## DIRECTORS' REPORT

The Directors are pleased to present the un-audited financial information for the six months period ended December 31, 2022.

### BUSINESS AND PERFORMANCE REVIEW

The Company produced 2159 tons of finished paper during the period under review as against 2198 tons compare to same period last year. Net sales were reported at Rs 2,532 million during the six months period under review as against Rs 2,603 million compare to same period last year. The Company achieved sales volume of 2151 tons as against 2157 tons during the corresponding period of preceding year.

Gross profit was reported at Rs 536 million as against Rs 906 million in the corresponding period of preceding year showing a decrease of Rs 370 million primarily owing to rising input costs. The profit before and after taxation during the period under review stood at Rs 564 million and Rs 336 million as against Rs 774 million and Rs 564 million respectively during the corresponding period of preceding year. It includes other income of Rs 317 million earned during the period under review as against Rs 146 million in the corresponding period of preceding year.

### FUTURE PROSPECTS

Due to international and domestic dynamics, the Pakistani economy is facing significant challenges. The country economy remains unstable because of political uncertainty, devastating floods, Rupee devaluation, declining foreign exchange reserves and higher inflation. Given the low reserves position, the government is expected to take difficult but necessary measures and reforms required by the International Monetary Fund (IMF) including increase of utility prices and additional taxes to bridge fiscal deficits. As a result, the input cost, both raw materials and utilities, are on a rising trend.

In pursuance of diversification strategy, the Company has already delivered substantial quantities of ballot paper and has entered into a new contract for supply of additional quantities of ballot paper to Election Commission of Pakistan.

Your Company remains cognizant of the present business challenges and is continually assessing its strategy to meet the customers' demand while improving productivity through innovation, efficiency and effective cost containment initiatives.

### ACKNOWLEDGEMENT

The directors of your Company take this opportunity to express their gratitude to all the stakeholders for their encouragement and support.

On behalf of the Board of Directors

#### INDEPENDENT AUDITOR'S REVIEW REPORT

**To the members of Security Papers Limited**  
**Report on Review of Interim Financial Statements**

##### Introduction

We have reviewed the accompanying condensed interim statement of financial position of **Security Papers Limited** ("the Company") as at 31 December 2022 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, condensed interim statement of cash flows and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review.

##### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

##### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

##### Other Matter

The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the three months period ended 31 December 2022 have not been reviewed and we do not express a conclusion thereon.

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Taufiq.

The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

### 3. SIGNIFICANT ACCOUNTING POLICIES

3.1 The accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are same as those applied in the preparation of the audited financial statements for the year ended 30 June 2022.

#### 3.2 Standards, and amendments to published approved accounting standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 1 January 2023:

- Classification of liabilities as current or non-current (Amendments to IAS 1 in January 2020) apply retrospectively for the annual periods beginning on or after 1 January 2024 (as deferred vide amendments to IAS 1 in October 2022) with earlier application permitted. These amendments in the standards have been added to further clarify when a liability is classified as current. Convertible debt may need to be reclassified as 'current'. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity's expectation and discretion at the reporting date to refinance or to reschedule payments on a long-term basis are no longer relevant for the classification of a liability as current or non-current. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Non-current Liabilities with Covenants (amendment to IAS 1 in October 2022) aims to improve the information an entity provides when its right to defer settlement of a liability for at least twelve months is subject to compliance with conditions. The amendment is also intended to address concerns about classifying such a liability as current or non-current. Only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which the company must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, companies will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date. The amendments apply retrospectively for annual reporting periods beginning on or after 1 January 2024, with earlier application permitted. These amendments also specify the transition requirements for companies that may have early-adopted the previously issued but not yet effective 2020 amendments to IAS 1 (as referred above).
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)
  - the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
    - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
    - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and

- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

- Definition of Accounting Estimates (Amendments to IAS 8) introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an entity develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 1 January 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.
- Lease Liability in a Sale and Leaseback (amendment to IFRS 16 in September 2022) adds subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements to be accounted for as a sale. The amendment confirms that on initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. The amendments are effective for annual reporting periods beginning on or after 1 January 2024 with earlier application permitted. Under IAS 8, a seller-lessee will need to apply the amendments retrospectively to sale-and-leaseback transactions entered into or after the date of initial application of IFRS 16 and will need to identify and re-examine sale-and-leaseback transactions entered into since implementation of IFRS 16 in 2019, and potentially restate those that included variable lease payments. If an entity (a seller-lessee) applies the amendments arising from Lease Liability in a Sale and Leaseback for an earlier period, the entity shall disclose that fact.
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) amend accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses.
