INVITATION

Awareness Presentation on Negotiated Dealing Counter

As an essential part of its mission and responsibilities, the KSE is pleased to inform the Members that a new system for reporting of "Off-Market-Transactions" namely Negotiated Deals Reporting Counter (NDRC) has been developed, to improve transparency and efficiency in reporting these transactions.

Presently, all off market transaction are reported via special interface provided to Members on their NCHS terminal. The members are obliged to report to the Exchange all off market transaction before 5:00 p.m. This reporting system is not real time and non transparent in terms of its settlement. At the end of the day, the transactions get reported on the Exchange daily quotations with quantity, price and Members code.

In view of the above, and to get the Members' opinion and feed-back on NDRC, the Exchange has scheduled an awareness presentation to explain and talk about the salient features of NDRC for Tuesday, August 17, 2010 at 2:30 p.m, at KSE Auditorium. All Members and their related senior staff are invited to attend the presentation.

The product will be finalized / implemented after input from market participants.

Haroon Askari
General Manager Operations
