Technological Enhancements in NCCPL-IT Network Infrastructure

Dear Clearing Members / Settling Banks,

The National Clearing Company of Pakistan Limited (NCCPL) has always aimed towards providing seamless and state-of-the-art technological services to its clients while keeping abreast with the latest advancement and trends in this fast changing environment.

In this respect, NCCPL has planned for the upgradation of its IT network infrastructure in which several critical devices, serving the purposes of client connectivity, will be replaced with new ones, thus providing more secure, reliable and faster connectivity to NCCPL networks.

Since this is a major IT network revamp activity, NCCPL has accordingly arranged a mock session for which following systems and services will be made available for login, reporting and verification purposes only, so that connectivity issues, if any, may be resolved timely and the business remains as usual on the next working day:

- National Clearing & Settlement Services (NCSS)
- Capital Gains Tax (CGT)
- Risk Management System (RMS)
- Margin Trading System (MTS)
- Securities Lending & Borrowing (SLB)
- UIN Information System (UIS) / National Custodial Service (NCS)
- Stage connectivity for AMCs and NCS data

Kindly ensure verification of your relevant business application(s) as per below schedule:

Mock Testing Date: Saturday, February 09, 2019

Mock Testing Time: 12:00 PM till 2:00 PM

For any further queries or concerns, please feel free to contact the Customer Support Department at UAN No. 021-111-111-622

Regards,

Sd

Rehan Saif
