REVIEW REPORT BY THE CHAIRMAN

(On the overall performance of Board u/s 192 of the Companies Act 2017)

Dear Stakeholders,

It is my privilege to present the Chairman's Review Report for the financial year ended June 30, 2025, as required under Section 192 of the Companies Act, 2017.

Economic Overview:

During financial year 2024-25 (FY 2025), Pakistan's economy exhibited encouraging signs of stability. Inflation declined significantly, enabling the State Bank of Pakistan to reduce its policy rate from 20.5% to 11% by year-end. These positive trends supported a GDP growth of 2.68%. The textile sector, which had contracted by 8.8% in the previous year, achieved a moderate recovery with 2.2% growth in FY 2025.

Operational Performance:

Your Company achieved net sales of PKR 32,530 million compared to PKR 31,112 million in the previous year, reflecting a growth of 4.56%. Gross profit margins improved to 17.27% from 15.81% last year. Financial costs were also reduced to PKR 1,904 million from PKR 2,349 million in the prior year. These factors collectively contributed to higher profitability, with Earnings Per Share (EPS) reaching PKR 43.83 against PKR 27.32 in FY 2024.

Governance:

Strong governance is the foundation of long-term corporate success and stakeholders' trust. The Company remains committed to full compliance with the Companies Act, 2017, and the Listed Companies (Code of Corporate Governance) Regulations, 2019. The Board of Directors and its Committees have functioned effectively, ensuring transparency, accountability, and alignment with the Company's vision, mission, and strategic objectives.

In line with governance best practices, an annual evaluation of the Board's performance was conducted. For the year under review, the Board's overall performance has been assessed as Satisfactory. The assessment considered key areas including Board composition, effectiveness of Committees, strategic oversight, fiscal discipline, governance environment, diversity, and regulatory compliance. While satisfactory progress has been made, the Board recognizes improvement as a continuous process and remains committed to strengthening its effectiveness further.

On August 7, 2025, the Board was reconstituted for a new three-year term. The reconstituted Board comprises a well-balanced mix of skills, experience, including independent and non-executive directors, as well as female representation. This diversity will strengthen the Board's ability to contribute effectively to strategic decision-making process and value creation for stakeholders.

DIRECTORS' REPORT

In the name of Allah, the Most Beneficent, the Most Gracious, the Most Merciful. On behalf of the Board of Directors of Sitara Chemical Industries Limited, we are pleased to present the audited financial statements of the Company together with Auditors' Report thereon and report of external Shariah auditors for the year ended June 30, 2025.

ECONOMIC AND BUSINESS OVERVIEW:

Building on the recovery that began in during the last fiscal year (FY 2024), Pakistan's economy continued its positive trajectory into fiscal year 2024-25 (FY 2025), depicting a 2.68% GDP growth. This progress is a result of prudent government macroeconomic policies that have improved fiscal and external balances while notably reducing inflation. A significant achievement was the sharp decline in the average inflation rate, which fell to 4.7% during the July-April period of FY 2025, a significant improvement from the 26.0% recorded the previous year. This stabilization across key indicators supported the overall GDP growth. The industrial sector showed a robust performance, growing by 4.77%. Within the manufacturing sub-sector, growth was driven by small-scale manufacturing which offset the slower recovery of the large-scale manufacturing (LSM) sector. Notably, despite the LSM sector's overall slow performance, the textile industry recorded moderate growth of 2.2% in FY 2025, a significant turnaround from the -8.8% decline in the same period last year. During the year, SBP reduced the policy rate from 20.5% to 11%, reflecting easing inflationary pressures. This monetary easing contributed to lowering the cost of borrowing for businesses.

Following the positive economic shifts in Pakistan during fiscal year 2025, your company experienced notable growth in terms of increased quantitative sales of caustic and other allied chemicals, coupled with improved profit margins. In the textile segment, the yarn division faced challenges from squeezed average yarn prices and elevated production costs. However, this was effectively offset by the strong performance of our fabric division, which achieved both increased sales volume and better gross margins, thereby sustaining the company's overall profitability in textile segment. Total net sales for the year were recorded at PKR 32,530 million compared with PKR 31,112 million last year, depicting a growth of 4.56%. Gross margins earned during the year were recorded at PKR 5,619 million vs PKR 4,919 last year, depicting an increase of PKR 700 million, with moderate increase of margins in percentage terms relative to sales. Company's financial expense decreased to PKR 1,904 million from PKR 2,349 million, which helped improving company's profitability. Profit after tax was recorded at PKR 939 million as against PKR 586 million last year, translating into Earning Per Share (EPS) of Rs. 43.83 as against EPS of Rs. 27.32 recorded last financial year. These results underscore your management's resilience and ability to capitalize on improving market conditions, delivering substantial value to our shareholders.

JCR-VIS CREDIT RATING

During the FY 2025, VIS Credit Rating Company Limited (VIS) reaffirmed entity ratings of the Company at A+/A-2 (Single A Plus/A-Two). The long-term rating of 'A+' signifies good credit quality and adequate protection factors. Short-term rating of 'A-2' indicates good certainty of timely payment. Liquidity factors and company fundamentals are sound. Access to capital markets is good. Risk factors are small. Outlook on the assigned ratings remains Stable. The fresh rating continues to draw strength from company's established position in the domestic chlor-alkali market and its operational diversification across chemicals, oleo chemicals, and textiles.

ASSESSMENT OF SUSTAINABILITY RELATED RISKS, MANAGEMENT, AND MEASURE TAKEN TO PROMOTE DIVERSITY, EQUITY AND INCLUSION (DE&I)

The Company recognizes and is committed to its responsibility for the governance and oversight of sustainability risks and opportunities, which includes environmental, social, and governance (ESG) considerations. DIVIDEND:

In view of the financial results of the Company for the year ended June 30, 2025; the Board of Directors of the Company have recommended a cash dividend of 110% i.e. Rs. 11 per share.

FUTURE OUTLOOK:

The commissioning of the new 50 MW coal-fired power plant is currently in progress and is expected to be completed in due course. Upon its completion, the Company anticipates a positive outlook, driven by favorable inflationary trends and the State Bank of Pakistan’s policy of maintaining a relatively low policy rate. Nonetheless, the recent widespread flooding across Punjab and Sindh presents a potential risk that may adversely impact the pace of national economic growth.

ACKNOWLEDGMENTS:

We take this opportunity to thank our valued business partners and stakeholders for their continued support, trust and assistance for the progress and prosperity of the Company. Company also appreciates its staff for their continuous dedication, commitment and support.

ALHAMD SHARIAH ADVISORY SERVICES

(PVT) LIMITED

Annual Shariah Review Report

For the year ended June 30, 2023

We have conducted a Shariah review of Shera Chemical Industries Limited (SIC) for the financial year ending on June 30, 2023, in accordance with the provisions outlined in the Shariah Governance Regulations of 2022. Our assessment led us to the following conclusions:

- The transactions, the documentation and the procedures adopted have been in accordance with principles of Shariah.
- The business affairs have been carried out in accordance with rules and principles of Shariah.
- Further, the Shariah non-compliance expenses incurred by the company during the period have been purified from the company's income.

The company had incurred its Shera Energy Limited, which was earlier reported as non-compliant in the last 2021 ADR system. However, upon the latest ADR issuance early 2, 2023, covering the review period from July 1, 2022 to December 31, 2022, Shera Energy Ltd. has been classified as Shariah-compliant. Accordingly, the company may continue to retain the investment as compliant.

Conclusion:

Based on the Review of the documents provided by the Management, in our opinion, the affairs of SIC have been carried out in accordance with the rules and principles of Shariah, and therefore, we are of the view that Shera Chemical Industries Limited is a Shariah Compliant Company.

In the end, we wish to wish Alhamdulillah for growth in success and help us at every step, take us away from every hardship and difficulty, and give Muslim' success to Shera Chemical Industries Limited.

Auditor's Reports & Financial Statements 2025

INDEPENDENT AUDITOR'S REPORT

To the Members of Sitara Chemical Industries Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Sitara Chemical Industries Limited (the Company), which comprise the statement of financial position as at June 30, 2025, and the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements including a material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit, its comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| Key audit matter | How the matter was addressed in our audit |
|--|--|
| <p>1. Revenue Recognition</p> <p>The Company's sales comprise of revenue from the sale of chemicals and textile products as disclosed in note 29 to the financial statements.</p> <p>Revenue from sale of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods and at transaction price net of trade discounts (note 4.19).</p> <p>We identified revenue recognition as key audit matter as it is one of the key performance indicators of the Company and because of the potential risk that revenue transactions may not have been recognized based on transfer of control to the customers in line with the accounting policy adopted and may not have been recognized in the appropriate period.</p> | <p>Our audit procedures to address the Key Audit Matter included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of controls over recognition of revenue from contracts with customers; • Assessed the appropriateness of the Company's accounting policies for revenue recognition at a point in time and compliance of those policies with the IFRS 15 Revenue from contracts with customers; • Checked on sample basis whether the recorded sales transactions are based on transfer of control of goods to the customer, satisfying the performance obligation at a point time. |

| 2. Valuation of stock in trade | |
|--|--|
| <p>Refer to note 13 to the financial statements and note 4.6 for the policy of stock in trade.</p> <p>Stock in trade forms a significant part of the Company's assets. As at June 30, 2025, the carrying amount of the Company's stock in trade amounts to Rs 4,190.27 million.</p> <p>We identified valuation of stock in trade as a key audit matter as it involves significant management judgement with respect to standard costs and determination of net realizable value.</p> | <p>In this respect, we performed the following audit procedures:</p> <ul style="list-style-type: none"> • Obtained an understanding of procedures followed by the Company with respect to valuation of stock in trade; • Assessed appropriateness of the Company's accounting policies for valuation of stock in trade and compliance of those policies with the relevant applicable accounting and reporting standards in Pakistan; • On a sample basis, verified supporting documents for purchases of raw materials and the production costs as per accounting policy to ascertain valuation of stock in trade; • Obtained working of variances recorded by management, including changes made in the current year and tested the amounts, which were incurred and retained to actualize the standard cost of stock in trade at year end; • Obtained an understanding and assessed reasonableness of the management's process for determination of net realizable value (NRV) and the key estimates adopted, including future selling prices, future costs to complete and costs necessary to make the sales and their basis to ascertain valuation of stock in trade; • Compared the NRV, on a sample basis, to the carrying value of stock in trade to ascertain the valuation of stock in trade and assess whether any adjustments were required to the carrying value of inventories in accordance with the policy; • Assessed the adequacy of disclosures related to valuation of stock in trade in the financial statements. |

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered

material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Muhammad Sufyan.

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF SITARA CHEMICAL INDUSTRIES LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies Code of Corporate Governance Regulations, 2019 (the Regulations) prepared by the Board of Directors of Sitara Chemical Industries Limited (the Company) for the year ended June 30, 2025, in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Company's Board of Directors. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2025.

INDEPENDENT ASSURANCE REPORT ON COMPLIANCE WITH THE SHARIAH GOVERNANCE REGULATIONS, 2023

To the Board of Directors of Sitara Chemical Industries Limited

1. Introduction

We have undertaken a reasonable assurance engagement that the Securities and Exchange Commission of Pakistan (the Commission) has required in terms of its Shariah Governance Regulations, 2023 (the Regulations) for assessing compliance of the Sitara Chemical Industries Limited (the Company) financial arrangements, contracts and transactions having Shariah implications with the Shariah principles (criteria specified in paragraph 2 below) for the period from July 01, 2024 to June 30, 2025.

2. Applicable Criteria

The criteria for the assurance engagement as per the Regulations, against which the underlying subject matter (financial arrangements, contracts and transactions having Shariah implications for the period from July 01, 2024 to June 30, 2025) is assessed, comprise the following:

- (a) rules, regulations and directives issued by the Commission from time to time;
- (b) pronouncements of Shariah Advisory Board;
- (c) Shariah Standards issued by the Accounting and Auditing Organization for Islamic Financial Institutions, as adopted by the Commission, if any;
- (d) requirements of the applicable Islamic Financial Accounting Standards as notified by the Commission, if any; and
- (e) approvals and rulings given by the Shariah Advisor of the Company in line with the Regulations and in accordance with the rulings of Shariah Advisory Board.

The above criteria were evaluated for the implications on the financial statements of the Company for the year ended June 30, 2025.

3. Management's Responsibility for Shariah Compliance

The Company's management is responsible to ensure that the financial arrangements, contracts and transactions having Shariah implications, entered into by the Company and related policies and procedures are in compliance with Shariah principles (criteria specified in paragraph 2 above). The management is also responsible for design, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant accounting records.

4. Our Independence and Quality Control

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities

in accordance with the Code. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

The firm applies System of Quality Management ("SOQM"), as required by The Institute of Chartered Accountants of Pakistan's ("ICAP") and in accordance with the International Standard on Quality Management ISQM 1 "Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements" (ISQM 1) issued by the International Auditing and Assurance Standards Board (IAASB) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

5. Our responsibility and summary of the work performed

Our responsibility in connection with this engagement is to express an opinion on compliance of the Company's financial arrangements, contracts and transactions having Shariah implications with Shariah principles, in all material respects, for the period from July 01, 2024 to June 30, 2025 based on the evidence we have obtained. We conducted our reasonable assurance engagement in accordance with International Standard on Assurance Engagements 3000 (Revised), 'Assurance Engagements other than audits or reviews of historical financial information', issued by the International Auditing and Assurance Standards Board. That standard required that we plan and perform this engagement to obtain reasonable assurance about the compliance of the Company's financial arrangements, contracts and transactions having Shariah implications with Shariah principles (criteria specified in paragraph 2 above). In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The procedures selected by us for the engagement depend on our judgement, including the assessment of the risks of material non-compliance with the Shariah principles. In making those risk assessments, we considered and tested the internal control relevant to the Company's compliance with the Shariah principles in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. We have designed and performed necessary verification procedures on various financial arrangements, contracts and transactions having Shariah implications and related policies and procedures based on judgmental and systematic samples with regard to the compliance with Shariah principles (criteria specified in paragraph 2 above).

We believe that the evidence we have obtained through performing our procedures were sufficient and appropriate to provide a basis for our opinion.

6. Conclusion

Based on our reasonable assurance engagement, we report that in our opinion, the Company's financial arrangements, contracts and transactions having Shariah implications for the year ended period from July 01, 2024 to June 30, 2025 are in compliance with the Shariah principles (criteria specified in paragraph 2 above), in all material respects.

3. SIGNIFICANT ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with IFRS's requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, incomes and expenses. The estimates, associate assumptions and judgements are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Significant areas requiring the use of management estimates in these financial statements relate to the useful life of property, plant and equipment and intangibles, revaluation of land, building and plant and machinery, provision for expected credit losses, provision for taxation, slow moving inventory, measurement of defined benefit obligations and

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

assumptions used in discounted cash flow projections for deferred sale receivable. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are set out below. These have been consistently applied to all the years presented, unless otherwise stated.

4.1 *Property, plant and equipment*

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for free hold land, building on freehold land (factory), plant & machinery and capital work in progress. Building on freehold land (factory) and plant and machinery are stated at revalued amount less accumulated depreciation and accumulated impairment losses, if any. Freehold land is stated at revalued amount. Capital work-in-progress is stated at cost less impairment in value, if any. Cost includes borrowing cost as referred in accounting policy of borrowing cost. Store items that are of capital nature are classified in capital stores under property, plant and equipment.

Assets' residual values, if significant, and their useful lives are reviewed and adjusted, if appropriate, at each statement of financial position date.

When significant parts of an item of property, plant and equipment have different useful lives, they are recognized as separate items of property, plant and equipment. Repair and maintenance costs are charged to income during the year in which they are incurred.

Depreciation is charged to statement of profit or loss applying the reducing balance method at the rates specified in note 5 to these financial statements. Depreciation on additions and disposals during the year is charged on the basis of proportionate period of use.

Surplus arising on revaluation of property, plant and equipment is recognized, net of tax, in statement of comprehensive income and accumulated in reserves in shareholders' equity and is shown in equity. Revaluation is carried out with sufficient regularity to ensure that the carrying amounts of the assets does not differ materially from the fair value. Accumulated depreciation at the date of revaluation is eliminated against the cost of the asset and net amount is restated to the revalued amount of the asset. The surplus on revaluation of property, plant and equipment to the extent of incremental depreciation charged on the related property, plant and equipment during the year is transferred by the Company to its unappropriated profit and is presented in statement of changes in equity.

Gains or losses on disposal of assets, if any, are recognized as and when incurred in statement of profit or loss and the related asset is derecognized.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Capital work-in-progress

All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to specific assets as and when these assets are available for use.

4.2 *Intangible Assets*

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are recognized when it is probable that the expected future economic benefits will flow to the entity and the cost of the asset can be measured reliably. Cost of the intangible asset (i.e. Computer software) includes purchase price and directly attributable expenses incidental to bring the asset for its intended use. Cost associated with maintaining computer software are recognized as an expense as and when incurred.

Intangible assets are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged over estimated useful life of the asset on a systematic basis applying the reducing balance method. Useful life of intangible operating assets are reviewed, at each reporting date and adjusted if the impact of amortization is material.

4.3 *Investment property*

Investment property, which is property held to earn rentals and / or for capital appreciation, is valued using the cost method i.e. at cost less any accumulated depreciation and any identified impairment loss.

Depreciation on buildings is charged to statement of profit or loss on reducing balance method at the rate of 10% per annum. Depreciation on additions to investment property is charged from the month in which a property is acquired or capitalized while no depreciation is charged for the month in which the property is disposed off. Any gain or loss on disposal of investment property, calculated as difference between present value of the proceeds from disposal and the carrying amount is recognized in statement of profit or loss.

4.4 *Investments*

Regular way purchase or sale of investments

All purchases and sales of investments are recognized using trade date accounting. Trade date is the date that the Company commits to purchase or sell the investment.

Investments designated as at fair value through other comprehensive income (FVTOCI)

On initial recognition, the Company may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in statement of comprehensive income and accumulated in the investment revaluation reserve. The cumulative gain or loss is not reclassified to statement of profit or loss but may be transferred from one component of equity to another on the disposal of equity investments in accordance with the guidance of IFRS 9.

Dividends on these investments in equity instruments are recognized in statement of profit or loss in accordance with IFRS 9, unless the dividends clearly represent a recovery of part of the cost of the investment.

The Company has designated all investments in equity instruments that are not held for trading as at FVTOCI on initial application of IFRS 9.

Investments measured at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.

Investments measured at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognized in statement of profit or loss.

De-recognition

All investments are derecognized when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

4.5 Stores, spare parts and loose tools

Stores and spares are valued principally at weighted average cost. Impairment provision is recognized against items determined to be obsolete and / or not expected to be used up future. Items in transit are valued at cost comprising invoice value plus other charges paid thereon.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

4.6 *Stock-in-trade*

These are valued at lower of cost and net realizable value. Cost is determined as follows:-

| | |
|---------------------------|---|
| Raw and packing materials | Average cost except for those in transit which are stated at other charges paid thereon up to the reporting date. |
| Work-in-process | Average manufacturing cost |
| Finished goods | Average manufacturing cost |
| Waste | Net realizable value |

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

4.7 *Trade debts, other receivables and loans and advances*

Trade debts, other receivables and loans and advances are initially recognized at fair value, which is usually the original invoiced amount and subsequently carried at amortized cost using the effective profit method. Trade debts and other receivables are subsequently assessed for impairment and recognized at fair value less allowance for expected credit loss.

4.8 *Cash and cash equivalents*

Cash and cash equivalents are carried in the statement of financial position at amortized cost. For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand, balances with banks and highly liquid short-term investments that are convertible to known amount of cash and are subject to insignificant risk of change in value.

4.9 *Impairment*

Non Financial Assets (other than stock in trade and stores, spares and loose tools)

The Company assesses at each statement of financial position date whether there is any indication that assets except deferred tax assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amounts. Where carrying values exceed the respective recoverable amounts, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in statement of profit or loss. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the amount that would have been determined (net of depreciation and amortization) had no impairment loss been recognized. A reversal of an impairment loss is recognized immediately in statement of profit or loss to the extent that it eliminates the impairment loss which has been recognized for the asset in prior years. Any increase in excess of this amount is treated as a revaluation increase.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Financial Assets

The Company recognizes a loss allowance for expected credit losses on trade and other receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Company always recognizes lifetime ECL for trade receivables and other receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

4.10 *Borrowings*

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the statement of profit or loss over the period of the borrowings using the effective profit method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of liability for at least 12 months after the statement of financial position date.

4.11 *Employee retirement benefits*

Defined contribution plan - Chemical division

The Company operates an approved funded contributory provident fund scheme for all its employees eligible for benefit. Equal monthly contributions are made by the Company and employees at the rate from 6.5% to 8.33% of basic salary depending upon the length of service of an employee. The Company's contribution to the fund is charged to statement of profit or loss account for the year.

Defined benefit plan - Textile division

The Company operates an unfunded gratuity scheme for all those permanent employees who have completed minimum qualifying period of service as defined under the respective scheme. Provision is made to cover the obligation under scheme on the basis of actuarial valuation and is charged to statement of profit or loss and statement of comprehensive income. The most recent Actuarial Valuation was carried out at June 30, 2025 using "Projected Unit Credit

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Method". The amount recognized in the statement of financial position represents the present value of defined benefit obligation as adjusted for unrecognized actuarial gains and losses.

4.12 *Deferred grant*

Government grants are not recognized until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants are recognized in statement of profit or loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets (including property, plant and equipment) are recognized as deferred income in the statement of financial position and transferred to statement of profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognized in statement of profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of profit is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market profit rates.

4.13 *Trade and other payables*

Liabilities for trade and other amounts payable are measured at cost which is the fair value of the consideration to be paid in future for goods and services received whether billed to the Company or not.

4.14 *Provisions*

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

4.15 *Levy*

A levy is an outflow of resources embodying economic benefits that is imposed by governments on entities in accordance with legislation (i.e. laws and/or regulations), other than:

- (a) those outflows of resources that are within the scope of other standards.
- (b) fines or other penalties that are imposed for breaches of the legislation.

In these financial statements, levy includes revenue taxes, if any, final taxes and super taxes which are based on other than taxable profits. The corresponding advance tax paid, except for minimum taxes under section 113, which are treated as levy are recognised in prepaid assets as 'prepaid assets'

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Revenue taxes

Revenue taxes includes amount representing :

a) minimum tax paid under section 113 over income tax determined on income streams taxable at general rate of taxation and;

b) minimum tax withheld / collected / paid or computed over tax liability computed on (related income tax streams taxable at general rate of tax), is not adjustable against tax liability of subsequent tax years.

Amount over revenue taxes shall be treated as current income tax expense falling under the scope of IAS 12.

Final Taxes

Final taxes includes tax charged / withheld / paid on certain income streams under various provisions of Income Tax Ordinance, 2001 (Ordinance). Final tax is charged / computed under the Ordinance, without reference to income chargeable to tax at the general rate of tax and final tax computed / withheld or paid for a tax year is construed as final tax liability for the related stream of Income under the Ordinance.

Final tax paid is considered to be full and final discharge of the tax liability for the Company for a tax year related to that income stream.

4.16 *Taxation*

Current

The company has adopted 'Approach B' to incorporate and account for income taxes as per The Institute of Chartered Accountants of Pakistan (ICAP) guide 'IAS 12 Application Guidance on Accounting for Minimum taxes and Final taxes' (the Guide). The Company first designates the amount calculated on taxable income using the notified tax rate as an income tax within the scope of IAS 12 'Income Taxes' and recognise it as current income tax expense. Any excess over the amount designated as income tax, is then recognised as a levy falling under the scope of IFRIC 21 "Levies"/IAS 37" Provisions, Contingent Liabilities and Contingent Assets". The charge for current taxation is based on taxable income at the current rate of taxation after taking into account applicable tax credits, rebates and exemptions available, if any. The charge for tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessment made during the year. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred income tax is provided using the liability method for all temporary differences at the reporting date between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. In this regard, the effects on deferred taxation of the portion of income subject to final tax regime is considered in accordance with the requirements of applicable guidance on IAS 12 by the Institute of Chartered Accountants of Pakistan.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Deferred tax liabilities are generally recognized for taxable temporary differences. Deferred tax asset is recognized for all deductible temporary differences, unused tax credits and carry forward of unused tax losses, if any, to the extent that it is probable that taxable profit will be available against which such temporary differences and tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

4.17 *Dividend and other appropriations*

Dividend is recognized as a liability in the year in which it is approved. Appropriations of profits are reflected in the statement of changes in equity in the year in which such appropriations are made.

4.18 *Financial instruments*

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument and derecognized when the Company loses control of the contractual rights that comprise the financial asset and in case of financial liability when the obligation specified in the contract is discharged, cancelled or expired.

Other particular recognition methods adopted by the Company are disclosed in the individual policy statements associated with each item of financial instruments.

4.19 *Revenue recognition*

Revenue is measured based on consideration to which company expects to be entitled in a contract with customer and excludes amounts collected on behalf of third parties.

- Sales of goods are recognized when control of goods has been transferred to customers and performance obligation is satisfied.
- Export rebate is recognized on accrual basis at the time of making the export sale.
- Profit income is accrued on a time proportionate basis, by reference to the principal outstanding and at the effective profit rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.
- Dividend income from investments is recognized when the Company's right to receive payment has been established.

4.20 *Borrowing costs*

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in statement of profit or loss in the period in which they are incurred.

4.21 *Foreign currencies*

Transactions in currencies other than Pakistani Rupee are recorded at the rates of exchange prevailing on the dates of the transactions. At each reporting date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting date except where forward exchange contracts have been entered into for repayment of liabilities, in that case, the rates contracted for are used. Gains and losses arising on retranslation and settlement are included in statement of profit or loss for the period.

4.22 *Segment Reporting*

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating segments' operating results are reviewed regularly by the Company's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly administrative and other operating expenses, and income tax assets and liabilities. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

4.23 *Off setting of financial assets and financial liabilities*

A financial asset and financial liability is offset and the net amount is reported in the statement of financial position if the Company has a legal enforceable right to set off the transaction and also intends to settle on a net basis or to realize the asset and settle the liability simultaneously.

4.24 *Earnings per share*

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit after tax attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit after tax attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

6.4 The Company revalued its freehold land, building and plant & machinery at June 30, 2024. The revaluation was carried out by Hamid Mukhtar & Company (Private) Limited, an independent valuer not connected to the Company and was on the panel of approved valuers of Pakistan Banks Association. It was also on the panel of State Bank of Pakistan and possessed appropriate qualification and recent experience in the fair value measurements in the relevant locations. The basis used for the revaluation of freehold land, buildings and machinery were as follows:

Land

Fair market rate of the land was assessed through inquiries in the vicinity of land and information obtained through property dealers of the area.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Buildings

New construction value (new replacement value of each item of the buildings) was arrived at by looking at the condition of the buildings. Valuer applied 3% per annum depreciation on "Written Down Value" basis to arrive at fair depreciated market value on "Going Concern" basis.

Machinery (Textile)

Inquiries were made from market to obtain prevalent fair market values of similar local and imported machinery items.

Machinery (Chemical)

For the purpose of valuation, the original cost was divided into two parts i.e. 70% of the value is basic foreign amount of the plant & machinery and 30 % was local component of plant and machinery.

Foreign Values:

The impact of inflation, exchange rate fluctuation and functional obsolescence for the imported content i.e., 70% of the total Reinstatement Value of each asset was considered during valuation. Regarding inflation, an inflation factor at the rate of 55% was developed by using inflation figures from the World Bank published data for the following countries: Japan, Italy and China. For exchange rate, average exchange rate derived from USD(\$) and Euro(€) against Pakistani Rupee (PKR). A composite factor of inflation and currency devaluation was evaluated which was multiplied by the APC of each asset item in order to evaluate the New Replacement Value of machinery equipment and Utilities. Functional obsolescence at the rate of 1% per annum was applied on NRV to arrive at Reinstatement Value (RIV) from the year 2024.

Local components:

The impact of inflation and functional obsolescence for the local content i.e., 30% of the total Reinstatement Value of each asset was considered during valuation. Regarding inflation, an inflation factor at the rate of 30% was applied to the local cost of each item. Functional obsolescence at the rate of 1% per annum was applied on NRV to arrive at RIV from the year 2024

Thus, after summing the foreign and local amounts, the valuer arrived to New Replacement Value of Plant & machinery.

Depreciation due to usage was applied on all assets of machinery at 7.5% to 10% per annum on written down value basis to arrive at a fair present / depreciated market value of the assets.

- 6.5 Forced Sales Value (FSV) of land, buildings and machinery was Rs. 1,143.80 million, Rs. 1,706.55 million and Rs. 10,730.40 million respectively as at June 30, 2024.
- 6.6 The fair valuation of revalued assets has been determined using level 2 inputs of fair value hierarchy.

24.2.6 The sensitivity of defined benefit obligation to changes in weighted principal assumptions is:

| | Impact on defined benefit obligation | | |
|---------------|--------------------------------------|------------------------|------------------------|
| | Change in assumption | Increase in assumption | Decrease in assumption |
| Discount rate | 1% | (702,266) | 645,474 |
| Salary growth | 1% | 738,113 | 788,621 |

The aforementioned sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognized within the balance sheet.

24.2.8 Risk associated with defined benefit plans

Longevity risks

This risk arises when the actual lifetime of retirees is longer than expectation. This risk is measured at the plan level over the entire retiree population.

Salary increase risks

The risk arises when the actual increases are higher than expectation and impacts the liability accordingly.

Withdrawal risks

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

24.2.9 Estimated Expenses to be Charged in Next Year

The estimated expense to be recognized for the year ended June 30, 2026 amounts to Rs. 16,381,051.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

- 25.1** This includes a balance due to Aziz Fatima Trust Hospital, a related party, amounting to Rs. 17.8 million. (2024: Rs. 15.7 million). The maximum amount of Rs. 26.20 million is due to Aziz Fatima Trust Hospital at the end of any month during the year.
- 25.2** This includes an amount payable to Sui Northern Gas Pipelines Limited in respect of cost of supply relating to the RLNG supplies in the billing month of January 2018 based on interim order passed by Oil and Gas Regulatory Authority. The Company along with other industrial units in Punjab filed writ petition for deferment of said order. The Honorable Lahore High Court issued stay order with reference to the petition filed. The matter is pending adjudication. However, the Company has been recording a provision amounting Rs. 569 million (2024: Rs.465 million) on prudence basis since January, 2018.
- 25.3** During the year, the Company has made sales against Rs. 102 million (2024: Rs.143.5 million) prior year advances from customers.
- 25.4** Under the Gas Infrastructure Development Cess (GIDC) Act, 2011, the Government of Pakistan levied GIDC on all industrial gas consumers at the rate of Rs. 13 per MMBTU. Subsequently, the GIDC rates were enhanced through notifications under OGRA Ordinance 2002, Finance Act, 2014 and GIDC Ordinance 2014 against which the Company had obtained ad-interim stay orders from Sindh High Court.

On May 22, 2015, the Gas Infrastructure Development Cess (GIDC) Act, 2015 was promulgated whereby cess rate of Rs. 100 per MMBTU and Rs. 200 per MMBTU were fixed for industrial and captive power consumption respectively. The GIDC Act, 2015 was made applicable with immediate effect superseding the GIDC Act, 2011 and GIDC Ordinance, 2014.

Further, the Honorable Sindh High Court granted the Company ad-interim stay order against the GIDC Act, 2015. This stay order had restrained Sui Northern Gas Pipelines Limited (SNGPL) from charging and / or recovering the cess under the GIDC Act, 2015 till the final decision on the writ petition. However, on prudence basis, the Company had recognized an aggregate provision of Rs. 945.84 million relating to industrial as well as captive power consumption consumed until December 31, 2019. Further, the Company started to receive gas on the rates of RLNG from January 01, 2020 and no GIDC was applicable / charged on gas received as RLNG, therefore no provision was required / made since January 01, 2020.

On August 13, 2020, the Supreme Court of Pakistan (SCP) announced its decision pertaining to GIDC, directing recovery of Rs. 417 billion GIDC payables from the industries. According to the court decision, the amount is payable in twenty-four equal monthly instalments starting from August 01, 2020 without the component of late payment surcharge.

In accordance with the SCP's decision, the Company reversed the late payment surcharge amounting to Rs. 72.40 million in the financial year 2021 leaving a net provision of Rs. 873.33 million.

Furthermore, during 2021 as per the guidance of IFRS 9 "Financial Instruments", the liability for GIDC that was referred to in the decision of SCP amounting to Rs. 467.38 million was re-measured at fair value and present value of future cash outflows discounted at market rate of profit was recognized at an amount of Rs. 429.80 million. The difference amounting to Rs. 37.49 million between the fair value of GIDC liability (i.e. present value of amount required to be paid to settle the GIDC liability) and transaction price of GIDC liability (i.e. undiscounted amount of GIDC liability) was recognized as a gain on discounting of liability for GIDC in statement of profit or loss. In this regard, the Company paid 10 out of 24 instalments against above referred GIDC liability till May 31, 2021 and stopped making subsequent payments as a result of stay order from SCP. In this regard, till the previous year ended June 30, 2023, all remaining unwinding was recorded in profit or loss account and the GIDC liability was classified under current liabilities in the financial statements till the further decision of SCP.

Further, the Company has also filed a writ petition in SHC dated August 16, 2021 to suspend the recovery of arrears of cess calculated at enhanced captive rates. SHC has granted a stay for recovery of arrears and matter is pending for adjudication. The remaining provision of Rs. 406.06 million (out of Rs. 873.44 million recognized in previous years) will also be transferred depending on the decision of SHC.

NOTES TO THE FINANCIAL STATEMENTS

28. CONTINGENCIES AND COMMITMENTS

28.1 Contingencies

An amount of Rs. 125.6 million has been paid by the Company to the Punjab Revenue Authority ("PRA") in June 2023, under protest, and is accordingly reflected under "Advances". The brief facts are that the Commissioner, PRA Faisalabad Zone, vide Order dated March 10, 2020 (received by the Company on June 10, 2020), raised a demand of Rs. 168.9 million against the Company on account of alleged non-deduction of withholding taxes for the tax years 2015 to 2018, under the provisions of the Punjab Sales Tax on Services Act, 2012.

The Company, being aggrieved, preferred an appeal before the Appellate Tribunal, PRA on July 07, 2020. The Appellate Tribunal, vide its Order dated February 13, 2023, decided the matter against the Company. Consequently, the Company filed a Reference Petition before the Honorable Lahore High Court on March 15, 2023 against the Order of the Appellate Tribunal, which is currently pending adjudication. The Company, on legal advice, is confident that the matter will ultimately be adjudicated in its favor.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

39. FINANCIAL RISK MANAGEMENT

The Company has exposure to the following risks from its use of financial instruments:

Credit risk
Liquidity risk
Market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training, management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes shall be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks.

The Company's Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

39.1 Credit risk and concentration of credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. To manage credit risk the Company maintains procedures covering the application for credit approvals, granting and renewal of counterparty limits and monitoring of exposures against these limits. As part of these processes the financial viability of all counterparties is regularly monitored and assessed.

The Company is exposed to credit risk from its operating activities primarily for local trade debts, sundry receivables and other financial assets.

The Company's credit risk exposures are categorized under the following headings:

39.1.1 Counterparties

The Company conducts transactions with the following major types of counterparties for its financial assets at amortized cost:

Trade debts

Trade debts are essentially due from local customers against sale of yarn, fabric caustic soda, hydrochloric acid and other allied products and from foreign customers against supply of caustic soda (liquid and flakes) and calcium chloride. The Company does not expect these counterparties to fail to meet their obligations. The majority of sales to the Company's customers are made on specific terms. Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit limits are established for all customers based

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

on internal rating criteria. Credit quality of the customer is assessed based on an extensive credit rating. Outstanding customer receivables are regularly monitored and any shipments to foreign customers are generally covered by letters of credit or other form of credit insurance.

Bank and investments

The Company limits its exposure to credit risk by only investing in highly liquid securities and only with counterparties that have a credit rating of at least A1 and A. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations.

39.1.2 Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

The movement in the allowance for impairment in respect of trade receivables during the year is as follows:

| | 2025 Rupees | 2024 Rupees |
|----------------------------------|----------------|----------------|
| Balance at beginning of the year | 365,979,141 | 355,864,519 |
| Charge for the year | 170,681,422 | 10,114,622 |
| Balance at end of the year | 536,660,563 | 365,979,141 |

The allowance in respect of trade receivables and loans and advances are used to record impairment losses unless the Company is satisfied that no recovery of the amount owing is possible; at that point the amount considered irrecoverable is written off against the financial asset directly.

39.2 Liquidity risk management

Liquidity risk reflects the Company's inability in raising funds to meet commitments. Management closely monitors the Company's liquidity and cash flow position. This includes maintenance of statement of financial position liquidity ratios, debtors and creditors concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual customer.

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has built an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements.

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Included in note 27.2 to these financial statements is the amount of additional undrawn facilities that the Company has at its disposal to further reduce liquidity risk.

39.2.1 Liquidity and profit risk table

The following table details the Company's remaining contractual maturity for its financial liabilities at amortized cost. The table has been drawn up based on the undiscounted cash flows of financial liabilities under long term financing agreements based on the earliest date on which the Company can be required to pay. For effective markup rate please see relevant notes to these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

39.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, profit rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

39.3.1 Foreign currency risk management

Pak Rupee (PKR) is the functional currency of the Company and as a result currency exposure arises from transactions and balances in currencies other than PKR. The Company's potential currency exposure comprise;

- Transactional exposure in respect of non functional currency monetary items.
- Transactional exposure in respect of non functional currency expenditure and revenues.

The potential currency exposures are discussed below;

Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Company are periodically restated to PKR equivalent, and the associated gain or loss is taken to the profit and loss account. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Transactional exposure in respect of non functional currency expenditure and revenues

Certain operating and capital expenditure is incurred by the Company in currencies other than the functional currency. Certain sales revenue is earned in currencies other than the functional currency of the Company. These currency risks are managed as a part of overall risk management strategy.

Exposure to foreign currency risk

The Company's exposure to foreign currency risk was as follows based on notional amounts:

| | 2025 CNY | 2024 CNY |
|--------------------------------|-------------|-------------|
| Retentions / security deposits | 7,044,272 | 1,922,613 |

Commitments outstanding at year end amounted to Rs. 2,691 million (2024: Rs. 3560 million) relating to letter of credits for import of plant and machinery, stores spare parts and raw material.

The following significant exchange rates applied during the year:

| <i>Rupees per CNY</i> | 2025 | 2024 |
|-----------------------|-------|-------|
| Average rate | 39.06 | 39.26 |
| Reporting date rate | 39.59 | 38.53 |

Sensitivity analysis

A 10 percent weakening of the Pak Rupee against the CNY at June 30, 2025 would have decreased profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular profit rates, remain constant. The analysis is performed on the same basis for June 30, 2024.

| | 2025 Rupees | 2024 Rupees |
|-------------------------------------|----------------|----------------|
| Decrease in profit and loss account | 27,888,273 | 7,407,828 |

A 10 percent strengthening of the Pak Rupee against the CNY at June 30, 2025 would have had the equal but opposite effect on the amounts shown above, on the basis that all other variables remain constant.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

39.3.2 Other price risk

Other price risk is the risk that the fair value or future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from profit rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or factors affecting all similar financial instruments traded in the market. The effects of changes in fair value of such investments made by the Company, on the future profits are considered to be material in the overall context of these financial statements.

39.3.3 Equity Price Risk Management

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves all equity investment decisions.

At the reporting date, the exposure to unlisted equity securities at fair value was Rs. 20.04 million (2024: Rs. 20.04 million).

At the reporting date, the exposure to listed equity securities at fair value was Rs. 364.785 million (2024: Rs. 349.21 million). An increase of 25% on the PSX market index would have an impact of approximately Rs. 91.196 million (2024: Rs. 87.30 million) on the income or equity attributable to the Company, depending on whether or not the increase is significant and prolonged. A decrease of 25% in the value of the listed securities would impact income or equity in a similar amount but will not have an effect on income unless there is an impairment charge associated with it.

39.3.4 Profit rate risk

The profit rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market profit rates. Sensitivity to profit rate risk arises from mismatches of financial assets and liabilities that mature in a given period.

Profile of financial instruments at amortized cost

At the reporting date, the Company have following profit bearing financial instruments.

| | 2025 % | 2024 % | 2025 Rupees | 2024 Rupees |

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

Fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in profit rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for floating rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in floating profit rates, with all other variables held constant, of the Company's profit before tax.

| | Increase / (decrease) in basis points | Effect on profit before tax |
|-----------------------|---|-----------------------------------|
| 2025 | % | Rupees |

There were no transfers between the levels during the year.

The levels and hierarchy of fixed assets at fair values are disclosed in note 5.6 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

39.5 Determination of fair values

Fair value of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Equity instruments at FVTOCI as disclosed in other financial assets in listed entities, are presented at fair value by using quoted prices at Pakistan Stock Exchange as at June 30, 2025 and investment in other than listed entities are presented at purchase cost. The carrying values of all other financial assets and liabilities reflected in the financial statements approximate their fair values.

39.6 Capital risk management

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders and to maintain a strong capital base to support the sustained development of its businesses. The Company manages its capital structure which comprises capital and reserves by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, appropriation of amounts to capital reserves or/and issue new shares.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2025

49.1 *Inter-segment pricing / sales*

There is no purchase and sale between the segments.

49.2 Products and services from which reportable segments derive their revenues

For management purposes, the Company is organized into business units based on their products and services and has the following two reportable operating segments. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Company's CEO reviews internal management reports on at least a quarterly basis:

The Chemical segment produces and supplies various chemicals used in textile and fertilizer industry.

The textile segment is a spinning unit which produces yarn and also trading of fabric.

The Company does not have any geographical segment.

49.3 For the purposes of monitoring segment performance and allocating resources between segments, all assets are allocated to reportable segments other than tax assets. Assets used jointly by reportable segments are allocated on the basis of the revenues earned by individual reportable segments and all liabilities are allocated to reportable segments other than current and deferred tax liabilities. Liabilities for which reportable segments are jointly liable are allocated in proportion to segment assets.

50. *EVENTS AFTER THE STATEMENT OF FINANCIAL DATE*

In respect of current year, the directors have proposed to pay final cash dividend of Rs. 235.72 million (2024: Rs. 214.29 million) at Rs. 11 (2024: Rs. 10.00) per ordinary share of Rs.10 each for approval of the shareholders at the forthcoming Annual General Meeting. Financial effect of the proposed dividend has not been taken in these financial statements and will be accounted for subsequently in the year when such dividend is approved.

51. *DATE OF AUTHORIZATION FOR ISSUE*

These financial statements were authorized for issue on September 20, 2025 by the Board of Directors of the Company.

52. *GENERAL*

Figures have been rounded off to the nearest Rupee.
