STANDARD INSURANCE COMPANY LIMITED

To the members of STANDARD INSURANCE COMPANY LIMITED Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim balance sheet of Standard Insurance Company Limited ("the Company") as at June 30, 2019 and the related condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the accounts for the six-months period then ended (here-in-after referred as the 'condensed interim financial information'). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of adverse conclusion

- I. As disclosed under head 'Insurance/Re-insurance payable' to the financial statement, the Company has recorded a liability of Rs. 4.4 million which are outstanding for a number of years. As part of our audit procedure, we had sent confirmations to the parties but have not received responses. In the absence of any other alternate audit procedures, we were unable to determine whether any adjustments might have been

STANDARD INSURANCE COMPANY LIMITED

found necessary in respect of the related disclosure and balances in the financial statement.

- II. As at the reporting date, the Company has accumulated loss of Rs. 27.418 million. Further, the insurance license has been suspended since the year 2002. The Company has applied for surrendering of license and also for de listing. These circumstances, along with the inability of the Company to meet the minimum solvency requirement and sizeable decline in business activities, indicate a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern and therefore the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. However, the financial statements have been prepared on a going concern basis. In our opinion, Management's use of the going concern assumption in the financial statements is inappropriate.

Adverse Conclusion

Because of the significance of matters discussed in the preceding paragraph, the accompanying condensed interim financial information as at June 30, 2019; is not prepared in all material aspects, in accordance with approved accounting standards as applicable in Pakistan for Interim Financial Reporting.

Other matter

The figures for the quarters ended June 30, 2018 and June 30, 2017 in the condensed interim statement of comprehensive income has not been presented by the management.
