

AWARNESS DRIVE FOR STOCK INDEX FUTURES

Increasing Volumes in the Stock Index Futures is a developing success story at Karachi Stock Exchange.

In order to facilitate a better understanding of the Product, the Management of the Exchange has arranged another series of awareness presentations covering the trading, clearing, settlement, profitability and investor-savvy tax regime aspects of Stock Index Futures.

Attached is the schedule of presentations for the month of January-2013. All sales-team Members and Traders at TREC Holding Members are requested to attend these awareness presentations.
