

38.2 Actual power generation in Genertek in comparison to installed is low due to periodical scheduled and unscheduled maintenance of generators and low demand.

39. FINANCIAL RISK MANAGEMENT

39.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors (the Board). The Company's finance department evaluates and hedges financial risk. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD) and Euro. Currently, the Company's foreign exchange risk exposure is restricted to foreign currency bank balances and the amounts receivable from / payable to the foreign entities. The Company uses forward exchange contracts to hedge its foreign currency risk, when considered appropriate. The Company's exposure to currency risk was as follows:

	2013	2012
Cash in hand - USD	5,285	-
Cash in hand - Euro	1,410	-
Cash at banks - USD	789	790
Trade debts - USD	13,375,230	15,157,520
Trade and other payable - USD	1,420,262	457,739
Net exposure - USD	11,961,042	14,700,571
Net exposure - Euro	1,410	-

The following significant exchange rates were applied during the year:

Rupees per US Dollar		
Average rate	96.32	88.72
Reporting date rate	98.95	94.10
Rupees per Euro		
Average rate	124.62	119.60
Reporting date rate	129.25	118.56

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD and Euro with all other variables held constant, the impact on profit after taxation for the year would have been higher / lower by Rupees 55.705 million (2012: Rupees 68.453 million) mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is not exposed to commodity price risk.

Sensitivity analysis

The table below summarises the impact of increase / decrease in the Karachi Stock Exchange (KSE) Index on the Company's profit after taxation for the year and on equity (fair value reserve). The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Company's equity instruments moved according to the historical correlation with the index. As at 30 June 2013, the Company has no such equity instrument.

Index	Impact on profit after taxation			Statement of other comprehensive income (fair value reserve)		
		2013 Rupees	2012 Rupees		2013 Rupees	2012 Rupees
KSE 100 (5% increase)	Decrease in profit	-	-	Increase in fair value reserve	-	2,604,607
KSE 100 (5% decrease)	Increase in profit	-	-	Decrease in fair value reserve	-	2,604,607

Equity (fair value reserve) increases / decreases as a result of gains / losses on equity investments classified as available for sale.

(iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long-term interest-bearing assets except for bank balances on saving accounts. The Company's interest rate risk arises from long term financing and short term borrowings. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk. Borrowings obtained at fixed rate expose the Company to fair value interest rate risk.

At the reporting date the interest rate profile of the Company's interest bearing financial instruments was:

	2013 Rupees	2012 Rupees
Fixed rate instruments		
Financial liabilities		
Long term financing	1,509,412,441	1,462,834,293
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	105,074,765	77,863,761
Financial liabilities		
Long term financing	612,073,712	1,781,339,905
Short term borrowings	671,405,785	784,099,087

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit for the year would have been Rupees 11.195 million lower / higher (2012: Rupees 24.876 million), mainly as a result of higher / lower interest expense on floating rate borrowings. This analysis is prepared assuming the amounts of liabilities outstanding at reporting dates were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2013 Rupees	2012 Rupees
Investments	132,357,244	129,544,580
Advances	8,445,589	17,041,037
Deposits	28,055,841	28,726,508
Trade debts	679,533,395	754,942,849
Other receivables	17,575,945	315,275
Bank balances	125,639,420	106,578,301
	991,607,434	1,037,148,550

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

	Rating			2013	2012
	Short Term	Long Term	Agency	-------- Rupees --------	
Banks					
National Bank of Pakistan	A-1+	AAA	JCR-VIS	150,744	150,744

				125,639,420	106,578,301
Investments					
Maple Leaf Cement Factory Limited	B	BB	PACRA	-	52,092,130
Security General Insurance Company Limited	A+		JCR-VIS	132,357,244	77,452,450
				132,357,244	129,544,580
				257,996,664	236,122,881

The Company's exposure to credit risk and impairment losses related to trade debts is disclosed in Note 18.

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash. At 30 June 2013, the Company has Rupees 129.221 million (2012: Rupees 108.127 million) cash and bank balances. The management believes the liquidity risk to be manageable. Following are the contractual maturities of financial liabilities, including interest payments. The amount disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2013

	Carrying amount	Contractual cash flows	6 month or less	6-12 month	1-2 Year	More than 2 Years
	----------------------------	(Rupees)	----------------------------			
Long term financing	2,121,486,153	2,435,899,755	76,955,117	50,405,540	165,283,931	2,143,255,167
Sponsor's loan	272,000,000	272,000,000	-	-	-	272,000,000
Trade and other payables	700,225,446	700,225,446	700,225,446	-	-	-
Accrued markup	534,729,948	534,729,948	110,743,721	-	-	423,986,227
Short term borrowings	671,405,785	689,269,929	689,269,929	-	-	-
	4,299,847,332	4,632,125,078	1,577,194,213	50,405,540	165,283,931	2,839,241,394

Contractual maturities of financial liabilities as at 30 June 2012

	Carrying amount	Contractual cash flows	6 month or less	6-12 month	1-2 Year	More than 2 Years
	----------------------------	(Rupees)	----------------------------			
Long term financing	3,244,174,198	4,441,317,925	64,906,340	134,957,487	351,946,309	3,889,507,789
Sponsor's loan	272,000,000	272,000,000	-	-	-	272,000,000
Trade and other payables	567,872,874	567,872,874	567,872,874	-	-	-
Accrued markup	445,334,605	445,334,605	445,334,605	-	-	-
Short term borrowings	784,099,087	828,024,863	828,024,863	-	-	-
	5,313,480,764	6,554,550,267	1,906,138,682	134,957,487	351,946,309	4,161,507,789

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest rates / mark up rates effective as at 30 June. The rates of interest / mark up have been disclosed in note 7 and note 12 to these financial statements.

39.2 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date. The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which fair value is observable:

	Level 1	Level 2	Level 3	Total
	.... Rupees................................			
As at 30 June 2013				
Assets				
Available for sale financial assets	-	-	132,357,244	132,357,244
As at 30 June 2012				
Assets				
Available for sale financial assets	52,092,130	-	77,452,450	129,544,580

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for financial instruments held by the company is the current bid price. These financial instruments are classified under level 1 in above referred table. The Company has no such type of financial instrument as at 30 June 2013.

The fair value of financial instruments that are not traded in active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimate. If all significant inputs required to fair value a financial instrument are observable, those financial instruments are classified under level 2. The Company has no such type of financial instruments as at 30 June 2013.

If one or more of the significant inputs is not based on observable market data, the financial instrument is classified under level 3. The carrying amount less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the company for similar financial instruments.

	4,299,847,332	5,313,480,764

39.4 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stake holders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to share holders, issue new shares or sell assets to reduce debt.

40. AUTHORIZATION OF FINANCIAL STATEMENTS

These financial statements were authorized for issue by the Board of Directors of the Company on 26 September 2013.

41. CORRESPONDING FIGURES

Corresponding figures have been rearranged / regrouped, wherever necessary, for the purpose of comparison. However, no significant rearrangements / regroupings have been made.

42. GENERAL

Figures have been rounded off to nearest of Rupee.

CONSOLIDATED
FINANCIAL STATEMENTS

AS AT JUNE 30, 2013

DIRECTORS' REPORT

The Directors are pleased to present the consolidated audited results of Kohinoor Mills Limited and its subsidiary Q-Mart Corporation (Private) Limited (the Group) for the year ended 30 June, 2013. The group results are being presented as required by section 237 of the Companies Ordinance, 1984.

During the financial year ended 30 June 2013, the Group earned a net profit after tax of Rs. 1,009 million, compared to net profit of Rupees 730 million during the preceding financial year. Optimal capacity utilization during the year by the parent company resulted in improved gross margins due to better fixed cost coverage, which otherwise remained under pressure due to escalating raw material prices and severe electricity and gas load-shedding.

The current order book of the parent company is healthy and it has confirmed orders up to December 2013 at full capacity. Thus the management is confident that the parent company shall be able to build on its performance, going forward. However, the group, in line with its decision to focus on its core fabric business, has decided to pull out of retail business and has accordingly shut-down all its Q-Mart retails stores and is in the process of disposing of the fixed assets of this company.

The Directors' Report giving a detailed analysis of the performance of Kohinoor Mills Limited and Q-Mart Corporation (Private) Limited for the year ended 30 June 2013, has also been presented separately.

On behalf of the Board

Aamir Fayyaz Sheikh
Chief Executive

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed consolidated financial statements comprising consolidated balance sheet of Kohinoor Mills Limited (the Holding Company) and its Subsidiary Company, Q Mart Corporation (Private) Limited as at 30 June 2013 and the related consolidated profit and loss account, consolidated statement of comprehensive income, consolidated cash flow statement and consolidated statement of changes in equity together with the notes forming part thereof, for the year then ended. We have also expressed separate opinions on the financial statements of Kohinoor Mills Limited and its Subsidiary Company, Q Mart Corporation (Private) Limited. These financial statements are the responsibility of the Holding Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Our audit was conducted in accordance with the International Standards on Auditing and accordingly included such tests of accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of Kohinoor Mills Limited and its Subsidiary Company, Q Mart Corporation (Private) Limited as at 30 June 2013 and the results of their operations for the year then ended.

We draw attention to Note No. 1.2.2 to these consolidated financial statements, which states that the Subsidiary Company, Q Mart Corporation (Private) Limited is no longer a going concern for the reasons stated in the aforesaid note. Therefore, all assets and liabilities of the Subsidiary Company, Q Mart Corporation (Private) Limited reported in these consolidated financial statements are based on estimated realizable / settlement values. Our report is not qualified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2013

1. LEGAL STATUS AND NATURE OF BUSINESS

THE GROUP

The Group consists of:
Holding Company
- Kohinoor Mills Limited
Subsidiary Company (wholly owned)
- Q Mart Corporation (Private) Limited

1.1 Kohinoor Mills Limited

Kohinoor Mills Limited ("the Holding Company") is a public limited company incorporated on 21 December 1987 in Pakistan under the Companies Ordinance, 1984 and its shares are quoted on Karachi, Lahore and Islamabad Stock Exchanges of Pakistan. The registered office of the Company is situated at 8-K.M., Manga Raiwind Road, District Kasur. The Company is principally engaged in the business of textile manufacturing covering weaving, bleaching, dyeing, buying, selling and otherwise dealing in yarn, cloth and other goods and fabrics made from raw cotton and synthetic fiber and to generate and supply electricity.

1.2 Q Mart Corporation (Private) Limited

1.2.1 Q Mart Corporation (Private) Limited ("the Subsidiary Company"), a wholly owned subsidiary of Kohinoor Mills Limited was incorporated in Pakistan on 18 July 2005 as a private limited Company under the Companies Ordinance, 1984. The registered office of the Company is situated at 8-K.M., Manga Raiwind Road, District Kasur. The principal activity of the Company is to carry on business as a retailer in all types of general merchandise.

1.2.2 During the year, the Holding Company, in line with its decision to focus on its core fabric business, has decided to pull out of retail business and has accordingly shut-down all Q-Mart retail stores. The Subsidiary Company has disposed of all fixed assets (except for freehold land and building on freehold land) and stock-in-trade. A large number of receivables and payables have been settled. As the Subsidiary Company has ceased trading and disposed of majority of its assets, hence, the Subsidiary Company is not considered a going concern. All assets and liabilities of the Subsidiary Company reported in these consolidated financial statements are based on estimated realizable / settlement values.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These consolidated financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

b) Accounting convention

These consolidated financial statements have been prepared under the historical cost convention, except for lands and buildings which are carried at revalued amounts and certain financial instruments which are carried at their fair value.

c) Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to these consolidated financial statements or where judgments were exercised in application of accounting policies are as follows:

Financial instruments

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on assumptions that are dependent on conditions existing at the balance sheet date.

Useful lives, patterns of economic benefits and impairments

Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management. Further, the values of assets are reviewed for possible impairments on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with a corresponding effect on the depreciation charge and impairment.

Taxation

In making the estimates for income tax liability, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Provision for doubtful debts

Receivables are reviewed against any provision required for any doubtful balances on an ongoing basis. The provision is made while taking into consideration expected recoveries, if any.

Inventories

Net realizable value of inventories is determined with reference to currently prevailing selling prices less estimated expenditure to make sales.

d) Amendments to published approved standards that are effective in current year and are relevant to the Group

The following amendments to published approved standards are mandatory for the Group's accounting periods beginning on or after 01 July 2012:

IAS 1 (Amendments), 'Presentation of Financial Statements' (effective for annual periods beginning on or after 01 July 2012). The main change resulting from these amendments is a requirement for entities to group items presented in Other Comprehensive Income (OCI) on the basis of whether they are potentially reclassifiable to profit or loss subsequently (reclassification adjustments). The amendments do not address which items are presented in OCI. The amendments have been applied retrospectively, and hence the presentation of items of other comprehensive income has been modified to reflect the changes. Other than the above mentioned presentation changes, the application of the amendments to IAS 1 does not result in any impact on consolidated profit or loss, consolidated other comprehensive income and consolidated total comprehensive income.

e) Amendments to published approved standards that are effective in current year but not relevant to the Group

There are other amendments to the published approved standards that are mandatory for accounting periods beginning on or after 01 July 2012 but are considered not to be relevant or do not have any significant impact on the Group's consolidated financial statements and are therefore not detailed in these consolidated financial statements.

f) Standards and amendments to published approved standards that are not yet effective but relevant to the Group

Following standards and amendments to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after 01 July 2013 or later periods:

IFRS 7 (Amendment), 'Financial Instruments: Disclosures' (effective for annual periods beginning on or after 01 January 2013). The International Accounting Standards Board (IASB) has amended the accounting requirements and disclosures related to offsetting of financial assets and financial liabilities by issuing amendments to IAS 32 'Financial Instruments: Presentation' and IFRS 7. These amendments are the result of IASB and US Financial Accounting Standard Board undertaking a joint project to address the differences in their respective accounting standards regarding offsetting of financial instruments. The clarifying amendments to IAS 32 are effective for annual periods beginning on or after 01 January 2014. However, these amendments are not expected to have a material impact on the Group's consolidated financial statements.

IFRS 9 'Financial Instruments' (effective for annual periods beginning on or after 01 January 2015). It addresses the classification, measurement and recognition of financial assets and financial liabilities. This is the first part of a new standard on classification and measurement of financial assets and financial liabilities that shall replace IAS 39 'Financial Instruments: Recognition and Measurement'. IFRS 9 has two measurement categories: amortized cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured at amortized cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest. For liabilities, the standard retains most of the IAS 39 requirements. These include amortized-cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the income statement, unless this creates an accounting mismatch. This change shall mainly affect financial institutions. There shall be no impact on the Group's accounting for financial liabilities, as the new requirements only affect the accounting for financial liabilities that are designated at fair value through profit or loss, and the Group does not have any such liabilities.

IFRS 10 'Consolidated Financial Statements' (effective for annual periods beginning on or after 01 January 2013). Concurrent with the issuance of IFRS 10, the IASB has also issued IFRS 11 'Joint Arrangements', IFRS 12 'Disclosure of Interests in Other Entities', IAS 27 (revised 2011) 'Consolidated and Separate Financial Statements' and IAS 28 (revised 2011) 'Investments in Associates'. The objective of IFRS 10 is to have a single basis for consolidation for all entities, regardless of the nature of the investee, and that basis is control. The definition of control includes three elements: power over an investee, exposure or rights to variable returns of the investee and the ability to use power over the investee to affect the investor's returns. IFRS 10 replaces those parts of IAS 27 'Consolidated and Separate Financial Statements' that address when and how an investor should prepare consolidated financial statements and replaces Standing Interpretations Committee (SIC) 12 'Consolidation – Special Purpose Entities' in its entirety. The management of the Company is in the process of evaluating the impacts of the aforesaid standard on the Group's consolidated financial statements.

Amendments to IFRS 10, IFRS 11 and IFRS 12 (effective for annual periods beginning on or after 01 January 2013) provide additional transition relief in by limiting the requirement to provide adjusted comparative information to only the preceding comparative period. Also, amendments to IFRS 12 eliminate the requirement to provide comparative information for periods prior to the immediately preceding period.

Amendments to IFRS 10, IFRS 12 and IAS 27 (effective for annual periods beginning on or after 01 January 2014) provide 'investment entities' an exemption from the consolidation of particular subsidiaries and instead require that: an investment entity measure the investment in each eligible subsidiary at fair value through profit or loss; requires additional disclosures; and require an investment entity to account for its investment in a relevant subsidiary in the same way in its consolidated and separate financial statements. The management of the Company is in the process of evaluating the impacts of the aforesaid amendments on the Group's consolidated financial statements.

IFRS 12 'Disclosures of Interests in Other Entities' (effective for annual periods beginning on or after 01 January 2013). This standard includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose vehicles and other off-balance sheet vehicles. This standard is not expected to have a material impact on the Group's consolidated financial statements.

IFRS 13 'Fair value Measurement' (effective for annual periods beginning on or after 01 January 2013). This standard aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements, which are largely aligned between IFRSs and US GAAP, do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs or US GAAP. This standard is not expected to have a material impact on the Group's consolidated financial statements.

IAS 36 (Amendments) 'Impairment of Assets' (effective for annual periods beginning on or after 01 January 2014). Amendments have been made in IAS 36 to reduce the circumstances in which the recoverable amount of assets or cash- generating units is required to be disclosed, clarify the disclosures required and to introduce an explicit requirement to disclose the discount rate used in determining impairment (or reversals) where recoverable amount (based on fair value less costs of disposal) is determined using a present value technique. However, the amendments are not expected to have a material impact on the Group's consolidated financial statements.

On 17 May 2012, IASB issued Annual Improvements to IFRSs: 2009 – 2011 Cycle, incorporating amendments to five IFRSs more specifically in IAS 1 'Presentation of Financial Statements' and IAS 32 'Financial instruments: Presentation', that are considered relevant to the Group's consolidated financial statements. These amendments are effective for annual periods beginning on or after 01 January 2013. These amendments are unlikely to have a significant impact on the Group's consolidated financial statements and have therefore not been analyzed in detail.

g) Standards, interpretations and amendments to published approved standards that are not yet effective and not considered relevant to the Group

There are other standards, amendments to published approved standards and new interpretations that are mandatory for accounting periods beginning on or after 01 July 2013 but are considered not to be relevant or do not have any significant impact on the Group's consolidated financial statements and are therefore not detailed in these consolidated financial statements.

2.2 Consolidation

Subsidiary

Subsidiaries are those entities in which the Holding Company directly or indirectly controls, beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors. The financial statements of the Subsidiary Company are included in the consolidated financial statements from the date control commences until the date that control ceases.

The assets and liabilities of Subsidiary Company have been consolidated on a line by line basis and the carrying value of investment held by the Holding Company is eliminated against Holding Company's share in paid up capital of the Subsidiary Company.

Inter Group balances and transactions have been eliminated.

Non-controlling interests are that part of net results of the operations and of net assets of the Subsidiary Company attributable to interest which are not owned by the Holding Company. Non-controlling interests are presented as a separate item in the consolidated financial statements.

2.3 Employee benefit

The Holding Company operates a funded contributory provident fund scheme for its permanent employees. The Holding Company and employees make equal monthly contributions of 8.33 percent of the basic salary, towards the fund. The Holding Company's contribution is charged to the profit and loss account.

2.4 Provisions

Provisions are recognized in the balance sheet when the Group has a legal or constructive obligation as a result of past events and it is probable that outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. However, provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate.

2.5 Taxation

Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the consolidated profit and loss account, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.6 Foreign currencies

These consolidated financial statements are presented in Pak Rupees, which is the Group's functional currency. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the balance sheet date. Transactions in foreign currencies are translated into Pak Rupees at the spot rate. All non-monetary items are translated into Pak Rupees at exchange rates prevailing on the date of transaction or on the date when fair values are determined. Exchange gains and losses, where applicable, are recognized in the consolidated profit and loss account.

2.7 Fixed assets

2.7.1 Property, plant and equipment and depreciation

Owned

a) Cost

Property, plant and equipment except freehold land and buildings are stated at cost less accumulated depreciation and any identified impairment loss. Freehold land is stated at revalued amount less any identified impairment loss, buildings are stated at revalued amount less accumulated depreciation and any identified impairment loss, while capital work-in-progress is stated at cost less any identified impairment loss.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

Increases in the carrying amount arising on revaluation of operating fixed assets are credited to surplus on revaluation of operating fixed assets. Decreases that offset previous increases of the same assets are charged against this surplus, all other decreases are charged to income. Each year the difference between depreciation based on revalued carrying amount of the asset (the depreciation charged to the income) and depreciation based on the assets' original cost is transferred from surplus on revaluation of operating fixed assets to accumulated loss. All transfers to / from surplus on revaluation of operating fixed assets are net of applicable deferred income tax.

b) Depreciation

Depreciation on all operating fixed assets is charged to income on a reducing balance method so as to write off cost / depreciable amount of an asset over its estimated useful life at the rates as disclosed in note 15.1. Depreciation on additions is charged from the month in which the asset is put to use and on disposal up to the month of disposal. The residual values and useful lives are reviewed by the management, at each financial year end and adjusted if impact on depreciation is significant.

c) Derecognition

An item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the asset) is included in the consolidated profit and loss account in the year the asset is derecognized.

Leased

a) Finance leases

Leases where the Group has substantially all the risk and rewards of ownership are classified as finance lease. Assets subject to finance lease are capitalized at the commencement of the lease term at the lower of present value of minimum lease payments under the lease agreements and the fair value of the leased assets, each determined at the inception of the lease.

The related rental obligation net of finance cost, is included in liabilities against assets subject to finance lease. The liabilities are classified as current and long term depending upon the timing of payments.

Each lease payment is allocated between the liability and finance cost so as to achieve a constant rate on the balance outstanding. The finance cost is charged to income over the lease term.

Depreciation of assets subject to finance lease is recognized in the same manner as for owned assets. Depreciation of the leased assets is charged to income.

b) Operating leases

Leases where significant portion of the risk and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the income on a straight-line basis over the period of lease.

2.7.2 Intangible assets

Intangible assets, which are non-monetary assets without physical substance, are recognized at cost, which comprise purchase price, non-refundable purchase taxes and other directly attributable expenditures relating to their implementation and customization. After initial recognition an intangible asset is carried at cost less accumulated amortization and impairment losses, if any. Intangible assets are amortized from the month, when these assets are available for use, using the straight line method, whereby the cost of the intangible asset is amortized over its estimated useful life over which economic benefits are expected to flow to the Group. The useful life and amortization method are reviewed and adjusted, if appropriate, at each balance sheet date.

2.8 Investments

Classification of an investment is made on the basis of intended purpose for holding such investment. Management determines the appropriate classification of its investments at the time of purchase and re-evaluates such designation on regular basis.

Investments are initially measured at fair value plus transaction costs directly attributable to acquisition, except for "Investment at fair value through profit or loss" which is initially measured at fair value.

a) Investments at fair value through profit or loss

Investments classified as held-for-trading and those designated as such are included in this category. Investments are classified as held-for-trading if they are acquired for the purpose of selling in the short term. Gains or losses on investments held-for-trading are recognized in the consolidated profit and loss account.

b) Held-to-maturity

Investments with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Group has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Other long term investments that are intended to be held to maturity are subsequently measured at amortized cost. This cost is computed as the amount initially recognized minus principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initially recognized amount and the maturity amount. For investments carried at amortized cost, gains and losses are recognized in income when the investments are derecognized or impaired, as well as through the amortization process.

c) Available-for-sale

Investments intended to be held for an indefinite period of time, which may be sold in response to need for liquidity, or changes to interest rates or equity prices are classified as available-for-sale. After initial recognition, investments which are classified as available-for-sale are measured at fair value. Gains or losses on available-for-sale investments are recognized directly in consolidated statement of other comprehensive income until the investment is sold, de-recognized or is determined to be impaired, at which time the cumulative gain or loss previously reported in the consolidated statement of other comprehensive income is included in the consolidated profit and loss account. These are sub-categorized as under:

Quoted

For investments that are actively traded in organized capital markets, fair value is determined by reference to stock exchange quoted market bids at the close of business on the balance sheet date.

Unquoted

Fair value of unquoted investments is determined on the basis of appropriate valuation techniques as allowed by IAS 39 'Financial Instruments: Recognition and Measurement'.

d) Equity investments in associated companies

The investments in associates in which the Group does not have significant influence are classified as "Available-for-Sale".

2.9 Inventories

Inventories, except for stock in transit, waste stock and rejected goods are stated at lower of cost and net realizable value. Cost is determined as follows:

Stores, spares and loose tools

Useable stores and spares are valued principally at moving average cost, while items considered obsolete are carried at nil value. In transit stores and spares are valued at cost comprising invoice value plus other charges paid thereon.

Stock-in-trade

Cost of raw material is based on weighted average cost.

Cost of work in process and finished goods comprises prime cost and appropriate production overheads determined on weighted average cost. Cost of goods purchased for resale are valued at their respective purchase price by using first-in-first-out method.

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock and rejected goods are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.10 Non-current assets held for sale

Non-current assets classified as assets held for sale are stated at the lower of carrying amount and fair value less costs to sell if their carrying amount is recoverable principally through a sale transaction rather than through continuing use.

2.11 Borrowing costs

Borrowing costs are recognized as expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing cost, if any, are capitalized as part of the cost of that asset.

2.12 Revenue recognition

Revenue from different sources is recognized as under.

(a) Revenue is recognized when the Group has transferred significant risks and rewards associated with ownership of the goods to the buyers. Export sales and local sales are recognized on shipment and dispatch of goods to the customers respectively.

(b) Dividend on equity investments is recognized as income when right to receive payment is established.

(c) Profit on bank deposits is recognized on a time proportion basis taking into account, the principal outstanding and rates of profits applicable thereon.

2.13 Impairment

a) Financial assets

A financial asset is considered to be impaired if objective evidence indicate that one or more events had a negative effect on the estimated future cash flow of that asset.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as a difference between its carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of available for sale financial asset is calculated with reference to its current fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

b) Non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of such asset is estimated. An impairment loss is recognized wherever the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognized in consolidated profit and loss account. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had non impairment loss been recognized for the assets in prior years. Such reversal is recognized in consolidated profit and loss account.

2.14 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, if any.

2.15 Financial instruments

Financial instruments are recognized at fair value when the Group becomes party to the contractual provisions of the instrument by following trade date accounting. Any gain or loss on the subsequent measurement is charged to the consolidated profit and loss account except for available for sale investments. The Group derecognizes a financial asset or a portion of financial asset when, and only when, the enterprise loses the control over contractual right that comprises the financial asset or a portion of financial asset. While a financial liability or a part of financial liability is derecognized from the consolidated balance sheet when, and only when, it is extinguished, i.e., when the obligation specified in contract is discharged, cancelled or expired.

The particular measurement methods adopted are disclosed in the individual policy statements associated with each item.

Financial assets are investments, trade debts, deposits, loans and advances, other receivables, and cash and bank balances.

Financial liabilities are classified according to the substance of the contractual agreements entered into. Significant financial liabilities are long term financing, short term borrowings, accrued markup, sponsors' loan, loan from director and trade and other payables.

2.15.1 Trade debts and other receivables

Trade debts and other receivable are initially measured at fair value and subsequently at amortized cost using effective interest rate method less provision for impairment. A provision is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of receivables. Trade debts and other receivables considered irrecoverable are written off.

2.15.2 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value which is normally the transaction cost.

2.15.3 Markup bearing borrowings

Borrowings are recognized initially at fair value and are subsequently stated at amortized cost, any difference between the proceeds and the redemption value is recognized in the consolidated income statement over the period of the borrowing using the effective interest rate method.

2.15.4 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current accounts, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.16 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date a derivative contract is entered into and are remeasured to fair value at subsequent reporting dates. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Group designates certain derivatives as cash flow hedges.

The Group documents at the inception of the transaction the relationship between the hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in cash flow of hedged items.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recognized in the consolidated statement of other comprehensive income. The gain or loss relating to the ineffective portion is recognized immediately in the consolidated profit and loss account.

Amounts accumulated in equity are recognized in the consolidated profit and loss account in the periods when the hedged item will affect profit or loss.

2.17 Segment reporting

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the Group's Chief Operating Decision Maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group's Chief Operating Decision Maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those incomes, expenses, assets, liabilities and other balances which can not be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Group has four reportable business segments. Weaving (Producing different quality of greige fabric using yarn), Dyeing (Converting greige into dyed fabric), Power Generation (Generating and distributing power) and Retail (Selling all type of general merchandise).

Transaction among the business segments are recorded at arm's length prices using admissible valuation methods. Inter segment sales and purchases are eliminated from the total.

2.18 Off setting of financial assets and liabilities

Financial assets and liabilities are set off and the net amount is reported in the consolidated financial statements when there is legally enforceable right to set off and the Group intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

2.19 Dividend and other appropriations

Dividend to the shareholders is recognized in the period in which it is declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

2.20 Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the identifiable net assets acquired. Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses. Any impairment is recognized immediately through the consolidated income statement and is not subsequently reversed.

7.1

Lender	2013	2012	Revised terms after restructuring	Security
	-------- Rupees --------			
National Bank of Pakistan	487,495,119	670,719,000	This loan is repayable in 32 stepped up quarterly installments commencing from 30 September 2013 and ending on 30 June 2021. This loan carries markup at the rate of 7.70% per annum based on the average cost of funds of the bank which will be reviewed annually. Markup will be accrued over nine years during which the principal will be repaid. The accrued markup will be repaid in twelve equal quarterly installments commencing on 30 September 2021 and ending on 30 June 2024.	First joint pari passu charge of Rupees 628.394 million over fixed assets and Rupees 42.424 million over current assets of the Holding Company with 25% margin.
United Bank Limited	251,941,542	349,484,532	This loan is repayable in 28 equal quarterly installments of Rupees 13.540 million each commenced from 09 February 2012 and ending on 09 November 2018. Markup is payable quarterly at the rate of 5.00% per annum.	First pari passu charge of Rupees 606.000 million (with 25% margin) over all present and future current assets and Rupees 200.000 million over fixed assets of the Holding Company. Personal guarantees of two directors.
The Bank of Punjab	441,757,486	706,710,288	This loan is repayable in 31 stepped up quarterly installments commenced from 30 June 2011 and ending on 31 December 2018. This loan carried markup at the rate of 9.55% per annum based on the cost of funds of the bank approved by SBP upto 31 March 2013 and thereafter carries markup at 5.00% per annum. Markup is payable quarterly. Markup accrued upto 31 March 2013 will be repaid in three equal quarterly installments commencing on 31 March 2019 and ending on 30 September 2019. 11. LOAN FROM DIRECTOR

This represents unsecured and interest free loan obtained by the Subsidiary Company from its director. This loan is repayable on demand.

12. ACCRUED MARKUP

	2013 Rupees	2012 Rupees
Long term financing	37,205,165	344,523,260
Short term borrowings	73,538,556	100,811,345
	110,743,721	445,334,605

13. SHORT TERM BORROWINGS - SECURED

	2013 Rupees	2012 Rupees
Obtained by the Holding Company		
From banking companies		
SBP refinance (Note 13.1 and 13.2)	327,796,329	537,927,000
Other short term finances (Note 13.1 and 13.3)	343,609,456	246,172,087
	671,405,785	784,099,087

13.1 These facilities are secured against hypothecation charge on current assets, lien on export contracts / letters of credit, first and second pari passu charge on fixed and current assets, personal guarantees of directors and ranking charge on current assets of the Holding Company.

13.2 The rates of markup range from 9.2% to 11% per annum (2012: 11% per annum).

13.3 The rates of markup range from 5% to 13.25% per annum (2012: 5% to 16.06% per annum).

14. CONTINGENCIES AND COMMITMENTS

14.1 Contingencies

Holding Company

14.1.1 The Deputy Collector (Refund – Gold) by order dated 19 June 2007 rejected the input tax claim of the Holding Company, for the month of June 2005, amounting to Rupees 10.345 million incurred in zero rated local supplies of textile and articles thereof on the grounds that the input tax claim is in contravention of SRO 992(I)/2005 which states that no registered person engaged in the export of specified goods (including textile and articles thereof) shall, either through zero-rating or otherwise, be entitled to deduct or reclaim input tax paid in respect of stocks of such goods acquired up to 05 June 2005, if not used for the purpose of exports made up to the 31 December 2005. Consequently, the Holding Company filed an appeal before the Appellate Tribunal Inland Revenue (ATIR). ATIR has decided this appeal in favour of the Holding Company subject to necessary verification. Pending the outcome of necessary verification, no provision for inadmissible input tax has been recognized in these consolidated financial statements, since the Holding Company is confident of the outcome of verification.

14.1.2 The Additional Collector, Sales Tax Department has raised sales tax demand amounting to Rupees 8.956 million along with additional tax and penalty, as a result of sales tax audit for the year 1999-2000 conducted by the Sales Tax Department. The Holding Company is contesting the demand and management is confident that decision will be in favour of the Holding Company, hence, no provision their against has been made in these consolidated financial statements.

14.1.3 As a result of sales tax audit for the year 2009-2010 conducted by Regional Tax Office, Lahore, Assistant Commissioner Inland Revenue, Sales Tax Department has raised sales tax demand amounting to Rupees 9.975 million along with additional tax and penalty. Currently, the case is pending for hearing at Appellate Tribunal Inland Revenue, Lahore and the management is confident that decision will be in favour of the Holding Company, hence, no provision there against has been made in these consolidated financial statements.

14.1.4 Bank guarantees of Rupees 70.15 million (2012: Rupees 65.80 million) are given by the banks of the Holding Company in favour of Sui Northern Gas Pipelines Limited against gas connections.

14.1.5 Bank guarantee of Rupees 6.5 million (2012: Rupees 6.5 million) is given by the bank of the Holding Company in favour of Director, Excise and Taxation to cover the disputed amount of infrastructure cess.

14.1.6 Bank guarantees of Rupees 8.331 million (2012: Rupees 8.331 million) are given by the bank of the Holding Company in favour of Lahore Electric Supply Company Limited against electricity connections.

14.1.7 Lahore Electric Supply Company Limited (LESCO) has served a notice to the Holding Company in connection with violation of Power Purchase Agreement. According to the aforesaid notice, the Holding Company was using gas along with Refined Furnace Oil (RFO) in the ratio of 50:50 as co-fuel in order to generate electric power for sale to LESCO whereas tariff was charged to LESCO on the basis of RFO. The matter is being resolved under the provisions of above said Power

Purchase Agreement and referred to Mr. Justice (Retd.) Syed Jamshed Ali Shah for arbitration. The proceedings of arbitration are in process. An amount of Rupees 86.833 million receivable by the Holding Company from LESCO is still unpaid. Full provision has been made in these consolidated financial statements against this receivable. However, the Holding Company is confident that the said amount will be recovered.

Subsidiary Company

	2013 Rupees	2012 Rupees
14.1.8 Contingencies	NIL	NIL

14.2 Commitments

Holding Company

14.2.1 Aggregate commitments for capital expenditures and revenue expenditures are amounting to Rupees 51.450 million and Rupees 39.562 million (2012: Rupees 79.324 million and Rupees 22.220 million) respectively.

14.2.2 Post dated cheques issued to suppliers are amounting to Rupees 46.016 million (2012: Rupees 9.694 million).

Subsidiary Company

14.2.3 Post dated cheques issued to suppliers are amounting to Rupees Nil (2012: Rupees 0.202 million).

15.1.1 Lands and buildings of the Holding Company were revalued as at 30 June 2009 by an independent valuer. The latest revaluation as at 30 June 2012 was carried out by Messrs Hamid Mukhtar and Company (Private) Limited, the approved valuer. Land Buildings of the Subsidiary Company were revalued as at 30 June 2011 by an independent valuer, M/s Haseeb Associates (Private) Limited. Had there been no revaluation, the value of the assets would have been lower by Rupees 846.880 million (2012: Rupees 920.269 million).

15.1.2 The book value of lands and buildings on cost basis is Rupees 65.365 million and Rupees 256.894 million (2012: Rupees 94.740 million and Rupees 266.990 million) respectively.

15.1.3 Freehold land includes two pieces of land having carrying value of Rupees 22.747 million (2012: Rupees 22.747 million) and Rupees 5.355 million (2012: Rupees 5.355 million) which are in the name of Mr. Amir Fayyaz Sheikh (director of the subsidiary company) and Mrs. Amir Fayyaz Shiekh respectively. The management is in the process of selling these lands. Previously, titles of these lands were not transferred in the name of the Subsidiary Company to save Subsidiary Company's expenses on transfer duties.

15.1.4 Detail of operating fixed assets exceeding book value of Rupees 50,000 disposed of during the year is as follows:

Particulars	Cost/revealed amount	Accumulated depreciation	Net book value	Consideration	Gain / (loss)	Mode of disposal	Particulars of purchasers

29.1 Auditors' remuneration		
Audit fee	1,300,000	1,300,000
Half yearly review and other certifications	200,000	200,000
Reimbursable expenses	37,000	22,000
	1,537,000	1,522,000

30. OTHER EXPENSES

	2013 Rupees	2012 Rupees
Workers' profit participation fund (Note 10)	7,440,527	-
Donations (Note 30.1)	3,922,940	3,175,084
Loss on sale of operating fixed assets	22,782,067	-
Operating fixed assets written off	3,920,011	-
Capital work-in-progress written off	156,220	
Impairment of goodwill	-	33,884,785
Provision for doubtful trade debts (Note 20)	86,833,187	1,525,385
Pilferage / expiry	8,055,139	605,866
Irrecoverable trade debts written off	2,148,015	-
Advances written off	12,563,576	-
Security deposits written off	417,922	-
Insurance claim receivable written off	202,501	-
Others	1,644,778	194,267
	150,086,883	39,385,387

30.1 There is no interest of any director or his spouse in donees' fund. However, donations given in financial year 2012 includes land having cost of Rupees 1.865 million given as donation to Punjab Social Security Health Management Company in which Mr. Amir Fayyaz Sheikh (director of the Holding Company) is Chairman of the Board of Directors.

31. OTHER INCOME

Income from financial assets

	2013 Rupees	2012 Rupees
Gain on sale of available for sale investment	173,527,189	-
Dividend on equity investment	2,574,668	965,500
Exchange gain - net	7,960,894	24,822,940
Return on bank deposits	6,370,235	12,186,753
Accrued markup written back	61,161,270	772,885,676
Gain on initial recognition of long term financing at fair value (Note 7.2)	823,743,568	-
Bad debts recovered	96,013,984	-
Credit balances written back	7,501,580	1,794,807

	2013 Rupees	2012 Rupees
Income from non-financial assets		
Scrap sales and others	35,491,569	20,008,954
Gain on sale of operating fixed assets	-	13,680,040
Rental income (Note 31.1)	73,987	494,571
Advertisement income	-	1,432,257
Others	698,948	-
	1,215,117,892	848,271,498

31.1 This represents income earned from provisions of prominent places to suppliers for display of their products in the Subsidiary Company's stores.

	2013 Rupees	2012 Rupees
32. FINANCE COST		
Markup on long term financing	199,644,025	229,361,620
Mark up on short term borrowings	75,217,795	88,635,161
Adjustment due to impact of IAS - 39	112,590,198	-
Bank commission and other financial charges	118,119,033	30,418,301
	505,571,051	348,415,082
33. TAXATION		
Current (Note 33.1)	79,975,000	62,914,863
Prior year adjustment	(89,564)	(4,313,788)
Deferred tax	11,933,440	(1,331,655)
	91,818,876	57,269,420

33.1 The Holding Company's provision for current income tax represents final tax on export sales under section 169 and minimum tax on local sales under section 113 of the Income Tax Ordinance, 2001. Subsidiary Company has gross loss before set off of depreciation and other inadmissible expenses under the Income Tax Ordinance, 2001, hence, provision for current tax has not been made in these consolidated financial statements in accordance with the provisions of sub section (1) of section 113 of the Income Tax Ordinance, 2001. Therefore, it is impracticable to prepare the tax charge reconciliations for the years presented. The Holding Company and Subsidiary Company have carry forwardable tax losses of Rupees 951.539 million and Rupees 249.697 million (2012: Rupees 790.929 million and Rupees 235.298 million) respectively.

34. EARNINGS PER SHARE - BASIC AND DILUTED

There is no dilutive effect on the basic earnings per share, which is based on:

		2013	2012
Profit attributable to ordinary shares	(Rupees)	1,008,666,683	730,292,664
Weighted average number of ordinary shares	(Numbers)	50,911,011	50,911,011
Earnings per share	(Rupees)	19.81	14.34

35. REMUNERATION TO CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES

The aggregate amounts charged in these financial statements for remuneration, including all benefits to chief executive, directors and other executives are as follows:

	2013			2012		
	Chief Executive	Directors	Executives	Chief Executive	Directors	Executives
	(Rupees)					
Managerial remuneration	3,135,000	3,217,500	26,385,210	2,640,000	6,979,500	20,383,100
House rent	783,750	969,375	6,769,145	660,023	1,744,878	5,402,124
Utilities	313,500	321,750	2,638,124	263,931	697,878	2,079,830
Special allowance	627,000	478,500	4,836,327	528,000	1,395,900	3,669,700
Contribution to provident fund	261,147	268,015	2,197,898	219,912	597,930	1,712,112
Other allowances	840,750	862,875	5,190,965	708,046	1,772,844	3,298,038
	5,961,147	6,118,015	48,017,669	5,019,912	13,188,930	36,544,904
Number of persons	1	2	24	1	4	24

35.1 Chief executive, directors and executives of the Holding Company are provided with free use of Company's owned and maintained cars.

35.2 Meeting fee of Rupees 330,000 (2012: Rupees 200,000) was paid to four non-executive directors of the Holding Company for attending meetings.

35.3 No remuneration was paid to non-executive directors of the Holding Company.

35.4 No remuneration was paid to the chief executive or any director of the Subsidiary Company.

36. TRANSACTIONS WITH RELATED PARTIES

Related parties comprise of other related parties, key management personnel and provident fund trust. The Group in the normal course of business carries out transactions with related parties. There are no other transaction with related parties, other than those which have been specifically disclosed elsewhere in these consolidated financial statements.

37. PROVIDENT FUND RELATED DISCLOSURES

The following information is based on un-audited financial statements of the provident fund of the Holding Company for the year ended 30 June 2013 and audited financial statement of the provident fund of the Holding Company for the year ended 30 June 2012:

	2013 Rupees	2012 Rupees
Size of the fund - Total assets	91,622,193	64,397,434
Cost of investments	84,257,836	70,392,866
Percentage of investments made	93.26%	84.85%
Fair value of investments	85,449,543	54,640,867

37.1 The break-up of fair value of investments is as follows:

	2013	2012	2013	2012
	Percentage		Rupees	Rupees
Deposits	37.23	27.36	31,812,872	14,947,891
Mutual funds	37.21	56.59	31,795,742	30,921,639
Listed securities	25.56	16.05	21,840,928	8,771,337
	100.00	100.00	85,449,542	54,640,867

37.2 The investments out of provident fund of the Holding Company have been made in accordance with the provisions of section 227 of the Companies Ordinance, 1984 and the rules formulated for this purpose.

38. NUMBER OF EMPLOYEES

	2013	2012
Number of employees as on June 30		
Permanent	1,395	1,420
Contractual	43	37
Average number of employees during the year		
Permanent	1,417	1,423
Contractual	42	38

39. SEGMENT INFORMATION

39.1 The group has four reportable segments. The following summary describes the operation in each of the group's reportable segments:

Weaving	Production of different qualities of greige fabric using yarn
Dyeing	Processing of greige fabric for production of dyed fabric
Power Generation	Generation and distribution of power using gas, oil and steam
Retail	Selling all types of general merchandise

	Weaving		Dyeing		Power Generation		Retail		Elimination of inter-segment transactions		Total- Company	
	2013	2012	2013	2012	2013	2012	2013	2012	2013	2012	2013	2012
	(Rupees)											
Sales

Deferred liabilities									483,022,877	47,740,202
Provision for taxation									79,975,000	62,914,863
Unallocated liabilities									145,050,429	159,795,953
Total liabilities as per balance sheet									4,569,451,812	5,570,762,884

39.3 Geographical information

The Group's revenue from external customers by geographical location is detailed below:

	2013 Rupees	2012 Rupees
Australia	371,954,125	269,737,850
Asia	4,320,231,205	3,173,873,062
Europe	1,232,086,726	748,920,159
United States of America and Canada	266,600,639	368,186,153
Africa	1,126,393,595	637,560,649
Pakistan	1,228,208,319	1,250,808,539
	8,545,474,609	6,449,086,412

39.4 All non-current assets of the Group as at reporting date are located and operating in Pakistan.

39.5 Revenue from major customers

The Group's revenue is earned from a large mix of customers.

40. PLANT CAPACITY AND PRODUCTION

	2013	2012
Weaving		
Number of looms in operation	174	174
Rated capacity of operative looms converted to 60 picks (square meter)	48,892,878	48,892,878
Actual production converted to 60 picks (square meter)	47,933,566	42,933,292
Number of days worked during the year (3 shifts per day)	365	366
Dyeing		
Rated capacity in 3 shifts (linear meter)	30,000,000	30,000,000
Actual production for three shifts (linear meter)	29,586,279	24,123,863
No. of days worked during the year (3 shifts per day)	365	355
Genertek		
Number of generators installed	9	9
Installed capacity (Mega Watt Hours)	300,381	300,406
Actual generation (Mega Watt Hours)	27,023	29,678

40.1 Underutilization of available capacity for weaving and dyeing divisions is due to normal maintenance.

40.2 Actual power generation in Genertek in comparison to installed is low due to periodical scheduled and unscheduled maintenance of generators and low demand.

41. FINANCIAL RISK MANAGEMENT

41.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance.

Risk management is carried out by the Board of Directors of the Holding Company and the Subsidiary Company (the respective Board). The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk and liquidity risk.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Group is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD) and Euro. Currently, the Group's foreign exchange risk exposure is restricted to foreign currency bank balances and the amounts receivable from / payable to the foreign entities. The Group uses forward exchange contracts to hedge its foreign currency risk, when considered appropriate. The Group's exposure to currency risk was as follows:

	2013	**2012**
Cash in hand - USD	5,285	-
Cash in hand - Euro	1,410	-
Cash at banks - USD	789	790
Trade debts - USD	13,375,230	15,157,520
Trade and other payable - USD	1,420,262	457,739
Net exposure - USD	11,961,042	14,700,571
Net exposure - Euro	1,410	-

The following significant exchange rates were applied during the year:

Rupees per US Dollar		
Average rate	96.32	88.72
Reporting date rate	98.95	94.10
Rupees per Euro		
Average rate	124.62	119.60
Reporting date rate	129.25	118.56

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD and Euro with all other variables held constant, the impact on profit after taxation for the year would have been higher / lower by Rupees 55.705 million (2012: Rupees 68.453 million) mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Group is not exposed to commodity price risk.

Sensitivity analysis

The table below summarises the impact of increase / decrease in the Karachi Stock Exchange (KSE) Index on the Group's profit after taxation for the year and on equity (fair value reserve). The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Group's equity instruments moved according to the historical correlation with the index. As at 30 June 2013, the Group has no such equity instrument:

Index	Impact on profit after taxation			Statement of other components of income (fair value reserve)		
		2013 Rupees	2012 Rupees		2013 Rupees	2012 Rupees
KSE 100 (5% increase)	Decrease in profit	-	-	Increase in fair value reserve	-	2,604,607
KSE 100 (5% decrease)	Increase in profit	-	-	Decrease in fair value reserve	-	2,604,607

Equity (fair value reserve) increases / decreases as a result of gains / losses on equity investments classified as available for sale.

(iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group has no significant long-term interest-bearing assets except for bank balances on saving accounts. The Group's interest rate risk arises from long term financing and short term borrowings. Borrowings obtained at variable rates expose the Group to cash flow interest rate risk. Borrowings obtained at fixed rate expose the Group to fair value interest rate risk.

At the balance sheet date the interest rate profile of the Group's interest bearing financial instruments was:

	2013 Rupees	2012 Rupees
Fixed rate instruments		
Financial liabilities		
Long term financing	1,509,412,441	1,462,834,293
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	105,074,765	78,127,383
Financial liabilities		
Long term financing	612,073,712	1,781,339,905
Short term borrowings	671,405,785	784,099,087

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the balance sheet date would not affect profit or loss for the period.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuate by 1% higher / lower with all other variables held constant, profit for the year would have been Rupees 11.195 million lower / higher (2012: Rupees 24.873 million), mainly as a result of higher / lower interest expense on floating rate borrowings. This analysis is prepared assuming the amounts of liabilities outstanding at balance sheet dates were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2013 Rupees	2012 Rupees
Investments	132,357,244	129,544,580
Advances	8,445,589	7,442,561
Deposits	28,055,841	29,825,430
Trade debts	679,533,395	754,942,849
Other receivables	17,960,218	632,829
Bank balances	126,474,472	107,170,489
	992,826,759	1,029,558,738

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counterparty default rate:

The Group's exposure to credit risk and impairment losses related to trade debts is disclosed in Note 20.

Due to the Group's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the group. Accordingly the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Group manages liquidity risk by maintaining sufficient cash. At 30 June 2013, the Group has Rupees 130.056 million (2012: Rupees 109.248 million) cash and bank balances. The management believes the liquidity risk to be manageable. Following are the contractual maturities of financial liabilities, including interest payments. The amount disclosed in the table are undiscounted cash flows:

Contractual maturities of financial liabilities as at 30 June 2013

	Carrying amount	Contractual cash flows	6 month or less	6-12 month	1-2 Year	More than 2 Years
	----------------------------		(Rupees)		----------------------------	
Long term financing	2,121,486,153	2,435,899,755	76,955,117	50,405,540	165,283,931	2,143,255,167
Sponsor's loan	272,000,000	272,000,000	-	-	-	272,000,000
Trade and other payables	705,452,581	705,452,581	705,452,581	-	-	-
Loan from director	11,000,000	11,000,000	11,000,000	-	-	-
Accrued markup	534,729,948	534,729,948	110,743,721	-	-	423,986,227
Short term borrowings	671,405,785	689,269,929	689,269,929	-	-	-
	4,316,074,467	4,648,352,213	1,593,421,348	50,405,540	165,283,931	2,839,241,394

Contractual maturities of financial liabilities as at 30 June 2012

	Carrying amount	Contractual cash flows	6 month or less	6-12 month	1-2 Year	More than 2 Years
	----------------------------		(Rupees)		----------------------------	
Long term financing	3,244,174,198	4,441,317,925	64,906,340	134,957,487	351,946,309	3,889,507,789
Sponsor's loan	272,000,000	272,000,000	-	-	-	272,000,000
Trade and other payables	593,857,039	593,857,039	593,857,039	-	-	-
Loan from director	5,000,000	5,000,000	5,000,000	-	-	-
Accrued markup	445,334,605	445,334,605	445,334,605	-	-	-
Short term borrowings	784,099,087	828,024,863	828,024,863	-	-	-
	5,344,464,929	6,585,534,432	1,937,122,847	134,957,487	351,946,309	4,161,507,789

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest rates / mark up rates effective as at 30 June. The rates of interest / mark up have been disclosed in note 7 and note 13 to these consolidated financial statements.

41.2 Fair values of financial assets and liabilities

The carrying values of all financial assets and liabilities reflected in these consolidated financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date. The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which fair value is observable:The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which fair value is observable:

	Level 1	Level 2	Level 3	Total
	.... Rupees..................................			
As at 30 June 2013				
Assets				
Available for sale financial assets	-	-	132,357,244	132,357,244
As at 30 June 2012				
Assets				
Available for sale financial assets	52,092,130	-	77,452,450	129,544,580

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for financial instruments held by the Group is the current bid price. These financial instruments are classified under level 1 in above referred table. The Group has no such type of financial isntrument as at 30 June 2013.

The fair value of financial instruments that are not traded in active market is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimate. If all significant inputs required to fair value a financial instrument are observable, those financial instruments are classified under level 2. The Group has no such type of financial instruments as at 30 June 2013.

If one or more of the significant inputs is not based on observable market data, the financial instrument is classified under level 3. The carrying amount less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments.

41.3 Financial instruments by categories

Assets as per balance sheet

	2013			2012

Trade and other payables	705,452,581	593,857,039
	4,316,074,467	5,344,464,929

41.4 Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stake holders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to share holders, issue new shares or sell assets to reduce debt.

42. AUTHORIZATION OF FINANCIAL STATEMENTS

These consolidated financial statements were authorized for issue by the Board of Directors of the Holding Company on 26 September, 2013.

43. CORRESPONDING FIGURES

Corresponding figures have been rearranged / regrouped, wherever necessary, for the purpose of comparison. However, no significant rearrangements / regroupings have been made.

44. GENERAL

Figures have been rounded off to nearest of Rupee.
