Celebrating The Power of Networks

with over 500 Branches

The true power of networks lies in their ability to improve efficiency by using connectivity. While some networks are natural and some created by man, all networks exist to offer connections based on common purposes, needs and interests.

With a branch network spanning more than 500 branches across 143 cities, Meezan Bank understands the power of networks more than most. Our Vision is to establish 'Islamic banking as banking of first choice' and our branch network has been integral to this purpose. Over the years, as our network has expanded, we have gone further and further to bring Islamic banking closer to people. We have created relationships based on trust, quality service and a deep understanding of people's preferences and needs, enabling us to deliver a banking experience par excellence.

So whether we speak of the network of trust that exists between us and over a million customers, or the combination of networks that makes banking convenient for them, our annual report this year is dedicated to the power of networks.

The Meezan Bank experience is a testament to our commitment to our customers.

Quaid's Concept of Islamic Banking

"I shall watch with keenness the work of your Research Organization in evolving practices compatible with Islamic ideas of social and economic life. The economic system of the West has created almost insoluble problems for humanity and to me it appears that only a miracle can save it from disaster that is now facing the world. It has failed to do justice between man and man to eradicate friction from the international field. On the contrary, it was largely responsible for the two world wars in the 20th century. The Western world, in spite of its advantages of mechanisation and scientific efficiency is today in a worse mess than ever before in history. The adoption of modern economic theory and practice will not help us in achieving our goal of creating a just and contented people.

We must work our destiny in our own way and present to the world an economic system based on true Islamic concept of equality of manhood and social justice. We must be fulfilling our mission as Muslims and giving to humanity the message of Islam. Only Islam alone can save it and secure the welfare, happiness and prosperity of mankind.

Leaf Network

The rays of sunshine on a green leaf are an exquisite depiction of its true occupation: turning light into life. Taking sustenance from the sun and the earth and creating the oxygen we breathe. Behind this process is one of nature's most intricate visible networks – that of a leaf. Taking a closer look at the surface of a leaf reveals a new level of design, containing a network of pathways that connect to each other while spreading out to the furthest reaches of the leaf. The veins in the leaf's network don't just carry water and nourishment through the leaf – they also act as a skeleton, holding the leaf up so that it can capture sunlight and give it strength against the wind. This kind of multi-function network is what we are increasingly seeing in the technological world around us. More and more devices, cellular phones being a good example, are taking on multiple roles in our lives. Similarly, within the banking function, it is our constant endeavor to give multiple roles to each customer contact point, with a single objective - maximizing customer convenience! For example, ATMs can now accept deposits, make interbank transfers and even process utility bill payments, saving customers' time and effort.

Railway Network

It was in the early 1800s when the modern age of the train began, making the railway network one of the backbones of transportation systems in many countries, including the Indian sub-continent. Railway tracks became the forerunners of civilization in many areas, with settlements cropping up along the railway tracks and eventually becoming towns and cities. As the masses mobilized, trade and industry flourished, with the railway network at the heart of it all. Even today, in developed and developing countries, railway networks form a critical part of the transportation system, providing vital cargo links as well as high speed, low cost passenger travel options, impacting the national economy in many ways. In much the same way, the technology network within Meezan Bank links our customers to various aspects of our service - whether it is simple connectivity between branches or more complex services like Internet Banking or ATMs. While fulfilling its key role of communication, the technology network has a wide and far reaching impact on our relationships with our customers.

Road Network

While air travel and railways hold their own places in the transportation system of the world, they are nowhere as popular as the intricate network of highways, roads and streets that connect people and places to each other. Providing the primary mode of transport for people, road networks are the most important piece of infrastructure in any country, particularly developing countries like ours. As far as man-made networks go, perhaps few are as multi-faceted in their purpose as road networks are. Although their primary function is singular – providing transportation – the secondary uses of this function range from education, to healthcare, to livelihoods and so much more. There are parallels to this in the world of banking: the accounts that our customers open with us primarily provide a channel for saving money, but through these accounts – relationships deepen: opening channels to availing other facilities such as obtaining financing for acquiring a car or purchasing a house or even expanding their business. And when people choose Meezan Bank, they get the added benefit of the absolute peace of mind that comes with Islamic banking.

PC Board Network

At the heart of every electronic device, be it a TV or a smartphone, is a printed circuit board. The board acts as the chassis of the system, providing a physical support for the components to be attached on it, while also providing a system for the components to communicate with each other and with peripheral devices. The printed circuit board, or PC board, as it is commonly known, is made of a non-conductive material. Conductive lines are printed onto the board, which provide the network for communication across the PC board through conduction of electric current and signals. The technology was invented in the late 1930s by Paul Eisler, an Austrian who first used a PC board in a radio. Since then, the PC board has evolved but its basic function and modus operandi remain the same. Hidden from view inside our devices, these PC boards are far more commonplace than one might think. In fact, every home and office contains dozens of them. This presence is similar to the role that a bank plays in its customer's life – from simplifying everyday tasks like paying utility bills to large transactions like financing a home or an industry: there are so many ways that your bank helps make your life easier and better, everyday.

Meezan Bank's Network

Being the pioneers of Islamic banking in Pakistan, Meezan Bank has always had a calling higher than that of achieving business success: to spearhead the spread of Islamic banking in the country, living up to its Vision statement of establishing 'Islamic banking as banking of first choice'. The success of Meezan Bank in the industry, evidenced by its classification amongst the top ten banks of the country, has paved the way for other Islamic banks to grow. A keystone of this success has been its constantly growing branch network, which now spans more than 550 branches in over 140 cities nationwide. Only a handful of banks have a network as wide and as established as this. All our branches provide real time online banking facilities to our customers, along with other conveniences such as lockers, ATMs, etc. The branch network is so much more than the tangible face of Meezan Bank – it is our steadfast link to our customers and their needs. There is another network somewhat less tangible, which connects us to our customers and enables them to bank seamlessly and effortlessly – our phone banking system, internet banking system and mobile banking application are part of this network of convenience. By ensuring that all these networks run effectively and efficiently, we are able to provide world class Shariah-compliant banking services, making us the country's Premier Islamic bank.

Financial Analysis

Statement of Financial Position

Total assets of the Bank crossed half a trillion mark and reached Rs 532 billion (\$5.1 billion) as at December 31, 2015 as compared to Rs 438 billion as at December 31, 2014, representing a growth of 22%

Deposit base of the Bank also grew by an impressive 24% from Rs 380 billion to Rs 472 billion. This was more than double the overall growth rate of deposits in Pakistan's banking industry which was 11.5%. This huge growth was contributed mainly by the extensive branch network, quality of service and excellent brand image of the Bank. The deposit mix of the Bank also improved with CASA contributing 72% to the mix as compared to 71% a year ago.

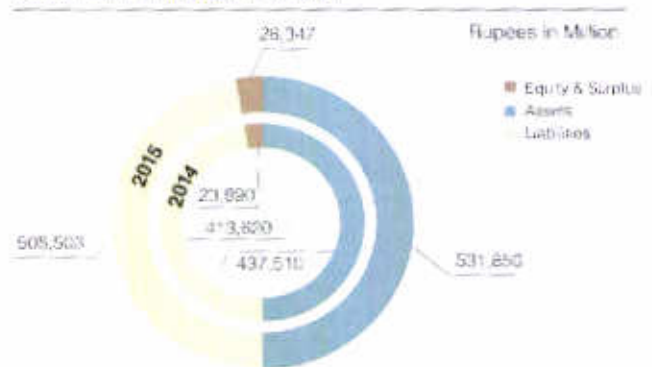

Notwithstanding the low demand for financing, both short and long term, the Bank was able to increase its financing portfolio by Rs 32 billion to register a growth of 18% during the year. This was more than twice the average financing growth in the banking industry which was 7% only. The portfolio is well diversified by sector, and maturities are also comfortably balanced with 61% in short-term (upto one year) and 39% in long-term. Advance to deposits ratio (ADR) of the Bank now stands at 44%.

Portfolio infection at 3.27% (NPL ratio) is one of the lowest in the Pakistan Banking industry and reflects the Bank's prudent lending strategy backed by a sound risk infrastructure and rigorous

remedial and recovery efforts. Notwithstanding the low NPL, the Board in keeping with its very prudent approach, maintained coverage ratio at 118% in 2015 which is one of the highest in the banking industry. The investment and due from FI portfolio increased to Rs 247 billion from Rs 205 billion last year, a growth of 21%.

The Bank remains a well-capitalized institution with its equity rising to Rs 25.6 billion from Rs 23.3 billion a year earlier despite the fact that a healthy cash dividend of Rs 3 billion was paid during the year.

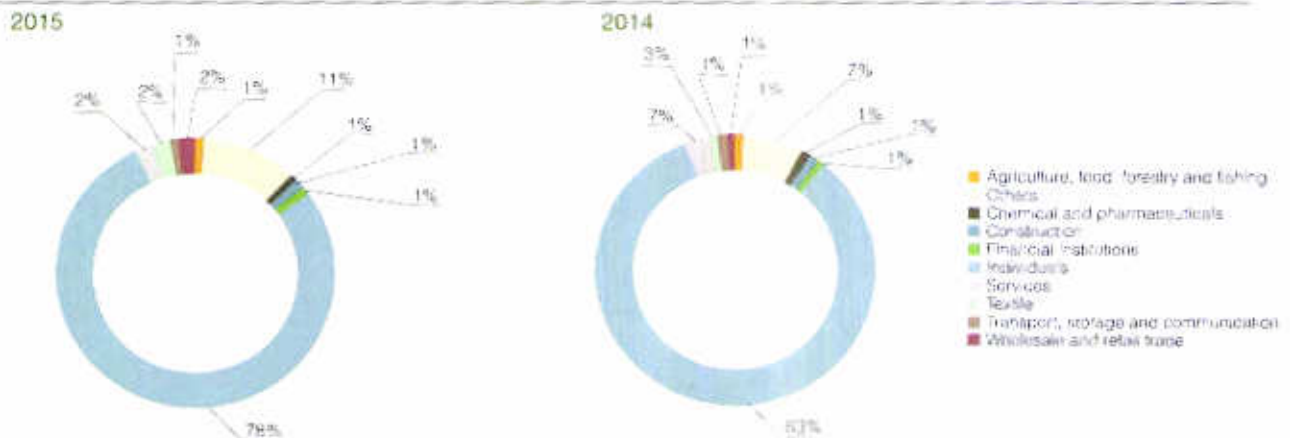

Statement of Financial Position

Islamic Financing and Related Assets (Gross)

Deposits

Profit and Loss Account

The Bank posted profit after tax of Rs 5.02 billion as compared to Rs 4.57 billion last year, an increase of 10%. Earnings per share increased to Rs 5.01 per share from Rs 4.56 per share. Income from financings, investment and placement increased by 15% from Rs 28.8 billion to Rs 33.1 billion. This increase is mainly due to incremental earning assets.

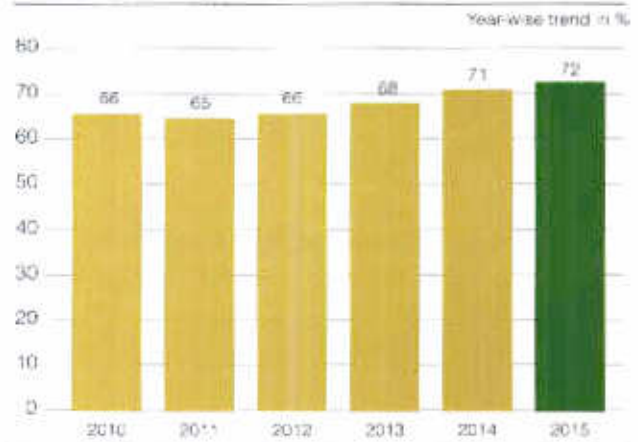

The return on deposits decreased to Rs 14.9 billion from Rs 15.4 billion, mainly due to improvement in deposit mix in the current year.

Trade finance business increased from Rs 376 billion to Rs 461 billion, a growth of 23%, despite the lower prices of oil and commodities in the international market. The trade business is supported by the Bank's growing network of correspondent banking relationships around the world and improved service quality. Fee, commission and brokerage income increased by 27% to reach Rs 2 billion as against Rs 1.6 billion last year, mainly due to increase in trade volume.

Administrative and operating expenses increased to Rs 13.8 billion from Rs 10.8 billion, a rise of 26%. The rise in expenses is primarily due to increase in staff expenses, rent and associated costs as a result of addition of 123 new branches during the year – an investment which has reaped fruits for the Bank, as evident from the strong growth in deposits and profits over the years. With a network of 551 branches as compared to 428 branches last year, Meezan Bank became the 7th largest bank in Pakistan in terms of branch network.

The Bank's market share amongst the full-fledged dedicated Islamic Banks operating in Pakistan is approximately 55% while its share of the Islamic Banking industry as a whole, including Islamic Banking windows of conventional banks in Pakistan is 35%.

Details of the Board meetings held outside Pakistan during 2015

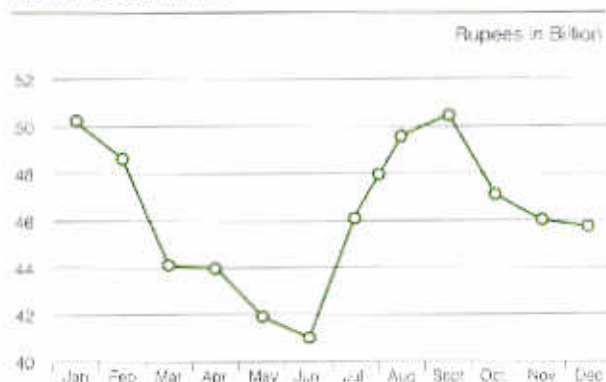

A total of five meetings were held during the year, out of which two meetings were held in Dubai, U.A.E. to approve the unaudited accounts of the Bank for the 1st quarterly period ended March 31, 2015 and half-yearly period ended June 30, 2015.

Issues raised in last AGM

The Annual General Meeting was held on March 27, 2015 at Meezan House, the Bank's Head Office in Karachi. None of the participants raised any issues, and as such, there was no need for any further action in this matter.

Investors' Grievance Policy

Meezan Bank has established a robust grievance reporting mechanism which seeks to resolve any complaints or unattended issues if, despite all vigilance, do occur. The mechanism put in place allows for such matters to be reported electronically, in writing or over the phone.

To ensure that the stakeholder may register their complaints conveniently, a multitude of online forms is available on Meezan Bank's Corporate website (www.meezanbank.com).

The Investor Complaints Form, on submission, is sent directly to the Office of the Company Secretary. Similarly, a general complaints form for reporting and resolution of business-related complaints sends registered issues to relevant departments. A dedicated email address (complaints@meezanbank.com) is also in place for the express purpose of reporting issues if the stakeholder feels the need to email rather than use online forms.

Furthermore, grievances may also be lodged by calling the Bank's Call Center (UAN: 111-331-331 & 111-331-332), which is functional round the clock, where officers are available to assist stakeholders with their queries and complaints.

Directors' Qualification

Members of Meezan Bank's Board are experienced and qualified professionals who bring a diverse range of professional and technical expertise to the organization. Being cognizant of the importance of Directors' certification according to clause xi of Code of Corporate Governance, Meezan Bank has made appropriate arrangements to ensure all directors of the Bank gain the requisite certifications in the current year.

Evaluation of the Board of Directors

The Board of Directors of Meezan Bank sets the Bank's strategic direction and ensures that the organization stays true to this direction - enabling it to achieve its long-term objectives while ensuring regulatory compliance. To discharge its fiduciary responsibility of safeguarding the stakeholders' interests, the Board of Directors has developed criteria for its performance evaluation which reflect the Bank's overall performance.

The Board of Directors discusses strategic objectives, budgetary expenses and projected national and international macroeconomic indicators to ensure that the Bank's business strategy stays aligned with the macroeconomic indicators. The Board of Directors and its subcommittees are competent and experienced, representing diversified educational and vocational backgrounds which are invaluable in determining the overall direction of the organization.

The Board of Directors is keen to ensure that it reviews the effectiveness of its performance periodically. To that end, all individual Board members answer a comprehensive questionnaire focused on evaluating, from various angles, whether the Board has discharged its duties diligently and with foresight. A committee of Directors is designated to collate individual responses and present them to the Board for deliberation and discussion.

This exercise in critical self-assessment allows the Board to evaluate its performance and overall effectiveness in setting strategies, devising control processes, reading market trends by monitoring micro and macroeconomic factors, and responding to adverse unforeseen situations to further the cause of a learning organization. This process also ensures that the Board is constantly growing intellectually and the responsibility of steering the Bank to new heights of success is discharged effectively and efficiently.

Risk and Opportunity Report

Amongst all, a major concern that haunts all entities, irrespective of the nature and size of business is the missed development opportunities that arise when necessary risks are not taken. Pursuing opportunities requires taking risks, which most are often reluctant to do so, because of the fear of the potential negative consequences. The Banking industry is no exception and hence by its very nature of business, is exposed to commercial and financial risks including credit, concentration, liquidity, market, rate of return and equity investment risks.

Key Sources of Uncertainty

Rapidly changing environment brings with it number of uncertainties namely declining inflation mainly due to continuous decrease in global oil prices, inadequate availability of energy for industrial consumption, pressure on foreign exchange rate and more importantly reducing interest rates scenario. Significant decline in discount rate hitting the lowest level witnessed during last four decades has its serious implications on profitability of banking sector as a whole. Level of implementation of power policy by the government and fate of Pak-China Economic Corridor will have its direct bearing on assets booking for banks. Lack of necessary take-off in financing on account of uncertain domestic environment causing excess liquidity with banks leading to higher level of investments in government papers by conventional banks. Meezan Bank being an Islamic bank has limited options to place its excess liquidity with government/ central bank through Shariah compliant instruments.

Meezan Bank continued to explore opportunities to achieve its strategic objectives while ensuring proper risk mitigates in place. Under the overall supervision of the Board of Directors and Shariah Supervisory Board, various business units of the Bank continued to explore new business opportunities in close coordination with Risk Management, Compliance, PDSC, Information Technology and Operations departments, keeping in mind the relevant risk-reward trade-off. While searching for new business opportunities and revising/improving its internal processes, the Bank is fully cognizant of strategic, Shariah non-compliance, regulatory and reputational risks as well as risks arising from people, processes, systems and external events.

The Bank already has in place a well established Risk Management Framework established by the Board of Directors with scrupulous oversight by the Board and Management Committees and governed by policies, procedural manuals, systems, tools and techniques, management information system and necessary organizational structure. These tools not only help the Bank in identification, assessment, reporting and management of both conventional risks and risks peculiar to Meezan Bank being an Islamic Bank but also in ascertaining that all manageable risks are well taken care of. Risk Management strategies for various risk types and business continuity plan and IT disaster recovery arrangements are in place to mitigate actual and potential risks. The byproduct of the above raises the Bank's risk management methodology from being "crisis fighters" to "proactive and systematic risk managers".

A major milestone was the launch of Branchless Banking; a significantly cheaper alternative to traditional branch-based banking that allows financial institutions and other commercial players to offer financial services outside bank premises and has the potential to substantially increase the financial services outreach to the un-banked communities. The Bank continued to strengthen its technology infrastructure thereby improving customer experience and catering banking needs. A state of the art IT data center will pave a long way in serving customers of the Bank with utmost care and accuracy.

Acknowledging the fact that awareness is the best tool to strengthen controls against risks and capture opportunities in a profound manner, the Bank conducted full-fledged workshops on interpersonal and hard core skills throughout the country with all relevant stakeholders and was able to effectively train employees.

The launch of Consumer Ease financing facility catering durable goods as well as the Commercial Vehicles - Ijarah demonstrates that the Bank continuously explores to avail itself of new business opportunities. The Bank further expanded its Alternate Distribution Channels and outreach to its customers while enhancing service quality standards by improved internal service quality measures, and implementation of auto complaint escalation system.

Materiality Approach

While managing various risks, the Bank also focuses on materiality concept. Resources are diversified to high risky areas while minor risks are managed through transfer and outsourcing strategy. The Bank manages all its critical operations on its own. The Bank defines its risk appetite as the level of risk it is prepared to take while pursuing its business strategy recognizing a range of possible outcomes as business plans are implemented. Meezan Bank's risk appetite is expressed both in qualitative and quantitative terms to allow tracking of performance in line with strategic plan, business environment and stakeholder requirements. The Bank emphasized on diversified risk assessment tools and techniques and risk mitigates to better deal with the opportunities that it comes across. These actions have helped the Bank in significantly expanding its deposit base, financing portfolio and branch network without exposing itself to unwarranted risks. The Bank will continue upon enhancing business opportunities coupled with proper risk mitigates to serve its widening customer base insha Allah.

Business Continuity Plan

The Business Continuity Plan (BCP) is an essential part of any organization's response planning. It sets out how the business will respond to disaster events and how it manages return to "business as usual" in the quickest possible time afterwards. Meezan Bank has in place a comprehensive BCP framework with clear set of governance framework. It sets out the agreed arrangements for bringing disaster events under control and necessary resources for maintaining critical business functions. Having a BCM framework in place helps the Bank to ensure safety of human resources and resumption of Mission Critical Activities from an Alternate Processing Site in case the Primary Site is not accessible or available. It also enables to minimize potential loss of revenue, ensures compliance with regulatory/legal/contractual requirements and minimizes the impact that a disaster or interruption can have on customer goodwill. In Meezan Bank a comprehensive IT Disaster Recovery has been established with the approval of the Board of Directors. In addition to the Master BCP document, scope of BCP framework has been further strengthened by putting in place comprehensive BCP documents for branch network. IT DR plan has been tested thoroughly. Evacuation and mock drills have been conducted. Further, the Bank has also been able to structure & setup Alternate Processing Sites at three different locations within Karachi with the overall objective to ensure resumption of MCAs under various disaster scenarios.

Following is a list of the generic products that are used to offer financing solutions to the customers however different variants of these products are being used at Meezan Bank for offering complete solution for all the financing needs of the customer.

Murabaha

Meezan Bank offers a convenient and easy to use solution for financing raw material and inventory requirements of the customer through Islamic mode of Murabaha. Murabaha is a sale transaction where the seller discloses the cost and profit to the buyer at the time of execution of sale. Murabaha is a short term Islamic facility for meeting asset based working capital requirement of customers where instead of providing a loan, Meezan Bank sells the required asset to the customer on spot or deferred basis.

Istisna

Meezan Bank offers an Istisna based solution to finance complete working capital requirements of its customers. Istisna is a type of sale transaction where the buyer places an order with the seller to manufacture certain asset and the sale is completed upon delivery of the asset to the buyer. Under this facility Meezan Bank provides funds to customers for manufacturing certain assets for the Bank and then, upon delivery, sells the assets in the market.

Tijarah

This is a working capital solution especially for those customers who sell their inventory on credit and require funds for operations during the credit period. In Tijarah, the Bank purchases the finished goods from the customer and after taking the delivery, sells the goods in the market.

Ijarah

Meezan Bank provides Ijarah based products to provide flexible solution for meeting long term financing requirements of the customers. Ijarah technically means to give something on rent. The Bank uses this product for medium and long term financing purposes where the Bank acquires the asset required by the customer and then leases it to the customer for a fixed period. This product is used for the financing of assets such as plant, machinery, generators, equipment etc.

Meezan Consumer Ease

Meezan Consumer Ease – Durable Goods Financing is first ever Shariah-compliant limit based financing facility, which allows customers to purchase laptops, generators and various consumer durable items such as LED TVs, air conditioners, washing machines, mobile phones etc. on easy and affordable monthly instalments. A one-time limit approval makes the process simple and hassle-free for the customer, making him/her eligible for multiple financing facilities for Riba-free goods. The Consumer Ease products are based on Shariah concept of Musawamah, which is a general and regular kind of sale.

Easy Home

Based on the principle of Diminishing Musharakah, Easy Home is a Shariah-compliant home financing facility, in which a customer can buy or build a house, renovate an existing house or replace the conventional house loan with Easy Home facility. With flexible financing tailored to support the customer's need, Meezan Easy Home provides one of the best home financing options in the country with a hassle-free process and a quick turn-around time.

Running Musharakah

This is a Shirkul-ud based financing facility offered to the customers where the Bank participates in the operating activities of the customer and shares profit and loss as per the actual performance of the business. This product is also used as a viable financing solution for Service Industry and Travel Agents whose financing needs are generally not addressed by other Asset backed products.

Diminishing Musharakah

This is a medium and long term financing product, where the Bank and the customer jointly purchase an asset and create joint ownership in the asset. The Bank then leases its share in the asset to the customer while the customer purchases units of ownership in the asset from the Bank at periodic intervals. Upon purchase of all the units the customer becomes the owner of the asset. This mode is used for financing of fixed assets such as land, factory, building etc.

Structured Finance Solutions

In order to provide solutions to unique financing requirements of the customers such as project financing, CAPEX and BMR requirements, short term retail sukuk etc, Meezan Bank offers specialized hybrid solutions that are specifically developed as per the special financing requirement of the customer.

Chairman's Review

"I would like to congratulate the management team of the Bank to have consistently outpaced industry growth by between 2 to 3 times the industry average year on year. We remain committed to Pakistan and the investment required to maintain this growth trajectory in future."

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

I feel privileged and honored to assume the role of Chairman of Meezan Bank and would like to thank our outgoing Chairman Sheikh Ebrahim Bin Khalifa Al-Khalifa for his stewardship, as the Chairman of the Board since the inception of the Bank, and for bringing the Bank to the level it is today. Alhamdulillah, I am now pleased to present the Annual Report of the Bank for the year 2015.

The Bank crossed a number of important milestones during the year. Notable among these was the record number of new branches opened, 123 - which was more than double the highest number of branches opened in any previous year. This is a significant investment by the Bank and reflects the confidence the Board of Directors has in Pakistan and its future prospects. With the addition of these new branches Meezan Bank has a total of 551 branches ideally located in 143 cities or towns, and is a significant step in actualizing our Vision of establishing 'Islamic banking as banking of first choice.'

Another exciting new milestone is the launch of Meezan Upaisa, Pakistan's first Islamic Branchless Banking proposition, in collaboration with Ufone - one of the leading telecommunications operators in the country. Launched with a large, countrywide network of agents, access to this product is now available in every nook and corner of the country. This new product targets the largely unbanked segment of the population that does not have access to financial services, and supports the Government's objective of increasing Financial Inclusion in Pakistan. With this launch we go yet another step in realizing our Vision.

Despite the challenges that arise as a result of the substantial reduction in interest rates by the State Bank of Pakistan, we are very optimistic about the future of the country. Firstly, the China Pakistan Economic Corridor (CPEC) is now a reality and is expected to bring significant investment in infrastructure, especially roads and power, which in turn will spur other services and industries. Secondly, the changing geo-political environment in the Region bodes well for Pakistan and it remains to be seen how the Government is able to capitalize on the opportunities that arise as a result of the newly lifted sanctions from Iran and CPEC. Also, low oil prices have reduced the pressure on the Current Account and inflation is also at historic lows as a result. This situation is expected to continue for the short to medium term and places Pakistan in a fortuitous position.

Meezan Bank is now the 7th largest bank in the country in terms of branch network and I would like to congratulate the management team of the Bank to have consistently outpaced industry growth by between 2 to 3 times the industry average year on year. We remain

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

committed to Pakistan and the investment required to maintain this growth trajectory in future.

I would like to take this opportunity to congratulate the State Bank of Pakistan on being recognized as the 'Best Central Bank in Promoting Islamic Finance' by Islamic Finance News - Malaysia. This award clearly reflects on the commitment of State Bank towards the implementation of Islamic banking in Pakistan.

I would like to express my gratitude to the State Bank of Pakistan, Ministry of Finance and the Securities and Exchange Commission of Pakistan for their continuous commitment to establish a viable Islamic financial system in the country.

I would also like to express my gratitude to our shareholders, members of Shariah Supervisory Board and my fellow Board members as well as all members of the Meezan team who worked determinedly to chart the course that has taken Meezan Bank to be the leading Islamic financial institution of the country.

I would also like to thank the people of Pakistan for bestowing their trust upon Meezan Bank and to the cause of Islamic banking. It is their trust in Islamic banking that has led to the growth and success of the Riba-free financial system in this country.

میزان بینک کے چیئرمین کی حیثیت سے اپنی ذمہ داریاں ادا کرنے کے لئے نہایت کوششوں اور محنتوں کی بات ہے۔ میں اپنے سبکدوش ہونے والے چیئرمین شیخ ابراہیم بن علیزہ اعلیٰ کا شکر ادا کرنا چاہتا ہوں جنہوں نے بینک کے قیام کے وقت سے بطور بورڈ کے چیئرمین کے بہترین قیادت فراہم کی اور بینک کو اس مقام تک لانے جس پر آج بینک قائم ہے۔ اللہ تعالیٰ مجھے بینک کی سالانہ رپورٹ برائے 2015 پیش کرتے ہوئے نہایت خوش محسوس اور مسرت ہے۔

میزان بینک نے 2015 کے دوران بہت سے اہم سنگ میل طے کیے ہیں۔ ان میں سب سے زیادہ قابل ذکر 123 نئی برانچوں کا کھولا جانا ہے جو کہ ہمارے لیے بیکارڈ ہے اور پچھلے کئی سالوں کی کوئی نئی برانچوں سے دوگنا زیادہ ہے۔ بینک کی اس اہم سرمہیا کا ثمری سے بورڈ آف ڈائریکٹرز کے پاکستان کے مستقبل کے امکانات اور اس پر امتداد کی مکمل ہوتی ہے۔ ان نئی برانچوں کے انشائیے سے اب 143 شہروں اور قصبوں میں میزان بینک کی برانچوں کی کل تعداد 551 ہوئی ہے اور یہ ہمارے 'اسلامی بینکاری کو پیہلا انتخاب' بنانے کے نعرے کے فروغ میں ایک اہم قدم ہے۔

اس سال کا اہم ترین اور اہم سنگ میل اسلامی برانچ ٹیس بینکنگ کی سہولت ہے جو کہ میزان بینک نے ملک کی بڑی عملی کیبلینجنگ عملی پیمانے کے اشتراک سے طے کیا ہے۔ ملک بھر میں انجینئرس کے دستخطیہ ورک کے باعث یہ پروڈکٹ ملک کے گوشے گوشے میں دستیاب ہے۔ یہ نئی سہولت اس حلقے کے لئے ہے جن کی بینکنگ اور مالیاتی اداروں کی خدمات تک رسائی نہیں ہے۔ اس سہولت کی بدولت حکومت پاکستان کے بینکنگ کی خدمات استعمال کرنے والے افراد کو ان کی فراہمی میں اضافے کے مقصد کو بھی تقویت ملی ہے۔ یہ سہولت متعارف کروانے کے لئے اپنے نعرے کے حصول کی جانب ایک اہم قدم بڑھا رہا ہے۔

اسٹیٹ بینک آف پاکستان کی جانب سے منافع کی شرح میں کمی کے باعث سامنے آنے والے چیلنجوں کے باوجود ہم ملک کے مستقبل کے لئے بہت بڑا امید ہیں۔ سب سے پہلے تو پاک چین اقتصادی راہداری (CPEC) اب ایک حقیقت ہے اور اس سے بنیادی ڈھانچے (انفراسٹرکچر) اور مخصوص سڑکوں اور کھلی کے شعبوں میں بڑی سرمایہ کاری متوقع ہے جس کے نتیجے میں دیگر صنعتوں کو بھی ترقی ملے گی۔ مزید برآں یہ کہ علاقے کے بدلتے ہوئے جغرافیائی و سیاسی ماحول سے پاکستان پر مثبت اثرات مرتب ہونے میں اور اب یہ رجحان ہے کہ CPEC اور ایران سے اٹھائی جانے والی پائپ لائنوں کے نتیجے میں بے گولے والے منافع سے حکومت کس طرح فائدہ اٹھاتی ہے۔ اس کے علاوہ عمل کی نتوں میں کمی کے باعث گرانٹ اور ڈنٹ پروگرام ہوا ہے اور فراڈ زوری شرح میں تاریخی کمی آئی ہے۔ توقع ہے کہ یہ صورت حال مختصر سے ارمینیائی مدت تک جاری رہے گی اور پاکستان کے لئے خوش آئند ہوگی۔

بہت دنوں کے حوالے سے میزان بینک اب پاکستان کا ساتواں بڑا بینک بن چکا ہے۔ میں بینک کی انتظامیہ کو مبارکباد پیش کرتا ہوں جس نے بینکنگ انڈسٹری میں ہونے والی ترقی کی شرح کے مقابلے میں مسلسل دو سے تین گنا ہجرت کر کے کامیاب کیا۔ ہم اس ترقی کی رفتار کو برقرار رکھنے کے لیے پاکستان میں سرمایہ کاری کرنے کے لیے پوری طرح تیار ہیں۔

میں اسلام کی قس لئے ذمہ داریاں ادا کرنے کی جانب سے مسماک فنانس کو فروغ دینے والے بہترین سٹریٹجی بینکنگ کا اعزاز ملنے پر اسٹیٹ بینک آف پاکستان کو مبارکباد پیش کرتا ہوں۔ یہ اعزاز اسٹیٹ بینک آف پاکستان کی جانب سے پاکستان میں اسلامی بینکاری کے قیام کے لئے ان کے عزم کی عکاسی کرتا ہے۔

میں پاکستان میں قابل عمل اسلامی مالیاتی نظام قائم کرنے کے عزم پر اسٹیٹ بینک آف پاکستان، وزارت مالیات اور سٹیٹ بینک آف پاکستان کا بھی شکر گزار ہوں۔

میں میزان بینک کے حصص یافتگان و شریک ہر وہ نئی پورڈ کے اراکین اور بورڈ کے اراکین کے ساتھ ساتھ میزان بینک کی بھی شکر ادا کرتا ہوں جن کی محنت اور توجہ کے باعث میزان بینک ملک کا سب سے بڑا اسلامی مالیاتی ادارہ بن چکا ہے۔

میں پاکستان کے لوگوں کا بھی شکر گزار ہوں جنہوں نے میزان بینک اور اسلامی بینکاری پر اعتماد کا اظہار کیا۔ یہ اپنی کے اعتماد کا نتیجہ ہے کہ ملک میں رہا ہے پاک مالیاتی نظام کو ترقی اور کامیابی ملی ہے۔

Directors' Report to the Members

On behalf of the Board of Directors, we are pleased to present the nineteenth Annual Report and audited financial statements, setting out the detailed financial results of the Bank for the financial year ended December 31, 2015.

Allhamdulillah, Meezan Bank, having completed thirteen years of operations as a full-fledged Islamic commercial bank, is not only the largest Islamic bank but also one of the leading commercial banks in Pakistan. During this period the Bank has the distinction of being the fastest growing bank in the industry and we are grateful for the blessing of Allah ﷻ and the commendable team effort that has allowed us to become the dominant leader of the Islamic Banking industry. With a network of 551 branches in 143 cities, Meezan Bank now stands as the 7th largest bank in Pakistan in terms of branch network among both conventional and Islamic banks. Throughout this journey the Bank has remained committed to its Vision of establishing 'Islamic banking as banking of first choice'.

The Bank completed the acquisition of Pakistan operations of HSBC Bank Oman S.A.O.G (HBON) - comprising a single branch - during the year. This is the third such acquisition for Meezan Bank, having previously successfully acquired and converted the Pakistan's banking operations of HSBC Bank Middle East Ltd. and Pakistan's banking operations of Societe Generale in 2014 and 2002 respectively.

A major milestone achieved during the year was the launch of the first ever Islamic Branchless Banking in Pakistan, Meezan UPaisa, to expand Islamic banking footprint to customers who may not otherwise have access to formal banking services. Meezan UPaisa is available at the counters of thousands of agents in Pakistan and enables customers to send or receive money, pay utility bills and top-up their mobile. This initiative was launched in collaboration with Ufone, a leading Mobile Operator in Pakistan and Meezan Bank. Ufone is a wholly owned subsidiary of PTCL, which is part of the Etisalat group UAE.

Economic Overview

The year 2015 turned out to be a year of some big milestones following the economic stability achieved last year. The signing of US\$46 billion investment and financing agreement under the China Pakistan Economic Corridor (CPEC) marked one major achievement in the year. CPEC should go a long way to take economic growth to 6-7% levels in the medium-term by focusing on the issue of energy deficit and infrastructure spending. In addition, rating upgrade by Moody's to B from Caa1 and outlook upgrade by S&P renewed positive sentiment in the economy. The realization of investment inflows stemming from the China-Pakistan Economic Corridor is expected to strengthen the external sector outlook over the medium to long term.

GDP Growth Rate

The Government of Pakistan re-entered the international bond market again raising US\$500 million through a Eurobond issue. The issue was well received by investors.

Low oil prices and higher remittances from Pakistanis working abroad led to improvement in foreign exchange reserves that crossed an all-time high of US\$2 billion.

Consistent decline in global oil prices improved the outlook of external account, although the government did not pass on the complete impact of the same domestically due to fiscal concerns. Shortfall in tax collection in 3Q16 led to imposition of additional taxes (worth Rs 40 billion) by year-end. Despite tough fiscal position, the IMF program continued smoothly.

Due to a low oil price environment, inflation is also considerably lower, averaging at 2.5% in 2015 compared to 7.2% in 2014. This gave room for cumulative 300 bps cut in discount rate by State Bank of Pakistan (SBP) in 2015 to over 22 years low of 6.5%. Both low inflation and low interest rate environment are expected to boost large scale manufacturing sector growth, which grew by 3.4% in FY15 compared to 4.5% in FY14. GDP growth recorded 4.2% during the year, up from 4.0% in 2014, led by agriculture sector growth of 2.9%, up from 2.7% in FY14. Services sector growth also improved to 5% from 4.4% in 2014.

Discount Rates

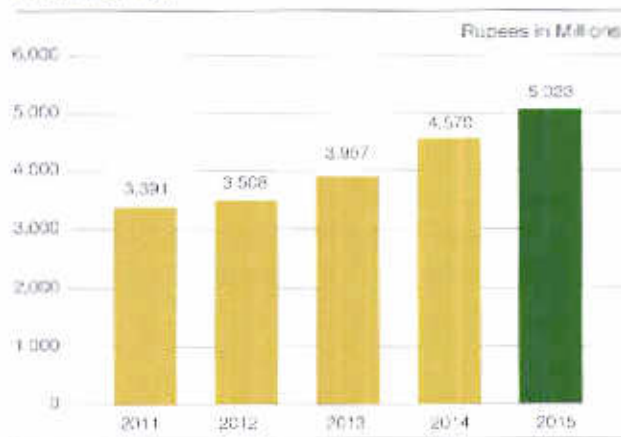

Our Performance

Alhamdulillah, notwithstanding the lower discount rate scenario as mentioned above, Meezan Bank not only maintained its position as the leading Islamic bank but also became the 7th largest bank in Pakistan in terms of branch network with 551 branches in 143 cities as compared to 428 branches in 117 cities a year ago. The Bank opened 123 branches during the year which is the highest in its history. The Bank has demonstrated all round growth with an asset base of Rs 532 billion, as of December 31, 2015 an increase of 22% from Rs 438 billion in 2014. Profit after tax increased to Rs 5.02 billion from Rs 4.57 billion earned in the previous year, reflecting an increase of Rs 452 million i.e. 10%.

Profit After Tax

Branch Network

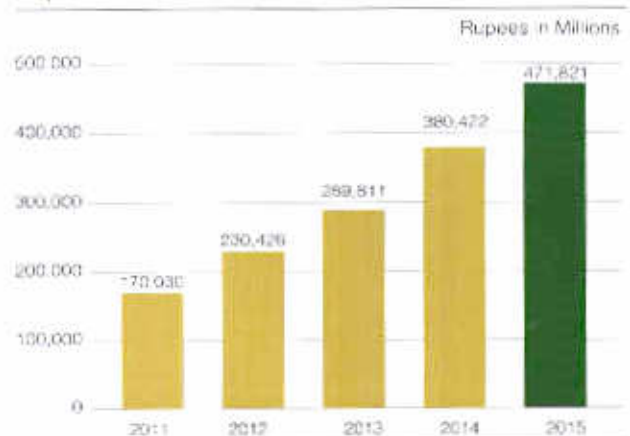

Islamic Banking has taken strong roots in Pakistan with Meezan Bank as the market leader offering a complete range of Islamic banking products and services. The Bank's market share amongst the full-fledged dedicated Islamic banks operating in Pakistan is approximately 55%. Meezan's market share for the Islamic Banking industry as a whole, including Islamic Banking windows of conventional banks in Pakistan is 35%.

Share of Meezan Bank in Islamic Banking Industry-Based on deposits

Deposits

The Bank achieved strong growth in deposits which increased by 24%, closing the year at Rs 472 billion from Rs 380 billion. The average deposit growth rate in the banking industry was 11.5% while the Bank's deposits growth rate was more than double the industry average. This performance is especially impressive in light of the fact that the current account in the deposit mix improved from 31% in 2014 to 32% in the 2015. Bank's average CASA (Current and Saving Account) deposits during the year stood at 71% of total deposits.

The Bank maintained its growth in financings portfolio, which jumped to Rs 208 billion from Rs 176 billion last year - a growth of Rs 32 billion, i.e. 18%. This growth is more than twice of the average financing growth in the banking industry which was 7% only. The Bank has achieved this growth despite challenging economic circumstances and crowding out of private sector financing due to government borrowing. Advance to deposits ratio (ADR) of the Bank now stands at 44%. You will also be delighted to know that the ratio of non-performing financings to total financing (NPL ratio) is 3.27% which is one of the lowest in the banking industry and reflects the Bank's prudent financing strategy backed by a sound risk infrastructure and rigorous remedial and recovery efforts. The Bank maintains a very comfortable level of provisions against its non-performing

financings with coverage ratio of 116%. The focus is to build a high quality and well-diversified portfolio targeting top tier corporate, commercial and retail clients.

The availability of limited investment avenues and managing liquidity has always been a challenge for Islamic banks. In order to address the liquidity challenges faced by Islamic banks, the State Bank of Pakistan conducted an auction of GOP Ijarah sukuk in December 2015. The issue was heavily oversubscribed and closed with a cut-off yield 50 bps lower than the 6 month T-bill rate. Another auction for GOP Ijarah fixed rate Sukuk of 3 years tenure, for Rs 100 billion was held in February 2016 and was heavily oversubscribed which led to cut-off yield of 6.1%.

The SBP's Open Market Operations (OMO) for Islamic banks has also helped to address the chronic excess liquidity management problem faced by Islamic banks. The OMO uses a Bai Muajjal structure that has been approved by both the Shariah Board of the SBP and also the Meezan Bank Shariah Supervisory Board. During the year, the Bank was able to deploy Rs 148 billion with the SBP / Government of Pakistan (GOP). We are confident that

these positive measures will be a big help to all Islamic banks.

Total trade (import and export business) handled by the Bank also grew by impressive 23% to Rs 461 billion in 2015 despite lower oil and commodity prices internationally. An extensive network of correspondent banks and significant foreign exchange lines with international banks has allowed the Bank to compete aggressively for trade business.

Administrative and operating expenses increased to Rs 13.8 billion from Rs 10.8 billion, a rise of 26%. The rise in expenses is primarily due to increase in staff expenses, rent and associated costs as a result of addition of 123 new branches during the year – an investment which has reaped fruits for the Bank, as is evident from the strong growth in deposits and profits over the years.

The Bank remains a well-capitalized institution with its equity rising to Rs 25.6 billion from Rs 23.3 billion a year earlier, notwithstanding the fact that a healthy cash dividend of Rs 3 billion was paid during the year.

The key business results achieved in 2015 are as under:

Key Business Results	2015	2014	Growth
Branch Network	551 Branches	428 Branches	29% ↑
Presence	143 Cities	117 Cities	22% ↑

The Islamic Banking industry continues to grow with six full-fledged Islamic banks and sixteen Islamic windows of conventional banks presently operating in Pakistan. Islamic banks now account for almost 13% (2014: 12%) of the total banking industry in terms of deposits. This augurs well for the Islamic Banking sector and we are confident that the existing Islamic banks and the new players will further increase their market share in the coming years.

The Board, representing the shareholders of the Bank, reiterates its commitment to Pakistan in general and Meezan Bank in particular, to meet all its present and future capital needs.

Earning Per Share

Due to increase in profitability, the Earnings per Share increased from Rs 4.56 to Rs 5.01 per share reflecting an increase of 10%.

Dividend

The Board has now recommended the cash dividend of Rs 1.25 per share (12.5%) for the year 2015. This declaration, together with the earlier interim cash dividend of 17.5% paid in the third quarter of 2015, brings the total payout for the year to Rs 3 per share (30%). Last year cash dividend payout was 27.5% and thus the Bank maintained its unbroken payout record since the date of listing on the Stock Exchange.

Credit Rating

The JCR-VIS Credit Rating Company Limited, an affiliate of Japan Credit Rating Agency, Japan has reaffirmed the Bank's long-term entity rating of AA (Double A) and short-term rating at A1+ (A One Plus) with stable outlook. The short-term rating of A1+ is the highest standard in short-term rating. The rating indicates high credit quality and sound performance indicators of the Bank. Meezan Bank is the only Islamic bank in Pakistan with AA and A1+ credit rating.

Corporate Social Responsibility

Keeping the Islamic principles of Ihsan in mind, Corporate Social Responsibility is an integral element of Meezan Bank's value system. As a socially responsible organization, the Bank recognizes that we are part of the community at large and that there is a strong need to contribute to the society and support those in need, be it financial or non financial basis. The Bank remains committed to serving the society both directly and indirectly and in this regard has contributed in various ways and means. The disclosure required under Company's Corporate Social Responsibility (General Order, 2009) has been duly made in the Annual Report.

Corporate and Financial Reporting Framework

The Board of Directors is fully cognizant of its responsibility under the Code of Corporate Governance issued by the Securities and Exchange Commission of Pakistan and adopted by the State Bank of Pakistan. The following statements are a manifestation of its commitment towards high standards of Corporate Governance and continuous organizational improvement.

1. The financial statements prepared by the management of the Bank present fairly its state of affairs, the results of its operations, cash flow and changes in equity.
2. Proper books of account of the Bank have been maintained.
3. Appropriate accounting policies have been consistently applied in preparation of financial statements. The accounting estimates are based on reasonable and prudent judgment.
4. International Financial Reporting Standards as applicable in Pakistan have been followed in preparation of financial statements and any departure from these has been adequately disclosed.
5. The system of internal controls is sound in design and has been effectively implemented and monitored. The ultimate responsibility of the effectiveness of internal controls system and its monitoring lies with the Board. An Audit Committee has been formed for this purpose that meets periodically and independently throughout the year with the management and also the internal and external auditors to discuss the effectiveness of internal controls system and other financial reporting matters. In addition, there are financial forecasts and budgetary control procedures in place, which are reviewed and monitored throughout the year to indicate and evaluate variances from the budget.
6. There are no doubts upon the Bank's ability to continue as a going concern. Insha'Allah.
7. There has been no material departure from the best practices of Corporate Governance as detailed in the rule book of Pakistan Stock Exchange.
8. Key operating and financial data for the last six years in

summarized form, categories and pattern of shareholding as required by the Companies Ordinance, 1984 are annexed to the report.

9. The value of Investments of the Bank's recognized Provident Fund and Gratuity Fund as at December 31, 2015 are as under:

- Staff Provident Fund Rs 1,670.92 million
- Staff Gratuity Fund Rs 590.89 million

10. During the year, an orientation course was held for the Board of Directors of the Bank.

11. The purchase and sale of shares by the Directors, Chief Executive, Chief Financial Officer, Head of Internal Audit and Company Secretary during the year and pattern of shareholding is included in the report.

Compliance with Code of Corporate Governance

The requirements of the Code of Corporate Governance set out by the Pakistan Stock Exchange (formerly Karachi Stock Exchange) in the rule book of Pakistan Stock Exchange relevant for the year ended December 31, 2015 have been adopted by the Bank and have been duly complied with. A statement to this effect is annexed with the report.

Risk Management Framework

Risk Management Framework in Meezan Bank is based on sound organizational structure, policy and procedural framework, risk assessment techniques, tools and reporting structure closely aligned with the Bank's strategic direction. Risk Management activities broadly take place simultaneously at different hierarchy levels i.e. strategic, macro and micro. The overall responsibility of risk management rests with the Board of Directors and it has constituted Risk Management Committee comprising of Board members with clear terms of reference.

Under the guidance of the Board, the scope of Risk Management Group (RMG) has been broadened over the period, mainly focusing on establishing and improving upon policies, procedures, limit structure, systems, detailed risk assessment, frequent monitoring, multilevel reporting of risk categories and increase level of awareness about risk management principles and practices. These improvements are in line with applicable Shariah guidelines, regulatory requirements including Basel accord, best industry practices and commensurate with significant growth of the Bank.

Specialized committees comprising of senior management team members with relevant experience and expertise perform their functions in line with overall strategy set by the Board so as to ensure that exposures are within risk appetite. The committees include:

1. Credit Risk Management Committee (CRMC)
2. Asset Liability Management Committee (ALCO)
3. Internal Controls and Operational Risk Management Committee (ICORC)

The CRMC is responsible to oversee that credit risk activities are in line with Board approved policies, regulatory requirements and industry practices. Credit Committee, a sub-committee of CRMC is the highest level body for approval of financing transactions. ALCO reviews market liquidity and country risk exposures, assets and liabilities maturity profile, sets pricing and takes decisions for sound liquidity management. The ICORC ensures that adequate internal controls and systems are in place thereby ensuring operating efficiency.

Assets quality is being ensured through comprehensive financing policies and procedures, appropriately delegated financing approval authorities, optimal risk-reward trade off, diversification, adequate collateral coverage and documentation and periodic reviews. The Bank applies stress testing and value at risk techniques for market risk assessment. Day-to-day liquidity management is done through cash flow matching, meeting regulatory reserve requirement and maintain adequate liquid assets. Contingency funding plan for managing liquidity crisis is in place. Operational risk is managed through standing operating procedures, deployment of necessary human resources, training and development, segregation of duties, strengthening maker, checker and approving mechanism, early warning signals, system based reports, business continuity and disaster recovery plans.

Under RMG, full-fledged credit risk function caters corporate, investment banking, commercial & SME, agriculture, consumer and financial institutions business segments. The coverage of RMG in credit assessment of individual customers has been further enhanced by four-eye principle, system based limits structuring and deployment of risk officers in the field. Country wide training and awareness sessions were conducted on end to end financing processes. The role of market risk function in monitoring of treasury activities has been strengthened with various limits structuring, their monitoring, reporting and system improvements. Loss data reporting, risk and control self assessment, enhanced coverage of key risk indicators, documenting and improving upon processes through risk identification and mitigates reflects upon continuous improvements in operational risk management framework. Coverage of business continuity plans has been further strengthened at branch level. System-based information reports from risk perspective and risk modules will bring RMG at an advantageous position in identification, assessment, reporting and managing risks.

Statement of Internal Controls

The Board is pleased to endorse the statement made by the management relating to internal controls. The management's statement on internal controls is included in the annual report.

Pattern of Shareholding

The pattern of Shareholding as at December 31, 2015 is annexed with the report.

Directors

Following the expiry of the three year term of the previous Board of Directors, an election was held on November 17, 2015 and a new Board was constituted. The Board would like to thank and place on record its deepest appreciation for the valuable services rendered by the founding Chairman, H.E. Sheikh Ebrahim Bin Khalifa Al-Khalifa. H.E. Sheikh Ebrahim Bin Khalifa Al-Khalifa had long term association with the Bank since its formation. The Board welcomes Mr. Riyadh S.A.A. Edrees as the new Chairman of the Board. The Board also congratulates all elected directors and welcomes the new directors on the Board.

The record of Board meetings held during the year and attended by the Directors is as follows.

**** Mrs. Syeda Azra Mujtaba was appointed as Director on January 27, 2015 to fill casual vacancy.

The attendance in meetings of Committees formed by the Board held during the year is included in the annual report.

The Bank has a policy in place for dealing with conflicts of interest relating to members of the Board. Under this policy, any Director who has a business interest in a matter being presented at a Board meeting does not participate in neither the discussion nor the decision on that matter. The policy is applied consistently and there was no breach of this policy during the year.

Auditors

The present auditors, A.F. Ferguson & Co., Chartered Accountants (a member firm of the PwC network) retire and being eligible offer themselves for reappointment. As required under Code of Corporate Governance, the Audit Committee has recommended the appointment of A.F. Ferguson & Co., Chartered Accountants as auditors of the Bank for the year ending December 31, 2016.

Future Outlook and Strategy

2016 will be a challenging year for the banking industry in the back-drop of the lower interest rates and lower oil and commodity prices. The Government's focus on economic reforms - power, public sector enterprises performance, infrastructure investment together with positive sentiment surrounding the CPEC projects - would provide material boost in Foreign Direct Investment (FDI) and help to sustain Pakistan's long-term growth prospects. Our focus will be on maintaining the growth momentum and asset quality due to the aforementioned improvements in the economy. Efforts are also underway to target new market segments and improve

efficiency and productivity by leveraging on the substantial investment in technology made by the Bank in recent years.

The Bank remains committed to its Vision to 'establish Islamic banking as banking of first choice' and the launch of Meezan UPasa, the First ever Islamic Branchless Banking offering in Pakistan is a significant step in achieving that Vision.

As the Bank expands, sourcing and retaining the right quality of human resource is an increasingly significant challenge. Accordingly, the Bank has enhanced the physical infrastructure of its learning and development facilities. The Learning and Development department is focused to produce highly professional training content in 2016. Moreover, Bank-wide Training Needs Analysis activity is also being carried out.

Islamic Banking has a good future in Pakistan and its share in the country's banking industry is increasing every year. Meezan Bank continues to play its pioneering role in Islamic banking and would contribute to the growth of Islamic banking in Pakistan. We welcome new players to this segment as this would bring more representation and help further evolve the Islamic banking industry. The Board is confident that the Bank will insha'Allah continue to play its leadership role in evolving Islamic Banking industry in Pakistan.

Acknowledgement

The landmark achievements of Meezan Bank would not have been possible without the proactive support of our diversified customer base, for which we remain indebted to them. We sincerely thank each one of our team members for their hard work and commitment. May Allah Almighty bestow His blessings on our entire team and their families.

We would like to express our gratitude to the State Bank of Pakistan, Ministry of Finance and the Securities and Exchange Commission of Pakistan for their continuous commitment to establish a viable Islamic financial system in the country. We also congratulate the State Bank of Pakistan (SBP) for being voted as the best central bank for promoting Islamic finance by a poll conducted by 'International Finance News' - an arm of Red Money Group, Malaysia.

We would also like to thank our Board members, shareholders and the members of the Shariah Supervisory Board for their unrelenting efforts towards establishing Meezan Bank as the premier Islamic bank. May Allah Almighty give us the strength and wisdom to further expand our vision of making Islamic banking as banking of first choice.

On behalf of the Board.

Business and Operations Review

Business Review

Meezan Bank, in its fourteenth year of operations, is not only the largest Islamic Bank in Pakistan but is also now the 7th largest commercial bank in the country in terms of branch network, with 551 branches in 143 cities.

The Bank added 123 branches to its network this year, the highest number in its history. The Bank's continuous expansion has enabled it to serve customers in every part of the country, commensurate with its Vision to 'establish Islamic banking as banking of first choice'. Some of the significant achievements during the year include:

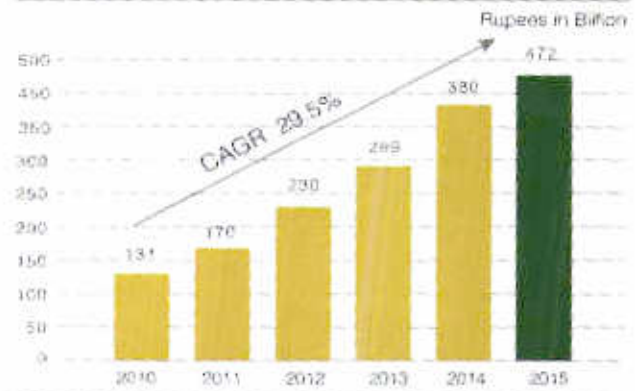

- Acquisition of HSBC Bank Oman S.A.O.G - Pakistan Branch
- Growth in Deposit base by an impressive 24% against overall industry growth of 11.5%
- Increase in Net Financing portfolio to Rs 208 billion
- Launch of first ever Islamic Branchless Banking- Meezan Upaisa
- Launch of Corporate Vendor and Distributor Finance Program - a joint venture with Karandaaz Pakistan

The acquisition of HSBC Bank Oman S.A.O.G (HBON) Pakistan operations is the third acquisition for Meezan Bank, having successfully acquired and converted to Islamic banking the operations of Societe Generale in Pakistan and HSBC Pakistan in 2002 and 2014 respectively. During this period, the growth of Meezan Bank has largely been organic, while the three acquisitions over the past fourteen years have added fifteen branches to the Bank's network.

The extensive branch network, superior service and

excellent brand image of the Bank allowed the deposit base to grow by 24% in 2015 to Rs. 472 billion from Rs. 380 billion last year. Total assets of the Bank grew by 22% to Rs. 532 billion (\$5.1 billion) as at December 31, 2015 from Rs. 437 billion as at December 31, 2014. Total equity of the Bank now stands at Rs. 25.6 billion, up from Rs. 23.3 billion a year earlier.

Deposits

The Bank's increased focus on building its financing portfolio while maintaining high credit quality and industry diversification yielded positive results. The financing portfolio (net of provisions) closed at Rs. 208 billion, up from Rs. 176 billion a year earlier, a growth of 18.4%, outpacing the banking industry that grew by 7%. The portfolio is well diversified by sector and maturities are comfortably balanced with 61% in the

short term (upto one year) and 39% in the long term. Advances to Deposits Ratio (ADR) of the Bank now stands at 44%. The Bank's Non Performing Loan (NPL) ratio of 3.27% is one of the lowest in the Pakistani banking industry and reflects the Bank's prudent financing strategy, sound risk infrastructure and rigorous remedial and recovery efforts. Notwithstanding the low NPL, the Board, in keeping with its prudent approach, maintained coverage ratio at 116% in 2015 which is one of the highest in the banking industry.

A significant development during 2015 was the launch of Meezan UPaisa, the first Islamic Branchless Banking proposition in Pakistan. This initiative was launched as a joint collaboration between Meezan Bank and Ufone, a leading Mobile Operator in Pakistan. Ufone is a wholly owned subsidiary of PTCL, which is part of the Etisalat group UAE. The primary objective of this initiative is to expand the outreach of the Islamic banking system to those segments of the country's population that are essentially unbanked, so that its benefits may be availed by a much wider section of the economy. The product is available through a nationwide network of agents and the initial response from the public has been very encouraging. Meezan UPaisa will Insha'Allah play a significant role in increasing financial inclusion, allowing those who otherwise do not have access to the financial system to avail banking products and services.

The Bank also signed a Corporate Vendor and Distributor Finance Program Agreement with Karandaaz Pakistan, designed specifically to meet the working capital and long term finance requirements of supply chain business partners (suppliers and distributors) of large and medium sized corporate entities. Karandaaz Pakistan (www.karandaaz.com.pk) is a private company established to promote access to finance for small businesses and promote financial inclusion for individuals through technology-enabled digital solutions. The company has financial and

institutional support from leading international development finance institutions, principally UKAid's Department for International Development and Bill & Melinda Gates Foundation. The Consultative Group to Assist the Poor (CGAP), a member of the World Bank Group, managed the start-up phase of the Company and continues to provide technical support.

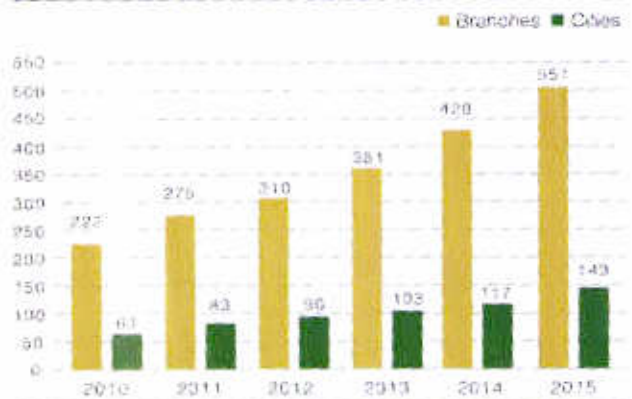

Retail Banking

Meezan Bank offers a wide range of deposit products – current, savings and term deposit accounts – all designed with flexible features to meet the needs of its customers in a Shariah-compliant manner. The Bank's diverse range of deposit products has enabled it to develop a large, well diversified and stable deposit base. The Bank is a market leader in offering innovative Shariah-compliant products and services, and this is evident from the exponential growth in both its customer and deposit base.

The Bank added 123 new branches to its network, the highest in a single year, thus growing the network to 551 branches across 143 cities in the country with almost a million customers. Meezan Bank now has the 7th largest banking network in Pakistan. Continuous expansion of the network has enabled the Bank to serve customers in all parts of the country, commensurate with its Vision to 'establish Islamic banking as banking of first choice'.

Branch Network

The modern banking customer expects a much more robust retail experience from banks as compared to only a few years ago when there was little proliferation of technology-based platforms. Recognizing this fact, Meezan Bank has focused on employing technology in providing its customers with services that make their transactions easier and more immediate, thus providing them a quality banking experience. To that end, Meezan Bank has become Pakistan's first bank to introduce Online Account Opening, a definitive step ahead in retail banking.

Meezan Bank's focus on technology-driven solutions has allowed it to explore various new areas which were traditionally not associated with the mainstream banking industry. Meezan Bank can now reach out to its customers and serve them in many ways, improving customer satisfaction and strengthening their relationship with Meezan Bank.

Meezan Asaan Account

The Riba-free Meezan Asaan Current and Saving Accounts are two important additions to the Bank's product menu, designed to allow Pakistani citizens with limited proof of source of income to open accounts. Both these accounts can be opened with an initial deposit of only Rs. 100/- and a valid identity document. Asaan Current and Saving Accounts are available to resident Pakistani nationals and over 37,000 accounts have been opened since their launch in September 2015.

Wealth Management

Meezan Bank's Wealth Management unit was established in 2013 with the aim of providing value added products and services to the Bank's regular as well as high net worth customers. This unit caters to the various investment needs of customers by identifying investment opportunities for them, providing them investment advice and educating them about the various products offered by the Bank. This unit also provides tax-efficient investment strategies to the customers.

Meezan Kafalah

Meezan Kafalah is the Shariah-compliant alternative to Bancassurance and Bancatakaluf, which is another first from Meezan Bank's platform. Meezan Kafalah has received very good response from retail customers since it is designed to meet their long-term saving objectives with the added advantage of Takaful (Islamic insurance) cover.

By the end of 2015, the Bank had provided Takaful coverage of a total amount of Rs. 6 billion to more than 18,000 customers.

Meezan Premium Banking

Meezan Bank's Premium Banking caters to the needs of its high net worth customers and provides them with exclusive services and value added benefits, ranging from personalized banking services to discounts and privileges. As at 31st December 2015, Premium Banking deposits stood at Rs. 123.9 billion which constitutes over 26% of the Bank's total deposits.

Some of the benefits currently being offered under Meezan Premium Banking are:

- Meezan Visa Platinum Debit Card, a prestigious card offering discounts at selected retail outlets, restaurants and hotels across the country
- Access to International CIP lounges at Karachi, Lahore, Multan, Sialkot and Islamabad airports
- Personalized service at any Meezan Bank branch in Pakistan
- Dedicated Premium Banking Centers in major cities
- Private conference rooms for short business meetings at the Bank's Premium Banking Centers
- Premium Phone Banking – a dedicated Call Center exclusively for Premium Banking customers
- Fee waivers on selected banking services

Alternate Distribution Channels

Meezan Bank offers an alternative to traditional 'brick and mortar' branch banking through its ATMs, Call Centre, Internet Banking, Mobile Banking, SMS Alerts and Debit Cards, often referred to as Alternate Distribution Channels (ADC). During 2015, the Bank added 300,000 new subscribers to its ADC channels and a total of 84 million transactions were carried out, 44% more than the previous year.

Meezan Bank is committed to improving the quality of its customer experience and to enhance the menu of its ADC products. To that end, 138 new ATMs were added to the Bank's ATM network during 2015, taking the total number of ATMs to 490. In addition to basic banking facilities, Meezan ATMs also offer Inter-Bank Funds Transfer and Third-Party Funds Transfer features along with free utility bill payments and mobile top-ups. Customers can also invest or redeem their mutual fund investments with the Bank's Asset Management Company, Al Meezan Investment Management Limited.

Meezan Bank's Call Centre handled more than 1.2 million calls during 2015 and provided 24/7 service to customers to get information about their accounts as well as to conduct banking transactions such as requisition of pay orders and cheque books, WebPay session activation and product related inquiries.

Meezan Bank was honored with the 'Best Shariah-compliant Product' award at the MasterCard Innovation Forum 2015 event held at Kuala Lumpur, Malaysia. The award recognizes the success of Meezan Bank's MasterCard Titanium Debit Card, globally offering higher cash withdrawal limits, complimentary access at Middle Eastern airport lounges and discounts at retail outlets across Pakistan.

Meezan Bank's Gold and Silver Visa Debit Cards continued to gain popularity among customers with the number of cards growing to 625,000 with a 40% increase in POS transactions compared to 2014.

Meezan Bank launched its WebPay service during the year. This service

allows the Bank's debit card holders to shop on the internet conveniently and safely. This feature of online payments is offered on debit cards by only a handful of banking institutions, making Meezan Bank the first Islamic Bank in Pakistan to offer the complete transaction suite to its debit card holders. Over 25,000 e-commerce transactions valuing at Rs. 140 million were conducted in 2015.

Meezan Bank's Internet Banking is a reliable and convenient facility that allows customers to conduct banking transactions from home or when on the go. Customers also enjoy a number of value-added services including third-party funds transfer, utility bill payments, mobile top-ups and managing their mutual fund investments with the Bank's Asset Management subsidiary.

Meezan Bank's Mobile App (for Smart phones) designed for customers on the move, allows them to transfer funds, pay bills of over 16 utility companies, top-up mobile phone credit, and view their account balance and activity, all on a user-friendly interface conveniently and with the security of industry-leading safety standards. With over 80,000 downloads, the App has been amongst the most trending applications in its category on both Google and Apple App Stores.

Meezan Bank's SMS Alerts Service is a popular service with over 160,000 new customers added during the year, taking the total to over 500,000 registered users, a growth of 46%. SMS Alerts Service plays a vital role in instantly updating customers on any activity in their account, which also serves as a useful security tool by allowing customers to identify any possible unauthorized activity in their accounts.

Meezan Bank constantly strives to launch new and innovative ADC products and services to make banking easier for its customers.

Cash Management

The Bank offers two Cash Management products:

Meezan eBiz

Meezan eBiz is an internet banking portal specially designed for businesses and allows its customers to securely execute various banking transactions without having to leave their office. The facility allows customers to view their account statements and also efficiently conduct day-to-day transactions such as fund transfers, salary payments, bill payments, payment order requests etc.

Meezan eBiz+

Meezan eBiz+ is a customized Cash Management solution which allows Corporate, Commercial and SME customers to not only electronically manage their banking relationship, but also reduce their operational burden by outsourcing the management of collections and payments. Each Cash Management mandate is tailor-made to meet customers' specific requirements. Functionality available in eBiz+, in addition to the features available in eBiz, includes:

- Management of collections through branches as well as electronic channels
- Management of payments such as fund transfers, pay order issuance, RTGS, IBFT, corporate cheques issuance as well as dividends issuance
- Host-to-host integration
- Dissemination of advanced-level customized reports and e-alerts (through email and SMS)

Cash management mandates have been signed with over 200 multinational and local companies and the Bank is confident that its customers will greatly benefit from this offering.

Home Remittance

Focusing on the elements that contribute in improving the banking experience of customers has allowed the Bank's Home Remittance business volume to grow by an impressive 55% in 2015. This improvement has elevated the Bank's ranking from 8th to 6th position in terms of transactions and dollar volume among 26 Pakistan Remittance Initiative Member Banks. The Bank has implemented a new, state-of-the-art remittance system that seamlessly integrates with all partner international Money Transfer Organizations

Remittance Volume

Branchless Banking

Almost 70% of Pakistan's population remains unbanked due to reasons such as lack of access to a physical branch network, hesitation to avail banking facilities in order to avoid Riba, stringent KYC and other requirements. Recognizing that financial inclusion of this large segment of the country's population, by giving it access to Islamic Banking, would be a major step forward in realizing Meezan Bank's Vision of establishing 'Islamic banking as banking of first choice'. Meezan Bank launched Meezan UPaisa in collaboration with Ufone, a leading Mobile Operator in Pakistan. Ufone is a wholly owned subsidiary of PTCL, which is part of the Etisalat group, UAE.

UPaisa is the first Islamic Branchless Banking product. Launched through a nationwide network of agents, this product brings Riba-free digital financial services within the reach of almost every citizen of the country.

Corporate Banking

Meezan Bank provides a full range of financial services to a large number of corporate clients including multinationals and public sector entities, by partnering with them to build long-term relationships. These services include traditional products required by the companies for managing their cash flows and trade needs as well as more sophisticated and innovative solutions for management of corporate risks and large-scale investments. By drawing on the expertise of in-house product specialists and Shariah scholars working under the guidance of its Shariah Supervisory Board, the Bank is capable of providing Shariah compliant financing solutions to meet the working capital finance, import finance, export re-finance, long-term finance and project financing needs as well as documentary credit requirements of its customers.

The Corporate Banking relationship teams work closely with Treasury, Cash Management, Investment Banking, Commercial Banking and Consumer Banking

departments to develop and deliver suitable value-added products that fulfill the diverse business needs of the Bank's corporate clients.

Despite the business challenges faced by the banking industry during the year such as low private sector credit off-take, decline in overall textile exports, decline in commodity prices and fluctuating foreign exchange rates, the Bank was able to perform well in terms of the following:

Corporate Assets

The Bank grew its corporate financing portfolio to Rs. 179 billion in 2015 against Rs. 159 billion in 2014, a growth of 13%. The focused development strategy adopted by the Bank to vigilantly build a healthy and well diversified portfolio has resulted in the corporate assets book of the Bank growing at a CAGR of 28% since 2010.

Corporate Banking Portfolio

Trade Business

The Bank's trade business performed tremendously well in 2015 in both volume and income and registered growth of 23% and 15% respectively. The overall volume in 2015 reached over Rs. 461 billion.

Trade Business

Over two-thirds of the Bank's trade business originates from corporate clients. The corporate trade business of the Bank grew to an all-time high of Rs. 317 billion in 2015 compared to Rs. 258 billion in the previous year. Over the last 5 years, this business has grown at a CAGR of 27%.

Investment Banking

Meezan Bank provides a wide range of advisory services and financing solutions including on- and off-balance sheet structured finance, project finance, syndications and Sukuk to cater to both short and long term financing needs of its clientele through Shariah-compliant modes with a team of highly qualified and experienced professionals including ACAs, ACCAs, CFA charterholders and MBAs.

The Bank advised and arranged Investment Banking deals of over Rs. 390 billion during the last 10 years and has clearly established itself as a market leader in providing Islamic advisory and arrangement services. During 2015, the Bank successfully worked on syndicated financing transactions of over Rs. 190 billion for a diverse range of clients including Sindh Engro Coal Mining Company Limited, Frontier Works Organization (M9 Motorway), Engro Power Gen Thar (Pvt.) Limited, Sui Northern Gas Pipeline Limited, Pakistan Mobile Communications Limited, Sui Southern Gas Company, Tapal Wind Energy Limited and Master Wind Energy Limited. Another key achievement during the year was the structuring and arrangement of Rs. 22 billion Rated, Listed & Secured Diminishing Musharaka Sukuk for K-Electric, which was awarded 'Pakistan Deal of the Year' by Islamic Finance News of REDmoney Group, Malaysia.

Meezan Bank's efforts in Islamic finance have been acknowledged by numerous local and international bodies. A recent accolade by the CFA Society Pakistan, declaring Meezan Bank as the 'Corporate Finance House of the Year (Fixed Income) - 2014', coupled with 'Best Sukuk House' and 'Best Islamic Investment Bank' awards by The Asset - Triple A Islamic Finance Awards 2015, are a testimony to the Bank's expertise in providing innovative structured finance solutions.

Commercial Banking (Including Small & Medium Enterprises and Agriculture Finance)

The Small and Medium Enterprises (SME) segment represents the backbone of Pakistan's economy and is a key contributor towards achieving sustainable economic growth. Meezan Bank has employed a dedicated team to cater to the banking needs of this segment of the economy.

The Bank's Commercial Banking business grew by 52% in 2015, bringing the year-end portfolio to Rs. 28.2 billion, significantly exceeding the Bank's target for this business segment. Trade business volumes for this segment also grew by 21% to Rs. 143 billion.

Although the Bank is a comparatively new entrant in the field of Agriculture Finance, disbursements of Rs. 1.25 billion in this segment also surpassed the budgeted targets. The impeding factors such as sharp decline in oil prices, sluggish commodity prices, energy shortages and industry-specific issues posed serious challenges to growth; but despite the challenges, this segment has registered reasonable growth.

Commercial Banking Assets

Commercial Banking Trade Business

The Bank cultivated several new relationships and successfully developed long-term business ties with well-reputed companies in rice, wheat, sugar, edible oil and fertilizer sectors, contributing both to the financing portfolio and profitability. The Bank worked under a strategy of diversifying the financing portfolio of this segment and avoid concentration risk.

Meezan Bank has also entered into a Vendor and Distributor Financing Program with Karandaaz Pakistan, a private company that promotes access to finance for small businesses through a commercially directed investment platform. The company has financial and institutional support from leading international development finance institutions, principally the United Kingdom Department for International Development (UKAid) and Bill & Melinda Gates Foundation. The Consultative Group to Assist the Poor (CGAP), a member of the World Bank Group, managed the start-up phase of the company and continues to provide technical support.

Objective of the Vendor and Distributor Financing Program is to provide risk capital to small and medium enterprises by providing short term and long term funded facilities to the clients, vendors and distributors of Corporate clients through cash flow based lending model. Meezan Bank is keen to facilitate small and medium size customers through this structured financing program by taking leverage from its existing Corporate Portfolio and intends to deploy Rs. 5 billion over the next two years through this program. The Bank anticipates that this program will provide healthy returns and also contribute towards the society by strengthening the small scale industries in Pakistan.

Commercial Banking Portfolio

The non-performing portion of this portfolio remained under strict vigilance and continued its downward trend, moving down to 4% in 2015 from 5% last year, indicating both an improvement in credit quality and the success of the focused monitoring and recovery efforts.

Consumer Finance

Meezan Bank is the pioneer in providing Shariah-compliant consumer financing in the country and offers various consumer asset products to its customers. These products are explained more fully below.

Car Ijarah (Auto Finance)

The automobile industry witnessed a growth of 16% during 2015 with car sales standing at 168,209 units compared to 141,418 units last year. A major reason for this increase was a high demand for Toyota Corolla which launched a new design this year. Another reason is the ongoing self-employment scheme by Government of Punjab which has resulted in growing demand for Suzuki Bolan and Ravi, both doubling their sales during the year. The reduction in financing cost due to a reduction in the SBP discount rate, further incentivized customers to avail car financing. Pak Suzuki, Indus Motors and Honda remained key industry players.

Meezan Bank is one of the top two banks in the auto finance market of the country. The Bank's auto finance business, 14 years after its launch has a portfolio outstanding of Rs. 12.1 billion with over 12,000 active contracts that comprise new, used and imported vehicles. The Bank disbursed Rs. 8.3 billion during the year, growing the portfolio by a healthy 58%.

The Bank has remained active in implementing a number of changes and improvements in the overall infrastructure, product features as well as management of the Car Ijarah business, such as enhancing its focus on cross selling, capitalizing on Meezan Bank's nationwide presence through its extensive branch network and forming new alliances with Takatuf providers.

Car Ijarah Portfolio

Easy Home (Housing Finance)

In 2015, Meezan Bank completed twelve years of uninterrupted operations in the home mortgage business. From 2004 to 2015, the Bank disbursed an aggregate amount of Rs. 18 billion to over 3,600 customers and is now among the leading national housing finance providers. As of 31st December 2015, the Bank's housing portfolio stood at Rs. 6.92 billion.

Easy Home Portfolio

Meezan Consumer Ease (Consumer Durables Finance)

The Bank has extended financing for more than 5,800 laptops and generators to individual customers and its prudent credit criteria have contributed towards a healthy portfolio. Capitalizing on its experience in this market, the Bank consolidated its position as the key player in consumer durables financing in the country by adding a comprehensive range of home appliances to its popular laptop and generator financing products, under the umbrella of 'Meezan Consumer Ease'. This is the first ever Shariah-compliant limit-based financing product introduced in the country.

Under this facility, an individual can apply for a financing limit for purchasing consumer durables. The Bank approves the total amount of financing that a customer can take. Once the limit is approved, the customer can purchase items of choice from the comprehensive range of products offered by the Bank through its approved suppliers, and repay their price to the Bank over a period of 3 to 24 months in easy instalments.

The Bank's expansion into the consumer durables market has further consolidated its position as the premier Islamic bank and has taken it yet another step closer to achieving its Vision of establishing 'Islamic banking as banking of first choice'.

Consumer Ease Cases disbursed each year

Meezan Labbaik (Hajj and Umrah Finance)

Meezan Labbaik Hajj and Umrah product was initiated by the Bank as a Corporate Social Responsibility initiative, and over the years it has gained popularity among both existing and walk-in customers. To date, more than 3,500 pilgrims have been facilitated through this platform. The Bank completed seven years of operations of Labbaik in 2015 and during the year, 314 customers performed Umrah and 246 customers performed Hajj through Meezan Labbaik's agents Dar Al Eiman and Universal Brothers.

Labbaik facilitates customers who wish to perform Hajj or Umrah through carefully selected packages of well-reputed travel agents on the Bank's panel. The Bank's role in Labbaik is that of a sales and funds collection agent.

Meezan Labbaik provides the following three options to its customers:

Travel Aasaan Upfront Plan: Customers pay the full price of the selected package upfront and travel immediately, after completion of all travel arrangements.

Travel Aasaan Installment Plan: Customers make an initial down-payment and travel immediately after completion of all travel arrangements. The remaining cost is to be paid in 12 equal monthly installments with no additional charges.

Labbaik Savings Aasaan: Customers plan to perform Hajj or Umrah at a later time, ranging from 6 months to 20 years ahead, and save to pay for the journey by saving money in a Mudaraban based deposit account that accrues profit every month.

An important addition to Labbaik in 2015 was enrollment in Government of Pakistan's Hajj Scheme, in which customers can file Hajj applications through any Meezan Bank branch and be eligible for bailout, under the Government's Hajj Scheme (conducted by the Ministry). In its first year of enrollment in this scheme, the Bank collected 17,699 Hajj applications, representing 7th position among 10 banks on the panel of Ministry of Religious Affairs and Inter-Faith Harmony. Purpose-built Hajj booths were set up in 10 cities to facilitate pilgrims.

Treasury and Financial Institutions

Meezan Bank has one of the most well-equipped treasuries in the country's banking sector, both in terms of people and systems. The Bank offers a wide range of Shariah-compliant products that not only serves the foreign exchange needs of its clients but also makes effective utilization of excess liquidity to generate profits that are paid as returns to depositors.

Meezan Bank's Foreign Exchange Trading desk is responsible for effective management of the Bank's foreign exchange risk. The Bank's Treasury is an active market-maker known for providing foreign exchange

liquidity and stability in the volatile inter-bank market. The Bank is the forerunner in the development of the Islamic Outright market, which allows effective cash flow management in a Shariah-compliant manner. Foreign Exchange Trading desk's activity enables Treasury Marketing Unit (TMU) with competitive pricing which in turn results in generating generous foreign exchange flows. Competitive pricing is also one of the major reasons Meezan Bank has been so successful in boosting its overall trade business. With the rapid growth of the Bank, its trading desk has started facilitating other inter-bank counterparts in hedging their G7 exposure.

The Dollar-Rupee exchange rate saw high volatility during the year, however, the Foreign Exchange Trading desk at Meezan Bank was instrumental not only in managing the Bank's exchange rate risk in a prudent and profitable manner, but also contributing to the national interest by bringing stability to the rates. The trading desk facilitated the Bank's clientele in times of extreme rate uncertainty through lean and aggressive pricing provided to Treasury Marketing Unit. This has helped not only in retaining existing business, but has also boosted the overall Trade volume of the Bank.

Treasury Marketing Unit has consistently contributed to non-funded income through its excellent salesmanship, aggressive pricing and customer-centric focus, and the year 2015 was no different. The year proved to be a tough one because of the exchange rate movement, but TMU was successful in bringing new clientele to the Bank while retaining the existing customer base. There were a number of big ticket items dealt at TMU desk including both spot and forward of OMCs, telecom companies etc. This year there was further refinement in the product guidelines for Bai Salam through concerted efforts with the SBP, which has greatly helped addressing the needs of clients. TMU has greatly increased its sale of Fixed Income securities, i.e. GOP (Ijarah Sukuk), and in doing so, has created greater awareness of Islamic instruments in the minds of customers.

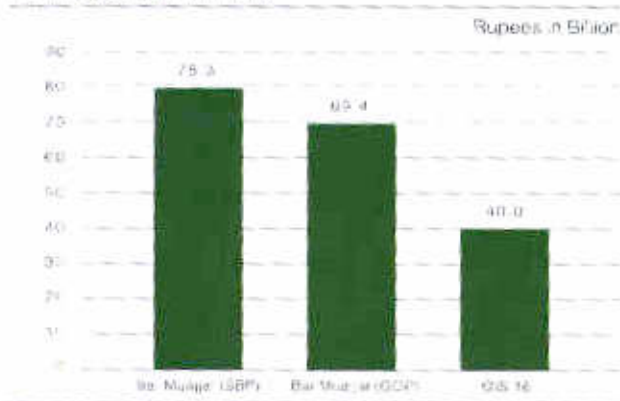

Asset and Liability Management (ALM) desk of the Bank is responsible for managing the Bank's liquidity as well as asset and liability mismatches. This unit has been instrumental in maintaining the growth as well as profitability of the Bank by prudently locking the liquidity for longer tenure at market prevalent rate. The discount rate reduced by 300 bps during the year; however, ALM was successful in deploying the liquidity under Bai Muajjal with SBP and other banks for tenure of one year at the onset of 2015.

ALM was also able to defer its Government of Pakistan Ijarah Sukuk (GIS) maturity of approximately Rs. 69 billion for one year through Bai Muajjal with Government of Pakistan (GOP). Through deferment of GIS, the Bank was able to avoid the shortfall in Statutory Liquidity Requirement (SLR) and lock-in the profit rate on the Bai Muajjal with GOP.

Issuance of risk-free Shariah-compliant government securities remains a challenge, and going forward, it is expected that more assets will be allocated by the Government for Sukuk issuance, hence developing a level-playing platform for the Islamic banking industry.

ALM Investment Portfolio

The Bank improved the guarantee-issuing process being followed by its Financial Institutions and Correspondent Banking unit, reducing its overall turn-around-time and making it more attractive for foreign banks to choose Meezan Bank for their guarantee transactions in Pakistan. Relationships were also established with robust financial institutions which strengthened the Bank's goodwill in the market.

The Bank also enlisted the nascent Takatul windows of conventional insurance companies on its approved panel, enabling its customers to avail Shariah-compliant insurance solutions from reputable companies in the market for their general insurance needs.

Correspondent Banking Network

The Bank's Correspondent Banking network grew to 389 banks. This large network has strengthened Meezan Bank's presence internationally and enables it to provide banking support to its customers across the globe.

AI Meezan Investment Management Limited

Asset Management

The asset management business of Meezan Bank is managed by its subsidiary, AI Meezan Investment Management Limited (AI Meezan). The company has been in operation since 1995 and has one of the longest and most consistent track records among private sector companies managing mutual funds in Pakistan. It also has the distinction of being the only asset management company in Pakistan with the exclusive mandate of providing Shariah-compliant investment solutions to its investors. Apart from asset management, AI Meezan is also licensed to render Investment Advisory Services and manage Voluntary Pension Schemes.

In 2015, AI Meezan completed 20 years of Fund Management operations. The company has always focused on serving its clients with professionalism and service excellence. This is evident in the fact that over two decades, AI Meezan has managed to develop a healthy investor base of around 39,000 customers who have entrusted the company with providing them unique investment options and competitive returns.

Since its inception, the company has grown considerably and has recorded to its credit multiple achievements. With Assets Under Management (AUMs) crossing Rs. 66 billion in December 2015, AI Meezan is the largest private sector asset management company of the country. Its AUMs represent around 14.6% of the total mutual funds industry and 55.2% of the Shariah-compliant mutual funds industry. AI Meezan has the distinction of managing the largest private sector equity fund and the largest Voluntary Pension Fund in Pakistan.

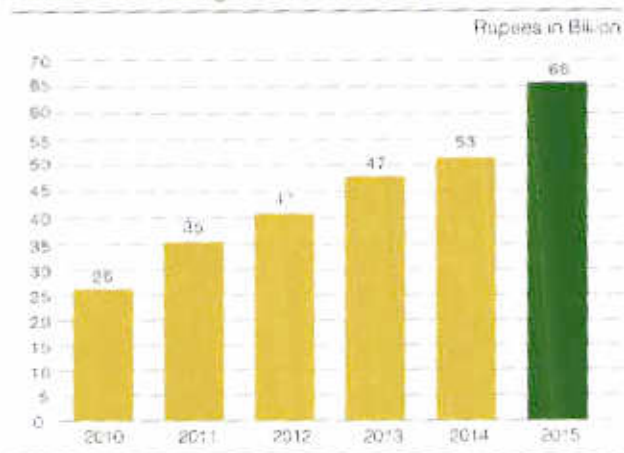

AI Meezan also received multiple accolades during 2015 as detailed below:

- Best Islamic Asset Management House of the Year' award by The Asset Triple A Islamic Finance Awards 2015
- 'Best Investment Management Company Pakistan 2015' award by Wealth & Finance International
- 'Meezan Islamic Income Fund won best Fund performance over 5 years by Lipper Fund Awards
- 'Best Islamic Asset Management Company - Pakistan', 'Best Shariah Compliant Asset Management Company - Pakistan' and 'Best Discretionary Portfolio Manager - Pakistan' by APAC Insiders Investment Awards 2016

In light of AI Meezan's performance, the company was awarded the highest Management Quality Rating in the industry of AM2+ by JCR-VIS Credit Rating Company.

AUMs of AI Meezan have recorded an average annual growth of 20.3% during the last five years. Yearly growth of Assets under Management by AI Meezan is presented next in graphical form.

Funds Under Management of Al Meezan

The Product Development team at Al Meezan works proactively to introduce new Shariah-compliant investment structures while the Product Development and Shariah Compliance team of Meezan Bank ensures Shariah-compliance of funds under management of Al Meezan.

During the year Al Meezan successfully launched Meezan Gold Fund (MGF), the country's first ever Shariah-compliant commodity fund which trades in physically-deliverable gold-based contracts. Moreover, two additional plans, namely Meezan Asset Allocation Plan - I (MAAP-I) and Meezan Asset Allocation Plan - II (MAAP-II) were introduced during the same period that have generated considerable investor interest and enthusiasm. These plans utilize a dynamic asset allocation strategy which aims at providing lucrative returns to unit holders over a predefined investment horizon.

The company's product offering was further enhanced through the launch of multiple Savings Plans, which provide an added incentive of Takaful coverage to investors. Furthermore, Al Meezan continued its commitment as a responsible corporate citizen by engaging in Corporate Social Responsibility (CSR) initiatives such as joining hands with The Indus Hospital, Karachi to launch Meezan Indus Hospital Support Plan (MIHSP) during 2015. This CSR initiative is the first of its kind by any asset management company in Pakistan and aims at facilitating the philanthropic health care institute in providing state of the art medical facilities for the underprivileged sections of the society.

A recent addition to the product portfolio includes a series of Asset Allocation Plans, and so far three such plans have been launched. Additionally, a dedicated Asset Allocation Fund is also in the pipeline.

The fund-wise break up of assets under management along with return on these funds since inception and for calendar year 2015, are as presented next:

Operations Review

For an organization to deliver products and services which consistently meet the demands of its customers, it needs to have an efficient support functions infrastructure. At Meezan Bank, the support units work together to ensure that all transactions undertaken by the Bank are in accordance with the directives of its Resident Shariah Board Member and the Shariah Supervisory Board (SSB) as well as with the Bank's Policies and Procedures. Following is a brief introduction of the support units and their role in the organization.

Service Quality

The Bank has a dedicated Service Quality department which is a centralized unit composed of a dedicated team of individuals who ensure that quality in service is delivered and maintained uniformly at all levels throughout the Bank's network. A comprehensive set of service benchmarks are in place against which actual performance is measured. Continuous improvement in service delivery is an on-going process and is an integral part of the Bank's culture.

The Bank has robust Internal Service Measures (ISMs) in place to ensure uniformity in service delivery across the organization. ISMs help evaluate the performance of Branches and Head Office departments on a common and clearly defined scale. The Bank also uses evaluation techniques such as mystery shopping, customer satisfaction surveys and surprise visits by the Service Quality department staff. These activities are carried out to obtain an unbiased picture of the Bank's overall performance and provide feedback for improving the Bank's service culture to ensure that the standards of service that have been defined internally are being met. Special attention is given to obtaining customers' feedback about the various products and services of the Bank. This feedback enables the Bank to fine-tune its offerings to better suit the customers' needs.

The Bank also has a Centralized Complaint Investigation and Management Unit (CCU) that handles customer queries and problems and ensures that complaints are addressed within strictly monitored timelines. The Dispute Resolution Unit, an addition to CCU, has been established to ensure that all transaction disputes are handled fairly and efficiently.

Information Technology (IT)

Meezan Bank maintains a strong focus on using technology to improve operating efficiencies, reduce its operational costs and improve the customers' banking experience. During 2015, the Bank's various technology-related initiatives enabled its business segments to launch several new products and services, while at the same time reducing the system's vulnerability to external threats and ensuring a very high degree of system availability. A few prominent initiatives are mentioned below:

Disaster Recovery Readiness and Testing

The Bank conducted several Disaster Recovery (DR) drills at regular intervals to ensure that its DR plan works seamlessly and the operational readiness of the Bank does not get compromised in a disaster-scale contingency. The objective of these drills is to ensure that the Bank can continue 'business as usual' even in case of a disaster, with minimal downtime and as per the Disaster Recovery Policy of the Bank. The Disaster Recovery plans of the Bank comply with the requirement of State Bank of Pakistan.

Project Management Office

The strategic initiative of establishing a Project Management Office (PMO) was rolled out during 2014. The PMO is a centralized body for planning, monitoring and controlling projects-based initiatives within the organization. PMO acts as a central coordinator between the various stakeholders, project sponsors and senior management to ensure successful implementation of complex and time critical projects. Establishment of the PMO proved to be a good initiative since the PMO contributed towards successful and timely implementation of several important internal projects.

Intranet Portal

The Bank's Intranet Portal, Meezan World, is an important tool that has enhanced staff engagement by providing a platform to collaborate, access and share information.

The portal is gradually establishing itself as a useful resource within the Bank. One important contribution of the portal this year was that it became the central repository for all policy and procedure documents within the organization, providing easy access to updated and current policies and SOPs. The portal also serves as a popular platform for sharing both local and international news and information about the financial industry.

Certain business workflows have also been implemented through the portal, improving the efficiency of the processes by making them paperless and improving process turn-around-time by eliminating physical movement of documents.

Meezan Bank's plans towards digitization

The use of technology has had a profound effect on the way organizations do business. Consumers are adapting to the use of digital technologies in many aspects of their daily lives, like booking flights and holidays, buying books and household items, and increasingly shopping for groceries and other goods via digital channels. Once a credible digital banking proposition exists, customers quickly adapt to it. With more and more customers getting tech-savvy and experiencing the benefits and convenience of digital commercial transactions, the importance of banks providing their products and services to customers through digital channels becomes increasingly critical.

Meezan Bank employs the use of technology to facilitate customers in conducting their banking transactions, enhancing its customer outreach and improving its internal processes and workflows. Towards this end, the Bank has worked on various initiatives and continues to explore new technology-based propositions to improve the quality of its customers' banking experience, thus enhancing its competitive advantage.

Product Development and Shariah Compliance (PDSC)

Meezan Bank has a very strong focus on ensuring that all its products, services, processes, policies and procedures are fully compliant with Islamic Shariah. To be able to continually meet this objective, a dedicated unit named 'Product Development and Shariah Compliance' (PDSC) was formally established in 2005. This department also provides a centralized hub for innovative research and product development activities, finding practical and Shariah-compliant solutions for different financial needs, Islamic banking trainings and Shariah-compliance exercises. PDSC works under the guidance and direct supervision of the Bank's Resident Shariah Board Member, Dr. Muhammad Imran Ashraf Usmani and the Shariah Supervisory Board (SSB) of the Bank. The department carries out diversified functions which include:

- Facilitating new research and product development activities
- Refining existing products and procedures
- Providing Islamic banking trainings to new and existing staff members
- Conducting regular Shariah reviews of branches and departments
- Coordinating with the Bank's Shariah Supervisory Board
- Facilitating learning programmes of Islamic banking at universities and business schools

The Bank has achieved such success and recognition in its research and product development activities that the practices and procedures adopted by Meezan Bank are largely accepted as the benchmarks of Islamic banking industry, not only locally but also internationally.

Product Development and Structuring

The Bank has a dedicated product development and structuring team that works with clients, Shariah scholars, lawyers, law firms and accountants to develop client-specific solutions to enable clients to obtain Shariah-compliant financing facilities. More than 2,000 such cases were processed during the year. The Bank's staff also visited over 180 clients to gain hands-on understanding of their business processes so as to develop Shariah-compliant financing solutions that suit the customers' needs.

Detailed guidelines were developed for converting foreign Import Murabaha procedure into Import Musawamah in order to bring it in line with the directives of the Bank's Shariah Supervisory Board. Refinements in pricing mechanism of Running Musharakah product were also made to make the product more convenient for the customers. The process of taking delivery of goods in istisna transactions was also modified as advised by the Shariah Supervisory Board.

On the corporate banking side, the Bank continued its efforts to increase Shirkatul Aqd-based financings, as a result of which the quantum of Running Musharakah transactions continued to rise and the total Running Musharakah financing at year-end stood at approximately Rs. 48 billion, which is now 23% of the Bank's total financing portfolio. A sample of major financing solutions developed by the product structuring team is as follows:

- Provided Running Musharakah-based solution to support wheat purchase operations of Punjab Food Department and supported other food and commodity purchasing government entities such as TCP, PASCO etc. through different products and services
- Worked on 18 syndicated/structured transactions involving hybrids of various structures such as Ijarah, Diminishing Musharakah, etc.
- Developed a hybrid product structure to finance the coal mining operations of Sindh Engro Coal Mining Company in Thatta
- Provided structured finance solutions for establishment of wind and coal power generating units for Engro Powergen, FFBL Power Company Limited, Master Wind Energy Limited etc.
- Supported the infrastructure development activities of the Government by working on a structured syndicated solution for financing development of M9 Motorway

Meezan Bank's Contributions Towards the Islamic Banking Industry of Pakistan

Meezan Bank structured the first ever Bai Muajjal transaction with Ministry of Finance amounting to over Rs. 180 billion. The Bank also played a leading role in structuring and documentation for issuance of GOP Ijarah Sukuk over Jinnah International Airport worth more than Rs. 300 billion. These two initiatives helped the industry in addressing its liquidity issues.

Apart from the above mentioned special projects, Meezan Bank continued to play an active role in coordinating with the State Bank of Pakistan for various

matters pertaining to the industry such as the launch of Islamic Benchmark Rate, launch of Islamic LTTF Scheme, launch of Islamic Discount window, development of Shariah Governance Framework for the Islamic Finance industry and revision of Islamic Export Refinance scheme. The Bank's President and the Resident Shariah Board Member, both being members of the Prime Minister's Steering Committee for Islamic Banking and Finance, played an important role in suggesting strategies and action points for development of the industry.

Internal Training

Meezan Bank runs a rigorous training plan for its staff to enhance their knowledge and skills about Islamic banking. The learning initiatives include basic Orientation for all new staff, specialized functional modules on various business products and processes, Certificate programs on Islamic banking as well as refresher programs. During the year more than 120 sessions were held where knowledge pertaining to Islamic banking was extended to more than 2200 employees of the Bank. Apart from the routine training sessions such as Islamic Banking certification, Six Days Advance level courses on Islamic finance and refreshers on various Shariah-related topics, the Bank also arranged special sessions for function-specific teams to enhance the understanding of Islamic banking products and working policies.

External Training

(Customer & Public Awareness Initiatives)

Meezan Bank regularly arranges public awareness events on Islamic banking across various cities and in various institutes of Pakistan. This year, the Bank organized over 40 knowledge dissemination sessions in 20 cities, benefiting over 5,500 people and also supported institutions such as Centre for Islamic Economics (CIE), SBP and National Institute of Banking and Finance (NIBAF) in conducting Islamic banking training sessions. Staff of Meezan Bank taught Islamic banking courses and degree programs at different institutes, including IBA-Karachi, Sheikh Zayed Islamic Centre and Commerc, as their personal contribution towards spreading knowledge about Islamic finance.

The Bank also provided support to Journal of Islamic Banking and Finance to revamp the journal's positioning as one of the most referred journals of Islamic Finance in the world and was actively involved in improvement of quality in all publications of the journal during the year.

The Bank executed MoUs during the year with IBA, LUMS and IMSciences to establish Centres of Excellence in Islamic Finance under the guidance of State Bank of Pakistan. Areas of collaboration include curriculum revision and development, jointly arranged executive trainings, joint research on Islamic finance and human capital development.

Shariah Audit & Islamic Financial Advisory

Shariah Audit

Meezan Bank has a Shariah Audit function in place to ensure that all its operations are carried out in compliance with Shariah rules and principles as prescribed by the Shariah Board, Resident Shariah Board Member and State Bank of Pakistan, as well as to ensure that the system of internal Shariah controls is conceptually sound and effectively implemented. To ensure efficiency of Shariah controls, the Shariah Audit function focuses on the following areas.

- Evaluation and assessment of Shariah control systems in place
- Identification of Shariah-compliant returns; eradication of non-Shariah-compliant income, if any
- Assessment of employees' understanding of general Islamic banking principles and Bank's products
- Conducting on-site training sessions with staff to enhance their Islamic banking knowledge; training sessions on 'How to improve Shariah Audit rating' were also conducted at branches across the country
- Evaluation of Treasury operations on an ongoing basis to help ensure Shariah-compliance
- Conducting monthly reviews of pool management, profit calculation and distribution process
- Implementation of Quality Assurance and review to bring best practices and standardization to Shariah Audit activities

Islamic Financial Advisory

Meezan Bank regularly facilitates banking and non-banking financial institutions, including mutual funds, stock exchanges, Takaful companies and other corporate entities, both locally and internationally, in developing Shariah-compliant products for their business needs.

In the area of Capital Markets, the Bank launched the KMI All Share Index in collaboration with Karachi Stock Exchange (KSE), State Bank of Pakistan (SBP), Securities & Exchange Commission of Pakistan (SECP) and Mutual Funds Association of Pakistan (MUFAP).

The Bank offers distance learning programs on Islamic Finance to external professionals and students through an internally established unit 'International Institute of Islamic Bankers' (IIIB) - Pakistan's first institute accredited by Finance Accreditation Agency (FAA), Malaysia. This unit's flagship course 'Certification in Islamic Banking and Finance' is a four month e-learning certification program comprising of a practical case study-based interactive course, designed by experienced industry professionals and endorsed and supervised by the Bank's Resident Shariah Board Member, Dr. Imran Ashraf Usmani. The Bank plans to introduce further courses on Shariah Audit and Islamic Capital Markets which would add to the technical knowledge and capabilities of industry professionals and would pave the way for further growth and development of the Islamic financial system in Pakistan.

Human Resource

Meezan Bank has been expanding at a fast pace for more than a decade, and this expansion poses unique challenges in attracting and retaining quality human resource. Being fundamentally different in its Vision from conventional financial institutions, a significant aspect of Meezan Bank's talent acquisition practices is the selection of not just the most technically proficient individuals but also those who have the indispensable quality of understanding and internalizing the cultural imperatives and ethos of the organization.

The Bank launched an extensive recruitment and training initiative, targeting both seasoned professionals and fresh talent. As a result of this exercise, staff strength of the Bank, net of attrition, grew by 16% in 2015.

Headcount at a Glance

Meezan Bank has always focused on process improvement in all areas of its operations. The conventional recruitment approach was therefore altered to meet staffing needs at a high speed and the initiative of recruitment through social media was launched since it has the intrinsic characteristics of time and cost effectiveness. Consequently, numerous key positions were filled through this approach.

The Bank ran on-campus recruitment drives across the country, which resulted in induction of quality talent from some of the country's best business schools.

Joinings During 2015

Learning and Development

The Bank provides learning opportunities to its staff through in-house, external and international training programs to improve their knowledge and skills. The Bank has four dedicated learning centers located at Karachi, Lahore, Islamabad and Multan where learning sessions are conducted round the year under an organized learning calendar developed to address the learning needs of the staff at each Region. In addition to classroom-style learning facilities, the Bank also has mock branches at Karachi, Lahore and Islamabad where technical training programs are conducted on a regular basis. The Learning facilities are also equipped with libraries which help employees stay abreast of developments in the field of banking. The Bank has also employed a robust Distance Learning System through which video-based training courses are rolled out to the staff who can complete them from either home or office.

During the year, a total of 400 in-house learning programs were conducted, benefiting 12,809 learning participants encompassing 732 learning days. Similarly, 124 external local and international learning opportunities were provided to the Bank's staff, benefiting 282 participants encompassing 587 learning days. Four full-length video courses and two knowledge testing initiatives were rolled out on the Distance Learning System. Additionally, more than 10 short videos about various products and services were also rolled out to augment the knowledge of the staff.

Learning Volume - Subject wise

In order to keep pace with the Bank's exponential growth rate, the need to hire and train fresh graduates in line with the best global practices has been a high priority of the Bank. Banking Service Officers (BSO), who represent a major portion of branch-banking staff, were hired and trained through rigorous classroom and on-the-job learning programs and placed at branches across the country as well as in departments at the Bank's Head Office.

Training at Meezan Bank - 2015 vs. 2014

The Bank rolled out the third program of its Summer Internship initiative in which students from highly reputable universities were taken on-board and given specific, project-based assignments at the Bank as a part of the internship program of their respective universities.

Meezan Bank is always on the lookout to implement the latest technology to improve its processes. This year, the Bank implemented OMR (Optical Mark Recognition) to automatically grade thousands of written tests taken during training sessions, instead of grading these manually. This process saved hundreds of man-hours and enabled the Bank to include knowledge testing with all its major training programs.

Operations

Meezan Bank's Operations department works as a partner of all business units and is responsible for end-to-end operations of Retail Banking, Trade Finance, Credit Administration, Centralized operations, Debit Cards, Cash Houses, Treasury and Capital Market operations, Mutual Funds, Reconciliation, SWIFT and Central Bank Reporting. The primary function of the Operations department is to ensure that all transactions are accurately processed in line with Bank's internal policies, procedures and SOPs as well as Shariah guidelines, SBP regulations and all related legal requirements. Proper alignment of operations capabilities with overall organizational goals and objectives has a significant impact on business performance, and consequently, on competitive strength. Cognizant of this fact, Meezan Bank has developed its Operations function into a strong, resilient and effective business partner for revenue generating functions, thus providing the needed impetus to its efforts of establishing Islamic banking as banking of first choice. To achieve this end, the Bank has focused on continuous reengineering of policies, procedures, service level agreements and turnaround time (TAT), thus enhancing operational efficiency and improving effective utilization of resources.

A major milestone achieved by Meezan Bank in 2015 was the successful launch of Online Account Opening Form. Meezan Bank is the first bank in Pakistan's banking industry to provide this facility. Through this initiative, individuals can fill an online form, providing

the information required for opening an account with the Bank. A subsequent visit to the branch is then required only to complete the final formalities. The purpose of this facility is to ease the customers' interaction with the Bank, and is ideally suited to capture the younger generation's interest which has adopted internet as a lifestyle. The system in place allows for faster processing times, greater accuracy and lower costs due to automated processing, and further enhances Meezan Bank's image as one of the leading banks in the country.

Marketing & Corporate Communication

The Bank launched several initiatives focused on enhancing its brand image, increasing its visibility to existing and potential customers and highlighting the various milestones that it achieved during the year.

Key Marketing Campaigns

The marketing campaigns listed below utilized Press, Radio and Social Digital Media.

- **Corporate TVC** campaign during ICC Cricket World Cup 2015, which was one of the most viewed events in Pakistan
- **Riba se Azaadi** campaign during Ramadan to emphasize the importance of banking without Riba
- **Performance of 2015** - highlighting the 500 branches milestone and the position of 7th largest bank in the country
- **Awareness campaign** about Free Takatuf coverage for all account holders

Major Marketing and Public Relation Activities

- The Bank sponsored and participated in more than 25 public events nationwide that provided excellent marketing mileage and increased its brand visibility among general public.
- The Bank continued its initiative of designing and producing informative calendars for distribution to its existing and potential customers. This year the Bank printed its calendars in English as well as in Urdu in order to facilitate customers of those areas of the country where Urdu is the more common medium of exchange. This calendar is also made available in digital form on the Bank's website.
- Interviews of the Bank's senior management team were arranged in print and television to promote understanding about Islamic banking among the general public.
- The Bank has adopted the practice of distribution of Ramadan cards instead of the conventional Eid cards in order to highlight the importance of this holy month.
- The Bank regularly disseminates information to its customers and general public about its achievements as well as business and operational milestones through official Press Releases in print, electronic and social media channels as well as covering them for internal and external audience through its official newsletter - PAGES and its intranet portal 'Meezan World'.
- The Bank's Annual Report is also a comprehensive document which comprises of financial highlights and accomplishments of the past year. The reporting format complies with the guidelines laid down by Institute of Chartered Accountants of Pakistan (ICAP) and Institute of Cost and Management Accountants of Pakistan (ICMAP).

Corporate Social Responsibility

As a socially responsible organization, Meezan Bank believes in creating value for its stakeholders and society simultaneously, in a manner that is integrally linked to its values and the Islamic principle of Ihsan. The Bank recognizes that it is a part of the community at large and that there is a strong need to contribute to the society and support those in need, be it on financial or non-financial basis. Throughout 2015, the Bank partnered with various organizations to design and implement initiatives, primarily in the healthcare and education sectors, benefiting the society.

Education

The role of education as the key to progress, for both individuals and the country, is indisputable. The benefits of good quality education are visible at individual as well as societal levels as these lay the foundation of success for future generations. Meezan Bank's focus on providing quality education to the youth has rooted itself firmly as an extension of its values and as part of its business strategy. Organizational partnerships and initiatives such as National Talent Hunt Program have consequently integrated education into our CSR programmes.

Three of our most recent and also the most ambitious projects are mentioned below:

Centers for Excellence in Islamic Finance at Lahore University of Management Sciences (LUMS), Institute of Business Administration (IBA) and IMSciences (Peshawar)

Lahore University of Management Sciences (LUMS), Institute of Business Administration (IBA) and IM Sciences are among Pakistan's leading private sector institutions. Meezan Bank entered into cause-related partnerships with these institutions in order to help foster the learning and development of Islamic banking and finance across the country through the support to their newly established Centres for Excellence in Islamic Finance. With an altruistic motivation to support the cause of Shariah-compliant banking services and awareness about them, these collaborations focus on various joint activities including development and launch of training programs on Islamic banking and finance, co-authoring of case studies and research papers and participation of Meezan Bank's employees as guest speakers in executive programs at these educational institutions. This contribution plays an instrumental role in the promotion of ethical practices across the country, as we aim to equip students with adequate Islamic knowledge and professional skills.

IBA National Talent Hunt Program

Meezan Bank's partnership with Institute of Business Administration (IBA) for the National Talent Hunt Program to select meritorious, yet needy students of various Intermediate Boards of the country entered its seventh successive year in 2015. Meezan Bank facilitated IBA in the selection process by providing its branches as well as its talent management resources (HR) for interviews at provincial and federal capitals of the country. A total of 25 students were selected and given admission in IBA out of the 68 students who were shortlisted following the Orientation Program and Admission Test.

Healthcare

Meezan Bank strongly supports individuals' right to access quality healthcare irrespective of income level. The Bank has partnered with several not-for-profit health organizations, aiming to reinforce its commitment to

sustainability and responsibility to the social environment it operates in. Through these partnerships, the Bank aims to play a role in not only providing healthcare access to all but also raising the standards of healthcare.

The Indus Hospital

Since its inception in 2005, the Indus Hospital has been running an unparalleled and unique health care business model, whereby it provides premium healthcare at no cost at all to low income populations. Meezan Bank supported the Indus Hospital by holding a voluntary Blood Donation Drive at Meezan House, the Bank's Head Office, under its Corporate Social Responsibility (CSR) initiatives in which large number of staff members of the Bank from both the Head Office and the branches participated with great enthusiasm.

The Bank has signed a Memorandum of Understanding with Indus Hospital under which Meezan Bank would support Indus Hospital in its Zakat collection drive. Additionally, in order to help their financial donation drive, the Bank is now the custodian for their donation deposit boxes which have been placed at major Meezan Branches. The amount collected from these collection boxes is directly deposited to these organizations' main collection accounts through Meezan Bank's free online banking service.

Shaukat Khanum Memorial Cancer Hospital

Shaukat Khanum Memorial Cancer Hospital and Research Centre has established itself as a center of excellence providing comprehensive care, free of cost, to thousands of cancer patients in Pakistan. Meezan Bank joined hands with the SKMCH in 2010, when an MOU was signed, whereby the Bank has placed collection boxes in all Meezan Bank branches within Sindh and Baluchistan. Under this agreement, the collected amount is directly deposited to the hospital's main collection account through Meezan Bank's free online banking service. The initiative has shown extremely positive results as the collection from these boxes has increased significantly, especially in those areas where the hospital did not have prominent presence or donation collection channels.

Sind Institute of Urology Transplant

SIUT is a one-of-its-kind center for kidney transplantation in Pakistan and has been providing free medical treatment for kidney and liver diseases to patients, predominantly from the rural and poorer urban strata with virtually no access to medical facilities. SIUT's extensive facilities, which house state-of-the-art equipment, enable them to provide free treatment to Pakistanis. Meezan contributed to SIUT by raising their awareness amongst the Meezan Bank customer population through information leaflets and banners strategically placed within the branches.

Sustainability Report

As Meezan Bank continues to grow as a nationwide leader in Islamic banking, it stands aware of its responsibility for developing and implementing sustainable business practices that fully meet the expectations that the society has from a responsible corporate citizen. Meezan Bank's consciousness of its responsibility towards society and stakeholders is also expressed in its Vision and Mission statements.

Stakeholders

Meezan Bank's stakeholders are the people and organizations that affect or are affected by its operations. Organizations do not operate in isolation from society and the Bank's stakeholders have a legitimate interest in the way it operates.

Stakeholder Engagement

Stakeholder relationships are long-term relationships which should be handled professionally and with sincerity. Meezan Bank engages its stakeholders through numerous channels, while maintaining focus on its Mission to optimize 'stakeholders' value through an organizational culture based on learning, fairness, respect for individual enterprise and performance.

Institutional Investors

Meezan Bank holds regulatory and internal meetings with its Institutional Investors in the form of Board of Director meetings and Board Committee meetings, which are planned and announced on a periodic basis.

Shareholders

Shareholders engagement is ensured through Annual General Meeting held every year, which all shareholders are invited to attend. This meeting provides the Shareholders an opportunity to interact with the Bank's senior management and share their suggestions, concerns and views.

Customers & Public

Meezan Bank's customers include individual and corporate depositors, large corporations as well as Small & Medium Enterprises. The Bank ensures that all customer

segments are engaged through numerous forums and via multiple channels. To achieve this, the Bank regularly conducts a number of activities during the year for its customers as well as the general public, such as Islamic banking seminars, workshops, local get-togethers on new branch openings and occasion based activities.

- **Islamic Banking Seminars & Workshops** are conducted across the country on a regular basis in order to enhance awareness and dispel common confusions about Islamic banking. As the nation's premier Islamic financial services provider, Meezan Bank is well-positioned to provide Islamic financial expertise to diverse segments and thereby promote the cause of Islamic banking as a whole. The Islamic banking seminars and workshops are open-to-public local events that are attended by residents and traders of the locality as well as members of local trade bodies and chambers. The Bank strives to familiarize people with the key concepts of Islamic finance. The seminars serve to increase the range of benefits for the customers by giving the staff of Meezan Bank an opportunity to interact, understand and get feedback from them for further improvement of Meezan Bank's products and services. In 2015, around 40 Islamic banking seminars and workshops were conducted nationwide that were attended by 5,500 participants.
- **Branch Opening Events** offer another opportunity where all staff of a new branch meet the residents and businessmen of the locality. This event adds value by giving a jump-start to the business activities as well as giving the potential customers an opportunity to meet the new branch team and start developing a better understanding of the concepts of Islamic banking and the products and services that Meezan Bank offers.
- **Independence Day Celebrations are hosted across the country** including the Bank's Head Office, Branches and Regional offices. Customers are invited with their friends and families to visit their branch and interact with branch staff. These events further emphasize the inculcation of positive image-building in our children as well as giving Meezan Bank's staff the opportunity to connect with customers and their families, hence strengthening the Bank's relationship with its customers.

Employees

Meezan Bank values its human resource as its most valuable assets. The Bank aims to foster a relationship of trust and loyalty among its employees by building a myriad of potential exchange relationships that encourage a sense of camaraderie with the organization. Meezan Bank uses various means to ensure that its employees stay motivated and committed to the cause of Islamic banking and are groomed to develop into better professionals as well as productive members of the society. Some of the initiatives undertaken by the Bank for its staff are:

- **Employee Satisfaction Survey**

This survey is an on-going practice and is conducted on a nationwide basis every year to gauge employees' level of job satisfaction. The Bank considers this as an important source of management information to drive initiatives for improved performance and innovation.

- **Appreciation of Achievements**

Academic and professional achievements are milestones in an individual's career. Meezan Bank acknowledges the outstanding performance of its team members in order to boost employee morale and to create a positive work environment. The Bank recognizes its employees and teams via internal email circulations and publication in Meezan Bank's quarterly newsletter. It also follows the practice of making the published research work of its employees available to all staff in electronic form. Additionally, the Bank distributes service awards on yearly basis to staff members who complete 5 and 10 years of service.

- **Staff get-togethers**

The Bank supports a culture of valuing and appreciating its staff and makes efforts to ensure that their quality of working relationships is improved through regular interactions in the form of staff gatherings at both local and regional levels. Keeping up with the aim of finding an improved fit between its employees' needs and organization's benefits, the senior management team of Meezan Bank held four days of discussions in its offshore strategy meeting during 2015. The meeting, in addition to providing a venue for exchange of creative ideas also proved to be an effective team-building initiative.

The Bank also organized a Family Day at its Head Office for employees and their families in an effort to encourage positive relationship building between the Bank, its employees and their families. This first-of-its-kind event attracted more than 500 participants including employees and their families who took part in various activities at the event.

The Consumer Business units of Easy Home and Carjarah organized the third Consumer Conference at a

hill station in the North Region to celebrate its achievements, develop future business strategy and to review internal service measures to achieve high standards of customer service.

- **Bank's Intranet Portal**

The Bank considers effective internal communication as a prerequisite for its success and strives to nurture mutually beneficial relations between its employees and the organization. Keeping up with this aim of empowering collaboration and boosting productivity among the employees, Meezan Bank has become the first bank in Pakistan to launch a comprehensive intranet portal - Meezan World, based on the latest platform of IBM WebSphere and IBM Connections. The Portal has the capacity to build workflows, facilitate project & document management, initiate discussions and also serve as Business Continuity Planning tool, allowing employees to work from any Meezan office, in case of an emergency.

Internal & External Communication Channels

The Bank disseminates information about its various achievements, activities and initiatives to the external world by engaging internal staff and external stakeholders through the Annual Report, regular Press Releases, publication of the quarterly newsletter-PAGES, direct customer communications and social media channels. The Bank also engages customers by arranging its visibility and accessibility on public discussion forums, seminars and electronic & print media.

Recruitment & Succession Planning

Meezan Bank aims to strengthen its capabilities and secure customers primarily through recruitment of skilled professionals. The Bank believes that a sustainable and resilient organizational hierarchy forms the foundation for sustainable growth. Meezan Bank's Human Resources department is a key player in developing policies for retaining and managing human capital at the Bank.

The recruitment process is transparent and is detailed in the Human Resource Manual accessible to all staff via the intranet. Meezan Bank uses, where applicable, all available media for job advertisement as part of its recruitment process, including the Bank's corporate website, social media channels: Facebook & LinkedIn, and print advertising in prominent local newspapers. The Bank's management encourages existing employees to apply for vacant positions to allow staff to grow professionally. Towards this end, internal searches are conducted to fill vacant slots within the organization as well.

In 2015, the Bank recruited staff through batch hiring across the country for the positions of Branch Service

Officers who are responsible for managing day-to-day operational tasks in the branches. All the batches were hired under a transparent and merit-driven process.

The department also ensures implementation of the Bank's succession planning. The policy and procedure for design and implementation of succession planning is anchored by the Bank's top management and facilitated by the HR department. Successors are identified on the basis of their potential as well as their performance and experience.

Employment of Special Persons

Meezan Bank embraces diversity and fully realizes its societal responsibilities as a corporate citizen. The Bank operates under its corporate philosophy of providing merit-based support to people with disabilities, providing them livelihood and self-reliance opportunities. The Bank has hired people who face challenges such as lack of speech, inadequate or no hearing and physical deformity. These persons have been placed in jobs where they can be productive despite the challenges they face.

Learning & Development

Staff Training

Meezan Bank offers an extensive range of training opportunities to employees for their professional development. Training includes technical training courses and workshops as well as specialized soft skills trainings.

- The internal learning programs are managed under an organized learning calendar through a large pool of internal trainers whereas externally offered opportunities are used for developing and enhancing specialized technical as well as soft skills.
- The Bank has created mock branches at Karachi, Lahore and Islamabad for providing training on the T24 Core Banking system as well as Microsoft Excel, Word etc. The mock branch at Karachi is also equipped with an ATM for hands-on ATM-related trainings. The mock branches enable the staff to get trained in a simulated branch environment to equip them with the practical elements of their day-to-day core banking systems related work.

Health & Recreation

Meezan Bank demonstrates a strong commitment to improving the health and well-being of its employees through a workplace wellness program that not only focuses on providing a pleasant working environment to its staff but also encourages participation in healthy

activities during the workday. The Bank believes in promoting a healthy lifestyle for its employees to create a healthier, more productive workforce. The following activities evidence the Bank's commitment to adopting healthy habits and in making Meezan Bank an excellent workplace.

Medical Benefits & Health Facilities

The Bank recognizes the importance of medical assistance benefits that give peace of mind to individuals and enables them to focus on their professional responsibilities without having to worry about financial risks in the event of a medical problem. Hospitalization coverage therefore forms an integral component of the total compensation package offered by Meezan Bank. In keeping with its stated compensation philosophy of offering a balanced and competitive remuneration package for attracting and retaining talent, Meezan Bank has instituted outpatient, hospitalization and maternity benefit plans for its employees by providing coverage for these eventualities.

The Bank encourages a healthy lifestyle for its employees by providing both male and female employees access to independent and modern gymnasium facilities and separate recreational areas at Meezan House along with a 1,200 sqft swimming pool. The facilities are supported by specialized swimming and fitness trainers to assist the staff in their exercise and diet routine. The Bank also provides professionally and hygienically cooked meals at a subsidized cost to its staff at the Head Office cafeteria which is prepared in an on-location kitchen. Along with these subsidized meals, the staff is also provided with multiple coffee areas for free refreshments throughout the day.

Day Care Facility for Working Parents

In order to facilitate working parents at Meezan Bank, a Day Care Centre has been recently established at its Head Office located in Karachi. Equipped with all the key requirements, this facility caters to children aged 2 months to 3 years. The child friendly environment gives an opportunity to many determined women who want to contribute to the cause of Islamic banking while maintaining a balance with their responsibilities at home.

Company Sports

Meezan Bank organizes a variety of sports activities for its employees. Cricket, a national favourite, is promoted within the organization and financial industry through participation of Meezan Bank's Cricket Team in local cricket tournaments. The Bank regularly organizes Cricket tournaments for inter-department, inter-branch and inter-region teams that travel and compete within the country.

- Two-factor authentication for funds-transfer transactions on Internet Banking
- Recording of all customer calls to the Call Centre
- IVR Transactions are secured via a separate Telephone Banking PIN (T-PIN)
- Meezan Bank's SMS alerts service keeps the customers constantly updated of any activity (Debit or Credit) in their account

Selection of Business Partners

Meezan Bank ensures that its business partners are selected and approved through a detailed review and selection process. The Bank's procurement team is empowered to finalize the best supplier and service provider based on quality, costing, historic performance and market reputation. The process is reviewed by the Internal Audit team to ensure compliance to the approved internal processes as well as market norms.

Safety Measures

Employees

The Bank has invested in protecting its employees through the following means:

- Medical and Life Takaful coverage
- Shuttle transportation with security at subsidized cost for travelling to and from Meezan House (Head Office)
- High-tech security systems and security guards are deployed at the Bank's premises
- A well-designed fire fighting system, with availability of trained fire fighters at the location.
- Regular fire and evacuation drills are conducted to help employees become aware of the steps in case of an emergency. The Bank has trained and assigned a team to provide assistance to staff in the case of a fire or natural calamity

Customers

Safety measures have been taken to protect customers using ATMs and other ADC channels by implementing the following:

- Installation of locks and cameras in all ATM rooms with 24/7 recording
- Anti-skimming devices have been installed on all ATMs
- ATM-safe-usage-guidelines are displayed on all ATM screens for customers before they undertake a transaction
- The Meezan Internet Banking website is encrypted with 256 bit encryption

Service Quality Monitoring

Meezan Bank has Pakistan's largest Islamic banking branch network of 551 branches in 143 cities. The branches work under defined operational procedures which are constantly reviewed and monitored through the Service Quality department and Shariah Audits conducted by the PDSC department. Service Quality Controllers are in place to review and report branch activity and results and to support branch staff in ensuring delivery of a pleasant and professional banking experience to its customers. Furthermore, branches are incentivised to enhance their Service Quality and Shariah-compliance delivery through Service Champion Awards and Shariah Audit Rating Awards. These are mentioned and highlighted via MIS, internal announcements through Bank's quarterly Newsletter and the intranet portal.

Conservation of Energy & Resources

Energy

An integral part of Meezan Bank's branding is its branch signage which is the most commonly visible image of the Bank. The Bank has designed an elegant and

energy-efficient signage in which only a small portion is lit at night, thereby using less electricity, yet enhancing its aesthetic appeal. After the redesigning, the overall energy consumption has decreased by approximately 35%. Keeping in mind that Meezan Bank has over 550 branches across Pakistan; this contributes significantly in reducing the overall energy consumption by the Bank.

Meezan Bank constantly takes energy-saving measures at its Head Office. The Head Office building has been constructed using glass panels and atriums which allow natural light to come in throughout the day, thereby almost eliminating the need for artificial lighting in large sections of the building during working hours. The energy-conserving centralized cooling system also contributes to reduced electricity consumption in the office building.

The Bank has installed 115 energy efficient ATMs in collaboration with TouchPoint, distributor of Diebold energy-efficient ATMs. This initiative is part of the Bank's focus on providing technologically advanced facilities to its customers along with reducing the usage of diesel and electricity.

Natural Resources and Process Efficiency

Meezan Bank has taken initiatives to promote a paperless environment to ensure the initial implementation of a digital office. The Bank is striving to improve its working efficiency and control the operating expenses resulting from photocopy and printed papers. To this end, the following steps have been taken:

- Implementation of electronic process flows for certain HR related processes
- Implementation of an electronic IT helpdesk and document repository system

The Administration department of the Bank has a tracking system in place for photocopied documents made at the Head Office. This system enables the department to control the wastage resulting from photocopies.

Implementation of Centralized Account Opening Workflow

Due to unprecedented growth in branch network and future expansion plans, the Bank strategically implemented Centralized Account Opening (CAO) Workflow to streamline the document movement between branches and Head Office along with digital archiving of account opening form and documentation and introduction of paperless environment through electronic account opening form. This has resulted in savings in terms of both cost and time and has increased overall efficiency.

Consumer Protection Measures

The Bank has taken the following measures to provide financial risk coverage to its deposit account holders and Consumer Finance customers.

- Takaful Coverage for 'Accidental Death and Permanent Disability' and 'ATM Cash Withdrawal Theft' to all deposit account holders who are maintaining an average monthly balances of Rs. 10,000/- or more.
- The critical need of Life Takaful Coverage has been addressed for Housing Finance customers by providing a completely Shariah-compliant Life Takaful cover. In the event of death of a customer, the Takaful benefit covers the outstanding amount payable to the Bank. The Takaful cover is also available in case of customer's natural or accidental disability. The Life Takaful cover provides great comfort to the Bank's Housing Finance customers as well as their family members.
- The Bank facilitates its Laptop Financing customers by providing free of cost Takaful coverage during the financing tenure of the Laptop. Theft and damage to laptop are covered by the Bank's approved Takaful company for which the Bank pays the premium.
- The Bank's auto and motorcycle finance operates under the Ijarah model under which the Bank takes responsibility for comprehensive Takaful coverage of the vehicle over the complete financing period along with providing the additional facilities of Tracker with free monitoring and accidental death coverage to the customers.

Business Ethics & Anti-Corruption Measures

Meezan Bank has a comprehensive Code of Conduct and Standard of Ethics as part of its Human Resource Policy. The Bank's Disciplinary Action Committee (DAC) takes action on any violation of policies & procedures, acts of fraud & forgery, breaches of discipline and code of conduct, ethics & business practices, law of the land and any statutory regulations by an employee. Appeals of the staff against whom DAC takes disciplinary actions are reviewed by an independent Disciplinary Action Review Committee, which has been formed with a view to ensure a fresh review of each appeal filed against the DAC decision.

Furthermore, to ensure dignified and healthy work environment, the Bank has also established an Anti-Harassment Committee that deals with the instances of sexual harassment reported either verbally or in writing.

Report of the Board Audit Committee

Board Audit Committee (BAC) comprises of three non-executive directors having vast experience and knowledge of finance and accounting. The chairman and one other member are independent directors. Bank has adopted Committee of Sponsoring Organizations (COSO) Integrated Internal Control Framework and the charter of Internal Audit & BRR department (IAD) provides complete independence to Head - IAD alongwith free access to BAC.

BAC has been proactively focusing on effectiveness of internal controls, risk management and governance processes. During year 2015, five BAC meetings were held and following major activities were performed by BAC in accordance with its approved terms of reference.

- BAC reviewed quarterly, half yearly and annual financial statements of the Bank and recommended the same for approval of the Board
- BAC reviewed management letters issued by the external auditors and management's response thereto and held discussions with external auditors on major observations. BAC also recommended the appointment of external auditors and their fees to the Board.
- BAC reviewed and approved the scope and extent of the work to be performed by Internal Audit (IAD) and Shariah audit. BAC also reviewed adequacy of resources as per the scope.
- BAC reviewed major high risk observations of internal audit and Shariah audit alongwith monitoring of its timely compliance
- BAC reviewed major findings of internal investigations with respect to fraud & forgery and whistle blowing along with management's action thereto. BAC also reviewed annual review report of fraud, forgeries and robberies
- BAC reviewed related party transactions and recommended the same for Board's approval.
- BAC reviewed Compliance and AML Activity Report, Institutional Risk Assessment Framework (IRAF) - Self Assessment Questionnaire and SBP inspection reports alongwith monitoring of its compliance status.
- BAC reviewed various new policies and / or revision in existing policies and recommended the same for Board's approval
- BAC reviewed and had an oversight of implementation of Internal Controls over Financial Reporting (ICFR) program across the bank.
- BAC conducted self assessment of its performance to review compliance with SECP code of corporate governance. Self assessment report was also presented to the Board.
- BAC reviewed statement on internal control system and recommended the same for endorsement by the Board.

Shariah Supervisory Board Report - 2015

الحمد لله رب العالمين، و الصلاة و السلام
على خاتم الأنبياء والمرسلين، محمد المصطفى
الأمين، وعلى آله وأصحابه أجمعين، وبعد:

By the Grace of Allah, the year under review was the fourteenth year of Islamic commercial banking for Meezan Bank Limited. During the year, the Shariah Supervisory Board (SSB) of Meezan Bank held three meetings to review various products, concepts, transactions, processes and their Shariah-compliance, referred to them by the Resident Shariah Board Member.

As part of the Shariah Governance Framework, a full-fledged Product Development & Shariah Compliance department (PDSC) is working under the guidance of Resident Shariah Board Member. The role of this function is to facilitate new research & product development activities, refine existing products & procedures, conduct Islamic banking trainings, conduct Shariah-compliance reviews of each class of transactions, the relevant documentation and process flows on test check basis and to provide secretarial services to the Bank's Shariah Supervisory Board. In addition, a separate Shariah Audit & Advisory Department is working under the Board Audit Committee in order to review the overall level of Shariah-compliance in the Bank's activities which submits the report to Shariah Board for information, review and determining appropriate corrective actions.

Following were the major developments that took place during the year:

Research and New Product Development

Alhamdulillah, the SSB is very pleased by the Bank's initiative to launch Meezan Upaisa - the first Islamic Branchless Banking to enhance the outreach of Islamic banking to all segments of the society.

During this year, the SSB approved the conversion plan of Pakistan banking operations of HSBC Bank Oman S.A.O.G (HBON Branch Business), pursuant to which the Bank acquired Pakistan operations of HSBC Bank Oman S.A.O.G (HBON Branch Business). In order to resolve the issue of determining the exact cost of goods in Foreign Import Murabaha transactions, the SSB advised the Bank to convert the Foreign Import Murabaha based products to Musawamah which was later implemented by the Bank under the supervision of RSBM.

The SSB appreciates the efforts of PDSC team for conducting around 180 customer and industry visits to understand the business model and reviewing more than 2000 different types of transactions as per the guidance of RSBM/SSB. In addition to above, structuring and documentation of around 18 syndicated transactions were reviewed by PDSC under the supervision of RSBM. It is also worth mentioning that 100% physical inspection was done for taking delivery in Istisna and Tijarah transactions.

It is encouraging to mention that several Government Institutions like Pakistan Agricultural Storage & Services

Corporation Ltd (PASSCO), Trading Corporation of Pakistan (Pvt.) Ltd (TCP), Punjab Food Department, etc. have used Shariah-compliant financing products and services of Meezan Bank limited to meet their financing needs which also include the biggest Running Musarakah disbursement of Rs 9.5bn to Punjab Food Department. To facilitate the coal mining operations of Sindh Engro Coal Mining Company the bank provided a hybrid of Istisna-Ijarah-Salam based solution. The Bank also actively supported the establishment of different wind and coal power generating units like Engro Powergen Limited, FFBL Power Limited, Master Wind Energy Limited etc by providing structured finance solutions on the concepts of Diminishing Musharakan and Ijarah. The Bank also keenly supported the infrastructure development activities of the Government by working on a structured syndicated solution for financing development of M9 Motorway. We would like to appreciate that Meezan Bank has entered into Musharakah/Wakalah based relationship with Karandaaz (a member of the World Bank Group) to support Small and Medium sized organizations in Pakistan through different Shariah-compliant vendor financing agreements. It is encouraging to note that as members of the Steering Committee for the Promotion of Islamic Banking and Finance created by the Finance Minister, the CEO and RSBM of the Bank are actively contributing in the Committee with the Vision of establishing Islamic banking as banking of first choice.

Training & Development

We are pleased to inform that the Bank is actively pursuing the cause of training its human resources about various aspects of Islamic Banking and Finance which is evident from the fact that during the year around 120 Islamic banking training sessions were conducted where knowledge pertaining to Islamic banking was extended to more than 2200 employees of the Bank. Other than the training to internal staff the Bank also conducted approx 40 seminars which were attended by more than 5500 participants representing customers, general public and professionals.

In addition to the trainings provided to the staff by PDSC, the SSB also had a meeting with the BOD where a brief talk over commitment to cause and values of Islamic banking was made by SSB members to the BOD. Furthermore SSB is satisfied with the level of awareness, capacity and sensitization of the staff and management and the BOD in appreciating the importance of Shariah-compliance in the products and processes of the Bank.

Shariah Advisory and Industry support

The SSB is also pleased to share that the Bank is actively supporting capacity building activities of the industry by extending its support to institutions including National Institute of Banking and Finance (NIBAF) and Centre for Islamic Economics (CIE) in conducting Islamic banking training sessions. The Bank also supported various Islamic banking courses, sessions and degree programs in different institutes and organizations including IBA - Karachi, Sheikh Zayed Islamic Centre, Comnects, COMSATS (Lahore), Peshawar University, AJK University Muzafarabad, Wah University etc.

During the year the Bank worked actively to structure

the Bai Mu'ajjal transaction with Ministry of Finance and to structure the issuance of GOP Ijarah Sukuk over Jinnah International Airport to address the liquidity concerns of the industry.

It is also worth mentioning that Bank has entered into MOUs with IBA, LUMS and IM Sciences (Peshawar) for the support and launch of Centre of Excellence in Islamic Banking and Finance.

During the year, the Bank also facilitated AMIM and NAFA in the launch of 3 funds and 4 plans.

In the area of Capital Markets, the Bank has contributed towards the launch of the KMI - All Share Index in collaboration with Karachi Stock Exchange (KSE), State Bank of Pakistan (SBP), Securities & Exchange Commission of Pakistan (SECP) and mutual fund industry of Pakistan in November 2015.

Review of Assets

The Bank primarily used Murabaha, Ijarah, Diminishing Musharakah, Musawamah, Istisna, Tijarah, Musharakah and Salam for its financing activities during the year.

It is worth mentioning that the Bank has moved towards diversification in the usage of various financing products and has reduced the reliance on Murabaha, as is evident from Bank's financing portfolio. In this context it is extremely encouraging to witness a growth of 6% in Musharakah based financing in total financing portfolio. Share of Diminishing Musharakah and Musawamah increased by 5%, while the share of Istisna, Murabaha and Ijarah stood at 13%, 10% and 7% of the total financing portfolio. The Bank's total financing portfolio reached Rs. 215,775 billion (gross) as of December 31, 2015.

Financing Modes	2014 %	2015 %	Growth/(Decline) %
Diminishing Musharakah	25	30	5
Murabaha	15	10	(5)
Musawamah	1	6	5

Salam - Bill	3.6	3.4	(0.2)
Tijarah	1	2.5	1.5
Salam - Commodity	6	2	(4)
Others	4.4	4.1	(0.3)
Total	100	100	-

Review of Liabilities

On the liability side, the Bank offered different Shariah-compliant deposit products based on the mode of 'Mudarabah' & 'Qard' and it is encouraging that Total deposits of the Bank increased by 24% and reached a sum of Rs.471,820 billion as at December 31, 2015.

Throughout the year, the process of allocation of assets and funds to various deposit pools; announcement of overall profit sharing ratios for Mudarabah-based deposits; monthly allocation of weightages and distribution of income to deposit accounts was monitored and reviewed in accordance with Meezan Bank's Pool Management guidelines, and SBP Pool Management guidelines.

Shariah Audit Department

As part of the Shariah Governance Framework, a separate Shariah Audit Department under reporting of Board of Directors' Audit Committee is formed and effectively in place which will play a significant role towards accomplishment of the objective of ensuring Shariah compliance by evaluating the adherence to Shariah guidelines prescribed by Shariah Supervisory Board, Resident Shariah Board Member and Shariah guidelines of IBD-SBP in activities undertaken by the Bank. The Shariah Audit function keeps a continuous check on all activities starting right from the time of opening of a branch and goes hand in hand at each step of product offering till the stage of final profit distribution to the customers.

Shariah Audit of 412 branches, Area offices, Consumer & Corporate hubs and head office departments was conducted as a part of the Bank's efforts to strengthen the internal Shariah controls mechanism. Shariah evaluation of Area offices was introduced this year for evaluating the level of Shariah-compliance and reviewing the effectiveness of Shariah control mechanism at the Area Offices.

During the year 2015, direct payment for Murabaha financings to Corporate and SME/Commercial customers was maintained at 83%. It is highly recommended that efforts be continued to increase this percentage of direct payment of Murabaha transaction.

Summary of Direct Payment in Murabaha Financing for Meezan Bank

	2014	2015	Growth/(Decline)
Overall Portfolio	83%	83%	-
Segment wise			
Corporate	80%	84%	4%
SME/Commercial	88%	82%	(6)%

Charity

During the year an amount of Rs 47.76 million was transferred to the Charity Payable Account, this includes Rs. 1.53 million to eliminate the non-compliant income portion identified during Shariah audit, Rs 2.67 million to purify the dividend income earned from the investment made in the Shariah-compliant stocks by the Bank and Rs. 43.27 million transferred to charity payable account in the normal course of business on account of non-timely payments by customers in various financial transactions. Moreover, an amount of Rs. 49.58 million was disbursed from the Charity Account after approval of the Resident Shariah Board Member. Details of Charity are available in note # 19.4.

Recommendation

Based on the review of various transactions and operations of the Bank, it is recommended that:

- The Bank should evaluate the possibility of offering its products, services and network in the international market so as to make more people benefit from Islamic banking
- Due care regarding the mindset and commitment towards the cause of Islamic banking should be taken during the process of hiring of new staff.
- The Bank should continue its policy of expansion to spread Islamic banking and in this regard continue its focus on employees' training related to Islamic banking products and services offered by the Bank with specific focus on front line staff so as to ensure customer satisfaction towards Shariah understanding.
- The Bank should increase the frequency of awareness sessions to public and customers.
- The Bank should pursue with State Bank of Pakistan for launch of Islamic LTFF, Islamic Benchmark Rate and Islamic Discount window
- While being the largest and fastest growing Islamic bank, the Bank should focus more on the establishment, dependence and implementation of systems to ensure Shariah-compliance in every aspect of its operations and minimize its dependence on individuals to ensure smooth running of business in a Shariah-compliant manner.
- We recommend that Bank should focus more on supporting business and trade activities like warehouse receipt financing and vendor financing etc
- It is highly recommended that Bank should make more efforts in enhancing their coordination with the scholars through sharing the concepts of Islamic banking & finance and providing them with opportunities to see Meezan Bank's working so that the message of Islamic banking & finance can be passed to the masses through them in an efficient manner

Conclusion

As per the charter of the Bank, it is mandatory on the management and employees to ensure application of Shariah principles and guidelines issued by the Shariah Supervisory Board and Resident Shariah Board Member and to ensure Shariah-compliance in all activities of the Bank. The prime responsibility for ensuring Shariah-compliance of the Bank's operations thus lies with the Board of Directors and Executive management.

Based on the extensive reviews of sample cases for each class of transaction, related documentation, processes, profit distribution mechanism for the depositors by PDSC Department, review of Internal Shariah Audit report and management's representation made in this regard, in our opinion, the Bank complies with the rules & principles of Islamic Shariah in light of the guidelines and directives given by the Shariah Supervisory Board, Resident Shariah Board Member of Meezan Bank and guidelines issued by Shariah Board of SBP related to Shariah-compliance. The non-compliant income identified during the review is being transferred to the Charity Account through a well-defined system and being utilized properly in accordance with the instructions of SSB.

Based on the strength and capacity of the full fledge PDSC department and policies / guidelines for the Shariah-compliance issued at the Bank, we are of the opinion that an effective mechanism is in place to ensure Shariah-compliance in overall operations of the Bank.

May Allah bless us with the best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

چیرینی اصدقات و خیرات

رواں سال کل 47.76 ملین روپے چیرینی و ایب الاواہ اکاؤنٹ میں منتقل کئے گئے۔ اس میں 1.53 ملین روپے کی مشتہ آمدنی کی شناخت شریعہ آڈٹ کے دوران ہوئی، 2.67 ملین روپے کی چیرینی اسٹاک انکریچ میں گئی شریعہ کمیٹیاؤںٹ انوشٹ سے حاصل شدہ آمدنی کو purify کرنے کے لئے کی گئی اور 43.27 ملین روپے چیرینی واجب الاواہ اکاؤنٹ میں ٹرانسفر کئے گئے جو روزمرہ کے معمولی معاملات میں کسٹمرز کی جانب سے ادائیگی میں تاخیر کی بنیاد پر وصول کئے گئے تھے۔ ملاواہ ازیں 49.58 ملین روپے ریڈینٹ شریعہ بورڈ ممبر سے منظوری کے بعد چیرینی سٹیٹز اکاؤنٹ سے ادا کئے گئے۔ چیرینی سے متعلق تفصیلات نوٹ نمبر 19.4 میں مذکور ہیں۔

تجاویز

متحدہ حقوق کا جائزہ لینے کی بنیاد پر درج ذیل امور تجویز کئے جاتے ہیں:

- بینک کو اپنی سرسرو اور پراڈکٹس بین الاقوامی سطح پر متعارف کروانی چاہئیں تاکہ مزید لوگ اسلامی بینکاری سے مستفید ہوں۔
- نئے ملازمین کو ملازمت فراہم کرتے ہوئے ان میں اسلامی بینکاری کے مقاصد تک پہنچانے کے عزم و ہمت کو خصوصی طور پر مد نظر رکھنا ضروری ہے۔
- بینک کو چاہئے کہ اسلامی بینکاری کی توسیع کے مقصد سے اپنے آپ کو مسلسل وسعت دینے کی پالیسی جاری رکھے اور اس سلسلے میں وہ اپنے ملازمین کی تربیت کی طرف اپنی توجہ مبذول رکھے۔ اسلامی بینکاری کی پروڈکٹس اور بینک کی طرف سے پیش کردہ خدمات کے بارے میں ملازمین (اور خصوصاً فرمٹ آفس کے ملازمین) کا معیار معلومات مزید بڑھانا اور ان کی مزید تربیت کا انتظام کرنا نہایت اہم ہے۔
- بینک کو چاہئے کہ اسلامی بینکاری سے متعلق شعور بڑھانے کیلئے عوام اور کسٹمرز کے لئے تربیتی سیشنز منعقد کروائے۔
- بینک کو چاہئے کہ اسٹیٹ بینک آف پاکستان کو Islamic LTFF اور اسلامک سٹیجنگ مارک ریٹ اور اسلامک ڈیکالونٹ ریٹ کے آغاز کرنے پر زور دے۔
- سب سے بڑے اور سب سے زیادہ تیزی سے پھیلتے ہوئے بینک ہونے کے ناطے، بینک کو چاہئے کہ شرعی احکامات کے نفاذ کی لئے قابل بھروسہ سسٹم کے نفاذ کو یقینی بنائے تاکہ افراد پر اعتماد کرنے کی بجائے کہ پیوٹنٹیل سسٹم کے ذریعہ تیزی سے تجارتی سرگرمیوں کی انجام دہی شرعی اصولوں کے مطابق ممکن ہو سکے۔
- ہم مشورہ دیتے ہیں کہ بینک اپنی توجہ ایسے کاروبار کی طرف منحوس کرے جس میں بینک حقیقی طور تجارتی سرگرمیوں میں شامل ہو، جن میں Warehouse Receipt اور Vendor Financing جیسی معاشی سرگرمیاں قابل ذکر ہیں۔
- اس بات کا پر زور مشورہ دیا جاتا ہے کہ بینک ملازمین کے ساتھ اسلامی بینکاری اور فنانس کے سلسلے میں مزید وابہ اقدام کرے اور ان کو اس بات کا موقع مہیا کرے کہ وہ میزبان بینک کے معاملات کو پرکھیں تاکہ اسلامی بینکاری اور فنانس کی آگاہی اور اس کا پیغام ایک بڑے طبقہ تک موثر انداز میں باآسانی پہنچ سکے۔

خلاصہ کلام

بینک کے چارٹر کے تحت تمام انتظامیہ اور ملازمین کے لئے ضروری ہے کہ وہ شریعہ پر وائزری بورڈ اور ریڈینٹ شریعہ بورڈ ممبر کی طرف سے جاری کردہ بینک کے تمام معاملات سے متعلق ہدایات پر عمل درآمد کو یقینی بنائیں۔ بینک کے معاملات کے شریعت کے مطابق ہونے کی بنیاد پر مدداری بورڈ آف ڈائریکٹرز اور بینک کی انتظامیہ پر عائد ہوتی ہے۔

PDSC کی جانب سے بینک کے انجام کردہ مختلف حقوق کے جائزے، ان کے متعلقہ دستاویزات کی جانچ پڑتال، ڈیپازیشنز کو تقسیم ہونے والے نفع کے طریقہ کار کا مشاہدہ، ان کے متعلق شریعہ آڈٹ رپورٹ اور انتظامیہ کی دی گئی رائے کے جائزہ کی بنیاد پر ہماری رائے میں رواں سال میں بینک کی طرف سے کئے گئے حقوق و ساسی شریعہ کے ان اصولوں اور ہدایات کے مطابق ہیں جو میزبان بینک کے شریعہ پر وائزری بورڈ، ریڈینٹ شریعہ بورڈ ممبر اور اسٹیٹ بینک آف پاکستان کی طرف سے جاری کی گئی ہیں۔ اس جائزہ کے دوران جو غیر شرعی آمدنی پائی گئی وہ ایک نظام کے تحت چیرینی اکاؤنٹ میں منتقل کی جارہی ہے جس کو شریعہ بورڈ کی ہدایات کے مطابق صدقے کی مد میں خرچ کیا جاتا ہے۔

PDSC کی صلاحیت اور استعداد اور بینک کی طرف سے جاری کردہ شریعہ کمیٹیاؤں کی ہدایات اور احکامات کے جائزے کے بعد ہماری رائے میں بینک میں تمام شعبوں کی نگرانی اور شریعہ کمیٹیاؤں کو یقینی بنانے کے لئے ایک موثر نظام موجود ہے۔

اللہ تعالیٰ سے دعا ہے کہ وہ ہماری رہنمائی ان راہوں کی طرف کرے جو اس کی رضا کا باعث ہوں، ہمیں دینا اور آخرت میں کامیابیوں سے نوازے اور ہماری غلطیوں اور خطاؤں سے درگزر فرمائے۔ آمین۔

روان سال بینک میں ڈپازٹ سائیز سے متعلق انجام دئے گئے مختلف امور یعنی مختلف اٹیوٹوں اور فنڈز کو مختلف پوز کی طرف منسوب کرنا، امصارہ کی بنیاد پر جمع شدہ رقم کے مجموعی نفع کے تناسب کا اعلان کرنا، امانات Weightages متعین کرنا، ڈپازٹرز کے درمیان منافع کی تقسیم کرنا، منافع کی صحیح تقسیم کی نگرانی اور اس کا تجزیہ میزان بینک کی پول شمبست سے متعلق ہدایات اور اسٹیٹ بینک آف پاکستان کی ہدایات کے مطابق کیا گیا۔

شرعی آڈٹ

شرعی گورننس فریم ورک کی ہدایات کے مطابق مستقل شرعی آڈٹ ڈپارٹمنٹ کی تشکیل دی گئی ہے جو بورڈ آف ڈائریکٹرز آڈٹ کمیٹی کے زیر نگرانی تہذیبی سے کام کر رہا ہے اور شرعیہ کمیٹیاں کی یقین دہانی کے لئے تمام شرعی اصولوں کے نفاذ کی جانچ پڑتال کرتا ہے جو کہ شرعیہ سپروائزرز اور ڈائریکٹرز آڈٹ کمیٹی بورڈ ممبر اور اسٹاک ہولڈنگ ڈپارٹمنٹ اسٹیٹ بینک آف پاکستان کی طرف سے دی گئی ہیں۔ شرعی آڈٹ ڈپارٹمنٹ برانچ کے کھلے سے لے کر نفع کے ٹرانزیکشن تک پہنچنے تک کے تمام تر معاملات اور مختلف پروڈکٹس کی انجام دہی کے ہر مرحلہ کی مکمل جانچ پڑتال کرتا ہے۔

اس سال میزان بینک کی کل 412 برانچوں، ایریا آفسز، Consumer اور Corporate Hubs اور ہیڈ آفس ڈپارٹمنٹس کا آڈٹ کیا گیا تاکہ شرعی اصولوں کی تعمیل کا داخلی نظریہ اور طریقہ کار کو مضبوط کیا جاسکے۔ ایریا آفسز کے جائزے کا بھی اس سال آغاز کیا گیا تاکہ شرعی اصولوں کی تصدیق اور شرعی کٹروہل کا جائزہ لیا جاسکے۔

2015 کے دوران کارپوریٹ اور SMEs کے ساتھ کیے جانے والے مراعات کے خطوط میں سپائزرز کو کمی گئی براہ راست ادائیگیوں کا تناسب 83 فیصد رہا۔ اس بات پر اکتفا کی ضرورت دیا جاتا ہے کہ اس بات کی مزید کوشش کی جائے کہ مراعات میں براہ راست ادائیگیوں کے تناسب میں اضافہ ہو۔

شریعت پر وائزری بورڈ رپورٹ 2015 (اردو ترجمہ)

الحمد لله رب العالمين، و الصلاة و السلام
على خاتم الأنبياء والمرسلين، محمد المصطفى
الأمين، وعلى آله وأصحابه أجمعين، وبعد:

الحمد لله، میزان بینک لمیٹڈ کے اسلامی بینکاری کے چودہویں سال کا تجربہ آپ کے سامنے ہے۔ دوران سال میزان بینک کے شریعت پر وائزری بورڈ کی طرف سے تین مجالس کا انعقاد کیا گیا جن میں ریویژنٹ شریعت بورڈ ممبر کی طرف سے تجویز کردہ مختلف پروڈکٹس، مقننہ، طریقہ تمویل، اور ان کے عملی انعقاد کو جانچا گیا۔

شریعت گورننس فریم ورک کے مطابق مقننہ کی جانچ پڑتال کے طریقہ کار کو موثر بنانے کیلئے ایک مستقل شعبہ "پروڈکٹ ڈیولپمنٹ اینڈ شریعت میکانسم (PDSC)" ریویژنٹ شریعت بورڈ ممبر کی زیر نگرانی کام کر رہا ہے۔ اس شعبے کی ذمہ داریوں میں نئی پروڈکٹس کی تحقیق و تہہ ناس، موجودہ پروڈکٹس اور طریقہ عمل میں مزید بہتری، اسلامی بینکاری کی تربیت، تمام مالی معاملات میں شرعی اصولوں کی پاسداری، متعلقہ دستاویزات اور طریقہ تمویل کا نمونہ جاتی جائزہ اور شریعت پر وائزری بورڈ کی معاونت کرنا ہے۔ مزید برآں، ایک مستقل شریعت آڈٹ اور ایڈوائزری ڈیپارٹمنٹ بورڈ آڈٹ کمیٹی کے تحت کام کر رہا ہے جو مجموعی طور پر بینک میں داخل تمام معاملات بشمول مالیات، انتظامات اور بینک میں اسلامی ماحول کے قیام کے لئے تجویز کردہ شرعی اصولوں کی تعمیل کا جائزہ لیتا ہے اور اپنی رپورٹ اور کارگزاری شریعت بورڈ کے جائزے اور مختلف معاملات میں اصلاحات کی تجویز کے لئے پیش کرتا ہے۔

دوران سال بینک میں درج ذیل اہم امور انجام پائے:

نئی پروڈکٹس کی تیاری اور تحقیق

الحمد لله، شریعت پر وائزری بورڈ بینک کی طرف سے "میزان پویہ" کے اجراء پر مسرور ہے، جو کہ دنیا کی پہلی اسلامی برانچ لیس بینکنگ ہے اور جس کے ذریعے معاشرے کے مزید شعبوں میں اسلامی بینکاری کو تقویت ملے گی۔

دوران سال شریعت پر وائزری بورڈ نے HSBC Bank Oman S.A.O.G. کے معاملات کو اسلامی اصولوں میں دھالنے (HBON Branch Business) اور میزان بینک کے ساتھ مضام کے لئے کے منصوبے کو منظور کیا، جس کے نتیجے میں میزان بینک نے "انچ ایس ایس ایس بینک عمان" کے پاکستان کے برانس کو حاصل کیا۔

بین الاقوامی درآمدات میں مزید اضافے کے معاملات میں ایشیا کی حتمی لاگت کے تعین کے مسئلہ کو حل کرنے کے لئے، شریعت پر وائزری بورڈ نے یہ تمام معاملات مزید کی بجائے مساومہ میں تبدیل کرنے کی تجویز دی جسے بعد ازاں ریویژنٹ شریعت بورڈ ممبر کی نگرانی میں نافذ کیا گیا۔

شریعت پر وائزری بورڈ PDSC ممبران کی کاموں کو سر رہتا ہے جنہوں نے دوران سال تقریباً 180 ستمبر سے ملاقا میں کیں اور ان کے کاروبار کا مشاہدہ کیا تاکہ ان کے معاملات کے طریقہ کار کو عملی طور پر سمجھ سکیں اور ان کے ساتھ ساتھ 2000 سے زائد مختلف معاملات کا ریویژنٹ شریعت بورڈ ممبر اور شریعت بورڈ کی ہدایات کے مطابق جائزہ بھی لیا۔ مزید یہ کہ PDSC ممبران نے تقریباً 18 سے زائد سٹڈ کیلئے معاملات کی کاغذی کارروائی اور عملی ڈھانچہ کار ریویژنٹ شریعت بورڈ ممبر کی زیر نگرانی جائزہ لیا۔ قابل حسیں بات یہ ہے کہ استفسار اور تجاویز کے 100 فیصد معاملات میں بینک کے نمائندے نے انہیں خود جواب دہ کر دی گئی ایشیا، پورٹو ریکو، اور دیگر علاقوں میں۔

یہ بات کافی موصلاً افزا ہے کہ کچھ حکومتی ادارے جیسا کہ پاکستان ایگریکلچر اسٹوریج اینڈ سروسز کارپوریشن (PASSCO)، ٹریڈنگ کارپوریشن آف پاکستان (TCP)، پنجاب فوڈ ڈیپارٹمنٹ وغیرہ نے اپنی تمویل ضروریات کو پورا کرنے کے لئے شرعی طریقہ تمویل کی بنیاد پر میزان بینک کی مرتب کردہ مختلف پروڈکٹس اور سروسز کا انتخاب کیا۔ ان معاملات میں سب سے بڑا معاملہ پنجاب فوڈ ڈیپارٹمنٹ کے ساتھ کیا گیا جس میں 9.5 ملین روپے رنگ مشارک کے ضمن میں پنجاب فوڈ کو دیئے گئے۔ سندھ ایگریکلچرل مینجمنٹ کمیٹی (SECMC) کو کوئٹہ کی کان کنی کی سہولت فراہم کرنے کے لئے بینک نے اس حصہ، اجارہ اور مسلمہ پر مشتمل مل پیش کیا۔ بینک نے مختلف ذرائع (WINDS) پاور جنریٹنگ اور کول (COAL) پاور جنریٹنگ پرنس کے قیام اور ان کی تمویل ضروریات کو اسلامی اصولوں پر مستحکم کرنے کے لئے بھرپور تعاون کیا جیسا کہ ایگریکلچر پاور اینڈ لمیٹڈ (EPL)، FFBL، پاور لمیٹڈ اور ماسٹر ونڈ انرٹی لمیٹڈ (MWEL) وغیرہ کو مشارک متناقصہ اور اجارہ کی بنیاد پر منظم طریقہ تمویل کے عمل فراہم کئے۔ اسی طرح بینک نے حکومت کو انڈسٹری پکچری ترقی کے لئے سٹڈ کیلئے طریقہ تمویل کے عمل فراہم کئے اور اسی ضمن میں M9 موٹروے کی فائنلنگ کی ضرورت کو پورا کرنے کے لئے سٹڈ کیلئے ٹرانزیشن کو مرتب کیا گیا۔ ہم اس بات کو بھی سراہتے ہیں کہ میزان بینک نے مشارک ادا کالہ کی بنیاد پر کارنداز (Karandaz) کمیٹی (جو کہ ورلڈ بینک گروپ کا ممبر ہے) سے تعلق قائم کیا تاکہ چھوٹے اور درمیانے درجے کے کاروباروں کو شرعی اصولوں پر مرتب کردہ مالیاتی سہولیات فراہم کی جاسکیں۔ اسی طرح ڈیزل ٹرانزیشن صاحب کی ہدایت پر اسلامی بینکاری اور فنڈنگ کی ترقی کے لئے جو Steering Committee قائم کی گئی ہے، اس کے ممبر کی حیثیت سے جناب سی ای او اور جناب ریویژنٹ شریعت بورڈ ممبر اسلامی بینکاری کو بینکنگ کے پہلے انتخاب کے طور پر نافذ کرنے کے لئے نہایت فعال کردار ادا کر رہے ہیں جو کہ قابل حسیں ہے۔

ٹریڈنگ اور ڈیپوٹس

یہ بات بڑی خوش آمد ہے کہ بینک اپنے مصلحہ کو اسلامی بینکاری اور فنڈنگ کی بھرپور تربیت دے رہا ہے جس کا مشاہدہ اس بات سے کیا جاسکتا ہے کہ دوران سال بینک نے تقریباً 120 ترقیاتی مجالس منعقد کیں جن میں 2200 سے زائد بینک کے ملازمین کو اسلامی بینکاری کے متعلق تربیت فراہم کی گئی۔ اپنے ملکی تربیت کے ساتھ ساتھ بینک نے تقریباً 40 بیرون ممالک کے شعبہ کاروں کو 5500 سے زائد افراد بشمول ستمبر، نومبر، اپریل اور دسمبر پر پیشگوئی شریعت کی۔

اس کے علاوہ، شریعت پر وائزری بورڈ کی ایک نشست بورڈ آف ڈائریکٹرز کے ساتھ بھی ہوئی جس میں شریعت پر وائزری بورڈ نے اپنی گفتگو میں بورڈ آف ڈائریکٹرز کو اسلامی بینکاری کے مقاصد اور اس کے قدرتی تکمیل کے لئے بڑے ممبران کی تحقیق کی۔ شریعت پر وائزری بورڈ نے بینک کے مصلحہ، انتظامیہ اور بورڈ آف ڈائریکٹرز کی طرف سے اسلامی بینکاری سے متعلق آگاہی اور مختلف طریقہ تمویل سے متعلق شرعی احکامات کی تعمیل کے معیار اور جذبے سے مطمئن ہے۔

شریعت ایڈوائزری اور اسلاک بینکنگ اطمینان کے لئے خدمات

یہ بات بڑی قابل حسیں ہے کہ میزان بینک دیگر اداروں کی صلاحیتوں میں اضافہ اور تربیت میں پیش پیش رہا جن میں بینک انٹرنیٹ آف بینکنگ اینڈ فنانس (NIBAF) اور سٹیٹ فار اسلامک انکوائس (CIE) کی ترقیاتی نشستیں شامل ہیں۔ بینک نے اسلامی بینکاری سے متعلق مختلف کارگزاری نشستوں اور ڈگری پروگرامز کے انعقاد کے لئے کئی اداروں کے ساتھ تعاون کیا جن میں IBA Karahi، شیخ زید اسلامک سینٹر، کاس، COMSATS، پٹاور یونیورسٹی، AJK یونیورسٹی، گلگت و بلتستان یونیورسٹی سمیت دیگر کئی ادارے شامل ہیں۔

دوران سال میزان بینک نے مشرقی آف فنانس کے ساتھ اسلامی مالیاتی اداروں کے بیچ مؤثر عمل

Statement of Inventory

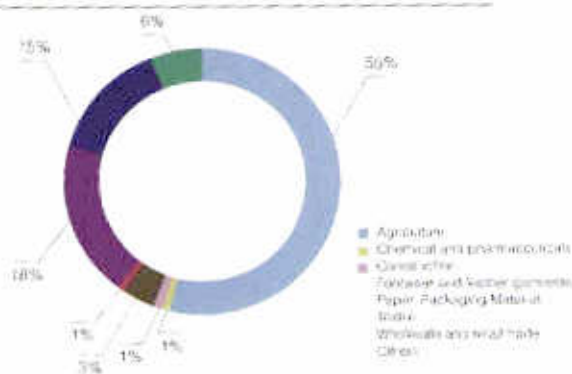

Meezan Bank provides financing through various modes including Murabahah, Musawamah, Istisna, Tijarah Saliyah, etc. Under these modes, the Bank either purchases the goods to be financed or gets them manufactured, it then sells the goods to the customer on spot/ deferred price.

This statement also signifies the difference of Islamic modes of financing that is based on trade of real assets and goods. It also demonstrates the exposure that the Bank takes in different sectors.

The goods lying unsold at the date of the financial statements are carried as inventory in the financial statements of the Bank. The sector wise detail of inventory held by the Bank as at December 31, 2015 is as follows:

AUDITORS' REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of **Meezan Bank Limited** ('the Bank') for the year ended December 31, 2015 to comply with the requirements of Rule 5.19 of the Pakistan Stock Exchange Regulations issued by the Pakistan Stock Exchange Limited (formerly Karachi Stock Exchange Limited into which the Islamabad Stock Exchange Limited and the Lahore Stock Exchange Limited have merged) where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Code.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the best practices contained in the Code as applicable to the Bank for the year ended December 31, 2015.

Statement of Compliance with the Code of Corporate Governance

For the year ended December 31, 2015

This statement is being presented to comply with the Code of Corporate Governance (Code) contained in Regulation No. 5/19 of Listing of Companies and Securities Regulations in Rule Book of Pakistan Stock Exchange for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Bank has applied the principles contained in the Code in the following manner:

1. The Bank encourages representation of independent, non-executive directors and directors representing minority interests on the Board of Directors. As at December 31, 2015 the board included:

Category	Names
Independent Directors	Mr. Mohammad Abdul Aleem Mr. Noorur Rahman Abid Mr. Tatal S.A. Al-Snehab
Executive Directors	Mr. Irfan Siddiqui Mr. Ariful Islam
Non- Executive Directors	Mr. Riyadh S. A. A. Edrees Mr. Faisal A.A.A. Al-Nassar Mr. Bader H.A.M.A. Al-Rabian Mr. Rana Ahmed Humayun Mr. Alaa A. Al-Sarawi Mrs. Azra Mujtaba Mr. Muhammad Zarrug Rajab

During the year, all the directors were elected in the Extra Ordinary General Meeting of shareholders held on November 17, 2015. The SBP has granted clearance / in principle clearance for all the directors subsequent to year end.

2. The Directors have confirmed that none of them is serving as a director on more than seven listed companies in Pakistan including the Bank.
3. All the resident Directors of the Bank are registered as taxpayers and, to the best of our knowledge, none of them has defaulted in payment of any loan to a banking company, a Development Financial Institution or a Non-Banking Financial Institution or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
4. Casual vacancy occurred on the Board upon resignation of Mr. Abdullateef A. Al-Asfour in December 2014 which was filled up by the Board within 90 days in February 2015. The approval from State Bank of Pakistan for this appointment was received on March 13, 2015.
5. The Bank has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the Bank along with its supporting policies and procedures.

Statement of Internal Controls

The statement is presented to comply with the requirement of State Bank of Pakistan (SBP) circular no. BSD 7 dated May 27, 2004 "Guidelines on Internal Controls" and SBP's OSED Circular No.01 dated February 07, 2014 "Instructions on Internal Controls over Financial Reporting (ICFR)"

The management of the Bank is responsible for establishing and maintaining an adequate and effective system of internal controls which has the main objectives of ensuring effectiveness and efficiency of operations, reliability of financial reporting, safeguarding of assets and compliance with applicable laws and regulations.

The control activities are being closely monitored across the Bank through Compliance, Shariah and Internal Audit departments, which covers all banking activities in general and key risk areas in particular. In addition to performing the above responsibility, the Board of Directors has also formed an Audit Committee which has direct oversight responsibility to ensure the independence of the internal and external audit function. The Audit Committee meets atleast once every quarter to discuss the scope and results of the work performed by the Compliance, Shariah and Internal Audit departments. The Audit Committee also meets with external auditors prior to approval of half-yearly and annual results of the Bank.

Based on observation and weaknesses found and identified by the auditors both internal and external and the Compliance and Shariah audit teams, improvements are brought about by the management in internal controls to ensure non-recurrence of those exceptions and elimination of such weaknesses to the maximum possible level.

While the Internal Controls System is effectively implemented and monitored, there are inherent limitations in the effectiveness of any system, including the possibility of human error or system failure, circumvention and overriding of controls. Accordingly even an effective internal control system can provide reasonable but not absolute assurance that the system's objective will be achieved.

Alhamdulillah, the Bank had successfully completed all stages of its ICFR program during 2014 and has been granted exemption from the requirement of submission of Auditor issued Long Form Report through SBP OSED letter /SU-12/017(01)/358/15 dated January 05, 2015. The Bank is now required to only submit annual assessment report on efficacy of ICFR duly signed by Chairman, Audit Committee. Having successfully achieved closure on ICFR, the Bank remains cognizant of its responsibility to continuously improve and with this view continues to strengthen its system of Internal Controls on an on-going basis.

Based on the above, the Board of Directors endorses the management's evaluation of Internal Controls.

On behalf of the Board.

Ltd., Second Floor, State Life Building-3, Dr. Ziauddin Ahmed Road, Karachi.

STATEMENT UNDER SECTION 160 (1) (b) OF THE COMPANIES ORDINANCE, 1984

This statement sets out the material facts concerning the resolution contained in item (5), of the Notice pertaining to the special business to be transacted at the Annual General Meeting of the Bank to be held on March 29, 2016.

i) Directors' Remuneration

The remuneration paid/payable to the non-executive directors was approved by the Board of Directors in terms of Article 52 of the Articles of Association of the Bank. The remuneration requires approval (which is permissible on post facto basis) of the shareholders in Annual General Meeting in terms of requirements of the Prudential Regulations for Corporate/Commercial Banking issued by the State Bank of Pakistan.

The non-executive directors are interested in the payment of remuneration and the remaining members of the Board have no interest in the matter.

Role of Chairman

The Chairman of the Board of Directors ensures that the organization keeps true to its long-term Vision. Responsible for leadership of the Board, the Chairman ensures that the Board plays an effective role in fulfilling all its responsibilities. The Chairman's role entails the following:

- Ensure that all members of the Board may participate in all meetings and have the opportunity to explain their opinion.
- Ensure that dissent of directors, if any, is properly recorded in the minutes.
- Ensure that minutes truly reflect what transpired during the meeting.
- Ensure that the Board discharges its role effectively and swiftly in line with regulatory requirements.
- Ensure that the Board subcommittees perform their designated functions with due diligence.

Role of President & CEO

The President & CEO's role constitutes an absolutely engaged position, demanding complete involvement and shepherding of the organization. The role entails the following:

- Ensure execution of the strategy developed by the Board.
- Ensure that the Bank maintains its business position and brand image as the leading Islamic bank of the country.
- Efficiently allocate and manage organizational resources and budgets to ensure achievement of short- and mid-term objectives that contribute to the attainment of the long-term strategic goals.
- Establish a system of checks and controls to support the fast-paced growth of the Bank.
- Provide liaison between the Board and the Bank's management to ensure alignment of managerial efforts with Board's directives.
- Foster a culture of professionalism and high ethical standards within the Bank.
- Provide an enabling environment within the Bank to facilitate promulgation of a culture of true Islamic values.
- Facilitate an organizational culture of development of innovative products and services to service the growing needs of a diverse range of customers.

President & CEO's Performance Review

The President & CEO of Meezan Bank is responsible for supervising and leading the strategic and managerial affairs of the Bank. Various elements of the President & CEO's performance are monitored continuously and discussed periodically by the Board. As leader of the organization and executor of the strategy approved by the Board to further the interests of all stakeholders of the Bank, the President & CEO is evaluated on parameters such as financial performance and profitability, budget allocation and utilization of resources, organizational expansion, sustainability of product lines, credit ratings and inculcation of the desired organizational culture which is conducive to professional and ethical excellence.

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed statement of financial position of **Meezan Bank Limited** (the bank) as at December 31, 2015 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended, in which are incorporated the un-audited certified returns from the branches except for twenty seven branches which have been audited by us and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the bank's management to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and after due verification, which in the case of Islamic financing and related assets covered more than sixty percent of the total Islamic financing and related assets of the bank, we report that:

- (a) in our opinion, proper books of account have been kept by the bank as required by the Companies Ordinance, 1984 (XLVII of 1984), and the returns referred to above received from the branches have been found adequate for the purposes of our audit;
- (b) in our opinion:
 - (i) the statement of financial position and profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the bank's business; and
 - (iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the bank and the transactions of the bank which have come to our notice have been within the powers of the bank;
- (c) in our opinion and to the best of our information and according to the explanations given to us the statement of financial position, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with the approved accounting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the bank's affairs as at December 31, 2015, and its true balance of profit, its comprehensive income, its cash flows and changes in equity for the year then ended; and
- (d) in our opinion Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980) was deducted by the bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

1 LEGAL STATUS AND NATURE OF BUSINESS

- 1.1 Meezan Bank Limited (the Bank) was incorporated in Pakistan on January 27, 1997, as a public limited company under the Companies Ordinance, 1984, and its shares are quoted on the Karachi Stock Exchange (now "Pakistan Stock Exchange"). The Bank was registered as an 'Investment Finance Company' on August 08, 1997, and carried on the business of investment banking as permitted under SRO 585(1)/87 dated July 13, 1987, in accordance and in conformity with the principles of Islamic Shariah. A 'Certificate of Commencement of Business' was issued to the Bank on September 29, 1997.
- 1.2 The Bank was granted a 'Scheduled Islamic Commercial Bank' license on January 31, 2002 and formally commenced operations as a Scheduled Islamic Commercial Bank with effect from March 20, 2002, on receiving notification in this regard from the State Bank of Pakistan (the SBP) under section 37 of the State Bank of Pakistan Act, 1956. Currently, the Bank is engaged in corporate, commercial, consumer, investment and retail banking activities.
- 1.3 The Bank was operating through five hundred and fifty one branches as at December 31, 2015 (2014: four hundred and twenty eight). Its registered office is at Meezan House, C-25, Estate Avenue, SITE, Karachi, Pakistan. The Bank acquired HSBC Bank Middle East Limited - Pakistan branches last year, while during the current year the Bank has acquired the Pakistan operations of HSBC Bank Oman S.A.O.G (HBON Branch Business).
- 1.4 Based on the financial statements of the Bank for the year ended December 31, 2014, the JCR - VIS Credit Rating Company Limited has reaffirmed the Bank's medium to long-term rating as 'AA' and the short term rating as 'A1+' with stable outlook.
- 1.5 The Securities and Exchange Commission of Pakistan (SECP) vide its letter no. EMD/233/01/2002-1191 dated March 31, 2015 has granted exemption to the Bank from the preparation of consolidated financial statements of the Bank and its subsidiary company namely Al-Meezan Investment Management Limited (AMML) for the year ended December 31, 2015, subject to the following conditions:
- (i) It must be disclosed at conspicuous place in the annual financial statements of the Bank that annual audited financial statements of the subsidiary shall be available for inspection at the registered office of the Bank and would be available to the members on request without any cost, and
 - (ii) Annual Financial statements of the Bank must also disclose information regarding nature of auditors' qualification in the last audited financial statements of the subsidiary, if any.

The required information and disclosures relating to AMML are given in note 11.9 to these financial statements.

2 BASIS OF PRESENTATION

The Bank provides Islamic financing and related assets mainly through Murabaha, Istisna, Tjarah, Ijarah, Diminishing Musharakah, Running Musharakah, Bai Muajjal, Musawamah, Service Ijarah and Export Refinance under Islamic Export Refinance Scheme of the State Bank of Pakistan as briefly explained in note 7.3.

The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of profit thereon. The income on such financings is recognised in accordance with the principles of Islamic Shariah. However, income, if any, received which does not comply with the principles of Islamic Shariah is recognised as charity payable if so directed by the Shariah Advisor of the Bank.

3 STATEMENT OF COMPLIANCE

- 3.1 These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountants of Pakistan, as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962, and the directives issued by the SECP and the SBP. Wherever the requirements of provisions and directives issued under the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962, the IFAS notified under the Companies Ordinances, 1984 and the directives issued by the SECP and the SBP differ from the requirements of IFRS, the provisions of and the directives issued under the Companies Ordinance, 1984, the Banking Companies Ordinance, 1962, IFAS notified under the Companies Ordinance, 1984 and the directives issued by the SECP and the SBP shall prevail.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

- 3.2 The SBP through its BSD Circular No. 10 dated August 26, 2002, has deferred the implementation of International Accounting Standard (IAS) 39 - "Financial Instruments: Recognition and Measurement" and IAS 40 - "Investment Property" for Banking Companies in Pakistan, till further instructions. Accordingly, the requirements of these Standards have not been considered in the preparation of these financial statements. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7 "Financial Instruments: Disclosures" through its S.R.O. 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of this standard have also not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars.
- 3.3 IFRS 8 "Operating Segments" is effective for the Bank's accounting period beginning on or after January 01, 2009. All Banking Companies in Pakistan are required to prepare their annual financial statements in line with the format prescribed under BSD Circular No. 4 dated February 17, 2006, "Revised Form of Annual Financial Statements", effective from the accounting year ended December 31, 2006. The management of the Bank believes that as the SBP has defined the segment categorisation in the above mentioned circular, the SBP requirements prevail over the requirements specified in IFRS 8. Accordingly, segment information disclosed in these financial statements is based on the requirements laid down by the SBP.
- 3.4 The SBP vide its BSD Circular No. 07 dated April 20, 2010 has clarified that for the purpose of preparation of financial statements in accordance with International Accounting Standard - 1 (Revised), "Presentation of Financial Statements", two statement approach shall be adopted i.e. separate 'Profit and Loss Account' and 'Statement of Comprehensive Income' shall be presented and Balance Sheet shall be renamed as 'Statement of Financial Position'. The surplus / (deficit) on revaluation of available for sale (AFS) securities is now required to be included in the 'Statement of Comprehensive Income'. However, it should continue to be shown separately in the Statement of Financial Position below equity. Accordingly, the above requirements have been adopted in the preparation of these financial statements.
- 3.5 The SBP vide its BPRD Circular No. 04 dated February 25, 2015 has clarified that the reporting requirements of IFAS-3 for Islamic Banking Institutions (IBIs) relating to annual, half yearly and quarterly financial statements would be notified by SBP through issuance of specific instructions and uniform disclosure formats in consultation with IBIs. These reporting requirements have not been ratified to date. Accordingly, the disclosures requirements under IFAS-3 have not been considered in these financial statements.
- 3.6 **Standards, interpretations and amendments to published approved accounting standards that are effective in the current year**
- IFRS 13 fair value measurement was made applicable from period beginning on or after January 01, 2015 vide SECP circular 633(I)/2014 which resulted in additional disclosure as given in note 37.3 to these financial statements.
- There are certain other new and amended standards, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2015 but are considered not to be relevant or do not have any significant effect on the Bank's operations and therefore not detailed in these financial statements.
- 3.7 **Standards, interpretations and amendments to published approved accounting standards that are not yet effective:**

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after January 01, 2016:

	Effective date (accounting periods beginning on or after)
- IFRS 15, "Revenue from contracts"	1-Jan-16
- IFRS 14 - Regulatory Deferral Accounts	1-Jan-16
- IAS 1 - Presentation of Financial Statements - Disclosure Initiative (Amendment)	1-Jan-16
- IAS 16 Property, Plant and Equipment and IAS 38 Intangible assets - Clarification of acceptable Method of Depreciation and Amortization (Amendment)	1-Jan-16
- Annual improvements 2014; IFRS 5, "Non-current assets held for sale and discontinued operations"; IFRS 7, "Financial instruments: disclosures";	
IAS 19, "Employee benefits"	1-Jan-16

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

The management is in the process of assessing the impact of above standards on the financial statements of the Bank.

There are certain new and amended standards and interpretations that are mandatory for the Bank's accounting periods beginning on or after January 01, 2016 but are considered not to be relevant or do not have any significant effect on the Bank's operations and therefore not detailed in these financial statements.

4 BUSINESS COMBINATION

4.1 Acquisition of HSBC Bank Middle East Limited - Pakistan Branches Operations (HSBC ME)

Last year, the Bank completed the acquisition of HSBC Bank Middle East Limited - Pakistan branches (HSBC ME). This was effective from the close of business on October 17, 2014 under an agreement dated May 08, 2014. The management believed that the acquisition of the HSBC is a materialization of the Bank's strategy for promoting shariah compliant banking and targeting high profile customer base. The proposal for the acquisition and the scheme for amalgamation were approved by the Board of Directors and the shareholders of the Bank in their meetings held on April 23, 2014 and June 18, 2014 respectively.

International Financial Reporting Standard 3, (IFRS 3) "Business Combinations", requires that all identified assets and liabilities acquired in a business combination should be carried at fair values in the acquirer's balance sheet and any intangible assets acquired in the business combination are required to be separately recognised and carried at fair values. The SBP vide its letter no. BFRD (R&P 02)/625-1102014/24946 dated December 19, 2014 has given exemption to the Bank from recognition of intangible assets on the business combination. Further, IFRS 3 allows the acquirer a maximum period of one year from the date of acquisition to finalise the accounting for business combination. However, adjustments arising consequent to completion of accounting for business combination under IFRS 3 are required to be incorporated in the financial statements with effect from the acquisition date. In the financial statements for the year ended December 31, 2014, the Bank had recorded the assets and liabilities of HSBC ME on provisional values which have been finalised in the current year.

The fair values and carrying amounts of assets and liabilities acquired are as follows:

	Rupees in '000
Fair value of net assets acquired	7,062,327
Purchase Consideration	(4,238,887)
Gain on bargain purchase	<u>2,823,440</u>

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

In compliance with the SBP's instruction issued vide letter no. BPRD (R&P-02)/625-110-2014-11729 dated September 22, 2014, the management has recognised the amount of gain on bargain purchase through the statement of changes in equity as 'Non-Distributable Capital Reserve'. This gain as per the above mentioned SBP's letter may become available for distribution as stock dividend only with prior approval of the SBP. Further, the Bank may, before distribution of the gain as stock dividend, adjust any subsequent provisions / deficit assessed by the Bank or recommended by the Banking Inspection Department of the SBP in subsequent inspections in the acquired portfolio of the HSBC (which will be adjusted against this reserve).

The fair value of the gross contractual receivables representing financings as at the acquisition date amounts to Rs 7,441 million. Gross contractual amounts for the aforementioned receivables due is Rs 8,663 million. The management believes that out of the total gross contractual receivables, a gross contractual amount of Rs 1,227 million is expected to be uncollectible.

4.2 Acquisition of HSBC Bank Oman S.A.O.G. - Pakistan Branch (HBON) Operations

During the current year, the Bank completed the acquisition of HSBC Bank Oman S.A.O.G. - Pakistan Branch (HBON). This is effective from the close of business on November 06, 2015 under an agreement dated June 25, 2015.

The proposal for the acquisition and the scheme for amalgamation were approved by the Board of Directors and the shareholders of the Bank in their meetings held on October 21, 2014 and September 29, 2015 respectively. For the purposes of these financial statements, the Bank has incorporated the balances relating to HBON at their carrying values as appearing in the audited financial statements of HBON on the close of business on November 06, 2015.

These balances are detailed below:

	November 06, 2015 Rupees in '000
ASSETS	
Cash and balances with treasury banks	8,501
Balances with other banks	9,411
Operating fixed assets	3,193
Other assets	4,177,748
	<u>4,198,853</u>
LIABILITIES

Borrowings	1,210,112
Deposits and other accounts	9,585
Other liabilities	9,667
	<u>1,243,313</u>
Net assets acquired	<u><u>2,955,540</u></u>

International Financial Reporting Standard 3, (IFRS 3) "Business Combinations", requires that all identified assets and liabilities acquired in a business combination should be carried at fair values in the acquirer's balance sheet and any intangible assets acquired in the business combination are required to be separately recognised and carried at fair values. IFRS 3 allows the acquirer a maximum period of one year from the date of acquisition to finalise the accounting for business combination. The SBP vide its letter no. BPRD (R&P-02)/625-114/2015/23895 dated October 28, 2015 has given exemption to the Bank from recognition of intangible assets on the business combination. The fair valuation exercise of recorded assets and liabilities will be completed within the period specified under IFRS 3.

Details of the carrying values of the net assets acquired, purchase consideration and gain on bargain purchase are as follows:

	November 06, 2015 Rupees in '000
Carrying value of net assets acquired	2,955,540
Purchase Consideration	<u>(2,661,433)</u>
Gain on bargain purchase	<u>294,107</u>

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

Under IFRS 3 (revised) a bargain purchase represents an economic gain, which should be immediately recognised by the acquirer. In compliance with the SBP's instruction issued vide letter no. BPRD (R&P-Q2)/625-114/2015/23895 dated October 28, 2015, the management has recognised the amount of gain on bargain purchase through the statement of changes in equity as Non-Distributable Capital Reserve, instead of recognising it in the profit and loss account which is required under IFRS 3 (revised). This gain as per the afore-mentioned SBP's letter may become available for distribution as stock dividend only with prior approval of the SBP. Further, the Bank may, before distribution of the gain as stock dividend, adjust any subsequent provisions / deficit assessed by the Bank or recommended by the Banking Inspection Department of the SBP in subsequent inspections in the acquired portfolio of the HSEC (which will be adjusted against this reserve). The receipt of the capital balance and the payment of purchase consideration will be made through the State Bank of Pakistan.

Further, as noted above, the above gain does not incorporate the adjustments which will be recorded after completion of the fair value exercise of recorded assets and liabilities.

5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Bank's accounting policies. The significant accounting areas where various assumptions and estimates are significant to the Bank financial statements or where judgment was exercised in the application of the accounting policies are as follows:

- (a) Classification of investments in accordance with the Bank's policy (notes 7.4 and 11).
- (b) Provision against non-performing Islamic financing and related assets (notes 7.3.2 and 12).
- (c) Impairment of investments in equity instruments of subsidiary, associates and non associate entities (notes 7.4.5 and 11).
- (d) Accounting for defined benefit plan (notes 7.11 and 34).
- (e) Depreciation / amortization of operating fixed assets (notes 7.5 and 13).
- (f) Assumption and estimation in recognition of provision for taxation (current and prior years) and deferred taxation (notes 7.7, 14, 19 and 30).

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

6 BASIS OF MEASUREMENT

6.1 These financial statements have been prepared under the historical cost convention except that certain investments and commitments in respect of foreign exchange contracts have been marked to market and are carried at fair value. In addition, obligations in respect of staff retirement benefits and employees compensated leave absences are carried at present value.

6.2 Functional and Presentation Currency

These financial statements have been presented in Pakistani Rupee, which is the Bank's functional and presentation currency.

6.3 Rounding off

Figures have been rounded off to the nearest thousand rupees unless otherwise stated.

7 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These have been consistently applied to all the years presented.

7.1 Cash and cash equivalents

Cash and cash equivalents comprise of cash and balances with treasury banks and balances with other banks in current and deposit accounts.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

7.2 Due to / from financial and other institutions

Bai Muajjal

In Bai Muajjal, the Bank sells sukuk on credit to other financial institutions. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period.

Musharaka / Mudaraba

In Musharaka / Mudaraba, the Bank invests in the shariah compliant business pools of the financial institutions at the agreed profit and loss sharing ratio.

Musharaka from State Bank of Pakistan under IERS

Under IERS, the Bank accepts funds from the SBP under shirkat ul aqd to constitute a pool for investment in export refinance portfolio of the Bank under the guidelines issued by the SBP. The profit of the pool is shared as per the agreed weightages between the partners.

7.3 Islamic financing and related assets

Murabaha

In Murabaha transactions, the Bank purchases the goods and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Ijarah

In Ijarah financing, the Bank provides the asset on pre-agreed rentals for specific tenors to the customers.

Istisna

In Istisna financing, the Bank places an order to purchase some specific goods / commodities from its customers to be delivered to the Bank within an agreed time. The goods are then sold by the customer on behalf of the Bank and the amount hence financed alongwith profit is paid back to the Bank.

Tijarah

In Tijarah financing, the Bank purchases specific goods / commodities on cash basis from its customers for onward sale by the customer on behalf of the Bank and on subsequent sale, the financed amount alongwith profit is paid back by the customer to the Bank.

Diminishing Musharakah

In Diminishing Musharakah financing, the Bank enters into Musharakah based on Shirkat-ul-milk for financing an agreed share of fixed asset (e.g. house, land, plant or machinery) with its customers. The customers pay periodic profit as per the agreement for the utilisation of the Bank's Musharakah share and also periodically purchases Bank's share over the tenure of the transaction.

Running Musharakah

In Running Musharakah financing, the Bank enters into financing with the customer based on Shirkat-ul-Aqd or Business Partnership in customers operating business. Under this mechanism the customer can withdraw and return funds to the Bank subject to his Running Musharakah Financing limit during the Musharakah Period. At the end of each quarter / half year the customer pays the provisional profit as per the desired profit rate which is subject to final settlement based on the relevant quarterly / half yearly / annual accounts of the customer.

Bai Muajjal

In Bai Muajjal financing, the Bank sells Shariah compliant sukuk on credit to customers. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

Service Ijarah

In Service Ijarah financing, the Bank provides financing by acquiring certain agreed services from the customer. After the purchase of services, the Bank appoints the customer to sell these services in the market over a period and provide a sale confirmation of such sale. The profit is only accrued from the date of receipt of such confirmation.

Musawamah

In Musawamah financing, the Bank purchases the goods and after taking the possession, sells them to the customer either in spot or credit transaction, without disclosing the cost.

7.3.1 Islamic financing and related assets are stated net of specific and general provisions against non-performing Islamic financing and related assets which are charged to the profit and loss account.

Funds disbursed, under financing arrangements for purchase of goods / assets are recorded as advances. On culmination, financings are recorded at the deferred sale price net of profit. Goods purchased but remaining unsold at the statement of financial position date are recorded as inventories.

7.3.2 Provision against non-performing Islamic financing and related assets

Specific provision

The Bank determines provisions against Islamic financing and related assets on a prudent basis in accordance with the requirements of the Prudential Regulations issued by the SBP.

General provision

In accordance with the Prudential Regulations issued by the SBP, the Bank maintains general provisions as follows:

	Secured	Unsecured
Consumer financings	1.5%	5.0%
Small enterprise financings	1.0%	2.0%

In addition to the above mentioned requirements, the Bank has also created the general provision in respect of financings against potential losses present in the portfolio. This provision is based on management's best estimate and is approved by the Board of Directors of the Bank.

The net provisions made / reversed during the year is charged to profit and loss account and accumulated provision is netted off against Islamic financing and related assets. Islamic financing and related assets are written off when there are no realistic prospects of recovery.

7.3.3 Inventories

The Bank values its inventories at the lower of cost and net realisable value.

The net realisable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale.

Cost of inventories represents actual purchases made by the Bank / customers as an agent of the Bank for subsequent sale.

7.4 Investments

7.4.1 Classification

The Bank classifies its investments as follows:

- Held for trading

These are investments which are either acquired for generating profits from short-term fluctuations in market prices or are securities included in a portfolio for which there is evidence of a recent actual pattern of short-term profit taking.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

- **Held to maturity**

These are investments with fixed or determinable payments and maturity that the Bank has the positive intent and ability to hold till maturity.

- **Available for sale**

These are investments which do not fall under 'held for trading' or 'held to maturity' categories.

- **Associates**

Associates are all entities over which the Bank has significant influence but not control.

- **Subsidiary**

Subsidiary is an entity over which the Bank has control.

7.4.2 Regular way contracts

All purchases and sales of investments that require delivery within the time frame established by regulation or market convention are recognised at the trade date, which is the date on which the Bank commits to purchase or sell the investments.

7.4.3 Initial recognition and measurement

Investments other than those categorised as 'held for trading' are initially recognised at fair value which includes transaction costs associated with the investments. Investments classified as 'held for trading' are initially recognised at fair value and transaction costs are expensed in the profit and loss account.

7.4.4 Subsequent measurement

Subsequent to initial recognition investments are valued as follows:

- **Held for trading**

These are measured at subsequent reporting dates at fair value. Gains and losses on remeasurement are included in the net profit and loss for the year.

- **Held to maturity**

These are measured at amortised cost using the effective profit rate method, less any impairment loss recognised to reflect irrecoverable amount.

- **Available for sale**

In accordance with the requirements specified by the SBP, quoted securities (other than those classified as held to maturity and investments in associates and subsidiary), are subsequently re-measured to market value. Unquoted equity securities are valued at the lower of cost and break-up value. Break-up value of unquoted equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investment in other unquoted securities are valued at cost less impairment losses, if any.

Surplus / deficit arising on revaluation of quoted securities which are classified as 'available for sale', is included in the Statement of Comprehensive Income but is kept in a separate account which is shown in the Statement of Financial Position below equity.

- **Investments in associates and subsidiary**

Investment in associates and subsidiary is carried at cost less accumulated impairment losses, if any.

7.4.5 Impairment

Available for sale and Held to maturity investments

Impairment loss in respect of investments classified as available for sale and held to maturity (except sukuk certificates) is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of an equity investment below its cost is also considered an objective evidence of impairment. Provision for diminution in the value of sukuk certificates is made as per the Prudential Regulations issued by the SBP. In case of impairment of available for sale securities, the cumulative loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position below equity is removed.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

therefrom and is recognised in the profit and loss account. For investments classified as held to maturity, the impairment loss is recognised in the profit and loss account.

Investment in associates and subsidiary

In respect of investment in associates and subsidiary, the Bank reviews their carrying values at each reporting date to assess whether there is an indication of impairment.

Such indication may include significant and prolonged decline in the market value, significant changes with an adverse impact on the entity, carrying amount of net assets in excess of market capitalisation etc. Management also takes into account that these investments are held for long term and therefore considers decline of up to 40% in value (applying significant decline criteria) and up to 12 months (for applying prolonged criteria) for the purposes of assessing significant and prolonged decline for listed investments. However, any threshold should be justifiable in view of other factors present for the entity. The amount of impairment loss would be determined based on the higher of value in use and fair value less cost to sell. Impairment loss is recognised in the profit and loss account.

7.4.6 Cost of investment is determined on moving average basis.

7.5 Operating fixed assets

7.5.1 Tangible assets

Tangible operating fixed assets are stated at cost less accumulated depreciation and any identified impairment loss. Items of fixed assets costing Rs 20,000 or less are not capitalised and are charged off in the month of purchase. Profit or loss on disposal of fixed assets is included in the profit and loss account currently.

7.5.2 Intangible assets

Intangible assets comprise of computer software. Intangible assets with definite useful lives are stated at cost less accumulated amortisation and impairment losses, if any.

7.5.3 Subsequent costs

Subsequent costs are included in the asset's carrying amounts or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance expenditure are charged to the profit and loss account as and when incurred.

7.5.4 Depreciation / amortisation

Depreciation / amortisation is charged to the profit and loss account by applying the straight line method with the rates specified in notes 13.2 and 13.4 whereby the depreciable value of an asset is written off over its estimated service life. The Bank charges depreciation / amortisation from the month of acquisition and upto the month preceding the disposal.

7.5.5 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any.

7.5.6 Useful lives and residual values

Useful lives and residual values are reviewed at each Statement of Financial Position date and adjusted if impact on depreciation / amortisation is significant.

7.5.7 Impairment

The Bank assesses at each Statement of Financial Position date whether there is any indication that the operating fixed assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment charge is recognised in the profit and loss account.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

7.6 Ijarah Assets (IFAS 2)

Ijarah assets are stated at cost less depreciation and are disclosed as part of 'Islamic financing and related assets'. The rental received / receivable on Ijarah under Islamic Financial Accounting Standard - 2 Ijarah (IFAS 2) are recorded as income / revenue.

- Depreciation

The Bank charges depreciation from the date of recognition of Ijarah of respective assets to mustajir. Ijarah assets are depreciated over the period of Ijarah using the straight line method.

- Ijarah Rentals

Ijarah rentals outstanding are disclosed in 'other assets' on the Statement of Financial Position at amortized cost.

- Impairment

Impairment of Ijarah assets is determined in accordance with the Prudential Regulations issued by the SBP. The provision for impairment of Ijarah assets is shown as part of 'Islamic financing and related assets'.

7.7 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or below equity, in which case it is recognised in equity or below equity.

Current

The charge for current taxation is based on expected taxable income for the year at the current rates of taxation, after taking into consideration available tax credits, rebates, tax losses, etc. The charge for current tax also includes adjustments to tax payable in respect of previous years including those arising from assessments finalised during the year and are separately disclosed.

Deferred

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the temporary differences relating to initial recognition of goodwill, initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profits and differences relating to investments in subsidiaries to the extent that they probably will not reverse in the foreseeable future.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the assets can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised.

7.8 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are stated at the lower of the financing amount and their market value at the time of acquisition. The Bank carries out periodic valuation of these assets and any decline in their value below the recognised amount is charged to the profit and loss account. These assets are disclosed in other assets as specified by the SBP.

7.9 Deposits

Deposits are generated on the basis of two modes i.e. Qard and Mudaraba.

Deposits taken on Qard basis are classified as 'Current accounts' and Deposits generated on Mudaraba basis are classified as 'Savings deposits' and 'Fixed deposits'. No profit or loss is passed on to current account depositors, however the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Bank. No profit or loss is passed on to current account depositors. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Profits realised in investment pools are distributed in pre-agreed profit sharing ratio. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Mudarab can distribute its share of profit to Rab-ul-Maal upto a maximum of 50% of their profit as incentive profits (Hiba).

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

Profits are distributed from the pool such that the depositors (remunerative) only bear the risk of assets in the pool during the profit calculation period. In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of investments.

Asset pools are created at the Bank's discretion and the Bank can add, amend, transfer an asset to any other pool in the interests of the deposit holders.

7.10 Pool Management

The Bank operates general and specific pools for deposits and inter-bank funds accepted / acquired under Mudaraba and Musharakah modes.

Under the general deposits pools, the Bank accepts funds on Mudaraba basis from depositors (Rab-ul-Maal) where the Bank acts as Manager (Mudarb) and invests the funds in the Shariah Compliant modes of financings, investments and placements. When utilizing investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources after meeting the regulatory requirement relating to such deposits.

Specific pools are operated for funds acquired / accepted from the State Bank of Pakistan and other banks for Islamic Export Refinance to Bank's customers and liquidity management respectively under the Musharakah / Mudaraba modes.

The profit of each deposit pool is calculated on all the remunerative assets booked by utilizing the funds from the pool after deduction of expenses directly incurred in earning the income of such pool along with related fee income, if any. The directly related costs comprise of depreciation onjarah assets, taxatuf premium, documentation charges etc. No expense of general or administrative nature of expense is charged to the pools. No provisions against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharakah at gross level (before charging of mudarb fee) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of mudarb fee. During the year, the Bank has given General Hiba to the depositors of PKR General Pool, keeping in view the prescribed guidelines of Pool Management provided by the SBP and with the approval of Bank's Shariah Advisor. However, Hibas are given at the sole discretion of the Bank without any contractual commitment and can be withdrawn or reduced by the Bank as its sole discretion.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool. As per Bank's policy, relatively low risk / secured financing transactions and assets are allocated to general depositors pool of PKR, USD, GBP and Euro. The Bank maintains General Pools (PKR, USD, EUR, GBP), FI Pools, IERS pool and Equity pool. The general pools are exposed to general credit risk, asset ownership risk and profit rate risk of the underlying assets involved.

General Pools

For General Pools (PKR, USD, EUR, GBP), the Bank allocates PKR financing to Corporate, SME and Consumer Finance customers in diversified sectors and avenues of the economy / business as mentioned in the note 41.1.1.1. Investments in Sovereign Guarantee Sukuk, Bai Muajjal with State Bank of Pakistan, Bai Muajjal with Government of Pakistan are also done through General Pools. All remunerative deposits are tagged to these general pools and their funds generated from the depositors are invested on priority basis. Due to limited investment options in USD, GBP and EURO pool, funds from FCY pools are invested in available international Sukuk, Shariah Compliant Nostro accounts and remaining funds are taken out and invested in PKR general pool as part of equity. In such cases return from PKR General pool is given back to FCY pools, so that returns can be passed on to FCY pool customers accordingly.

IERS Pools

The IERS pool assets comprise of Sovereign Guarantee Sukuks, and financings to / sukuks of blue chip companies and exporters as allowed under the applicable laws and regulations, and as such are exposed to lower credit risk. The Musharakah with SBP under IERS is tagged to the IERS pool.

FI Pools

The FI pool assets generally comprise of Sovereign Guarantee Sukuks only and the related liability of the FI pool comprise of Musharakah/Mudaraabah from other banks and financial institutions. These pools are created to meet the liquidity requirements of the Bank.

Equity Pools

All other assets including fixed assets, exposure in shares, PKR Bai-Salam financings and subsidized financings to Bank's employees are tagged to equity pool. To safeguard the interest of customers, all high risk investments are done through equity pool. The Bank as Mudarb in the general pools is responsible to finance costs/assets such as land, building, furniture, fixtures, computers and IT system from its own sources / equity.

7.11 Staff retirement benefits

Defined benefit plan

The Bank operates an approved funded gratuity scheme for its permanent employees. The scheme was approved by the tax authorities in April 2000. The liability recognised in the statement of financial position in respect of defined benefit gratuity scheme, is the present value of the defined benefit obligation at the statement of financial position date less the fair value of plan assets. Contributions to the fund are made on the basis of actuarial recommendations. The defined benefit obligation is calculated periodically by an independent actuary using the projected unit credit method. Last valuation was conducted as on December 31, 2015.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

During the current year a new End of Service un-funded defined benefit has been approved by the Board of Directors for the benefit of the founding President and Chief Executive Officer of the Bank. The defined benefit obligation has been calculated by an independent actuary using the projected unit credit method. The valuation has been carried out on December 31, 2015.

Amounts arising as a result of "Remeasurements", representing the actuarial gains and losses and the difference between the actual investment returns and the return implied by the net interest cost are recognised in the Statement of Financial Position immediately, with a charge or credit to "Other Comprehensive Income" in the periods in which they occur.

Defined contribution plan

The Bank also operates a recognised contributory provident fund for all permanent employees. Equal monthly contributions are made, both by the Bank and the employees, to the fund at a rate of 10% of basic salary.

7.12 Compensated absences

The Bank recognises liability in respect of employees compensated absences in the period in which these are earned up to the date of Statement of Financial Position. The provision has been recognised on the basis of actuarial valuation conducted as at December 31, 2015, on the basis of projected unit credit method.

7.13 Dividend and reserves

Dividend declared and appropriations, except for transfer to statutory reserve, made subsequent to the date of Statement of Financial Position are considered as non adjusting event and are recorded in the financial statements in the year in which these are approved by the directors / shareholders as appropriate.

7.14 Foreign currency transactions

Transactions and balances

Foreign currency transactions are recorded in rupees at exchange rates prevailing on the date of transaction. Monetary assets, monetary liabilities and contingencies and commitments in foreign currencies except forward contracts are reported in Rupees at exchange rates prevalent on the Statement of Financial Position date.

Forward contracts other than contracts with the SBP relating to the foreign currency deposits are valued at forward rates applicable to the respective maturities of the relevant foreign exchange contracts. Forward contracts with the SBP relating to foreign currency deposit are valued at spot rate prevailing at the Statement of Financial Position date. Exchange gains and losses are included in profit and loss account currently.

Commitments

Commitments for outstanding forward foreign exchange contracts are disclosed at the rates applicable at the reporting date. Contingent liabilities / commitments for letters of credit, acceptances and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the exchange rates ruling on the reporting date.

Translation gains and losses are included in the profit and loss account.

7.15 Provisions and contingent assets and liabilities

Provisions are recognised when the Bank has a present legal or constructive obligation arising as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each date of Statement of Financial Position and are adjusted to reflect the current best estimate.

Contingent assets are not recognised and are also not disclosed unless an inflow of economic benefits is probable. Contingent liabilities are not recognised and are disclosed unless the probability of an outflow of resources embodying economic benefits are remote.

7.16 Acceptances

Acceptances comprise undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be settled simultaneously with the reimbursement from the customers. Acceptances are accounted for as off-balance sheet transactions and are disclosed as contingent liabilities and commitments.

7.17 Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the Statement of Financial Position when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted by the approved accounting standards as applicable in Pakistan.

Notes to and forming part of the Financial Statements

7.18 Revenue recognition

- i) Profit on Murabaha and Commodity Murabaha is recognised on an accrual basis. Profit on murabaha transactions for the period from the date of disbursement to the date of culmination of murabaha is recognised immediately upon the later date.
- ii) The Bank follows the finance method in recognising income on Ijarah contracts written upto December 31, 2008. Under this method the unearned income i.e. the excess of aggregate Ijarah rentals over the cost of the asset and documentation charges under Ijarah facility is deferred and then amortised over the term of the Ijarah, so as to produce a constant rate of return on net investment in the Ijarah. Gains / losses on termination of Ijarah contracts are recognised as income on a receipt basis. Income on Ijarah is recognised from the date of delivery of the respective assets to the mustajir.
- iii) Rental on Ijarah contracts written subsequent to December 31, 2008 under Islamic Financial Accounting Standard - 2 Ijarah (IFAS-2) are recognised as income on an accrual basis.
- iv) Profit on Bai Muajjal transaction is recognised on an accrual basis.
- v) Profit on Diminishing Musharakah financings is recognised on an accrual basis.
- vi) Profit on Running Musharakah financings is booked on an accrual basis and is adjusted upon declaration of profit by Musharakah partners.
- vii) Profit on Tijarah and Istisna financings is recognised on an accrual basis commencing from time of sale of goods till the realisation of sale proceeds by the Bank.
- viii) Profit on Service Ijarah is recognised on an accrual basis.
- ix) Profit on Sukuks is recognised on an accrual basis. Where Sukuks (excluding held for trading securities) are purchased at a premium or discount, those premiums / discounts are amortised through the profit and loss account over the remaining maturity using the effective yield / profit method.
- x) Commission on letters of credit, acceptances and guarantees is recognised on receipt basis, except for commission on guarantees in excess of Rs 200,000 which is recognised over the period of the guarantee. Fee and brokerage income are recognised when earned.
- xi) Dividend income is recognised when the Bank's right to receive dividend is established.
- xii) Gain or loss on sale of investments is included in the profit and loss account.
- xiii) Gain or loss on disposal of operating fixed assets, Ijarah assets and musharaka assets, if any, is taken to the profit and loss account in the period in which they arise.
- xiv) Profit suspended in compliance with the Prudential Regulations issued by the SBP is recorded on receipt basis until on rescheduled / restructured financings and investments are recognised as permitted by the SBP, where, in the opinion of the management, it would not be prudent to do so.

7.19 Business Combination

Business combinations are accounted for by applying the acquisition method. The cost of acquisition is measured as the fair value of assets given, equity instruments issued and the liabilities incurred or assumed at the date of acquisition. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement, if any. Acquisition related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred over the fair value of the Bank's share of identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets acquired in the case of a bargain purchase, the difference is recognised directly in the profit and loss account.

Goodwill acquired in a business combination is measured, subsequent to initial recognition, at its cost less accumulated impairment losses, if any. Goodwill acquired in a business combination is tested for impairment annually or whenever there is an indication of impairment as per the requirements of International Accounting Standard (IAS) 36, 'Impairment of Assets'. Impairment charge in respect of goodwill is recognised in the profit and loss account.

Acquisition of Non-Controlling Interests (NCI) is measured at the proportionate share of the NCI in the fair value of the net assets acquired by the Bank. The excess of fair value of consideration transferred over the proportionate share of the NCI in the fair value of the net assets acquired is recognised in equity.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

15.4.1 This represents provision adjusted amounting to Rs 89,047 million against accrued income on conventional products transferred from HSBC Pakistan Operations which has been successfully converted and made part of Shariah Compliant products. As per the Shariah Supervisory Board Guidelines of the Bank, the accrued income on conventional products cannot be claimed by the Bank unless the transaction is converted into a Shariah compliant transaction and the income is earned on a permissible mode of finance by the Bank. Accordingly, the Bank has recovered the due amounts through Shariah compliant products.

15.4.2 This represents accrued income on conventional products amounting to Rs 9,506 million which was recovered from customers who did not opt for conversion of their loans into Shariah Compliant products. The amount has been transferred to charity account.

As no financial relief was provided to the customers in the cases referred to in notes 15.4.1 and 15.4.2, they have not been included in Annexure 1.

For the year ended December 31, 2015

34.5	Charge for defined benefit plan (in respect of the gratuity scheme)	2015	2014
		Rupees in '000	
	Current service cost	178,396	117,281
	Net return cost	7,563	3,154
		<u>185,959</u>	<u>120,435</u>

34.6 The plan assets and defined benefit obligations (in respect of the gratuity scheme) are based in Pakistan.

34.7	Principal actuarial assumptions (in respect of the gratuity scheme)	2015	2014
	Discount rate	10.00% p.a	12.25% p.a
	Expected rate of salary increase	10.00% p.a	12.25% p.a
	Expected rate of return on investments	10.00% p.a	12.25% p.a
	Normal retirement age	60 years	60 years

34.8 Assumptions regarding future mortality are set based on actuarial advice in accordance with published statistics and experience in Pakistan. The rates assumed are based on the adjusted SLIC 2001 - 2005 mortality tables with one year age set back.

34.9 The sensitivity of the defined benefit obligation (in respect of the gratuity scheme) to changes in the weighted principal assumptions at:

	Impact on defined benefit obligation - Increase / (Decrease)		
	Change in assumption	Increase in assumption	Decrease in assumption
		Rupees in '000	
Discount rate	1.0%	(82,284)	98,502
Salary growth rate	1.0%	101,426	(66,064)
		Increase by 1 year in assumption	Decrease by 1 year in assumption

Life expectancy / Withdrawal rate

Methodology followed for calculating sensitivities

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognised within the Statement of Financial Position.

34.10 The weighted average duration of the defined benefit obligation (in respect of the gratuity scheme) is 11.06 years.

34.11 Expected maturity analysis of undiscounted defined benefit obligation for the gratuity scheme is as follows:

At December 31, 2015	Less than a year	Between 1-2 years	Between 2-5 years	Over 5 years	Total

Remeasurements of plan assets	(789)	2,475	(25,763)	7,173	2,101

34.13 Funding levels are monitored on an annual basis and are based on actuarial recommendations. Expected Gratuity Expense for the next year works out to Rs 210,902 million as per the actuarial valuation report of the Bank as of December 31, 2015.

34.14 Through its defined benefit gratuity plan, the Fund is exposed to a number of risks, the most significant of which are detailed below:

Asset volatility	The plan liabilities are calculated using a discount rate set with reference to corporate bond yields; if plan assets underperform this yield, this will create a deficit. The Fund believes that due to long-term nature of the plan liabilities and the strength of the Bank's support, current investment strategy manages this risk adequately.
Changes in bond yields	A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' sukuk holdings.
Inflation risk	The majority of the plans' benefit obligations are linked to inflation, and higher inflation will lead to higher liabilities. However plan assets are variable rate instruments and are re-priced at regular intervals to offset inflationary impacts.
Life expectancy / Withdrawal rate	The majority of the plans' obligations are to provide benefits on severance with the Bank on achieving retirement. Any change in life expectancy / withdrawal rate would impact plan liabilities.

34.15 End of Service Defined Benefit

As noted in note 7.11 to these financial statements, the Bank has introduced a End of Service unfunded defined benefit for the founding President and Chief Executive Officer.

The charge in respect of current service cost is recognised based on expected period of future service. The present value of defined benefit obligation / charge recognised in respect of this benefit amounts to Rs 211,964 million.

The principal actuarial assumptions comprise of discount rate of 10 percent and salary increase rate of 12 percent. The retirement age used by the actuary is 63 years. The sensitivity of the defined benefit obligation due to a one percent change in discount rate would be Rs 7,895 million (in case the discount rate is increased) and Rs 8,279 million (in case the discount rate is decreased). The sensitivity of the defined benefit obligation due to change in life expectancy / withdrawal rates would be lower by Rs 0,242 million (in case of ten percent increase in assumption) and higher by Rs 0,246 million (in case of ten percent decrease in assumption). These sensitivities are calculated using the same methodology as explained in note 34.9.

34.16 The disclosure made in notes 34.1 to 34.15 are based on the information included in the actuarial valuation report of the Bank as of December 31, 2015.

37 FAIR VALUE OF FINANCIAL INSTRUMENTS

37.1 The fair value of investments in listed securities, except investments categorised as 'held to maturity', investments in subsidiaries and associates is based on quoted market prices. The value of unquoted equity investments is reduced, if required, on the basis of break-up value of those investments based on the latest available audited financial statements.

Fair value of Islamic financing and related assets, other assets, other liabilities and fixed term deposits and other accounts cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of Islamic financing and related assets has been calculated in accordance with the Bank's accounting policy as stated in note 7.3.2.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these assets and liabilities are short term in nature or in the case of financings and deposits are frequently repriced.

37.3 The table below analyses financial and non-financial assets carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs e.g. estimated future cash flows) (Level 3).

Investment in associates (listed - mutual funds) have market value of Rs 2,967 million as disclosed in note 11.6.3 to the financial statements which is being valued under level 2. These are carried at cost in the financial statements in accordance with the bank's accounting policy.

The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred.

There were no transfers between levels 1 and 2 during the year.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares, units of open end mutual fund and global sukuk bonds classified as available for sale.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of GOP Ijarah sukuk and WAPDA sukuk classified as available for sale.

(c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

Valuation techniques used in determination of fair values within level 2

Item	Valuation approach and input used
GOP Sukuks WAPDA Sukuks	The fair value of GOP Ijarah Sukuks and WAPDA sukuk quoted are derived using PKISRV rates. The PKISRV rates are announced by FMA (Financial Market Association) through Reuters. The rates announced are simple average of quotes received from 8 different pre-defined / approved dealers / brokers.
Forward foreign exchange contracts	The valuation has been determined by interpolating the mid rates announced by State Bank of Pakistan.

40 CAPITAL ASSESSMENT AND ADEQUACY BASEL SPECIFIC

The State Bank of Pakistan (SBP) introduced guidelines with respect to disclosure of capital adequacy related information in the financial statements of banks vide its communication dated February 04, 2014. These guidelines are based on the requirements of Basel III which were introduced by the SBP in August 2013 for implementation by the banks in Pakistan. The SBP has specified a transitional period till 2018 for implementation of Basel III. The SBP vide its BPRD Circular No. 11 of 2014 dated November 05, 2014 has specified the disclosure requirements with respect to capital adequacy related information. The disclosures below have been prepared on the basis of the SBP's circular.

40.1 Capital structure

Under Basel II framework, Bank's regulatory capital has been analysed into two tiers as follows:

- Tier 1 capital (going concern capital) which is sub-divided into:
 - a) Common Equity Tier 1 (CET1), which includes fully paid up capital, reserve for bonus issue, general reserves and un-appropriated profits (net of losses), etc. after regulatory deductions for investments in the equity of subsidiary companies engaged in banking and financial activities, reciprocal crossholdings and deficit on revaluation of available for sale investments and deduction for book value of intangibles.
 - b) Additional Tier 1 capital (AT1), which includes instruments issued by the Bank which meet the specified criteria after regulatory deduction for investments in the equity of subsidiary companies engaged in banking and financial activities and other specified deductions.

Presently the Bank does not have any AT1 capital.

- Tier II capital, which includes general provisions for loan losses (upto a maximum of 1.25% of credit risk weighted assets), reserves on revaluation of fixed assets and equity investments after deduction of deficit on available for sale investments (upto a maximum of 67%).

Banking operations are categorised in either the trading book or the banking book and risk weighted assets are determined according to the specified requirements that seek to reflect the varying levels of risk attached to assets and off balance sheet exposures.

The required capital adequacy ratio is achieved by the Bank through:

- (a) Adequate level of paid up capital;
- (b) Adequate risk profile of asset mix;
- (c) Ensuring better recovery management; and
- (d) Maintaining acceptable profit margins.

40.2 Capital adequacy ratio

The main objective of the capital management is to improve the financial position and strengthen the statement of financial position of the Bank to support the growth in business, provide protection to depositors and enhance shareholders' value.

The Bank's Board and the management is committed to maintaining a sound balance between depositors' liability and shareholders' funds so that optimal capital / debt ratio is maintained. The optimal capital / debt ratio will provide reasonable assurance to depositor's about safety and security of their funds and at the same time provide impetus to the management to invest their depositors' funds into profitable ventures without compromising the risk profile of the Bank. The capital requirement of the Bank has been determined based on the projected growth plan to be achieved in the next 3 to 5 years in all areas of business operations. Further, it also takes into account a road map for capital enhancement as directed by the State Bank of Pakistan vide its various circulars issued from time to time.

The Bank prepares Annual Budget and Three Year Plan for purpose of the growth map and future direction. Bottom up approach is used to prepare annual budget and detailed deliberations are held while preparing Three Year Plan. The growth prospects takes into consideration prevailing economic and political factors in Pakistan and abroad.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

In implementing current capital requirements the State Bank of Pakistan requires banks to maintain minimum Capital Adequacy Ratio (CAR) of 10.25% as of December 31, 2015 whereas CAR stood at 10.98% at the year ended December 31, 2014.

The Bank calculates capital adequacy ratio for credit risk, market risk and operational risk based upon requirements under Basel Accord as per guidelines issued by the State Bank of Pakistan from time to time in this regard.

Major credit risk in respect of on and off-balance sheet exposures are mainly claims on banks, corporates, retail customers, residential mortgages and unquoted associated undertakings and Sukuks. Market risk exposures are mainly in mutual funds, equity and foreign exchange positions. The Bank's potential risk exposures shall remain in these exposure types.

Sensitivity and stress testing of the Bank under different risk factors namely yield rate, forced sale value of collateral, non performing financings and foreign exchange rate depicts that the Bank's capital adequacy ratio is above the regulatory requirements.

The Bank has taken into account credit risk, market risk and operational risk when planning its assets.

40.3.5 Leverage ratio

According to Basel III instructions issued by State Bank of Pakistan (SBP circular # 06 dated August 15, 2013), it is mandatory for all the banks to calculate and report the Leverage Ratio on a quarterly basis with the minimum benchmark of 3%.

The reason for calculating leverage ratio is to avoid excessive On- and Off-balance sheet leverage in the banking system. A simple, transparent and non-risk based Ratio has been introduced with the following objectives:

- Constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy, and
- Reinforce the risk based requirements with an easy to understand and a non-risk based measure.

41 RISK MANAGEMENT

The wide variety of the Bank's business activities require the Bank to identify, assess, measure, aggregate and manage risks effectively which are constantly evolving as the business activities expand in response to the Bank's strategy and growth. The Bank manages the risk through a framework of risk management encompassing policies and procedures, organisational structures, risk measurement and monitoring processes and techniques that are closely aligned with business activities of the Bank.

Risk management principles

- The Board of Directors (the Board) provides overall risk management supervision. The Board Risk Management Committee regularly reviews the Bank's risk profile.
- The Bank has set up objectives and policies to manage the risks that arise in connection with the Bank's activities. The risk management framework and policies of the Bank are guided by specific objectives to ensure that comprehensive and adequate risk management tools and techniques are established to mitigate the salient risk elements in the operations of the Bank.
- The establishment of the overall financial risk management objectives is consistent and in tandem with the strategy to create and enhance shareholders' value, whilst guided by a prudent risk management framework.
- The structure of risk management function is closely aligned with the organisational structure of the Bank.
- The risk management function is independent of the Bank's operations.

Risk management organisation

The Risk Management Committee comprises of two non-executive directors and one executive director. One of the non-executive directors of the Bank chairs the Risk Management Committee.

Specialized Committees comprising of Senior Management team members perform their functions in line with the strategic direction set by the Board while ensuring that there is optimal balance between risk reward trade-off. The Committees include:

Name of the sub-committee	Chaired by
Credit Risk Management Committee (CRMC)	President & CEO
Asset and Liability Management Committee (ALCO)	President & CEO
Internal Controls and Operational Risk Management Committee (ICORC)	Deputy Chief Executive Officer

CRMC is responsible to oversee credit risk activities on bank wide basis while ensuring compliance with regulatory requirements & internal policies. Its responsibilities also include to provide support and guide front lines in managing their businesses, perform finance portfolio review, establish financing standards and benchmarks, maintain adequate industry diversification and decide upon provisioning. It is also required to delegate financing approving powers & prudential limits on large financing exposures. Credit Committee, a sub-committee of CRMC is the highest level body for approval of financing transactions.

ALCO is responsible for reviewing the Asset and Liability structure of the Bank, monitoring the liquidity situation and overall changing market scenario. Market and Liquidity risks are examined based on stress testing exercises and gap analysis. ALCO is also responsible for monitoring policy rate movements and taking necessary steps across various products to ensure that the overall profitability of the Bank is maximized without compromising on risk appetite. ALCO also ensures that the Bank's overall operations are fully compliant with regulatory framework for the business as provided by the State Bank of Pakistan.

The ICORC is responsible for reviewing adequacy of controls and systems to meet the regulatory requirements and business plan of the Bank. The Committee evaluates overall management information systems and guides / facilitates for their accuracy and standardisation. The ICORC reviews reports on major actual / attempted fraud, forgery and identity incidents and the steps taken to mitigate such incidents in future. The Committee ensures that policies and procedures in all key risk areas of the banking business are in place. It collaborates on reports regarding deviations and lapses vis-a-vis internal and external requirements. The ICORC also reviews reports on loss data and key risk indicators.

The Bank's risk management, compliance, internal audit and legal departments support the risk management function. The role of the risk management department is to assess, measure, identify risks and established risk mitigants through a detailed policy and monitoring framework. The compliance department ensures that all the directives and guidelines issued by the SBP are being complied with in order to mitigate the compliance risk. The internal audit and RRF department reviews the compliance of internal control procedures with internal and regulatory standards.

41.1 Credit Risk

Credit risk arises from the potential that an obligor is either unwilling to perform on an obligation or its ability to perform such obligations is impaired resulting in economic loss to the Bank. This credit risk arises mainly from both direct financing activities as well as contingent liabilities.

Credit risk management and structure

The Bank manages credit risk by effective credit appraisal mechanism, approving and reviewing authorities, limit structures, internal credit risk rating system, collateral management and post-disbursement monitoring so as to ensure prudent financing activities and sound financing portfolio under the umbrella of a comprehensive Credit Policy approved by the Board of Directors. A comprehensive financing procedural manual approved by the senior management is also in place. The Bank also ensures diversification of its portfolio into different business segments, products and sectors. Further, to avoid risk concentration, counterparty limits, counterparty group limits and industry concentration limits are also established, monitored and assessed in the light of changing counterparty and market conditions.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

Watchlist procedure is also functioning which identifies financings with early warning indicators in respect of clients having the potential to become non performing. The risk management function also monitors the non-performing financing portfolio of the Bank and reports of significant matters to the Risk Management Committee.

The Bank takes into account the risk mitigating effect of the eligible collaterals for the calculation of capital requirement for credit risk. Use of Credit Risk Mitigation (CRM) resulted in the total credit risk weighted amount of Rs 189,974.711 million (2014: Rs 166,862,020 million).

Thus, use of CRM resulted in capital adequacy ratio of the Bank of 10.98%.

41.2 Credit Risk - General Disclosures

The Bank has adopted Standardised Approach for calculation of capital charge against credit risk. Therefore, risk weights for the credit risk related assets (on-balance sheet and off-balance sheet - market and non market related exposures) are assigned on the basis of standardised approach.

The Bank is committed to further strengthen its risk management framework which will enable the Bank to move ahead for adopting Foundation Internal Ratings Based (IRB) approach. Meanwhile, none of the Bank's assets class is subject to the Foundation IRB or advanced IRB approaches.

41.2.1 Credit Risk: Disclosures for portfolio subject to the Standardised Approach

Under standardised approach the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognised by the SBP for capital adequacy purposes. In this connection, the Bank utilises the credit ratings assigned by ECAIs and has recognised agencies which consists of PACRA (Pakistan Credit Rating Agency) and JCR-VIS (Japan Credit Rating Company - Vital Information System) which are also recognised by the SBP.

In case of foreign currency exposures against banks, ratings assigned by S&P Fitch and Moody's have been applied. In case of exposure against banks, some banks have multiple ratings but those ratings do not result in mapping with different risk weights.

Types of Exposure and ECAI's used

Exposures	2015				
	JCR-VIS	PACRA	Standard & Poors (S&P)	Fitch	Moody
Corporate	√	√	√	√	√
Banks	√	√	√	√	√
Public Sector Entities	√	√	-	-	-

Use of ECAI Ratings

The Bank prefers solicited ratings over unsolicited ratings at all times, owing to the greater degree of accuracy (in general) associated with solicited ratings. Unsolicited ratings may only be used in cases where a solicited rating is not available.

Mapping to SBP Rating Grades

The alignment of the Alphanumerical scale of each agency used with risk buckets is as per instructions laid down by SBP under Basel II requirements.

41.2.3 Credit Risk: Disclosures with respect to Credit risk mitigation for Standardised approach and IRB

The Bank obtains capital relief for both its on-balance and off-balance sheet non-market related exposures by using simple approach for credit risk mitigation (CRM). Off-balance sheet items under the simplified standardised approach are converted into credit exposure equivalents through the use of credit conversion factors. Under the standardised approach the Bank has taken advantage of the cash collateral available with the Bank in the form of security deposits, cash margins, certificates of Islamic investment, monthly mudaraba certificate and saving accounts.

Valuation and management of eligible collateral for CRM is being done in accordance with the conditions laid down by the State Bank of Pakistan. Eligible collateral for CRM purposes do not expose the Bank to price risk as they are in the form of cash collateral. Since eligible collateral for CRM purposes are all in the form of cash collateral, they generally do not pose risk to the Bank in terms of change in their valuation due to changes in the market condition.

The credit equivalent amount of an off-balance sheet market related foreign exchange contracts are determined by using the current exposure (mark to market) method.

The Bank mainly takes the benefit of CRM against its claims on corporate and retail portfolio. Under the standardised approach for on-balance sheet exposures, the corporate portfolio of Rs 163,739,510 million is subject to the CRM of Rs 2,867,472 million whereas a claim on retail portfolio of Rs 12,848,637 million is subject to CRM of Rs 3,183,379 million. The total benefit of Rs 6,050,851 million was availed through CRM against total on-balance sheet exposure of Rs 526,696,370 million.

Under off-balance sheet, non-market related exposures, the corporate portfolio of Rs 141,032,873 million is subject to the CRM of Rs 1,183,123 million whereas a claim on retail portfolio of Rs 2,183,585 million is subject to CRM of Rs 634,497 million. Total benefit of Rs 1,817,620 million was availed by the Bank through CRM against total off-balance sheet, non-market related exposure of Rs 152,923,293 million.

Thus in year 2015, total amount of cash collateral used for CRM purposes was Rs 7,868,471 million as against amount of Rs 5,842,575 million in year 2014. The difference in the value of cash collateral is due to the changes in the exposure amounts and resultant amount of cash collateral obtained.

41.2.4 Credit concentration risk

Credit concentration risk arises mainly due to concentration of exposures under various categories viz., industry, geography, and single / group borrower obligor. Within credit portfolio, as a prudential measure aimed at better risk management and avoidance of concentration of risks, the SBP has prescribed regulatory limits on banks' maximum exposure to single and group obligors. Within the SBP limits, the Bank has further defined limits to avoid excessive concentration of portfolio.

41.3 Equity position in the banking and trading book

The Bank classifies and values its investment portfolio in accordance with the directives of SBP as stated in note 7.4 to these financial statements.

Notes to and forming part of the Financial Statements

Trading book

Held for trading and available for sale securities with trading intent:

- They are marked to market daily.
- Any valuation difference is charged / credited to the profit and loss account in case of held for trading securities and to surplus on revaluation of investments - net of tax below equity in case of available for sale securities.

Banking book

Assets outside trading book are part of the banking book. These may include assets classified as available for sale. The Bank does not have any held to maturity investments as at December 31, 2015.

41.4 Market risk

Market risk is the risk that the fair value or cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk reflects yield rate risk, currency risk and other price risks. Banks could be adversely affected by movements in market rates or prices such as benchmark rates, deposit rates, foreign exchange rates, equity prices and market conditions, resulting in a loss to earnings and capital.

The Bank uses a number of methods to monitor and control market risk exposures. One of the major tools used by the Bank to monitor and limit market risk is Value at Risk (VaR). VaR is defined as the estimated loss that will arise on a position or a portfolio over a particular (holding) period of time from an adverse market movement with a specific probability (confidence level). The VaR model used by the Bank takes 99% confidence level and assumes a 1 to 10 days holding period whilst using the historical simulation taking the data of the last three years. Daily the VaR figures are circulated to the senior management and regular summaries are reported in ALCO meetings.

The VaR reports are complemented by various other position and sensitivity limit structures, including stress, sensitivity, gap and scenario analysis. The capital charge for market risk has been calculated by using Standardized Approach.

41.4.1 Foreign exchange risk

The foreign exchange risk is defined as the current or prospective risk to earnings and capital arising from adverse movements in currency exchange rates. It refers to the impact of adverse movement in currency exchange rates on the value of open foreign currency position. The objectives of the foreign exchange risk management is to minimise the adverse impact of foreign exchange rate movements on the assets and liabilities mismatch (tenor and position) and maximise their earnings.

Whenever a commercial bank deals in foreign currency, it is exposed to risk of exchange rate. Bank's assets and liabilities in foreign currencies give rise to Foreign exchange risk which has to be managed by the Bank; this risk is mitigated by using different hedging techniques. Hedging is a way used by a bank to eliminate or minimize its risk exposures. Hedging can be done using different ways like gap analysis, hedging (forwards), assigning limits in terms of amount, tenor, currency, product, countries, counterparties etc. The Bank limits its currency exposure to the extent of statutory net open position prescribed by the SBP except in the cases where exemption is provided by the SBP. Foreign exchange open and mismatch positions are controlled through close monitoring and are marked to market on a daily basis.

The analysis below represents the concentration of the Bank's foreign currency risk for on and off balance sheet financial instruments:

41.4.2 Equity position risk

Equity position risk is defined as the risk to earnings or capital arising from adverse changes in the value of equity portfolios of the bank. The limits assigned to various individual scripts and total portfolio investments are fixed as per the guidelines issued by the SBP. The Bank invests in only Shariah compliant equities as advised by the Shariah advisor.

41.4.3 Yield / profit rate risk

Yield risk occurs when there is a mismatch between positions, which are subject to profit rate alterations within a particular time period. The Bank's financing, placement and investment activities give rise to profit rate risk. The effect of changes in profit rate is on bank's income, and resultant impact is on bank's net worth.

Profit rate risk is primarily managed by monitoring the rate sensitive gaps and by having the pre-approved limits for repricing buckets. ALCO is the supervising body for adherence with these complemented by the monitoring of sensitivity of the bank's financial assets and liabilities to various scenarios.

The Bank estimates changes in the market value of equity due to changes in the yield rates on on-balance sheet positions and their impact on capital adequacy ratio by conducting stress tests. It also assesses risk on earnings of the Bank by various shocks.

Notes to and forming part of the Financial Statements

For the year ended December 31, 2015

The Bank takes on exposure to the effects of fluctuations in the prevailing levels of market profit rates on both its fair value and cash flow risks.

Profit margins may increase as a result of such changes but may reduce to losses in the event that unexpected movements arise.

41.5 Liquidity risk

Liquidity risk is the potential for loss to the Bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring an unacceptable cost.

The Bank's Board of Directors sets bank's policy for managing liquidity risk and entrusts accountability for supervision of the implementation of this strategy to senior management. Senior management exercises its responsibilities for managing market & liquidity risk through various committees including the Asset & Liability Management Committee (ALCO). Treasury department manages the Bank's liquidity position on a daily basis. The Bank's main approach of managing the liquidity risk is to make certain that it will always have adequate liquidity to meet its liabilities when they are due in normal and stressed scenarios without incurring any untoward expenditure or risking reputational harm. ALCO monitors the maintenance of liquidity ratios, depositor's concentration (both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits). Regular liquidity stress testing is conducted under a variety of scenarios covering both normal and more severe market conditions.

Operational risk

The Bank uses Basic Indicator Approach (BIA) for assessing the capital charge for operational risk. Under BIA the capital charge is calculated by multiplying average positive annual gross income of the Bank over past three years with 15% as per guidelines issued by SBP under Basel II.

To reduce losses arising from operational risk, the Bank has strengthened its risk management framework by developing policies, strategies, guidelines and manuals. It also includes set up of functions like operational risk management, prevention of fraud and forgery and information security function, defining responsibilities of individuals, implementing 4 eye principle, enhancing security measures, improving efficiency and effectiveness of operations, outsourcing and improving quality of human resources through trainings and development.

42 TRUST ACTIVITIES

The Bank commonly act as trustee and in other fiduciary capacities that result in the holding or placing of assets on behalf of individuals, trusts, retirement benefit plans and other institutions including on behalf of certain related parties. These are not assets of the Bank and, therefore, are not included in the Statement of Financial Position. The following is the list of assets held under trust:

- Abstain from gambling, betting and wagering contracts.
- Be exemplary in personal conduct towards the Bank, the other employees and customers of the Bank.
- Safeguard the confidential information of the Bank and its customers.
- Avoid actual or potential conflicts of interests in transactions on behalf of the Bank.

- Provide accurate and reliable information in records submitted.

Code of Conduct

Confidential Information

Employees shall maintain strict secrecy regarding the Bank's affairs and shall not (except so far as is necessary and appropriate in the normal course of their employment) disclose to any person, any information as to the practice, dealing or affairs of the Bank or any of their customers, which may come to their knowledge by reason of their employment.

During the course of employment and after its termination for whatever reason, the employee must not disclose to anyone (nor use for any purpose other than the business of the Bank) any information relating to the Bank or its employees which is not already available to the public, unless authorized to do so. Such information includes customer data, product manuals, technical secrets, confidential research work, technical processes, operating manuals, marketing plans and strategies and other confidential financial or business information of the Bank.

Recording of Information

No unrecorded fund or assets of Bank shall be established or maintained for any reason. No false, artificial or misleading entries in the books and records of Bank shall be made for any reason. All reporting of information should be accurate, honest and timely and should be a fair representation of the facts.

Conflict of Interest

It is obligatory that:

- An employee may not hold a position of director, consultant, employee, representative or agent with any supplier, competitor, customer, individual or organization either doing or seeking to do business with the Bank without prior written consent of the Bank's President & CEO. If any immediate family member holds a position, with any organization doing or seeking to do business with the Bank, a written disclosure must be made promptly to line manager/HRD.
- An employee may not hold any interest in any organization doing business with the Bank without the written consent of Regional Manager or Department Head, unless it is a company/establishment quoted on a Stock Exchange and the interest is less than 1 percent.

Mis-declaration/Concealment of Facts

An employee shall not make any mis-declaration or conceal the facts in knowledge. The following are illustrative examples, but are not all-inclusive:

- An employee issuing an incorrect account statement, salary certificate or any other information for any customer or staff member.
- An employee issuing a fake claim for reimbursement of any expenses whereby either the expenses are inflated and/or the difference between expenses claimed and actually incurred are pocketed by the staff member.
- An employee at the time of induction in Meezan Bank (i.e. during interview and in testimonials) provided a false,

forged, misleading information or concealed, hide, incompletely stated, any information regarding credentials, academic record(s), previous employment(s) and demographic details.

Know Your Customer, Vendors and Counter Parties

In order to safeguard the Bank's reputation and integrity, it is not only necessary for employees to discipline their own actions, it is also necessary to be aware of the character and actions of customers, vendors and counter parties. Care must be exercised in selecting those with whom we deal. Each Meezan Bank business must have processes in place for checking on the credit and character of customers, vendors and counter parties.

Employees must ensure that the Bank establishes relationship with only those individuals, businesses, and entities who have a sound reputation and whose true identity has been established. Employees should conduct maximum caution in opening new accounts and before opening, ensure that due diligence steps are completed.

Gifts & Entertainment

At certain times of the year, some customers, suppliers, contractors and consultants to the Bank may present gifts or arrange entertainment for employees. While the sentiments behind such actions are usually genuine, there is a possibility that others may misconstrue them. In a minority of cases such actions may not be in the best interest of good working relationships. Gifts may be presented locally or internationally in the form of Cash or in kind of Services, either free or discounted.

Bribery & Misconduct

An employee will be guilty of an offence, who, without lawful authority or reasonable excuse:

- Solicits or accepts any advantage as an inducement or reward for doing or intending to commit any action in relation to the Bank's affairs or business.
- Showing or intending to show favors or disfavor to any person in relation to the Bank's affairs or business.
- Offers any advantage to any one as an inducement or reward for any favor/disfavor or otherwise.
- Intends to deceive the Bank by using any receipt, account or other document which is false or erroneous or defective in any way and which to employee's knowledge is intended to mislead the Bank.
- Take any cash or near-to-cash benefit from any stake holder of the bank to provide undue advantage.
- Pay any cash or near-to-cash benefit to any stake holder of the bank to take undue advantage.

Fraud, Theft or Illegal Activities

Employees shall be alert and vigilant with respect to frauds, thefts or illegal activities committed within the office. If any such activity comes to the attention of an employee, the employee must immediately report the same to the Head of Audit, Head of Operations and Head of Human Resources, who will arrange for appropriate follow-up action to be taken. Failure to report any such activity will be subject to disciplinary action.

Money Laundering

The Bank has set its priority not to become implicated, in any way, with individuals or firms involved in criminal activities and money laundering. The employees are expected to exercise maximum caution in this regard.

The employee should know the customer, be vigilant for unusual circumstances and immediately report any suspected case to the Manager/Area Manager/Regional Manager/Compliance Department/Audit Department, who will arrange for appropriate follow-up action to be taken. Failure to report any such activity will be subject to disciplinary action.

Courtesy & Manners

Employees of Meezan Bank shall maintain utmost courtesy and exemplary manners when interacting with clients or with each other. Employees are dealing on behalf of the Bank, so they are required to keep high standards of professionalism and ethics. Any violations of this code shall be brought to the attention of supervising officials as well as the Human Resources Department for their information, record and remedial disciplinary action.

Honesty & Integrity

Employees shall serve the Bank, devote whole time during office hours and discharge their duties honestly, faithfully and use their utmost endeavors to promote the interest of the Bank. They shall behave with decorum, integrity, show courtesy and attention in all dealings with customers, government officials, senior officers, colleagues, subordinates and general public.

Participation in Political Organizations

No employee shall take part in, subscribe in aid of, or assist in anyway in any political movement in Pakistan during the office timing at the office premises. No employee shall use official influence in connection with or take part in any election to a legislative body, whether in Pakistan or elsewhere.

Ideology of Pakistan

No employee shall express views detrimental to the ideology or integrity of Pakistan.

Direct Representations to the High Govt. & MBI Officials

No employee shall make any personal representations directly to Chairman, Directors or Members of the Board, or Government functionaries. Such representations must be addressed to the President & CEO through the immediate supervisor of the employee. However this policy does not, in any way, seek to block a citizen's redress to the judiciary and other statutory redresses.

Core Values

- Shariah Compliance
- Integrity & Innovation
- Professionalism
- Service Excellence
- Social Responsibility

Meezan Bank's Personality

The Bank expects its employees to be

- Sober
- Truthful
- Committed to excellence
- Empathetic
- Professional
- Extremely loyal
- Dependable friend
- Trustworthy business partner
- Committed to the cause of Islamic banking

Health & Hygiene

Personal hygiene is the most important aspect of our daily life. The personality is perceived by its degree of neatness. The personal hygiene covers care of body odor, bad breath, teeth, nails, ears, nose, hair, daily shower, shave (if not keeping proper beard), daily wear washed, clean, pressed clothes etc.

Computer, E-mail, Information Security

Meezan Bank computer system contains an e-mail facility, access rights, information and software, which are

intended to promote effective communication within and outside the Bank, on matters relating to its business and facilitate routine information flow and smooth and safe transactions.

The e-mail system should therefore only be used for official/business purpose. All communication and information are the property of Meezan Bank and the Bank reserves the right to retrieve the contents of the messages for the purpose of monitoring. The employee shall be held accountable for all activities under his/her password.

Dress Code & Professional Attire

Attire is a reflection of professionalism as well as that of the Bank's brand and personality. A professional business appearance together with a high standard of personal hygiene is expected from all employees. The Official Dress Code of Meezan Bank is professional corporate attire inline with traditional Islamic modesty. At Meezan Bank every staff member is expected to have a professional business appearance together with a high standard of personal hygiene.

Guidelines on Whistle-Blowing

The purpose of these whistle blowing guidelines is to provide a mechanism to bank's stakeholders (employees, customers, vendors, etc.) to report any activity which in their opinion may cause financial and/or reputational loss to the bank. The major objectives of whistle blowing policy can be classified as:

- To provide an environment whereby stakeholders feel confident to blow the whistle without any fear of reprisal, subsequent discrimination and of being disadvantaged in any way;
- To develop a culture of accountability and integrity;
- To create awareness amongst stakeholders regarding the whistle blowing function; and
- To be a source of early warning signal.

Scope

The scope of these guidelines includes, without limitation, disclosure of all types of unlawful acts / orders, fraud, corruption, misconduct, collusive practices or any other activity which undermines bank's operations, financial position, reputation and mission.

Who must blow the whistle and how?

It is the responsibility of each and every stakeholder of the bank, instead of limiting it to a particular department or senior management only, that if any stakeholder observes any suspicious, fraudulent or unethical activity, transaction or act that may cause a potential threat to the bank or could be against the interest of the bank, he/she must immediately report this to Whistle Blowing Unit through various modes including but not limited to MBI website, E-mail, fax, mobile and landline.

Confidentiality & protection of whistle blowers

The whistle blowing mechanism has been designed to ensure complete confidentiality of the entire process and also enables the bank to take immediate corrective measures. Identification of the whistleblower is kept completely confidential except as required by law or who have legitimate right to know. The bank stands committed to protect whistleblowers for whistle blowing and any subsequent harassment or victimization of the whistleblower is not tolerated.

Summary of Information Security Policy

Information Security relates to protection of valuable assets against loss, misuse, disclosure or damage. Each asset has to be reviewed from the perspective of its Confidentiality, Integrity and its Availability to the authorized personnel. A number of factors play a critical role in the successful implementation of information security.

Information Security Policy

The Information Security Policy defines the policies and supporting standards that guides the consistent application of information security and ensures that the interests/information are adequately protected against loss, improper disclosure and unauthorized modification. Meezan Bank's Information Security Policy is based on ISO 27001. The policy comprises of the following domains:

Organization of Information Security

In order to manage information security within the Bank, a framework has been established by the Bank's management to initiate and control the implementation of information security within the organization.

Risk Assessment & Treatment

To review of IT System and Operation for identifying and mitigating the risk that could affect the MBL infrastructure through internal and external attacks. The basis of these assessments is the Confidentiality, Integrity and Availability (CIA) of the information assets and services.

Human Resources Security

This segment of the policy ensures that the Bank's employees, contractors and third party users understand their responsibilities and are suitable for the roles they are considered for, thereby reducing the risk of theft, fraud or misuse of facilities.

Asset Management

To achieve and maintain appropriate protection of the Bank's Information Assets.

Access Control

To control the access to information, information processing facilities and business processes based on business and security requirements.

Cryptography

To protect the confidentiality, authenticity and integrity of

information by Cryptography (The conversion of data into a secret code for transmission over a public network.)

Physical and Environmental Security

To prevent unauthorized physical access, damage to, and interference with the Bank's premises (head office and branches) and information.

Operations Security

To ensure correct and secure operation of information processing facilities.

Communications Security

To maintain the integrity and availability of information and information processing facilities.

Information Systems Acquisition, Development and Maintenance

To ensure that security measures are always built into and are an integral part of all information systems.

Supplier Management

To ensure the protection of the organization's information assets that is accessible by IT suppliers for providing IT service delivery.

Information Security Incident Management

To ensure that information security events and weaknesses associated with the Bank's information systems are communicated in a manner that allows timely corrective action to be taken.

Information Security Aspects of Business Continuity Management

To counteract interruptions to business activities and to protect critical business processes from the effects of major failures of information systems or disasters and to ensure their timely resumption.

Compliance

To ensure that any law, statutory, regulatory or contractual obligations and security requirements are not breached.

Information Security Trainings and Awareness

Appropriate awareness programs and regular updates in organizational IT security policy and procedures, as relevant for their job function are conducted.

Each of the above domains comprise of multiple processes and controls to ensure promotion of an information security.

Guidelines for Safety of Records of the Company

Comprehensive guidelines are in place at Meezan Bank for ensuring that physical documents are being archived in an organized, efficient and reliable manner. These guidelines encompass detailed processes for preservation, organization, transfer, retrieval and destruction of physical records. The guidelines comprise of the following elements:

General Guidelines

This section deals with the role of the Administration Department in providing an Archive facility outside the branch and provides guidelines on when old records will be transferred to the Archive. Signatories that may authorize retrieval of records, treatment of records under litigation/dispute, type of records that may be kept under fire-proof cabinet, and the convention to be followed for allocating serial numbers to archived records.

Preservation of Old Records

This section deals with maintenance of old records in a secured environment and the procedure for documenting their complete details to facilitate retrieval and destruction after expiry of retention timelines. This section also defines the responsibilities of the Archiving Officer.

Procedures to Handle Records at Archives

These are detailed procedures with clearly allocated

responsibilities of Branch/Head Office Departments and Archiving Officers for transferring/retrieval of records to and from Archives.

Destruction of Records

This section provides guidelines about the type of records that need to be retained permanently or till the time approval from Regulators is obtained for their destruction, e.g. cases in litigation, records relating to suspicious transactions, etc.

Relevant Branch Manager/Area Manager/Departmental Head is responsible for checking and verifying the list of records that need to be destroyed. For branch records, Head Office Operations will finally approve branch's request for destruction of record, which will be carried out in the presence of Branch Manager & Operations Manager.

Retention of Old Records

These guidelines outline the various types of records and the recommended period for their retention and subsequent destruction in view of the Banking Companies Ordinance, SBP Prudential Regulations and other regulatory requirements.

Standardized Formats

Formats for forms and registers have been provided to facilitate standardization and controls across Meezan Bank's network.

Branch Network

Alhamdulillah, Meezan Bank has established 551 branches in 143 cities across Pakistan. This is a milestone that is not only the success story of Meezan Bank but also the continuing success story of Islamic banking in Pakistan. With this extensive network, our existing and potential customers are now closer than ever in attaining Islamic banking at their doorstep. All branches provide real time online banking facilities to customers.

As the first and largest dedicated Islamic bank in Pakistan, Meezan Bank's team continues to build on its Vision of establishing 'Islamic banking as banking of first choice'. One of the key objectives of the Bank is to have its footprint strategically placed throughout the country enabling public to avail the benefits of Shariah-compliant banking in their neighbourhood.

The Bank presently operates in the following cities of Pakistan:

Glossary

AAOIFI

Accounting and Auditing Organization for Islamic Financial Institutions.

Acceptances

Promise to pay created when the drawee of a time draft stamps or writes the words "accepted" above his signature and a designated payment date. The Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) is an Islamic international autonomous non-for-profit corporate body that prepares accounting, auditing, governance, ethics and Shariah standards for Islamic financial institutions and the industry.

Bai al-salam

This term refers to advance payment for goods which are to be delivered later. Normally, no sale can be effected unless the goods are in existence at the time of the bargain, but this type of sale forms an exception to the general rule, provided the goods are defined and the date of delivery is fixed. One of the conditions of this type of contract is advance payment; the parties cannot reserve their option of rescinding it but the option of revoking it on account of a defect in the subject matter is allowed.

Basel II

Basel II is the second of the Basel Committee on Bank Supervision's recommendations, and unlike the first accord, Basel I, where focus was mainly on credit risk, the purpose of Basel II was to create standards and regulations on how much capital financial institutions must put aside. Banks need to put aside capital to reduce the risks associated with their investing and lending practices.

Bills For Collection

A bill of exchange drawn by the exporter usually at a term, on an importer overseas and brought by the exporter to this bank with a request to collect the proceeds.

Breakup Value per share

The total worth (equity) of the business per share, calculated as shareholders' equity or Net Assets excluding the impact of revaluation on fixed assets, divided by the total number of share outstanding at year end.

CARGAR

An abbreviation for Compound Annual Growth Rate.

Capital Adequacy Ratio (CAR)

The relationship between capital and risk weighted assets as defined in the framework developed by the State Bank of Pakistan.

Cash Equivalents

Short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Cash Reserve Ratio (CRR)

Cash Reserve Ratio is the amount of funds that the banks have to keep with the State Bank of Pakistan.

Closed-end funds

Mutual funds with a fixed number of shares (or units). Unlike open-end funds, new shares/units in a closed-end fund are not created by managers to meet demand from investors. Instead, the shares can only be purchased (and sold) in the secondary market.

Commitment to Extend Credit

Credit facilities approved but not yet utilized by the client as at the Balance Sheet date.

Contingencies

A condition or situation existing at Balance Sheet date where the outcome will be confirmed only by occurrence of one or more future events.

Corporate Governance

The process by which corporate entities are governed. It is concerned with the way in which power is exercised over the management and direction of an entity, the supervision of executive actions and accountability to owners and others.

Represents the difference between the average rate of income earned and the average rate of cost paid on funds.

ISO 27001

ISO/IEC 27001 formally specifies a management system that is intended to bring information security under explicit management control. Being a formal specification means that it mandates specific requirements. Organizations that claim to have adopted ISO/IEC 27001 can therefore be formally audited and certified compliant with the standard.

Istijrar

A recurring or repeat sale for continuous purchase. A master agreement between a buyer and supplier which facilitates purchasing of goods on ongoing basis (such

as monthly) without explicit offer and acceptance each time; the price is fixed either upfront or concluded after a predetermined period which is subject to certain conditions.

Istisna'a/Istisna

This is a kind of sale where a commodity is transacted before it comes into existence. It means: To order a manufacturer to manufacture a specific commodity for the purchaser. If the manufacturer undertakes to manufacture the goods for him with material from the manufacturer, the transaction of Istisna comes into existence. But it is necessary for the validity of Istisna that the price is fixed with the consent of the parties and that necessary specification of the commodity (intended to be manufactured) is fully settled between them.

Liquid Assets

The assets which are readily convertible into cash without recourse to a court of law.

Market Capitalisation

Number of ordinary shares in issue multiplied by the market value of shares as at the year end.
