PRESS RELEASE

The Karachi Stock Exchange has been in discussions with a wide range of stakeholders on a comprehensive road map to enable the market to return to normal trading parameters. Recent events in the global equity markets have further highlighted the need to develop an integrated package so that the Pakistani capital markets can operate in a stable manner. In this context, key discussions are going on with the Ministry of Finance, Economic Advisory Council and Securities & Exchange Commission of Pakistan.

The final outcome of these discussions will be reached shortly after Eid. All stakeholders including the Karachi Stock Exchange would like the market to return to normal trading parameters at the earliest and we expect this to happen within the month of October 2008.
