Notice of Annual General Meeting

STATEMENT OF MATERIAL FACTS CONCERNING SPECIAL BUSINESS PURSUANT TO SECTION 160(1)(b) OF THE COMPANIES ORDINANCE, 1984

This statement sets out the material facts concerning the Special Business, given in agenda item No. 3 of the Notice that will be considered to be passed by the members. The purpose of the Statement is to set forth the material facts concerning such Special Business.

1. Agenda Item No. 3(a) of the Notice - Transactions carried out with associated companies during the year ended June 30, 2015 to be passed as an Ordinary Resolution.

The transactions carried out in normal course of business with associated companies (Related parties) were being approved by the Board as recommended by the Audit Committee on quarterly basis pursuant to clause 5.19.6 (b) of Rule Book of the Stock Exchange.

During the Board meeting it was pointed out by the Directors that as the majority of Company Directors were interested in these transactions due to their common directorship and holding of shares in the associated companies, the quorum of directors could not be formed for approval of these transactions which have to be approved by the shareholders in the General Meeting.

In view of the above, the transactions conducted during the financial year ended June 30, 2015 in normal course of business with associated companies shown in note No.44 of the financial statements are being placed before the shareholders for their consideration and approval/ratification.

The Directors are interested in the resolution to the extent of their common directorships and their shareholding in the associated companies.

2. Agenda Item No. 3(b) of the Notice - Authorization to the Chief Executive for the transactions carried out and to be carried out with associated companies during the ensuing year ending June 30, 2016.

The Company is expected to be conducting transactions with associated companies in the normal course of business. The majority of Directors are interested in these transactions due to their common directorship and shareholding in the associated companies. Therefore, such transactions with associated companies have to be approved by the shareholders.

In order to comply with the provisions of clause 5.19.6 (b) of Rule Book of the Stock Exchange, the shareholders may authorize the Chief Executive to approve transactions carried out and to be carried out in normal course of business with associated companies during the ensuing year ending June 30, 2016.

The Directors are interested in the resolution to the extent of their common directorships and their shareholding in the associated companies.

Directors' Report

The Directors of your Company are pleased to present the 35th Annual Report along with Audited Financial Statements of the Company for the year ended June 30, 2015.

PERFORMANCE OUTLOOK

Financial Results

	2014-15	2013-14
	Rs. in 000's	Rs. in 000's
Sales - net	2,023,249	1,884,960
Gross profit	172,336	160,411
Operating profit	121,290	103,107
Profit before taxation	25,010	6,969
Earnings/(loss) per share	Rs. 0.37	Rs. (0.47)

OPERATING RESULTS

By the Grace of Allah, we have been able to achieve the milestone of Rupees two billion net sales for the first time in your Company history. During the year under review, net sales turnover amounted to Rs. 2.023 billion, as compared to Rs. 1.885 billion in the last financial year, showing an increase of Rs. 138 million or 7%. Pre-tax profit for the year has jumped to Rs. 25 million as compared to a profit of Rs. 7 million in the previous year.

This significant improvement has been made possible with our concentrated efforts to enhance production capabilities by bringing about continuous improvement in our operational efficiency and through expansion of our market share in the reputed corporate sector organizations. Delivery of better quality products and timely services to customers and recent CAPEX has enabled the Company to increase better product mix and higher profitability despite tough competition.

Keeping in view prospective investment opportunities to fuel business growth together with overall financial leverage position; Board of Directors has decided not to make any appropriation on account of dividend for the year ended June 30, 2015.

FIRE AT GRAVURE DEPARTMENT

Unfortunately on March 29, 2015, a fire broke out in the main production area of Gravure unit of the company, which caused damage to the building, fixtures, plant and machinery, equipment and inventory on the production floor. Fire brigade team immediately helped in bringing the fire under control. However as a result of this fire incident, production process in the Gravure section had to be suspended. All the assets in our Gravure section were fully insured and claim process has been completed. The management immediately arranged for alternate source of production through outsourced contract manufacturing.

Merit Packaging Limited

REVIEW REPORT TO THE MEMBERS ON THE STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of Merit Packaging Limited for the year ended June 30, 2015 to comply with the requirements of Listing Regulation No. 35 of Karachi Stock Exchange where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2015

Statement of Compliance with the Code of Corporate Governance

for the year ended June 30, 2015

This statement is being presented to comply with the Code of Corporate Governance contained in Regulation No.35 of listing regulations of Karachi Stock Exchange for the purpose of establishing a framework of good governance, whereby a listed Company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the CCG in the following manner:

1. The Company encourages representation of independent non-executive Directors and Directors representing minority interests on its Board of Directors. The Board comprises of the following:

<u>Category</u>	<u>Names</u>
Independent Director	Mr. Shaikh Muhammad Barinuddin
Executive Director	Mr. Shahid Ahmed Khan
Non-Executive Directors	Mr. Iqbal Ali Lakhani Mr. Zulfiqar Ali Lakhani Mr. Amin Mohammed Lakhani Mr. Tasleemuddin Ahmed Batlay Mr. Sheikh Asim Rafiq Mr. Farrukh Shauket Ansari

The independent Director meets the criteria of independence under clause i (b) of the CCG.

2. The Directors have confirmed that none of them is serving as a Director in more than seven listed companies, including this Company.
3. All the resident Directors of the Company are registered as taxpayers and none of them has defaulted in payment of any loan to a Banking company, a DFI or an NBFI.
4. The election of the Directors was held during the year in which eight Directors were elected for a term of three years commencing from 04 May 2015. No casual vacancy occurred in the Board during the year.
5. The Company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures.
6. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of particulars of significant policies alongwith the dates on which they were approved or amended has been maintained.
7. All the powers of the Board have been duly exercised and decisions on material transactions including appointment and determination of remuneration and terms and conditions of employment of the Chief Executive Officer have been taken by the Board.
8. The meetings of the Board were presided over by the Chairman and in his absence, by a Director elected by the Board for this purpose and the Board met at least once in every quarter. Written notices of the Board meetings, alongwith agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated in time.
9. In accordance with the criteria specified on clause (xi) of CCG, four Directors of the Company are exempted from the requirement of Directors' training program, two of the Directors attended the Directors training program during the year and rest of the Directors have already been completed. The Board also arranged one orientation course for its Directors during the year to apprise them of their duties and responsibilities and briefed them regarding amendments in the Corporate Laws.

Statement of Compliance with the Code of Corporate Governance

10. The Board has approved appointment of Chief Financial Officer and Head of Internal Audit including their remuneration and terms and conditions of employment. Mr. Mansoor Ahmed was assigned the responsibilities of Company Secretary of Merit Packaging Limited in addition to his responsibilities in other Group Companies.
11. The Directors' report for this year has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.
12. The financial statements of the Company were duly endorsed by CEO and CFO before approval of the Board.
13. The Directors, CEO and Executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding.
14. The Company has complied with all the corporate and financial reporting requirements of the CCG.
15. The Board has formed an Audit Committee comprising of three non-executive Directors, one of whom is independent Director who is also the Chairman of Audit Committee.
16. The meetings of the Audit Committee were held at least once every quarter prior to approval of interim and final results of the Company. The terms of reference of the Committee have been formed and advised to the Committee for compliance.
17. The Board has formed a Human Resource and Remuneration Committee. It comprises of three members, of whom two are Non-Executive Directors including the Chairman of the Committee.
18. The Board has set up an effective internal audit function managed by suitably qualified and experienced personnel for the purpose and are conversant with the policies and procedure of the Company.
19. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan that they or any of the partners of the firm, their spouses and minor children do not hold shares of the Company, and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on Code of Ethics as adopted by the Institute of Chartered Accountants of Pakistan.
20. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
21. The 'closed period,' prior of the announcement of interim/final results, and business decisions, which may materially affect the market price of Company's securities, was determined and intimated to directors, employees and stock exchange.
22. Material/price sensitive information has been disseminated among all market participants at once through stock exchange.
23. We confirm that all other material principles enshrined in the CCG have been complied with.

The Company expects that the adoption of the above amendments and interpretations of the standards will not have any material impact and therefore will not affect the Company's financial statements in the period of initial application.

5. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

5.1 Property, plant and equipment

5.1.1 Owned

These are stated at cost less accumulated depreciation and impairment losses, if any, except for leasehold land, building on leasehold land and plant and machinery which are stated at revalued amount less accumulated depreciation, if any.

Depreciation is charged using the straight line method, whereby the cost or revalued amount of an asset less estimated residual value, if not insignificant, is written off over its estimated useful life.

The asset's residual values and useful lives are reviewed at each financial year end and adjusted if impact on depreciation is significant. Full month's depreciation is charged on addition, while no depreciation is charged in the month of disposal or deletion of assets.

Incremental depreciation charged for the period on revalued assets is transferred from surplus on revaluation of fixed assets to retained earnings during the year.

Maintenance costs and normal repairs are charged to profit and loss account as and when incurred. Major renewals and improvements are capitalised when it is probable that respective future economic benefits will flow to the Company and the cost of the item can be measured reliably and the assets so replaced, if any, are retired.

Gains and losses on disposal of property, plant and equipment are taken to the profit and loss account, and the related surplus on revaluation is transferred directly to retained earnings.

Notes to the Financial Statements

for the year ended June 30, 2015

5.1.2 Leased

Finance leases

Leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Assets subject to finance lease are stated at lower of present value of minimum lease payments under the lease agreement and the fair value of leased assets. The related obligation under the lease less financial charges allocated to future period are shown as liabilities.

Depreciation is charged on these assets by applying the straight line method at the rates given in note 5 to the financial statements.

Financial charges are calculated at the rate implicit in the lease.

Operating leases

Lease payments under operating leases (net of any incentives received from the lessor) are charged to profit and loss account on a straight line basis over the respective lease term.

5.1.3 Capital work-in-progress

Capital work-in-progress represents expenditure on property, plant and equipment which are in the course of construction and installation. Transfers are made to relevant property, plant and equipment category as and when assets are available for use. Capital work-in-progress is stated at cost less any identified impairment loss.

5.2 Intangible assets

These are stated at cost less accumulated amortization and impairment loss, if any. Amortization is charged to profit and loss account over the useful life of the asset on a systematic basis applying the straight line method.

Software development costs are only capitalized to the extent that future economic benefits are expected to be derived by the Company.

5.3 Stores and spares

Stores and spares are stated at cost which is determined by using weighted average method except for goods in transit and in bond which are valued at cost comprising invoice value plus other charges paid thereon. Adequate provision is made for slow moving and obsolete items.

Spare parts of capital nature which can be used only in connection with an item of property, plant and equipment are classified as operating fixed assets under "Plant and machinery" category and are depreciated over a time period not exceeding the useful life of the related assets.

5.4 Stock-in-trade

Stock-in-trade are stated at lower of weighted average cost and net realisable value, except for goods in transit and in bond which are stated at cost. Cost of work-in-process and finished goods comprises cost of direct material, labour and appropriate portion of manufacturing overheads. Adequate provision is made for slow moving and obsolete items.

Net realisable value signifies the estimated selling price in the ordinary course of business less cost necessary to be incurred to make the sale.

Notes to the Financial Statements

for the year ended June 30, 2015

5.5 Trade debts and other receivables

Trade debts and other receivables are carried at original invoice amount being the fair value of the consideration to be received in future. An estimated provision is made against debts considered doubtful of recovery whereas debts considered irrecoverable are written off.

5.6 Taxation

5.6.1 Current

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

5.6.2 Deferred

Deferred tax is recognized using the balance sheet liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date.

The Company recognizes deferred tax asset/liability on deficit/surplus on revaluation of fixed assets which is adjusted against the related deficit/surplus.

5.7 Surplus on revaluation of fixed assets

Surplus arising on revaluation of fixed assets is transferred to "Surplus on Revaluation of Fixed Assets Account" and amount equal to incremental depreciation charged during the year net of deferred tax effect is transferred to profit and loss account. Impairment loss is adjusted against surplus carried for the impaired assets.

5.8 Borrowings and their cost

Borrowings are initially recorded at the proceeds received. In subsequent periods, borrowings are stated at amortized cost using the effective yield method.

Borrowing costs are recognised as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of that asset.

5.9 Trade and other payables

Liabilities for trade and other amounts payable are stated at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

5.10 Provisions

A provision is recognized in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are determined by discounting future cash flows at appropriate discount rate where ever required. Provisions are reviewed at each balance sheet date and adjusted to reflect current best estimate.

Notes to the Financial Statements

for the year ended June 30, 2015

5.11 Cash and bank balances

Cash in hand and at bank are carried at nominal amount.

5.12 Impairment losses

The Company assesses at each balance sheet date whether there is any indication that assets other than stores and spares, stock in trade and deferred tax assets may be impaired. If such an indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss, if any.

Where carrying values exceed the estimated recoverable amount, assets are written down to the recoverable amounts and the resulting impairment loss is recognized as expense in the profit and loss account, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease.

5.13 Financial instruments

5.13.1 Financial assets

The Company classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, held to maturity and available for sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. All the financial assets of the Company are carried as loans and receivables.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. These are included in current assets, except for maturities greater than 12 months after the balance sheet date, which are classified as non-current assets. The Company's loans and receivables comprise 'trade debts' 'loans and deposits', 'other receivables' and 'cash and cash equivalents' in the balance sheet.

5.13.2 Financial liabilities

All financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respect of carrying amounts is recognized in the profit and loss account.

5.14 Offsetting of financial assets and financial liabilities

Financial asset and financial liability is offset and the net amount is reported in the balance sheet if the Company has a legally enforceable right to set-off the recognised amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

5.15 Foreign currency translation

Transactions in foreign currencies are translated into Pak rupees at the exchange rates prevailing at the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak rupees at the rates of exchange prevailing at the balance sheet date. Foreign exchange differences are recognised in the profit and loss account.

Notes to the Financial Statements

for the year ended June 30, 2015

5.16 Employee retirement benefits

5.16.1 Defined benefit plan

The Company operates an approved funded gratuity scheme for all its permanent employees who have attained retirement age, died or resigned during service period and have served for the minimum qualification period. Contributions are made to the fund on the basis of actuarial recommendations. The actuarial valuation was carried out as at June 30, 2015 using the Projected Unit Credit Method in accordance with IAS-19 "Employee Benefits". The Company's policy with regards to actuarial gains / losses is to follow minimum recommended approach under IAS-19 (note 41).

5.16.2 Defined contribution plan

The Company operates a recognised provident fund scheme covering all permanent employees. Equal contributions are made to the Fund by the Company and the employees in accordance with the rules of the scheme.

5.16.3 Compensated absences

The liability in respect of compensated absences of employees is accounted for in the period in which the absences accrue.

5.17 Revenue recognition

Sales are recorded on dispatch of goods to customers.

Scrap sales are recognized when delivery is made to customers.

Profit on bank deposit and commission on insurance premium are recognised on accrual basis.

5.18 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise of cash in hand and balance with banks. Cash and cash equivalents also include bank overdrafts / short term financing that are repayable on demand and form an integral part of the Company's cash management.

5.19 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognized in the financial statements in the period in which these are approved.

5.20 Share capital

Share capital is classified as equity and recognized at the face value. Incremental costs directly attributable to the issue of new shares are shown as a deduction in equity.

5.21 Earnings / loss per share

The Company presents earnings / loss per share data for its ordinary shares. Basic earnings / loss per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by weighted average number of ordinary shares outstanding during the period.

Notes to the Financial Statements

for the year ended June 30, 2015

5.22 Related parties transactions

Transactions with related parties are based at an arm's length price method and the transfer price is determined in accordance with the comparable uncontrolled price method.

5.23 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses including revenues and expenses that relate to transactions with any of the Company's other components. The Company has only one reportable segment.

5.24 Significant accounting judgements and critical accounting estimates / assumptions

The preparation of financial statements in conformity with approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The matters involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are as follows:

5.24.1 Defined benefit plan

Certain actuarial assumptions have been adopted by external professional valuer (as disclosed in note 40) for valuation of present value of defined benefit obligations and fair value of plan assets. Any changes in these assumptions in future years might affect unrecognized gains and losses in those years.

5.24.2 Provision for taxation

The Company takes into account the current income tax law and decisions taken by appellate authorities. Instances where the Company's view differs from the view taken by the tax authorities at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

5.24.3 Property, plant and equipment

The estimates for revalued amounts, if any, of different classes of property, plant and equipment, are based on valuation performed by external and internal professional valuers and recommendation of technical teams of the Company. The said recommendations also include estimates with respect to residual values and depreciable lives. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding affect on the depreciation charge and impairment.

5.24.4 Stores, spares and stock-in-trade

The Company has made estimates for realizable amount of slow moving and obsolete stores, spares and stock-in-trade to determine provision for slow moving and obsolete items. Any future change in estimated realizable amounts might affect carrying amount of stores, spares and stock-in-trade with corresponding affect on amounts recognized in profit and loss account as provision/reversal.

41. DEFINED BENEFIT PLAN

41.1 Gratuity

The scheme provides for terminal benefits for all its permanent employees who qualify for the scheme at varying percentages of last drawn basic salary. The percentage depends on the number of service years with the Company. Annual charge is based on actuarial valuation carried out as at June 30, 2015, using the Projected Unit Credit Method.

The Company faces the following risks on account of gratuity:

Notes to the Financial Statements

for the year ended June 30, 2015

Final salary risk - The risk that the final salary at the time of cessation of service is greater than what the Company has assumed. Since the benefit is calculated on the final salary, the benefit amount would also increase proportionately.

Asset volatility - Most assets are invested in risk free investments i.e. Government Bonds / Treasury bills. However, investments in equity instruments is subject to adverse fluctuations as a result of change in the market price.

Discount rate fluctuation - The plan liabilities are calculated using a discount rate set with reference to corporate bond yields. A decrease in corporate bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the current plans' bond holdings.

Investment risks - The risk of the investment underperforming and not being sufficient to meet the liabilities. This risk is mitigated by closely monitoring the performance of investment.

Risk of insufficiency of assets - This is managed by making regular contribution to the Fund as advised by the actuary.

45. CAPACITY AND PRODUCTION

Printing is a service industry involving the processing of printing material on a mix of different size machines having 1 to 6 colour units. The paper and board used is dependent on the customers' requirements ranging from 38 gsm to 450 gsm of a large variety of products involving several processes during and post printing. Due to many variables and complexities involved, the capacity is not determinable.

47. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties, in an arm's length transaction. The carrying values of all financial assets and liabilities reflected in the financial statements approximate their fair values.

48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

48.1 Risk management policies

The Company's objective in managing risks is the creation and protection of share holders' value. Risk is inherent in the Company's activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Company's continuing profitability. The Company is exposed to credit risk, liquidity risk and market risk (which includes interest rate risk and price risk) arising from the financial instruments it holds.

The Company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

48.2 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail to perform as contracted and arises principally from trade and other receivables. The Company's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines and regulatory requirements.

Notes to the Financial Statements

for the year ended June 30, 2015

Exposure to credit risk

The carrying amounts of the financial assets represent the maximum credit exposures before any credit enhancements. The carrying amounts of financial assets exposed to credit risk at reporting date are as under:

	2015	2014
	(Rupees in thousands)	
Loans and deposits	11,063	6,476
Trade debts	306,593	325,881
Other receivables	105,513	727
Bank balances	45,413	7,149
	468,582	340,233
The aging of trade receivable at the reporting date is:		
Not past due	226,282	242,845
Past due 1-30 days	52,690	55,390
Past due 30-90 days	14,064	7,491
Past due 90 days	13,557	20,155
	306,593	325,881

All the trade debtors at balance sheet date are domestic parties.

To manage exposure to credit risk in respect of trade receivables, management performs credit reviews taking into account the customer's financial position, past experience and other factors. Where considered necessary, advance payments are obtained from certain parties. Sales made to certain customers are secured through letters of credit.

The exposure to banks is managed by dealing with variety of major banks and monitoring exposure limits on continuous basis. The rating of banks ranges from A+ to A-1+.

Concentration of credit risk

Concentration of credit risk arises when a number of counter parties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligation to be similarly affected by the changes in economic, political or other conditions. The Company believes that it is not exposed to major concentration of credit risk.

Impaired assets

During the year no assets have been impaired except for impairment on account of operating fixed assets and stock in trade amounting to Rs. 20.971 million and Rs. 22.703 million, respectively.

48.3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stress conditions, without incurring unacceptable losses or risking damage to the Company's reputation. The following are the contractual maturities of financial liabilities, including interest payments and excluding the impact of netting agreements, if any:

48.4 Market risk

Market risk is the risk that changes in market price, such as foreign exchange rates, interest rates and equity prices will effect the Company's income or the value of its holdings of financial instruments.

48.4.1 Currency risk

Foreign currency risk is the risk that the value of financial asset or a liability will fluctuate due to a change in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into in foreign currencies. The Company's exposure to foreign currency risk is as follows:

	2015	2014
	(Rupees in thousands)	
Foreign bills payable	186	63
Contractual obligations	178,221	17,488
Net exposure	178,407	17,551

Notes to the Financial Statements

for the year ended June 30, 2015

The following significant exchange rates have been applied

Average rate		Reporting date rate	
2015	2014	2015	2014
(Rupees)			
101.51	102.90	101.70	98.75

At reporting date, if the PKR had strengthened by 10% against the US Dollar with all other variables held constant, post-tax loss / profit for the year would have been lower/higher by the amount shown below, mainly as a result of net foreign exchange gain on net foreign currency exposure at reporting date.

	Average rate		Reporting date rate	
	2015	2014	2015	2014
	(Rupees in thousands)			
Effect on (loss) or profit	17,841	1,755	17,841	1,755

The weakening of the PKR against US Dollar would have had an equal but opposite impact on the post tax loss / profits.

The sensitivity analysis prepared is not necessarily indicative of the effects on (loss) / profit for the year and assets / liabilities of the Company.

48.4.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Majority of the interest rate exposure arises from long term loans and short term borrowings. At the balance sheet date the interest rate profile of the Company's interest -bearing financial instruments is as follows:

	2015	2014	2015	2014
	Effective rate		Carrying amount	
	(In percent)		(Rupees in thousands)	
Financial Liabilities				
Variable rate instruments				
Long term loans	10.44%	10.59%	513,125	352,000
Subordinated loan	10.40%	10.59%	100,000	100,000
Short term borrowings	10.53%	10.69%	408,364	346,273

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have decreased / (increased) loss for the year by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2014.

Notes to the Financial Statements

for the year ended June 30, 2015

	Profit and loss	
	100 bp Increase	100 bp Decrease
As at June 30, 2015		
Cash flow sensitivity - Variable rate financial liabilities (Rs' 000)	(10,215)	10,215
As at June 30, 2014		
Cash flow sensitivity - Variable rate financial liabilities (Rs' 000)	(7,983)	7,983

The sensitivity analysis prepared is not necessarily indicative of the effects on (loss) / profit for the year and assets / liabilities of the Company.

49. CAPITAL RISK MANAGEMENT

The Company's objectives when maintaining capital are to safeguard the entity's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders through the optimisation of the debt and equity balance.

The Company sets the amount of capital it requires in proportion to risk. The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may issue new shares or adjust the amount of dividends paid to shareholders.

The Company management believes on maintaining appropriate mix of debt and equity capital and monitors capital on the basis of the net debt to equity ratio. The net debt is defined as long and short term borrowings offset by cash and bank balances. The equity includes ordinary share capital and reserves.

The Company is not subject to any externally imposed capital requirements.

50. DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorized for issue on August 31, 2015 by the Board of Directors of the Company.

51. NUMBER OF EMPLOYEES

The number of employees as at year end was 212 (2014: 216) and average number of employees during the year was 212 (2014: 208).
