KSE/N- 6302

November 1, 2013

NOTICE FOR ALL TREC HOLDERS
IMPROVING EFFICIENCY AND USER INTERFACE OF
KARACHI AUTOATED TRADING SYSTEM

In order to further enhance the functionality of Trading Terminals, the Market Development and New Product Committee of the Exchange advised KSE Management to solicit comments from TRE Certificate Holders and also constituted sub-committee to review the existing features of KATS. Keeping in view the suggestions made by TRE Certificate Holding Members and Recommendations of the aforementioned sub-committee, the Management of the Exchange has embarked upon implementation of the suggested enhancements in a phased manner.

In view of above, KSE is pleased to announce the implementation of improved Senior / Junior Terminal Mapping mechanism from 4th of November 2013.

Currently, a Senior KATS terminal can view/monitor the trading activity of all other junior/senior terminals by default. However, under the new scheme, the availability of such information has been made user definable.

This is to clarify that the existing senior/junior mapping facility shall continue to function in the same manner as currently available. The enhanced feature would allow the brokerage firms seeking to induct more controls, checks and balances within their trading desks by applying the concept of grouping thereby facilitating their senior traders or group of traders to monitor the activities of junior traders or group of junior traders accordingly.

All TRE Certificate Holding Members of the Exchange are requested to note the same.

Sani-e-Mehmood Khan
General Manager,
Market Development & New Products

6th floor KSE Admin Building
Stock Exchange Road,
Karachi
