

PRESS RELEASE

Dated January 17, 2008

Karachi – January 17, 2008: The Karachi Stock Exchange, in collaboration with Institute of Securities, Management and Research is organizing a training course aimed to improve the knowledge-base of market participants, investors, traders and employees of the KSE Members.

The training course on securities market would start from January 29, 2008 in the Karachi Stock Exchange Auditorium.

The main purpose of holding this training programme is to facilitate the participants/ investors to understand the working and operations of the capital market. The course will help improve the standards of all the stakeholders involved in capital market working, boosting the environment and meeting international standards.

This initiative reflects the focus of the Karachi Stock Exchange on improving customer experience and broadening investor participation in Pakistan's capital markets.
